Merrill's Marauders Backs Nisei Soldiers Fighting In Burma Front

Japanese American soldiers are fighting with Merrill's Marauders in Burma states a letter received by the Pacific Citizen from a sergeant in the famed American fighting force.

"We, of the Merrill's Marauders (otherwise known as the Burma Raiders) wish to boast of the Japanese Americans fighting in our outfit and, the swell job that they put up," the letter said.

"One of our platoons owes their lives to Sgt. Henry G., a Japanese American of Seattle, Wash. Hank (we call him Horizontal Hank because he's been pinned down so many times by Jap machine gun fire) guided the machine gun fire on our side which killed every Jap on that side. The boys who fought alongside of Hank agree that they have never seen a more calm, cool and collected man under fire. He was always eager to be where he could be of the most use and effectiveness and that was most always the hot spot.

"I hope I haven't given the impression that I'm trying to glorify him," said the sergeant. "Many of the boys, and myself especially, never knew a Japanese American or what one was like—now we know and the Marauders want you to know that they are backing the nisei 100 per cent. It makes the boys and myself raging mad to read about movements against Japanese Americans by those 4-Fers back home. We would dare them to say things like they have in front of us."

Property Owned By Aliens Escapes Tax

Supervisor William A. Smith stated that alien-owned property in Los Angeles County now held by the Alien Property Custodian, has been escaping taxation, reported the Los Angeles Times.

He said he addressed letters to Los Angeles County Representatives and the California Senators requesting that an amendment be made to the bill now before Congress, returning the non-taxed property to county tax rolls.

Twenty-Six Aliens Removed From Tule

Twenty-six Japanese aliens were transferred over the last three months from the Tule Lake center to enemy alien internment camps under jurisdiction of the Department of Justice, announced Secretary of the Interior Harold L. Ickes.

Secretary Ickes explained that the aliens are men who were arrested for playing an active part in the disturbance of last November at the segregation center and who have been confined since their arrest in a fenced-off stockade at the center.

A fact-finding committee, established by the WRA, composed of administrative employees of each center, reviewed the cases of each person. Aliens whose records made them eligible for internment camps were gradually transferred to Justice Department camps.

Tule Lake Nisei Fail To Go For Physicals

Twenty-seven Tule Lake Japanese were charged with failure to report for pre-induction physical examinations, stated the Sacramento Union, as Federal Judge Martin I. Welsh last week issued bench warrants for the arrest for these men. Bail was fixed for each defendant at \$1000. ADMIT DISLOYALTY

Assistant United States Attorney Emmet J. Seawell, in presenting the case to the grand jury, disclosed that all of the indicted group admitted being disloyal to the United States and asked to be returned to Japan so that they could fight for their mother country.

TO BE ARRESTED

Union reported that the Japanese will be arrested at the internment center and taken to Eureka, Humboldt County, where they will be arranged in the Federal Court, according to Assistant United States Marshall Hayden Saunders.

Indicted were:

Masao Kuwabara, Katsumi William Abe, Tetsuo Tom Kaku, Hirono Henry Omi, Rikuchi Oshita, Isamu Ishimoto, George Yukio Fujii, George Yoshio Sakuda, Yoricichi Sugawara, Iwao Bob Sugawara, Kazuto Daijogo, Charlie Teruo Antoku, Yoshiyuki Sadakani, Tomotsu Thomas Noda.

Jim Giso Yamaichi, Paul Kojima Shioishi, Kazuhisa Shimozaki, Yayoi Tom Ito, Toshiro Jerry Masuda, Ichiro Hara, Isamu George Nagatui, Tsugio Iwihara, Kazuo Jim Hiroamoto, David Kaoru Hirata, Genji George Kubota, Yoishi Sakaniwa, and Kumpei Royal Sakaniwa.

Deny Sabotage Acts By Canadian Nisei

There have been no acts or attempts of sabotage by persons of Japanese ancestry in British Columbia since the outbreak of hostilities between the British Empire and Japan, declared Deputy Commissioner J. A. Shirras of the Provincial Police at the annual meeting of the Pacific Coast International Association of Law Enforcement, stated the Pacific Citizen.

The Deputy Commissioner rapped race prejudice agitators who were fomenting hatred of Japanese Canadians and urged a tolerant attitude in the handling of problems concerning persons of Japanese ancestry.

