Story Of Local Youth Told Release Ruling On Picnic Ground Area In L. A. Daily News

Ralph Lazo, former 19-year-old Los Angeles resident of Mexican parentage, has been voluntarily encamped in the Manzanar Relocation Center for Japanese Americans by passing himself off as a Japanese American in May, 1942, the Los Angeles Daily News declared today.

It is reported that the strange case of Ralph Lazo, whose father a navy veteran of the last war, a navy veteran of the last war, lives at 1136 Court Street, came to light through a recent an-nouncement by the War Relocat-ion Authority in San Francisco that Lazo soon would leave this center for induction into the army.

Lazo, who has been out of the center only twice, gave the fol-lowing reason for registering: "My Japanese American friends

at Belmont High in Los Angeles at Belmont High in Los Angeles were ordered to evacuate the West Coast, so I decided to go along with them. Who can say I haven't got Japanese blood in me? Who knows what kind of blood runs in their veins? So I registered as being of Japanese ancestry and came along with the first group to be sent to Manzanar.

ar.
"I cast my lot with the Japanese Americans because I did not believe that my friends of Japanese ancestry were disloyal to the United States," he said.

Drivers Cautioned By Chief Of Police

Project drivers are cautioned against violating the safety reg-ulations by driving through the blocks, warned Chief of Police J. W. Gilkey.

J. W. Gilkey.
Only the emergency trucks—oil crew, boller crew, preparation crew, police and fire departments—are allowed passage through blocks. Should vehicles other than those named continue this practice, drivers will have their licenses revoked plus a possible fine or jail sentence which will also mean that they will no longer be able to drive a car in Manzanar, Gilkey revealed.

Specifician has also been noted.

Speeding has also been noted, especially in the early morning hours. This too should discontinue, he said.,

LA Christians Favor Nisei Coast Return

LOS ANGELES—More than 1000 members of the Disciples of Christ recently reaffirmed their "ties of Christian brother-hood with our fellow Christians of Japanese ancestry" by favoring a gradual return of loyal evacuees of Japanese ancestry to the West Coast evacuated area at their recent convention, stated the Pacific Citizen.

The convention adopted resolutions expressing "the udgent desire that the due process of democratic procedure under our national Constitution be extended to all minorities."

Vote on the resolution favoring the return of Japanese Americans was acclaimed. Teh majority of the audience, which included about 100 clergymen favored the proposal, although there were "no" votes.

Vandals Desecrate Japanese Cemetery

PORTLAND, Ore— Juvenile court officers here blamed adults for the recent desceration of the Japanese cemetery at Portland, according to the Pacific Citizen. It reported that this was the second to occur within the year.

"Ponderous gravestones were broken and tossed into heaps at the cemetery fence like a child's set of blocks—so scattered that officer George J. Clauss said he doubted that graves and monuments could ever be rematched," the Citizen said.

It also reported that wooden markers were splintered and set ablaze and that a nearby resident came to the cemetery to extinguish one fire with a hose.

The cemetery has been practi—

The cemetery has been practically abandoned since the evacuation of persons of Japanese ancestry from Portland in 1942. In 1943, a group of Portland church people announced that they would clean and beautify the cemetery in the absence of the Japanese and Japanese Americans. They were prevented from doing so by a group of American Legionaires.

Clauss said a juvenile delinquent had admitted part of the vandalism, but could not be blamed for all of the ruined grave markers.

"There are ponderous stones broken," he said "which youngsters simply would not have the strength to move."

Commenting on the event, Sgt. Ben Kuroki declared, "I sincerely wish to compliment you on your "Parcels to Soldiers' program. Your kind intentions to express your appreciation to the "fighting nise!", —especially those under enemy fire—is worthy of the highest praise. Myself, having experienced the "hell of battle", fall to find real words to commend your organization. Those nisei are giving their all on the horrible battlefronts — their moments are tough and bitter. I do wish we could have a better and more united understanding among all nisei on the home front—so please continue your good work—I do wish your organization for Democracy much success."

