

## Leave Regulations Diversified By WRA

Seasonal and short term leave may not be converted to trial period indefinite leave according to revisions of the WRA leave regulations received today by Project Director Ralph P. Merritt.

"It is expected that residents of the relocation centers will make increasing use of trial period indefinite leave rather than short term leave," the Washington office of WRA pointed out, "since it gives the evacuees a four to six months' period to make a permanent adjustment in a new community, and permits them to return to the center if such an attempt is unsuccessful.

"Trial period indefinite leave, however, may be issued only at the center, and evacuees out on seasonal and short term leave will not be granted permission to transfer to trial period indefinite leave."

"Additional revisions of leave regulations at this time provide that: (1) each person 18 years of age or older, plus those who become 17 before May 17, 1944, must execute a separate Trial Period Agreement in applying for trial period indefinite leave; (2) an evacuee who is converting to indefinite leave from short term, seasonal or trial period indefinite leave, who is otherwise eligible for a grant, and who has paid his own travel expense to the community in which he is resettled, may be reimbursed for his actual travel expense including Federal tax on his ticket; and (3) travel of evacuees on indefinite leave may now be authorized to points of Relocation outside the continental limits of the United States.

## 11 Draft Evaders Sentenced To Prison

Convicted of draft evasion, eleven Japanese-Americans from the Amache center were sentenced by District Judge J. Foster Symes to prison terms ranging from 10 to 18 months, reported the Granada Pioneer.

George Toshiharu Takahashi, Yoshio Takamoto, Riyuu Ueyeda, James Kenji Heya, Masachi Izuno, George S. Takamoto and Yoshitatsu Nakaguma were sentenced to 18 months.

Noboru Taguma, Susumu Yenokida and Kazuo Kunitake were given one year sentences.

Fourteen defendants, ranging in age from 18 to 29 years, based their defense on the contention that their rights as citizens had been removed when they were evacuated from the West Coast, the Pioneer stated.

## Minimum Order For Annual Set At 250

Lee C. Poole, superintendent of Cooperative Enterprises, stated that to date there have been just a few orders taken for additional copies of the high school annual, "Our World."

With the numerous requests, Poole stated that the Co-op has been taking orders for the annual at the magazine stand at 250 copies is now made by July 15, advance payments will be returned to patrons.

Orders for Pencil sketches by Henry Fukuhara is being taken by George Yamashita, manager of the magazine stand, Poole disclosed. He stated that persons wishing portfolios should make their orders as it is planned to keep taking orders for only one week more. Fifty scenes to a package are conveniently wrapped in an envelope or portfolio and sell for 80 cents.

## Brown Ordered To Washington Later To Take UNRRA Post

Assistant Project Director Robert L. Brown disclosed this week that he had been ordered to Washington by the WRA and that he will later take up duties with the United Nations Relief and Rehabilitation Authority. He stated that official business would take him to Jerome relocation center first and then to Washington.

The 36-year-old graduate of University of Southern California had been a resident of this valley eight years as executive secretary and general manager for the Inyo-Mono Association. Taking up his duties here in Manzanar on March 15th, 1942 as reports officer, Brown fathered the Manzanar Free Press.

January of 1943, he was appointed assistant project director in charge of operations. Because of the fact that a new reports officer was not available, he also acted in supervisory capacity to the Reports Office for the 18 months he was assistant project director.

During Mr. Brown's absence Mrs. Brown and their two children will reside in Palo Alto.

able to find business opportunities in the community in which they reside. A Japanese doctor is now has a practice in one of the towns. Community acceptance is good and community leaders have issued an invitation to evacuees to come.