He declared that the British Columbia public has been unnecessarily inflamed by racists, and criticized statements made in the press and from public platforms. He pointed out that many of the recommendations for restrictions against Japanese Canadians came from people who knew nothing of the matter, stated the Citizen.

Nisei Nurses Loyal To USA Says Soldier

Cpl. Roy C. Fleischer, a patient at the Fitzsimmons General Hospital in Denver, Colo., wrote in the Hartford, Conn., Daily Courant, that "when the history of this war is written, let it be recorded in golden letters that thousands of American born persons of Japanese ancestry were loyal to the United States, fought and died for it, nursed the American sick and wounded and espoused the principles of democracy and freedom with all the strength in their patriotic souls." He was telling the story of a Japanese American army nurse, Lieut. Yaeko Suyama, who cared for the army wounded at Fitzsimmons.

Lieut. Suyama told Cpl. Fleischer that "we're sensitive to what people think. In my heart, I'm wholly American. I've never been to Japan. This is my home... We Japanese Americans want to conduct ourselves during this war that we shall win the confidence of our fellow citizens and never again be unjustly suspected of disloyalty. We want all the rights of American citizens and are willing to give our lives for this country."

It was reported that since the above story was printed, Lieut. Suyama and Lieut. Marguerite Ugal have been in service in England. Lieut. Ugal is a native of Nebraska while Lieut. Suyama was evacuated from Monterey, California.

Debate Expected On Elections Act Bill

Further debate is expected in the House of Commons on the Elections Act amendment which will deprive Canadian citizens of Japanese ancestry of the right of franchise for the duration of the war, reported the Pacific Citizen.

Amendment to strike out the section barring the right to participate in federal elections to citizens of Japanese ancestry was introduced by Senator J. J. Esch, of Ontario and seconded by Senator Norman Lambert, another Ontario Liberal, stated the Citizen.

Senator Bench, and those who supported this amendment, declared that the clause in question was "racial discrimination" and contrary to democratic principles.

Church Youths Help To Establish Hostel In Middle West Area

It was announced that establishment of a hostel for Japanese Americans from war relocation centers in the farm belt of the Middle West has been made possible by contributions from the Methodist youths.

Contributions have been received since an appeal was issued by Sarah Stephenson, Dallas, Tex. chairman of the committee on the Japanese American Fund of the National Conference of the Methodist Youth Fellowship.

Hope was expressed that the hostel could be in operation for the start of the heavy summer farming season. The hostel plan has been described by authorities. It was reported, "as one of the best means" of resettling the Japanese Americans from relocation centers.

Manzanar Combat Team Volunteer Writes From Italian Front Hospital

Pvt. Takaji Goto, formerly of the 11-4-4 and brother of Dr. James Goto, 442nd Infantry Regiment, recently wrote from "somewhere in Italy" to the Manzanar Free Press enclosing two clippings from the Stars and Stripes which told team fighting with the Fifth Army.

Soldier Picnicked At Friends School

WASHINGTON, D. C.—More than 100 resettlers and friends, including 25 nisei soldiers from nearby Army camps and several local issei who have long resided here, attended a picnic at the Sidwell Friends School recently under the auspices of the Washington, D. C., Relocation Committee.

Members of the arrangements committee included John Kitasako, formerly of the Heart Mountain Relocation Center and now with the Federal Communications Commission; Marvel Maeda, who came to the Nation's capitol from the Colorado River Center and is now employed in the Leave Section of WRA; and George Mouri, also formerly of Heart Mountain and now employed by the Office of Price Administration here.

This picnic was the sixth in a series of monthly get-togethers sponsored by the local Relocation Committee. According to comments by many of those present, it was the most successful affair yet held by the committee. Plans are being made for a similar picnic in July.

Letters Commend Stand of Editorial

Copies of two letters, which appeared in the Milwaukee Wisconsin Journal, commended the stand taken on the Japanese Americans in the editorial carried by the Journal entitled "Mistreating Fellow Americans," was received here this week.

Alton L. Holtz of Route 1, Huntington Beach, Calif., wrote: "I'm commending the stand taken in your editorial of June 14, entitled 'Mistreating Fellow Americans,' quotations from which I have read. My sister cannot not force gross injustice upon citizens of Japanese blood after the war."

