

## TO INOCULATE ALL DOGS IN CENTER

Because of outbreaks of rabies in Los Angeles and adjoining districts, Dr. Morse Little, as public health officer, is requiring that all dogs in Manzanar be immunized against rabies, reported Lucy Adams, assistant project director in charge of community management.

Leeland Abel of the education division has been designated to give inoculations without charge. Inoculations will take place at each block manager's office which began yesterday with block 2.

All residents are requested to bring their dogs to the block office as soon as possible as any dog not inoculated will be removed from camp or destroyed.

## To Take Reorders On A Annuals

There have been numerous requests to Rollin C. Fox, principal of Manzanar secondary schools, for additional copies of "Our World", stated Lee C. Poole, supervisor of cooperative enterprises.

Poole stated that the Co-op will take orders from those wishing a copy of the high school annual at the Canton, 8-14. Cost of each book will be \$2.25, the supervisor revealed, and should be paid at the time the order is taken. If there are as many as 250 copies ordered and paid for in advance by July 15, the Co-op will ask that a not run be made on the annual.

"Price is considerably higher than the first issue but it is necessary because of the relatively small reorder which will be requested. In the event a minimum order of 250 is not received, advance payments will be returned to patrons," Poole declared. **PENCIL SKETCHES**

Orders will be taken at the canteen for pencil sketches by Henry Fukuhara, formerly of Manzanar, depicting different views of our center here and other relocation centers. It is to be conveniently wrapped in an envelope or portfolio of fifty scenes to a package and sell for 50 cents.

### HARRY TITUS TO HEAD RELOCATION OFFICE AT CINCINNATI, OHIO

CLEVELAND, O., July 5—Harry Elwood Titus, 56-year old former Methodist pastor active, engaged in religious, social and educational activities for the Dayton, O., Church Federation, has been appointed relocation officer in charge of the Cincinnati district office, Robert M. Cullum, Cleveland area supervisor announced this week.

Dr. Titus comes to Cincinnati with a deep understanding of human beings and a practical knowledge of how to deal with the public in difficult racial matters, Cullum said.

Cincinnati has had unusual success as a place for family units to resettle and better than 40 per cent of the more than 400 persons of Japanese ancestry, there are members of family units.

## SPROUL URGES CLEAR THINKING

Dr. Robert Gordon Sproul, president of the University of California, urged clear thinking on the Japanese problem in an address before the Pacific Coast Committee on American Principles and Fair Play, reported the Los Angeles Times of June 30. He warned against hysteria in dealing with Japanese Americans now and after the war.

"Wheneva and wherever the constitutional guarantees are violated in the treatment of a minority, no matter how unpopular or helpless, the whole fabric of American government is weakened," he said.

The committee does not believe all Japanese who have been evacuated from California should be returned to their homes but rather favors dispersal relocation advocated by the war relocation authority, Dr. Sproul declared.

"The committee," he said, "helps the public to discriminate sharply between our enemies in Japan, the military criminals for whom no fate is too harsh, no punishment too cruel, and those persons of Japanese stock in the United States, two-thirds of whom are free from any blemish of disloyalty, even under the stress of most discriminatory treatment."

### INITIAL GROUP RETURNS

First group of thirty-seven furlough workers returned to the center early Monday morning, reported the relocation office.

Robert Krueger, acting assistant relocation program office, stated that 35 were from the Paul Danner Camp, Rupert, Idaho, and two from Caldwell, Idaho.

The above group were on six-week furloughs.

### NOTICE

### REQUEST EVACUEES TO

### SUBMIT QUALIFICATIONS

Robert Krueger, acting assistant relocation program officer, this week stated that the relocation officer in Buffalo, N.Y. has requested evacuees to submit their qualifications and let them find positions for prospective resettlers. Survey of conditions in Buffalo discloses many openings for persons of Japanese ancestry, he said.

Jobs are plentiful for mechanics, bench hands, machinists, mechanical engineers, and welders. Starting wages for inexperienced persons are 75 cents an hour.

Wages for stenographers are from \$25 to \$40 a week; rates for typists from \$22 to \$30 a week. Among current opportunities are power machine operators and egg handlers with wages ranging from 55 to 80 cents an hour.