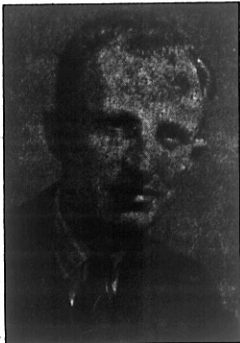

## Heath Investigates War Hemp Industry For Resettlers

Frank Yasuda, secretary of Town Hall this week disclosed information regarding an exceptional relocation opportunity. This opportunity has been personally investigated by Walter Heath, assistant relocation program officer, who is very enthusiastic about it. According to Heath, this is an offer that is equally for aliens, citizens, man and women alike. A knowledge of English is not necessary and age is of little consequence. It is for the farmer who feels that he is too old to start farming again, but is looking for a position that will enable him to save and to take care of his dependents. Roughly speaking, this position will allow savings of approximately \$150 a month for each wage earner beyond the first, states Heath. After losing the Philippine Islands, the source of hemp used in making rope, was lost. In the Chicago area, farmers are now raising good crops of hemp. In each community where hemp is grown, a small mill has been set up. The hemp mills are operated by the War Hemp Industries, a private corporation controlled by a government agency. There are 42 of these mills, each of which employs a 100 to 140 persons for each of two shifts.

## WORK NOT HARD

None of the processes of the work are difficult. Most of the people now working in the mills are women. There is one gentleman employed in the mill, doing the satisfactory work, who is 71 years old.

Most of the workers are employed 60 hours a week at a rate of 60c an hour with time and a half for overtime. This averages \$155 a month; at 65c averages \$169; at 70c an hour, \$199. This employment will be available for at least 18 months and possibly longer. It will continue until hemp for the U. S. is available again from the Philippines. Persons going on this offer will be

## Status Uncertain As Draftees Go To Fort Douglas

Men who are to leave Monday morning for Fort Douglas, Utah, have been notified that all should go prepared to be taken into immediate active service, stated Project Director Ralph P. Merritt.

Although sources have not confirmed the status of the inductees, it is reported that some may be put into the enlisted reserve corps while others may be rejected after the final physical examinations, the project director disclosed.

Twenty-two men received their induction notices early this week after the list had been forwarded to the project late last week. The men are scheduled to leave the center from the police department at 3 a.m. on Monday, July 17.

## Appeal Filed For Nisei Draft Cases

Thirty of the 63 Japanese-Americans from the Heart Mountain center in Wyoming who were recently convicted and sentenced to three years for failure to report for pre-induction physical examinations, will be sent to the federal prison at Leavenworth, Kan., reported the Pacific Citizen. Remaining 33 will be sent to McNeil Island, Wash.

Meanwhile, notices of appeal, filed by Samuel Menin of Denver, attorney for the 63 defendants, alleged each defendant had been deprived of his rights as a citizen by "being confined in a relocation center surrounded by a barbed and other wire fence, guarded by the military force of the United States and restrained of his liberty without due process of law and in violation of the Constitution of the United States," stated the Citizen.

## Nisei Union Leader Accepted Into VFW

Sgt. Karl G. Yoneda, now "somewhere in India," is the first Japanese American soldier of World War II to win acceptance into the veterans of Foreign Wars, reported the Pacific Citizen recently.

Sgt. Yoneda holds a membership card in the Howard C. Sperry Post No. 3570 of the VFW in San Francisco. He was a former vice president of the Alaska Cannery Workers, CIO, in San Francisco and a member of the International Longshoremen's and Warehousemen's Union, CIO.

The Nisei sergeant volunteered for military service from Manzanar. His wife and son returned to San Francisco from Manzanar last year.

## Postponed Induction Of Manzanar Group

Word was received yesterday from Inyo County Board 134 that the induction date for local draftees has been postponed. Assistant Project Director, Edwin H. Hooper, stated that details were not yet clear but would be clarified over the weekend.

## Injunction Suit Filed By Three Citizens

Three American citizens of Japanese ancestry, one of whom is the widow of a California soldier killed in action in Italy, have filed an injunction suit in Superior court challenging the constitutionality of military orders excluding them from the West Coast evacuated area, reported the Pacific Citizen.