Second of the letters was written by Masao W. Satow, former resident of the Granada, Colo., center. It said:

"For some time I have noted the consistently fine attitude of your paper toward the whole situation of Americans of Japanese descent. Your understanding articles and vigorous editorials have been a lift to our spirits and a fact toward reaffirming our faith in America."

"It does seem strange that in a democratic America, in the midst of a struggle for the ideals of democracy, a newspaper should be commended for its stand on what is right and decent and American, but we have learned that democracy requires energetic encouragement and stern vigilance, lest we who believe in it forfeit it by our indifference."

"Democracy is not a commodity which once we achieve we have forever. It is a process involving continuous effort. Although we evacuees constitute only one-tenth of 1 per cent of the total population of this country, we are aware of the significance of our fighting in the South Pacific. But they do not know that their sons are safer because many of our Japanese American boys are out there with them in the intelligence service."

"Up to now it was the A.J.A. of Hawaii whom the people of the mainland referred to as fighting for them. Now you can boast of the boys who have left the relocation centers and are up on the front lines now," Pvt. Goto wrote.

His letter continued: "They are doing swell and doing the best they can so you can be very proud of them and I'm very glad to be with them."

GRIPES

"There is one thing I've noticed time and time again and that is the gripe people always have."

Stars and Stripes, a newspaper for and by United States soldiers, recently stated:

"U. S. soldiers of Japanese origin are with the 5th Army units now in line. They make up the 442nd Regiment Combat Team, which includes the 100th Battalion.

The 100th Battalion has chalked up a fine record since landing in Italy last September. The Japanese Americans took part in the battles at Cassino and Anzio and were in the thick of the fighting during the present campaign."

The above story, clipped from the Stars and Stripes, was sent to the Free Press by Pvt. Goto.

"Here, the boys are willing to give their lives and are not even griping for the benefit of the loved ones they have left behind. I hope the people appreciate what they are doing for them and use it to the best of their advantage."

WOUNDED

Pvt. Goto stated that he was recovering from a slight wound and is resting well in the hospital and that he will "soon join the boys."

"And I wish you would give my best regards to the friends I have left behind in camp," he concluded.

Booklet Published By Nisei At Hillcrest

A mimeographed sixteen-page booklet, "The Time," was recently published by Japanese American patients at the Hillcrest Sanatorium at La Crescenta, Calif., reports the Pacific Citizen.

The booklet includes messages from the staff, an article on tuberculosis, personal stories of the patients and staff, and news of visitors.

Hillcrest Sanatorium, previously a private hospital, was vacated for Japanese Americans suffering from tuberculosis in March, 1942, and came under county management.

At present, 126 patients are at the sanatorium.

Workers Accidentally Wounded By Farmer

Seasonal worker George Yamazaki, an employee near Cowley, Wyo., was accidentally shot on July 6 by Julian Frost, well known Big Horn County farmer, who was killing blackbirds, reported the Hebert Mountain Sentinel.

Frost arrived at the project on the afternoon of the day of the shooting, bringing with him a score of Yamazaki's co-workers, thus dissipating the first report that he had ambushed him.

Yamazaki's condition was reported good after surgeons had operated on his left side.

Harpers Bazaar On Espionage

Case of Mrs. Velvalee Dickinson, the New York doll dealer accused of being an espionage agent of Japan, was in the July issue of Harper's Bazaar. Written by Janet Planner, the article "The Doll Spy" gives a lurid but biased account of the case.

The article reads: "It was part of her task to handle the brokerage accounts for the nisei and other Japanese who were residents of El Centro, heart of the West Coast Japanese colony. Perhaps only as a good-will business gesture toward them, at this time she also became a member of the local Japanese-American Society, a group given to what the American side of the hyphen were supposed to swallow as cultural relations, probably stressing appreciation of Satsuma porcelain, jujitsu, flower arrangements, and what wonderful little people the Japanese were generally."

Another paragraph, all in one sentence, the author states: "Because she was a native Californian, educated, dowdy, and generally fond of antiques, and because lots of colorless, middle-aged native daughters, up to Pearl Harbor, often developed a mixed affection, half-aesthetic, half-gastro-nomic, for the Japanese, since Japanese imported art looked so quaint and Japanese local vegetable stands looked so fresh (a view rarely held by native sons who would just as lief eat their spinach from cans and who had long suspected that the only artful thing about the wily Japs was their intention of stealing California, intact, away from the rest of the Union) —because of, as we say, Mrs. Dickinson's sharpe feminine and secretive nature, it might be supposed that one motive which could have led her into spying for Tokyo would have been a genuine, if perverse, exotic affection for the little yellow race."