Discuss Prices Of Farm Crop At Panel

Prices received by farmers for products sold have seldom commanded so much interest as at present, according to the panel discussion which was held Wednesday night at the new auditorium, which was decorated with a handsome display of Manzanar farm produce. The topic discussed was that of the "Future of the Farmers in the United States."

Panel members were Chairman Horace R. McConnell, chief of the agricultural division; Henry A. Hill, assistant farm superintendent; Yasugi Amamoto, agriculture office manager; Isao Yoshikawa, block 35 manager; and Walter A. Heath, relocation supervisor.

Here Is America

Here is America, for this sod holds The dust of one who here laid down his life; Above this spot the Stars and Stripes unfold To guard his rest forever from all strife. If there be one among you who can speak Of greater valor, finer sacrifice, Then let him rise, it is for him we seek; America is here, he paid the price.

Here is America, altho unknown to fame This spot of foreign soil that marked his fall; A little cross above on which is spelled his name; Mute proof that here a soldier gave his all, That future generations might enjoy the fruits of peace Unhampered by the awful pain of war; A plea to future statement, that human strife shall cease; America is here, on foreign shore.

Here is America, no matter what the blood That flowed within this soldiers living veins; His sacrifice and courage helped to stem the raging flood, His loss the price we're paying for our gains. There is no greater courage, no finer valor known Than that which faces danger with a smile; And springtime sun shall find this spot all grass

and flow'r grown; America is here for all the while.

Here is America, let all men bow their heads And walk in silence by this hallowed ground; Touched with a note of reverence, for here a hero bled, And here for aye shall valor's flow'rs abound.
We question not this hero of his creed or faith or race,
He lies at peace beneath God's gentle sun; It matters not what ancestry is written on his face; America is here-here lies her son.

The need for these items was very noticeable during the recent warehouse fire. There has not been a very favorable response to the request for additional firemen. Many complaints are coming in about the nuisance of dogs and cats in the center. Some perand cats in the center. Some persons have taken the matter into their own hands by deliberately throwing out poisoned meats throughout the center. The police department will gladly pick up any unwanted pets if they are brought to the block office. Let us not resort to poisoning, as this is inhumane as well as dangerous to small children of the center. Owners of the pets should be especially careful to see that their pets do not become a nussance; otherwise, there will be no alternative but to pass a stiff regulation governing the harboring of any pets in the center.

The panel discussion "Farmer and His Future in the United States" was one of the most interesting as well as lively discussions of the diversified farming while Mr. Yoshikawa was all out for special crop farming. Mr. Yoshikawa seemed to come out of the fracas with a slight edge by presenting figures as well as reciting his past 14 years experience as celery grower in the Venice area. He also brought out some entirely new angles to farming by mentioning quick freezing and airplane transportation as well as foreign markets which can be reached by dehydrating many vegetables. Mr. McConnell, chairman, tried to wriggle out of several tight spots, but was cornered. was cornered.

TULEAN BOY IS KILLED IN DUMP TRUCK ACCIDENT

Teletype received by Project Director Ralph P. Merritt from Ray R. Best, project director of Tule Lake center, reported the death of four-year-old Osami Nakata who was instantly killed when struck by a dump truck. Although there were no witnesses it was believed the boy was running alongside the truck when the vehicle started to turn and struck him with the right rear wheel. The truck was preparing to stop at a block to unrear wheet. The truck was preparing to stop at a block to un-load coal and was only traveling at the rate of five miles an hour in second gear. The driver was absolved of all blame.

This telegram was sent to promote trafic safety on the project.

Letters from the Public

(Following letter was received by Frank F. Kuga of the Manzanar Free Press staff from Cpl. Nob Yamashita who is now serving overseas. Cpl. Yamashita's parents, Mr. and Mrs. Akira Yamashita now reside at 27-14 with their daughter, Mary—Ed.) Hello Pancho,
Thanks a million for writing.

Thanks a million for writing. I guess you know how much letters mean to us out here. I have recently gone thru one of the most terrifying experiences of my life. Me and my partner were assigned to one of the regiments, and we got our first taste of real action. Our only casualty was that one nisei fellow was killed by the snipers. I used to be plenty bitter about the discriminations we had out on coast states, but during my stay in Minnesota, I found that the people of mid-west do not share the feelings of Pacific Coast. The people of Minnesota made me

where I'm going after the war is won.