Suit was filed under the sponsorship of the American Civil Liberties Union and names Maj. Gen. Charles H. Bonesteel, who recently assumed command of the Western Defence zone, as defendant, and seeks to enjoin Gen. Bonesteel and other military officials from interfering with the return of the three plaintiffs to their homes in California.

In Salt Lake City it was disclosed that the Japanese American Citizens League has cooperated in preparation of the suit and Saburo Kido, national president of the JACL, is one of California attorneys signing the complaint for injunction. According to Kido, the JACL is prepared to enter the suit as a "friend of the court," stated the Citizen.

**THREE NISEI IN SUIT**  
Suit was filed in the names of Mrs. Shizuko Shiramizu whose husband, Sgt. Kiyoshi Shiramizu of Salinas, Calif., died of wounds to Kido, the JACL is prepared to enter the suit as a "friend of the court," stated the Citizen.

## PRESIDENT SIGNS DISLOYAL BILL

President Roosevelt signed the administration - supported legislation to amend the Nationality Act of 1940 to provide for the denationalization of certain native-born citizens of the United States who desired to renounce their citizenship, reports the Pacific Citizen.

Testifying in behalf of the bill, Attorney General Francis Biddle told Congress that if the group in question at Tule Lake center who have "expressed a desire to be recognized as Japanese nationals" could be permitted to abandon their American citizenship "they thereupon could be dealt with as alien enemies under the applicable statutes."

"Under the existing law, it is not possible for a national of the United States voluntarily to expatriate himself while within the United States. It therefore is not possible, under existing law, to permit these persons to abandon their United States nationality even though they openly assert loyalty to the enemy," declared Biddle.

It was stressed that the measure signed by President Roosevelt was designed to deal specifically with a group of between 300 to 1000 citizens of Japanese ancestry now at Tule Lake.

## Nisei War Veterans Visit Liberty Bell

PHILADELPHIA, Pa. — Two Japanese Americans, wounded while serving with the 100th Infantry Battalion in Italy, stood in solemn attention before the Liberty Bell at Independence Hall, reported the Philadelphia Record. These two veteran soldiers, Sgt. Harold Gytokoto and Pfc. Yoshinao Omiya, both wear the Purple Heart.

Omiya, who lost his sight was placed in the February issue of the Liberty Magazine as the "Blind Nisei," and Gytokoto, who is minus two fingers on his right hand, pleaded for a little better civilian public understanding toward the approximately 9000 other Japanese Americans now in "Island Sam's" camps.

The two, who were the first casualties of the Japanese American Battalion with the 34th division to arrive in Philadelphia, are now convalescing at the army's Valley Forge Hospital.

## Delegate Tells Of Record Of Nisei

CHICAGO — Marguerite K. Ashford, Honolulu attorney and member of the Hawaiian delegation to the national republican convention, declared in an interview with the Chicago Daily News that Japanese Americans in Hawaii have the best record of any racial group.

Miss Ashford stated that her stenographer is of Japanese descent and "is very competent." "We apply in Hawaii the race equality that is preached everywhere," she said.

## Sentry Acquitted By Court-Martial

Army court-martial on July 6 found Pvt. Bernard Goe, military sentry at the Tule Lake segregation center, to be innocent of manslaughter charges preferred after his fatal shooting of James S. Okamoto at the center May 24, reported the Pacific Citizen.

Conducting the trial were officers from other Military posts. Arrangements were made by Dillon S. Meyer, national director of the WRA, for civilians to be present at the proceedings. Among those attending were a member of the Okamoto family and representatives of the committee of Japanese nationals which will make a report of the case to the Spanish embassy.

## A Challenge

Monday the first group of men will leave Manzanar for induction into the armed forces by reason of the reinstatement of the selective service for nisei. Since their physical examinations late in April, the boys had awaited, many very impatiently, this action by the local board.

The delay was beginning to tell on the boys. Even more chafing was the uncertainty of the status of those who had received their physicals. Now these boys will be inducted into active service or, if into the enlisted reserve corp, for a short period. Eventually, many of them will bolster the 442nd now overseas, the rest will go into other branches of the army.