The author perhaps means well and we are not defending or making excuses for any enemy agent. However, the implication that all nisei and Japanese farmers of California participated in such activities, we feel is unjustified.

TO ALL OUR FRIENDS —

Thanks for everything.

Mr. and Mrs. P. S. Nakashima
30-1-5.

ANNOUNCEMENT—

Otsuya service for the late Mr. Noboru Yamada will be held on July 24, 8 p.m. and funeral will be held on July 25, 2 p.m. at Buddhist church.

Eikichi Takahashi
Emi Fujii

The Twenty Thousand

By K. Matoba

The President has signed and thereby made a law HR 4103, the bill providing for the loss of United States nationality and citizenship under certain circumstances.

The bill is actually an amendment to section 401 of the Nationality Act of 1940 which provided that the only persons who can expatriate themselves while in the United States were deserters from military forces in time of war and persons convicted of treason. The amendment, therefore, has set up a new class of expatriates. That class is designated as those "making in the United States a formal written renunciation of nationality in such form as may be prescribed by, and before such officer as may be designated by the Attorney General."

The condition, of course, is that the United States be in the state of war and that the Attorney General approve the renunciation. However, in the case of Japanese Americans, denial approval by the Attorney General is probably impossible for it was Attorney General Francis Biddle who outlined and recommended the now effective legislation, stating specifically that the immediate purpose was to deal with the disloyal nisei.

The rules and regulations of procedure in this matter is yet to be established by Attorney General Biddle. However, those Japanese Americans in Tule Lake will be given first opportunity to utilize this provision.

If and when the nisei in Tule Lake expatriate themselves, they will probably become enemy aliens, and as such there is a possibility that Tule Lake will become a camp similar to the Crystal City Internment Camp in Texas.

Nebraska Evacuees Market Tomatoes

Tomatoes that were "even earlier than California tomatoes" were put on the market for 20 cents a pound at Omaha, Neb., by Tokueichi Takagi and his son George, reported the relocation officer in Omaha, Neb.

"In Nebraska," the sellers stated, "the plants are kept in a hothouse until they are quite large, and this explains the early marketing date." The annual 30 inches of rainfall banishes the necessity of irrigation.

The Takagis, former residents of the Heart Mountain relocation center, are contemplating buying the hothouse place, part of which they now operate on a share basis, and think that it will pay for itself in a few years.

First Nisei To Leave For Army Program

Frank Suto of Heart Mountain, Wyo., is believed to be the first relocation center candidate to leave for the Army Specialized Training Program, reported the Sentinel.

Suto left for processing to Ft. Logan, Colo., and will attend the University of Missouri.

CLASSIFIED ADS

FOR SALE—3/4 inch water pipe. Plumbing will be done for buyer if desired. See Mr. Kubota, 34-2-4.

FOR SALE: New and used violins. Will also trade for used one. Inquire 24-12-2.

WAC Named Editor

WRIGHT FIELD, O., —Pvt. Michiyo Mukai of the Women's Army Corps was recently named associate editor of the "Wright Wac," newspaper published at Wright Field in Dayton, O., stated the Pacific Citizen. She formerly served as make-up editor for the paper.

Move Concert Site

Regular Sunday night "Symphony Under the Stars" will be held at 16-15 outdoor stage instead of between firebreaks 10 and 11, it was disclosed this week. Songs by Frank Sinatra and Dinah Shore will be featured on the concert program for tomorrow night, it was announced.

Our sincere gratitude to all our friends who have made our stay in Manzanar a memorable one. Thanks for everything as we depart for Chicago.

Mr. and Mrs. S. H. Hiraga and family.

Think Of Your Future' Week Plans To Outline Prospects Of Future

Recognizing the need for wider dissemination of lesser but vital information on relocation, plans are being formulated for a week designated as "Think of Your Future Week" in which a series of programs will be presented on the prospects of the future for evacuees.

The week is independent of administration sponsorship, being conducted by a committee of evacuees and appointed personnel members who are directly concerned with the evacuees position in regard to the future. The committee was originally organized out of the necessity of studying the problems faced by residents in Manzanar, and has no connection with the war relocation authority or the relocation office.