Krueger stated that there are no discernable prejudices against persons of Japanese ancestry. Housing situation is good; the city having excellent public and private schools, trade schools and colleges. There are churches of all denominations, and also a Citizen's committee who are anxious to help the resettlement of Japanese Americans.

## BUILDING ANEW

(Following editorial was contained in the first edition of the Camp Saiby, Miss., First Battalion, 442nd Infantry, newspaper of June 21, 1944. --Editor)

The report of the progress of the new recruits during the first days of training are of excellent caliber. It won't be but a few more additional weeks of training when this Battalion can once again take its place in the Regiment and fight for the principles and ideals that we hold so dear.

It is with pride and admiration that we pattern our training to that of our former members now overseas in actual combat. When the 2d and 3rd Battalions with fillers from the 1st Battalion went across they were well trained, well equipped and a hard fighting unit. For those in the first Battalion who were ready and willing to go and who were ordered to be left behind by the War Department this wasn't an easy order to take, for every hour of those 15 months of preparation meant hours of hard work and training spent for that peak of perfection. But now we realize how important a job we had in store for us here. We were to form the nucleus of another First Battalion just as good and just as efficient and to uphold the high standards and traditions of the 442nd Combat Team, whose battle cry of "GO FOR BROKE" are words that every officer and man in this unit respects.

Our esteemed commanding officer Lt. Col. Sherman L. Watts, only last Monday said, "To those new members of this Battalion, the keynotes of our endeavors for the next 13 weeks will be hard work and more work. Nothing is going to deter us from attaining the highest standards and achievements so as to be the best soldiers in the best outfit in the best damned army in the world! THE FIRST BATTALION, 442D INFANTRY!" Let's all "GET ON THE BALL" and "GO FOR BROKE".

### SOUTH SEA NISEI PLEADS FOR PEN PALS

Cpl. Nobuo Yamashita was among the first to volunteer for the army from Manzanar. He is now "somehwere in New Guinea" and is quite anxious to hear from his friends in Manzanar. He writes:

"I've worked with the Terminal Island boys as a linoleum layer and quite a few of them should know me. I should like to hear from them. One can get awful lonesome out in combat area and any news from the States is most welcome."

"Our work here is very interesting so we do not mind being here very much. If it weren't for the war, you might call this place a romantic spot. We have beautiful beaches and the background of coconut tree with the moon shining through them is really something to see.

"I would greatly appreciate it if some persons will write to me and also to my buddy, Sgt. Paul Baba. P.S. Girls are welcome to write."

### 'NEVER LIVE ON COAST' SAY ST. LOUIS EVACUEES

"We'll never live on the coast again," says a majority of relocated evacuees in St. Louis, reports Walter A. Heath of the Relocation office.

#### PREFER COAST CLIME

"Of the 375 evacuees now in St. Louis, many of whom are issei, a large proportion have found work in professional and skilled fields and but few are working as laborers," states Heath. He added that evacuees do not particularly like hot summers, and from a climatic viewpoint would prefer California, but do not feel that they can afford to desert Middlewestern acceptance.

Low wages for unskilled labor makes St. Louis an attractive place for businessmen and manufacturers, he said.

### ALIEN EVACUEE OPENS DENTAL OFFICE IN MID-WEST CITY

Dr. Milton Honda of Seattle, Tule Lake and St. Louis, Mo., an alien of Japanese ancestry, is typical of the issei who will not stay whipped, according to word from Walter A. Heath.

Uprooted and taken away from the West Coast following Pearl Harbor, he has again established a prosperous dental practice on the banks of the Mississippi River.

In the summer of 1943, Dr. Honda left Tule Lake and managed to find a position as a dental technician in St. Louis. Within a few months, he was convinced that public acceptance was so good that he could go into business for himself. Accordingly, he set up an office of his own and waited for patients to come in.

### SLATE READING CLUBS

Elementary school department announced that summer vacation reading clubs will be held during the summer in the new elementary school library in 16-14 from July 1 to September 1.

All children between the ages of six and twelve may join the clubs, the announcement said. There will be one club for the younger children and another for older ones.

### PUBLISHES FIRST ISSUE OF BATTALION NEWS

First issue of the First Battalion newspaper of the 442nd Infantry rolled off the mimeograph machines on June 21, reported a news release from Camp Shelby, Miss.