Whether we want to admit it or not, the 100th Infantry Battalion and the 442nd Battalion has done and is doing more for the nisei than any other single organization. In the early days of evacuation, the racist would condemn the Japanese irregardless of citizenship or loyalty.

With the first reports from the Italian front regarding the 100th Infantry Battalion action, nisei in the armed forces began to be exempted from these dissertations. Now the most violent anti-Japanese elements are carefully making exceptions of loyal citizens.

Our Manzanar boys, whether used as replacements for the combat team or in any other branch of the service, are the final exclamation point emphasizing the Japanese American combat unit challenge to intolerance.

## Bob Brown; Friend

I will remember Bob Brown as the friendly blond fellow who would cock his head to one side when he spoke. I will remember him as the tactful administrator but the blunt and forceful executive when justifiably irked.

Because he supervised the reports office, I was accorded the opportunity to come in close contact with Bob. I learned from these contacts that he was a vital behind-the-scenes factor in the growth of this community.

Many of the residents do not realize that besides internal growth, Manzanar has grown in relation to the outside. When this center was first constructed in this valley, the neighboring towns were naturally antagonistic. Through the efforts of the then reports officer, public opinion in the valley was gradually converted. Today, we have something very, little short of enthusiasm.

Bob has talked with other prominent Californians from Los Angeles and San Francisco. To these people; some indifferent, others downright hostile, he would speak emphatically and explicitly of the war relocation authority program and of the evacuees. He was never apologetic nor would he make excuses.

He gave the facts in a straight-forward manner, trusting to the intelligence of the listener. I have seen him at his happiest, when he had made a convert to the WRA. His sincerity in such matters must be seen to be appreciated.

Another reason he spoke with such conviction was because of his faith in the evacuees. He was never the one to pity the residents of Manzanar; but he knew that there was a problem and the solution came from without as well as from within the community.

He is leaving us now. I know he would never leave if he believed that there is more to be done here in public relations. He knows that this work is never done, but he feels that now that he has given it a good start; these things spread and grow much in the manner of rabbits.

As Bob goes out to other fields in need of men like him he carries with him the affection and best wishes of all the people of this center.

## Berman Appointed For Newark Office

NEWARK, N. J.—Harold S. Fisters, WRA relocation supervisor for the middle Atlantic area announced the appointment of Edward V. Berman, former relocation officer of the Inter-Mountain area, as relocation officer in charge of the newly opened office in Newark, the largest city in the industrial and agricultural state of New Jersey.

Since joining the WRA nearly two years ago, Fisters said that Berman is well acquainted with the East through his former long residence in Pennsylvania and has become thoroughly familiar with relocation problems through having aided numerous evacuees to resettle in Montana, Idaho and eastern Oregon.

It was also pointed out that Berman was assigned on occasions to the Minnoka relocation center during seven months of his service as relocation counselor working in cooperation with the center's relocation program officer. He thereby familiarized himself with the needs and interests of both the issei and the nisei considering family or individual resettlement in the East.

## Act Barring Nisei Not To Be On Ballot

Proposed initiative which would have barred nisei citizens from ownership of land and watercraft will not make the California ballot in November.

It was disclosed that the Japanese Exclusion Association has failed to obtain the necessary 179,000 signatures to qualify the initiative measure on the ballots. Deadline for qualification passed on June 29.

In May, the Association launched a campaign to obtain the 179,000 signatures. The first signature was that of Sheriff Eugene Biscailuz of Los Angeles county, a leader in the Native Sons of the Golden West. Other NSGW officials cooperated.

## Bachelors Wanted

Walter A. Heath, assistant relocation program officer, has personally investigated a farm offer at Cozad, Neb. and presents an ideal opportunity for issei bachelors, disclosed Robert Krueger, acting assistant relocation program officer.