"Think of Your Future Week" will be held on the first week of August. Tentative plans call for programs in the community auditorium such as Issei Night, Voc-

ational Guidance Night and also Youth Night. Committee members in charge of these programs are Dr. Obo Sakaguchi, Walter Watanabe, Mrs. May Ichida and Rollin C. Fox. The programs for the week, although given in conjunction with the panel discussion series "Planning For Tomorrow", again has no direct connection with the discussion series.

The committee members have decided that in fairness to those who relocate, the problems faced by relocatees should be recognized and discussed. Therefore, the "Think of Your Future Week" program will be composed of discussions on work opportunities, prospects and problems of the issei, and the social problems of the younger people. The committee also invites and anticipates evacuee participation in these discussions of problems that concern closely the evacuees.

DOLLARS and SENSE

By Chester Ito.

Following a week of rather quiet activity, we are able to report at this time only a few items of interest to the general public.

Concerning the payment of rebates and buying of memberships and reserves from those people who departed for Tule Lake in February we are now in a position to clear up this matter. Checks for settlement of these memberships are now being written and will be sent to Tule Lake immediately.

There are, however, still some people who have neither notified us of their new addresses nor sent in their membership certificates since going to Tule Lake. The local cooperative would like to clear these cases up as soon as possible so it would be appreciated if they would cooperate by mailing us the required documents.

Inasmuch as immediate payment of \$13,715.03 to former cooperative members now at Tule Lake will cause a considerable dent in our capital, it would not be very wise or business-like to try and pay our own rebates at one time. The management has, therefore, evolved a system so that rebates for the period of November to December will be paid a little at a time. Perhaps a block or two at a time beginning sometime immediately after our obligation to the former members now in Tule Lake have been taken care of.

Remember there is only one more week left to take advantage of the O.P.A.'s Odd Lot Release ration-free sale for shoes. Be sure to visit the stores before the 29th.

Family Counseling Program Underway

The Family Counseling Program, division of the Community Welfare Section, is now well underway, disclosed Dorothy Hart, associate counselor of the Community Welfare Division.

Purpose of the family counseling at Manzanar is to familiarize every family on the project with all available services, and to acquaint them with all the resources at their disposal for help in their own planning, either at camp or outside, she said. Each block manager arranges visits to be made in his block with all interviews being done on a voluntary basis.

have been interviewed and by this process already many families are finding it possible to have some of their problems and questions solved.

The counselling staff is eager will arrive soon to recruit workers.

HUNT, IDAHO

Mail delivery from house to house is to be resumed. Lessons in baseball, football and swimming to be given. 400 more workers are needed to fulfill the necessary labor requirements.

Relocation Officer Reports On Nebraska

Walter A. Heath, relocation program officer, who has been visiting throughout Nebraska, reports enthusiastically of farm conditions there. He has visited a number of Japanese farmers all of whom are impressed with possibilities in Nebraska.

Heath has found but few opportunities for truck farmers but has noted many farms on which potatoes, beans and onions as well as other crops are profitably grown. He believes that a number of Manzanar farmers, who are growing elderly and whose children have left home, will be interested in such farms where less arduous labor is required.

Nine Japanese people in Nebraska are known to the WRA office to be in business and to be doing well.

Businesses as photographic studios, art and gift shops, cafes and greenhouses are being operated by issei and nisei in Nebraska at the present time, reports Heath.

Heath states that he has talked with Kazuo Takechi, partner in an Omaha cafe, and learned that his only problem was not getting enough help to take care of the business. Although most of the employees are Japanese, it has not caused difficulty. Takechi has no difficulty in getting rationing points or supplies.

Mr. and Mrs. Harry Ikebasu from Manzanar are doing nicely in Omaha, writes Walter Heath. They were among the first settlers and have been away from Manzanar for about 18 months.

Heath reports that Mr. and Mrs. Ikebasu originally accepted domestic employment and stayed with their employer for almost a year. In speaking of domestic employment, they said: "It is a fine way to save money and to learn community. Please warn people, however, that they should not accept domestic employment unless they expect to remain on the job at least for a year."

Harry Ikebasu accepted a job as a can washer in an egg-dryer to acquaint every family with the purposes of the interviews, and to answer any arising questions.

A Year Ago . . . THIS WEEK

Esther Rhodes, representative from the Pasadena branch of the American Friends Service Committee, visited the camp to assist those interested in relocating through the hostel.

