#### Here's That Man Again

Leave it to the Los Angeles Examiner to keep the public "informed" on the now private life of Martin Dies. A staff correspondent is stationed at Jasper, Tex., Dies' home town, and is writing a series of articles on the one-time house investigation committee chairman.

In typical Examiner style, the series is presented in large type with a generous amount of bold-faced caps.

In the fourth of the series appearing in June 29 Examiner, Dies again gives his now moldy opinion on the evacuees and the WRA.

Of Secretary Ickes he says, "I don't see how anyone who has lived in the east coast most of his life could pre-sume to tell people who have had 100,000 or more Japs in their backyards for years just how the whole problem should be worked out."

If Secretary Ickes is disqualified to make comments

for that reason, what qualifications do the Texan Dies poss-

ess that make him such an authority?

All of this is neither here nor there with Dies' retirement. As far as his being a public figure is concerned, Dies is gone; and, we had hoped, forgotten.

#### A Silent Fourth

All over America on this Fourth of July, there will be no fireworks at night, picnics with pink lemonade, or children popping firecrackers under one's feet and over one's head. As it is wartime, the workers will work their usual hours and shifts. The children will not have their fire-

usual hours and shifts. The children will not have their tire-works because the powder for the firecrackers must be used in other important things.

In Mananar, like the rest of the country, there will be no celebration as everyone will be working at their various jobs at their usual hours. This year, like last year, the glorious Fourth will be observed in silence.

#### Looking At Facts

(The following editorial entitled "Mistreating Fellow Americans" appeared in the Milwaukee, Wisc., Journal of June 14, 1944 and was sent by the war relocation authority in Chicago.-Editor.)

In the excitement after Pearl Harbor we rounded up 110,000 persons of Japanese ancestry and put them in concentration camps. Two-thirds of them were Americans by birth.

The great majority of these persons are still in camps. By March of this year, only 19,000 had been released and relocated; it is hoped that by the end of this year 20,000 more can be relocated. Disregarding the evacuees at Tule Lake—among which are the disloyal—we still have 50,000 persons of Japanese ancestry in camps three years after Pearl Harbor.

This is a disgrace. We might as well be honest with ourselves and admit that race prejudice is behind the sit-uation—not a well based fear of sabotage or espionage. We have the facts to look at now; we did not have them in December, 1941.

Soldiers of Japanese ancestry, trained at Wisconsin's Camp McCoy, proved their loyalty and worth through the fury with which they fought at Cassino.

On Memorial Day, the Honolulu Advertiser printed a page of names of honored war dead from the islands. Of 240 names, 163 are unmistakably Japanese. These men died 240 names, 103 are unmistakably Japanese. Inese men ded for the United States. The list was sent to us by a Journal colleague, now a lieutenant in the navy. "This," he says, "is the best answer I have seen to the hysterical bigots who want to deport everyone with a Japanese name."

Let's be honest. Let's face the facts. There is an

element of race prejudice in this thing. Farmers from California did resent the success of the Japanese truck gardeners and wanted to got them out. Communities elsewhere that have refused to take loyal young persons of Japanese blood

have been moved by prejudice and war hysteria.

It is time for us to look this thing in the eye and decide that we are going to do something right about it.

So, now the Republican convention is over and Chicago gets a breather spell until July 19 when the Democrats hold their convention.

convention.

No surprise was the choice of Dewey for presidential candidate, but the vice-presidential choice was rather unexpected. We had been fairly sure Gov. Warren would figure in the running mate discussion. With Gov. Warren's last minute statement that he would not accept the nomination if it were offered to him, Bricker became the obvious person for Dewey's running mate.

However, before the convention, when Bricker was asked whether he would accept the vice-presidential nomination, his answer gave an impression that he was campaigning for the presidential slot only. Then on Warren's refusal, a hurried conference of Bricker's lieutenants and National Committeemen was held and the wine-residential and National Committeemen was held and the vice-presidential proposition was readily accepted. The Bricker group knew the sit-uation and they were nobody's fools.

The Republican platform as approved by the resolutions committee, of course, puts emphasis on winning the war and gives a vote of contidence to the General Staff and office of neighbor operations.

Later on the sports staff will meet with the Board of Directors to decide on the official "ALL STARS."
Honor of being chosen as the most outstanding pitcher in the National league goes to none other than Fumi Maeta of the second place Zephyrettes; she is followed by Dorothy Shindo of the Lambda Nine.

Backstop position is carried by both Yuki Shigemer of the Zephyrettes.

By the snappy and all around playing ability, Merry Shimooka of the Jinxes is picked over Miyo Tachibana of the Lambda Nine at the initial sack.

EASY CHOICE

Keystone bag is taken by Su-sie Morishita of the Lambs. Klyoko Nakayu of the F'Nots rates a slight edge over Marina Maeda of the Jinxes at the hot

corner.

Short-stop selection sees Yeshiko Watanabe of the Lambda Nine taking the spot light from Grace-Araishi of the FNots and Tae Shimizu of the Twixteeners. Sadako Tanloka of the Lambda Nine is given consideration over Ruby Yamashina of the Zophyrettes in left field. Center garden spot goes to either Chizuko Ryono of the Zeph's or Pat Takeyama of the Lambda Nine.

either Chizuk Zeph's or Pat Lambda Nine.

Outer garden spot is between Reiko Kubota of the Zephyettes and Lily Kakol of the Lambda Nine.

REASON TO ABSENCE OF

REASON TO ABSENCE OF PLAYERS

To those who wonder why the much spoken players of the Twixteeners have not been selected into some of the player positions. It is explained to the fact that they have not seen enough action on the diamond; which is an essential part of being chosen to this line-up.

Take note that this is only a primary selection for the first round; and thus when the final selections come out in about a month or so, there is a great possibility that new names will replace those listed above.

### JINXES ROUT FORGET-ME-NOTS

In routing the slightly favored Forget-Me-Nots, the Jinxes have moved into third place behind the Zephyrettes. With the outstanding playing of Merry Shimooka, Yoshiko Yada, and Marina Maeda, pitcher Yutaka Nakayu of the Jinxes had little trouble in subduing the F'Nots throughout far center field.

Again in the third fracas, the Jinxes were seen spiking home plate.

Y. Shigemori and G. Arashi of the F'Nots kept their team in the thick of the contest.

#### Ishikawa Breaks National Record

NEW YORK—Time Magazine reported in its June 19 issue that Emerick Ishikawa, a 23-year-old Japanese American, had won an "Atlas' share" of this year's honors in the National AAU weight lifting championship at Chattanooga, Tenn.

In competing in the 123-pound class, Ishikawa added nineteen and a half pounds to the two-handed snatch record by lifting 193 pounds. He also won the two-hand clean and jerk championship with a record of 220 pounds.

#### TWO NATIONAL RECORDS

Ishikawa, according to the Ishikawa, according to the Time Magazine, was a member of a weight-lifting team from York which wound up its 1944 season with five out of 14 na-tional titles, eight out of 14 na-tional titles and four new na-tional titles and four new na-tional titles and four new na-tional records, two of which were contributed by Ishikawa. Ishikawa has been employed, according to Time, in a shipping department lifting boxes.