Wages for this offer are \$75 per month with complete maintenance. It was also reported that \$60 bonus and \$10 monthly raise in pay each six months period is given.

Fifty persons of Japanese ancestry are employed on the farm at present, it was revealed, and up to forty more farm laborers are needed. Relocation office stated that trial leave may be used on this offer.

San Francisco law has been declared or is now in force in the State of California, or in the County of Los Angeles thereof" stated the petition.

## ATTORNEYS

Al. L. Wirin and J. B. Tietz are listed on the complaint as attorneys for the plaintiffs. Joining them in filing the suit are Saburo Kido, practicing attorney in San Francisco prior to evacuation, Arthur Garfield Hays and Osmond K. Fraenkel, national counsel of ACLU, Wayne M. Collins, San Francisco ACLU attorney, and Carey McWilliams, Herbert Ganani, Jerome W. MacNair and Thomas E. Griffith, Jr., attorneys of Los Angeles.

It was reported that Judge Emmet H. Wilson of the Los Angeles Superior Court set July 21 as the date for a hearing.

## Smeltzer Writes Of Church Resolution

Ralph E. Smeltzer, director of the New York Relocation Hostel, writes that at the annual conference of the Church of the Brethren held at Huntington, Pa., on June 10, a resolution was passed advocating the acceptance of the relocating Japanese Americans in its churches.

The resolution stated: "We recommend with respect to Americans of Japanese descent that our churches welcome into their services and fellowship those who are resettling in their communities; and that, as opportunity arises, we support the early return to their rightful homes of those who wish to resume residence on the Pacific Coast."

The church of the Brethren formerly sponsored the Brethren Relocation Hostel in Chicago and the group is now sponsoring the New York Relocation Hostel Smeltzer disclosed.

## Buffalo Offers Two Positions In Produce

Buffalo office has received an offer for two persons to become established in a produce field, according to Robert Krueger, acting assistant relocation program officer.

Offer comes from the operators of a string of 31 super-markets and 100 neighborhood stores, stated Krueger. Men would start in a warehouse of this chain and as the manager of the stores knows of the success the Japanese have had in the retail business, he will promote the man after being acquainted with his methods from the warehouse.

Promotion would be eventually be the management of a produce section of the super-market. Krueger declared:

"The relocation officer believes that the promise of promotion is based on a recognition of the ability of the Japanese in this field. For this reason, it is without doubt that the promise would be kept if the men are satisfactory."

Wage rates are 70 cents an hour for a 48 hour week and time and a half over 40 hours.

## Teletype Revealed 442nd Battalion In Italy To Join 100th

That the 442nd infantry battalion from Camp Shelby, Miss., has joined the famed 100th battalion in Italy was indicated this week in a teletype message from WRA headquarters.

Associated Press dispatch dated Rome, July 10 said:

"The 442nd regimental combat team composed of American soldiers of Japanese origin is participating in the Fifth Army's attacks along the West Coast sector of Italy toward the port of Livorno. This force with tank support smashed into enemy positions on July 9 in the face of determined opposition."

An Allied spokesman was quoted as declaring: "Spearheading the assault was the 100th battalion, a unit which has performed brilliantly throughout the entire Italian campaign."

United Press reports from Rome states that the 100th Battalion which has apparently been incorporated in the 442nd regiment combat team, was cited in a special statement. It said:

"The 100th battalion has been fighting brilliantly with the first United States infantry division and has played a major role in the campaign's fighting, having landed in Italy shortly after the invasion last September 9."

Pacific Citizen reported recently that Lieut. Young O. Kim of the 100th infantry, winner of a Distinguished Service Cross and Silver Star, as declaring that the 100th battalion had been awarded 900 Purple Hearts, four Distinguished Service Crosses, 36 Silver Stars and 21 Bronze Stars.

The 442nd combat team was organized in January 1943 and is composed of Japanese American volunteers from Hawaii and the United States. It had received its training at Camp Shelby, Miss.