Gosh Pancho, we sure miss the fresh fruits and vegetables, haven't had a taste of anything fresh for over 5 months. A guy can get awful tired of canned stuff. Captured Nip rice and can-meat seasoned with soy-sauce do help give us a change of diet, but still, I'll give anything in the world for a nice home-cooked meal. Just a plain "ocha-zuke" will do fine.

Out here, there's no way to spend money. You see, we get all the cigarettes we need for nothing and also few toilet articles, and occasionally, candles.

Living in a fox-hole is not fun, especially when it starts to pour, and the artillery firing all nite doesn't help a guy trying to sleep. Then, there the snipers, they scare us more than anything else for you can't see where they are or when they'll start shooting. So every morning and evening, we pepper the surrounding trees and bushes with all the auto matic weapon we have as an extra precautionary measure. The sight of the wounded suffering is hard to take. The stench of two day old corpse would make anybody throw up. And some of the Nip prisoners we get are in really pitiful condition. Didn't think humans can take that much. All I can say is that life is cheap out here. I think by the time you get this letter, we'll be in the midst of our next campaign. aign.

I sent my sis a batch of new Japanese records that were captured here. I believe, all of those recordings have never been heard in the states. Why don't you ask my sis to loan you the recordings and you can have them played before the people of Manzanar.

Thanks for wishing me luck for I know I'm going to need plenty of it in our next campaign. So long for now.

Just,
Nob.

Opportunities Vary In Nebraska City

"Relocation in Omaha is a complete success," stated Mrs. Henry Monsky of the Omaha Citizens Relocation Committee She further said, "It will open up for resettlers new vistas, heretofore unknown opportunities, and a variety of experiences to equip them in the future for successful living."

"There is, of course, plenty of work at this time for anyone who is willing to work and the most hesitant of employers, even though a bit hard to convince in though a bit hard to convince in the beginning, are cooperating fully now. As to the social diffi-culties that some evacues fear-ed, the most careful question-ing convinces me that in this area, at least, the community at-titude has been all that we hop-ed for and merits no criticism."

As an example of adpustments in the community, Mrs. Monsky mentioned a family who is employed in her own home as domestles. She says, "The parents were born in Japan, and the two children aged fourteen and ten were born here. The children attend our very evcellent suburban school. The boy participates in high school athletics, plays in the orchestra, and pursues his musical studies. The little girl is a very popular member of her class and has a delightful time socially with her

classmates and neighbors.", "Nearby is a privately owned

swimming pool open, for a fee, to the public. The children swim there, and their mother assures me they have never had a moment of difficulty, although at first she was inclined to be a bit ap-

prehensive about their reception. She is eloquent in her protest-ations that nothing would ever persuade her to return to the restrictions of the Pacific Coast."

School Seeks Nisei

"More nisei commercial students are being solicited by the Lincoln School of Commerce at Lincoln, Neb.," announced Ray E. Rice of the School of Commerce in a letter to Ralph P. Merritt, project director.

Rice stated that the school's experience with eight nisei students last year was so good that they desire additional people.

Rice went on to say, "Lincoln is a very friendly town, and our nisei students who are attending the University of Nebraska, Nebraska Wesleyan University, and Union College are all very happy here."

WASHINGTON, Aug. 12—Special House Committee investigators who are probing the Federal Communications Commission have started a search for a ring of Japanese racial agitators and possible spies in the United States government city, reported the Los Angeles Examiner.

orted the Los Angeles Examiner.

"Racial agitation of a dangerous sort already has been proved and possible esplonage may be underway," declared John J. Sirica, chief counsel of the committee.

The investigation was touched off by the disclosure at a Committee hearing on July 25 that a Japanese American employee of the FCC had furnished copies of highly confidential Japanese war intelligence reports last March to his alien roommate. his alien roommate.