Made through the efforts of company reporters, Sgt. Walter Kitagawa and T/5 Shioichi Kano, the newspaper is run by enlisted men for enlisted men and is advised by Lt. George K. Iwahashi, public relations officer.

A contest has been conducted for a name to be used with a reward of a three day vacation.

### NISEI WAR WOUNDED OF 100TH RETURNS

DENVER, Colo. -- Pfc. Thomas Higa, 27-year-old Japanese American war veteran wounded at Cassino in the Italian campaign, is in Denver to tell other Japanese about the wonderful treatment the United States army gives members of his race.

"And I mean wonderful," said Private Higa, who was the smallest man in the famous 100th battalion, which distinguished itself in the fighting at Salerno and later at Cassino. The battalion, virtually all of whose members were Japanese Americans born in Hawaii, is still fighting in Italy.

#### EQUALITY

"It was wonderful to be treated just like everyone else, even though your parents were born in Japan," added Private Higa. "Over there no one cares what your ancestry is. The only question is, can you fight? And my battalion fights like hell."

Private Higa is five feet, one and one-half inches tall—or short.

"But in a battle," he smiled, "it's pretty good to be small—you don't make such a good target."

#### INDUCTED

Higa was inducted into the United States army in June, 1941, and was stationed at Schofield Barracks, Honolulu, the day Pearl Harbor was attacked. He declined to talk about his Pearl Harbor experiences, for military reasons. Six months after this country entered the war he was sent to Camp McCoy, Wis., thence to Camp Shelby, Miss. He went overseas in August, 1943, landing at Oran, Algeria, and going directly from there to Salerno.

He hopes to return soon to a fighting front, and he doesn't care where it might be.

Asked if he'd like to fight in the Pacific, he replied: "Sure, I like to fight the enemy no matter where he is. I'm an American, see, and I want to get this war over, as soon as possible."

# PICK-UPS DROP WEE-NECKS

In a Girls' American League thriller, the powerful Pick-Ups with the last minute relief pitching of Chiyo Tashima, foiled the Wee-Necks 8-7. All through the game both sides were seen making sensational catches robbing the players of sure hits. Most sensational stops were made by Marian Uyenatsu and Kazuko Kadota of the Wee-Necks, and Yoshiko Suginoto of the Pick-Ups.

Wee-Necks put across one run when T. Hayashi was issued a walk. M. Hata hit a single, scoring Hayashi.

Pick-Ups started off their stanza with Joyce Suginoto smashing a four bagger with none on. M. Inana hit the aspirin into right, R. Oshio was walked, M. Ono then hit a terrific line-drive into left which was dropped. Inana and Oshio scoring.

#### RECAP OF RUNS

Latter part of this frame, the Wee-Necks tallied three runs. Both M. Yoshimura and S. Kato drew walks, K. Kadota got on a error. R. Tamai hit the first pitched ball into center scoring three runs.

Wee-Necks took a 7-4 lead when Y. Kitagawa reached first on an error, M. Yamashita was walked, K. Kadota hit a pop fly which was dropped filling the bases. T. Hayashi then duplicated Tamai's feat by pushing a triple over the left fielder's head, putting across 3 runs.

Pick-Ups retaliated by rallying four runs, taking advantage of 4 errors on part of the Wee-Necks.

#### STOPPED COLD

At this time Chiyo Tashima was called to the mound to stem the hitting and scoring power of the amazing Wee-Necks. This she did with precision, when the Necks were unable to score in the remaining two innings.

Shining were Jo. Suginoto, M. Inana, and K. Ono of the Pick-Ups; T. Hayashi, K. Kadota, and R. Tamai of the Wee-Necks.

In appearing in her initial row of hurling, Seiho Kato pitched beautiful ball in being credited with a three-hitter. With a little more backing the Wee-Necks should be a threat to any team.

After defeating the Lambda Nine in a thriller, the Twixteeners will meet with the Zephyrettes tonight.

#### UNDEFEATED TEAMS MEET

Next day will see the Modernaires and Pick-Ups clashing in a championship game, as both haven't been defeated in league action.

Pick-Ups if lead by C. Tashima will be a slight favorite over the mighty Modernaires.

Modernaires bid forth the game will be in the hurling of Y. Tabuchi, backed by T. Ando, G. Hiracka, and R. Maruki.

Pick-Ups will be lead by the Suginoto sisters, R. Oshio, and I. Inana.