WRA segregation plan was disclosed by Mr. Merritt and the nisei were given new hearings.

First of the regular monthly judo tournaments was sponsored by the Judo Yudan-Sha-Kai with Shuichi Murakami winning the perpetual trophy.

Net profits retained by the Community Activities from the July Carnival was \$1407.67.

Major Fletcher Bowron of Los Angeles made a short visit to the camp.

Newspapermen from the Los Angeles Herald and Express arrived to look over the camp. Most blistering and hottest day was July 17 the thermometer registered 103 degrees.

About 450 elementary school children attended a six-week academic course.

College Council, newly inaugurated student relocation counseling office, housed bulletins, circulars and catalogues of hundreds of midwest and eastern colleges.

Show Colored Slides

Recent showing of colored slides of more than fifty kinds of wild flowers growing near Lake as highly successful by Kango Takamura, director of Visual Education at 8-15.

The films were photographed and shown by Dr. C. Howard Hopkins. Dr. Hopkins formerly was an instructor at College of Pacific, Stockton, Calif. He will leave for Bangor, Me. to teach there, it was disclosed. Majority of those in attendance were artists or floriculturists, said Takamura.

Beginning Monday, July 24, photographs of center life taken by photographer Ansel Adams, will be on exhibit at 8-15. The showing will be open daily from one week from 1 to 5 p.m. and 6 to 9 p.m.

ing plant. He is now promoted to an egg-dryer.

Trucks Purchased

Five much needed pick-up trucks were recently purchased from the Treasury Procurement division, disclosed James L. MacNair, equipment maintenance supervisor.

Breakdown revealed three 1942 Ford trucks, one Chevrolet and one 1942 Dodge. One carry-all was obtained from the Ordnance depot at Reno, Nev.

MacNair stated that by an arrangement with Washington, Manzanar will have to return five old passenger cars now in use in lieu of the purchase of the pick-up trucks.

MacNair, Frank C. Crilly, assistant equipment maintenance supervisor; Virgil Morgan, assistant procurement officer, A. D. Morgan, internal security guard, Kenneth Bowker, senior plumber foreman and Frederick Causey, design engineer, made a trip to Fort Mason, San Francisco, Calif., to bring the trucks into the center.

Hotel Offers Work

Elms' Hotel at Excelsior Sp., Mo., has submitted a very good offer of employment, states Robert Krueger, acting assistant relocation officer.

The hotel is located 30 miles from Kansas City and needs ten waiters for the summer season. At present, there are 30 Japanese Americans employed there, Krueger said. In addition to their room and board, waiters can net between \$130 to \$200 per month.

Two Nisei Honored

Two nisei soon to report for induction into the armed forces were honored with a send-off party and gifts by their fellow workers at the Economy Block Company of Milwaukee, Wis.

They were Peter Takeuchi of Shine of 22-7-B, Gila River. Takeuchi is here on a visit before his induction.

"The work was hard," both the boys said, "but the people were fine. We were sorry to leave."

SPORTS

Mousing..... with Teddy Bear

Incidentally, before this column begins in earnest—a moment of quietness for two lasses who were injured during the game between the Lambda Nine and F'Nots. M. A. and M. K. will be missed for their ball playing...

All hopes for a summer hard-ball league for boys is somewhat shattered with the appearing of pre-induction notices. Looks as if the only possibility lies in a winter league; after the furlough youths return to hibernate during the forthcoming season.

INSPIRATION DOES IT
Did you see that gleam in R. T. of the Wee-Necks when a youthful lad smiled at her. That is not all. She then stepped up and hit the first pitched ball into right for a triple. Imagine a girl hitting the pill especially for a beau, some news.

After looking at the diamond in which the girls participate in, it is no wonder that so many errors are committed during the games (not making excuses on the part of the unfortunate girls.) By the way, the ground looks as if a family of gophers had really made themselves at home.

Blistering Manzanar sun has taken the initiative out of most of the lads from forming and participating in sports. But it seems as soon as the sun hits the horizon they begin to show signs of being related to the night hawks (not in the sense of catching fly balls either.) No sun, just plain moon-oon tan!!

Since no action has been taken on part of the boys to take part in the game of baseball. Yours truly must undertake the "MUT-SUKASHI" task of looking after the "BEEPINSAN" side of the sports to gather up enough info to satisfy the readers.