## Two California Nisei Wounded In Action

Two California nisei soldiers, presumably with the 100th Infantry Battalion, were reported by the War Department as being wounded in action disclosed the Pacific Citizen.

Wounded soldiers and their next of kin were listed as Pfc. Terry T. Kohaya, Mrs. Masai Kohaya, mother, Route 2, Box 2395, Sacramento, and Pvt. Kiyoshi Shintaku, Mrs. Toka O. Shintaku, mother 240 East Market St., Salinas, Calif. They were wounded in action in the Mediterranean area.

A mainland nisei was listed as killed in action according to a War Department report on July 6. He is Pvt. Utaka Koizumi, Mrs. Hana Koizumi, mother, 1419 5th St., S. E. Minneapolis, Minn.

The Citizen stated that the parents of the two California soldiers are now believed to be residing in war relocation centers following their evacuation from California.

### DOLLARS and SENSE By Chester Ito

Good news for you people who have been having shoe ration worries. Metropolitan papers have been carrying advertisements for several days now regarding the O. P. A.'s recent amendment to Ration Order 17 allowing for the release of certain percentages of odd lot shoes from ration. This order is effective only during the period from July 10 to July 29.

Shoe department at the Dry Goods Store, in keeping with the general policy of retail stores will be offering for sale during this period many good durable shoes in all sizes at a reduced price and without ration. We urge you to take advantage of this unusual opportunity and visit the Shoe Department.

The newly appointed assistant general manager of the Manzanar Cooperative, Hideo Okada of 25-4-3. Popular and very capable, Mr. Okada has long served the Cooperative and the residents of Manzanar as the head of the Movie department and in other administrative capacities. His appointment to the position left vacant after Mike Hori's departure was heartily endorsed by the board of directors at their meeting on July 12. Best wishes to Mr. Okada.

A Japanese film, "Haha wo Tazunete", was shown to the general public on July 12 and 13 by the Co-op. There was many difficulties encountered before the presentation of the picture became an actuality, but through the efforts of the Town Hall committee, necessary arrangements were expedited. It is hoped that everybody who saw this movie enjoyed it.

Merchandising Committee's report included a recommendation for a cut in the current inventories. In view of the fact that the center population is now down to about one half of the original ten thousand, this is a sound suggestion.

Mr. Masunaka reported that the first payroll for evacuees employed by the Personal Service department amounted \$205. The Board of Directors approved the suggestion that a committee for the selection of movies be formed. The Movie

### Reveal Opening For Commercial Artist

Two unusual and excellent opportunities were listed by the relocation office here this week for interested parties in Ohio, disclosed Robert Krueger.

For a qualified married couple or two single girls is an offering opportunity for a commercial artist and domestic, starting wage for the artist at \$1 per hour. Artist with no experience would receive 75 cents an hour. Work will be in connection with wallpaper designing and postwar possibilities in this field is very good, according to Krueger. Domestic work would be of the regular nature at \$75 per month plus room and board.

Offer for an issei couple as domestics has been received from Dr. Sam Patterson of Toledo, Ohio. Woman would do household duties and the man would be expected to take care of one cow and a stable of three horses. He would handle outside chores and take care of the garden, said

### Release Buhl Youths Held In Twin Falls Assault On Nisei

Having been arrested for alleged assaults on Japanese American laborers in Twin Falls on June 22, four Buhl, Ida., youths were released in the custody of their parents under very strict parole terms. The boys were given suspended industrial school sentences.

Pacific Citizen reported that the four minor youths and their parents signed the agreement to parole terms, infraction of which would send any of the boys to the St. Anthony school. Probate Judge C. A. Bailey stressed the seriousness of the offense.

Veadis J. Gee, 18, also of Buhl, received a \$15 fine and costs on charges of disturbing the peace.

Krueger. Wage is \$175 per month including room and board, with every Thursday afternoon and evening and every Sunday afternoon and evening off.