Akimatsu Nakamura is now acting in the managerial capacity at the local Food Canteen. As always, the needs of the customers are kept uppermost in mind when ordering! but because of limited transportation facilities, micel ordering; but because of limited transportation facilities, rationing, adverse market conditions, etc., the purchasing agents are not always able to satisfy everyone. There are times when we go to the canteen iphopes of getting a bit of some 'rare' item only to find it has been sold out. The first impulse is to get mad at someone but after considering it over we let the matter pass and hope for the next time. This procedure occurs often, but remember that everyone concerned with getting the merchandise in stock is doing his best, Please bear with them. Here is good news for sports-

Idolizers of the diamond, the golfer, basketball players; now is the chance you have been waiting for to get your equipment together. The Co-op Sporting Goods store recently moved to their new larger location at 16-14 and to introduce their complete line to the public, they will hold a three day sale next week. Be sure to visit the sporting goods store on the 17th, 18th, or 19th and take advantage of the reduced prices. If you have nothing to purchase at the present time just come in and get acquainted, look around and see what is available. You'll find the Co-op Flower shop next door and in the near future the dressmakers will be there also.

SPORTS

Sideline

Sammy Hasegawa, sports director of the Community Activities Division, stated this week that a plan is being made to get started a softball league.

NEED MORE TEAMS

Sammy says that there's only the Yogores, Motor Pool and the Cougar Babes signed up to date. He says that at least three more teams are needed to start a lea-gue. We've noticed quite a few teams playing each night and it seems that there should be three out of them to get in on some competition. Organized softball should be started to get some in-terest into the game,

terest into the game,

The sports page in Wednesdays edition was missing because the sports editor decided he wanted to get into some other kind of work on the project. It was tough on us when he decided that because there was no one to take his place. The only alternative was to leave the third and fourth page out of that issue and in the meantime get a hold of ourselves. The writer of this column is not the sports editor; this is just a pinch hitting job to have someone to take charge of this page by next edition.

JOB TOUGH

The job of covering the games has been one of the toughest. For one sports editor to get into seeing all of the games is almost impossible. But the best has and is being done. Since there are more games being played than we can ever get around to cover, we suggect that a recap of the game, be written by someone of the team. These reports can be turned in to the block managers office or be brought directly to the office here.

CORRECT NAMES

CORRECT NAMES

The most important item will be to get down the correct first be to get down the correct first and last names of the persons involved. No one likes to see his name mispelled in a news story. Highlight of the game can be put down in regular composition form. Gramatical errors will be corrected by the person in charge and a certain amount of editing will be done. According to the space given to sports, we will try to get in the recapitulations as much as possible. But that it wilf go into print, we cannot guarantee. The space is limited.

If this idea works out, it'll help out all concerned; space can be

out all concerned; space can be given to many of the other teams in-play fair enough?

Yogore-Motor Pool To Play Tie Sunday; Close Game Expected

The Yogore-Motor Pool game last Sunday eve at the 14-15 diamond was called off on account of darkness with the score knotted at 4 all in a close fought 10 inning fray. The tie is scheduled to be played off tomorrow night, according to Bob Matsumoto of the Motor Pool.

EARLY JUMP

EARLY JUMP
Taking advantage of four hits in the first inning, the Yogores took an early lead by shoving across three runs. Motor Pool trailed 3-0 until the third frame when "Kanaka" Nakaji of the motorized nine walked, later to be sent in to score on a triple by George "Dynamite" Noda. Noda scored on a single by Shig Nakamura, ending the inning with the score standing 3-2 in favor of the Yogores.

TIE SCORE TIE SCORE

Following innings went down in rapid order. Then the motor pool pushed in one run on two hits in the sixth to tie the score,

run to take the lead, 4-3.

LEAD CHANGES

However, the lead didn't last long as in the last half, Yogores Maxie Uragami led off with a triple into left, Mas Kusaba got life on an error and a fielder's choice on Teiji Ohara brought in Uragami around to score and tied up the game, 4-4.

Yogores Maxie Uragami and Mas Kusaba took top honors with 2 hits apiece. Harry Tashima led his mates with a 3 for 5 trips to the plate followed by Shig Nakamura and Jim Morita sharing 2 hits apiece.