CALLING LAMBDA NINE—

Miyu "Infant" Tachibana is the first of the Lambs to be introduced. She is rather cute and lanky sort of a girl; which with her gay smile and pleasing personality plus is one of the main reasons that the team and the club has functioned so smoothly. Initial sack; possibility of being selected on the official all-stars.

Susie "Lefty" Morishita is one of gay spirits (not spiked either) and who with her corny jokes and fair looks, well you know what I mean. Seen covering the keystone bag.

Masako "Little One" Motoyusa has kept the club from getting stale with her pep and vitality. Together with her tiny form, she is seen coaching for the hot corner. Always in a gay mood, which makes her noticeable to all. Hooked in right.

Yoshio "Little" Mite" Watanabe is known widely among her friends as the girl with short but frequent giggling spells; thus keeping the moral of the team

high. Cavorting at the shortstop position, and doing quite a splendid job of it. "Shanghai Lil" Kato being one of the so called "THREE-MUSKRAT-QUEERS" is forever lowering the morale of the club with her unappetizing jokes. Seeing action in right field, great possibilities shown in past few games of being listed on the all stars.

Masako "Chatter" Kato is placed at the backstop position, and doing a good job of it. Although not quite efficient as some of the other catchers, she beats them all in the way she hustles.

Dorothy "Dopey" "Dot" Shindo will with her great pitching ability will keep her team near the top of the heap. Dot, remember don't get temperamental over it?? Wonder if the musical blood runs in the family.

Mutsuko "Boots" Ando is pegged at third base. Noticeable for being the only quiet and sane girl on the team; Is one of the most cooperative cheerful members of the group.

Masako "Landky" Yuge hasn't seen much action on the diamond as she was injured in pre-season practice. Expect to hear more about her in the near future, and I don't mean gossip.

Hidako "Chicken Bones" Nakano heard throughout the blocks as the girl who can sling corny jokes at will. Hear her rooting from the sideline.

Pat "Patty" Takeyama racing around in center field is noted for her blank expression. Quite a dependable hitter of the team. Placed at the clean up spot when batting.

Alice "Alli" Kakoi is an all around athlete. Very helpful and sincere member of the team. Keeps everybody laughing with her vivacious character.

George "Pee-fessor" Mishima is getting gray hairs coaching a bunch of stubborn untamed kittens. No slam against anyone especially. Big reason why the Lambs are making such a good showing this season.

Richard "Puk" Kai is also on the coaching staff; very helpful to girls alone! Guess they do need two coaches for such a rugged team.

Roy "Pardon My Looks" Wada is something of a masculine form for the girls to gaze at when they are behind; giving them the extra something to pull the team to victory. Understand?

PICK-UPS TROUNCE WEE-NECKS

SUMMER CASABA PLANS REVEALED

Tentative plans for a boys' summer casaba league, with most emphasis on sportsmanship, has been decided upon.

TWILIGHT
With the games scheduled to take place before dusk, there should be quick response on part of the various teams interested to enter into competition to utilize their spare time. As the situation is now, the sports picture is dominated solely by the weaker sex.

SIGN UP
Teams interested are asked to register by next Wednesday at 3-2; thus enabling the league to start immediately.

ATTENTION

The championship tilt between the Modernaires and Pick-Ups has been changed from Thursday to Tuesday, July 26. As the Girls American League is coming to a close, the girls together with their coaches, are requested to consider and hand in their all-opponent players for selection into the "All-Stars".

Leading 10 Batters In Batting Averages

Pick-Ups Swamp W-Necks 20 to 10 In Wild Slugfest

In a free scoring game, the Pick-Ups rolled over the Wee-Necks 20 to 10. Under the barrage of seventeen hits, three of them round trippers, the Pick-Ups had the game sewed from the initial inning.

Pick-Ups' R. Ohio and C. Tashima were the big guns with their respective 4 for 5 and 3 for 5; while teammates J. Sugimoto, Y. Sugimoto, M. Ono and M. Inana were grasping two apiece.

M. Hata's 2 for 2 together with R. Tamal's circuit blow were the Wee-Necks share.

FIELDING HONORS
Wee-Necks' R. Tamal and S. Kato; R. Ohio, C. Tashima, M. Ono, and the Sugimoto sisters were outstanding.
