NEW LEADERS FOR FOUR BLOCKS OFFICIALLY ANNOUNCED

New block leaders as revealed by last minute election results are C. Nakano for block 30; K. Masunaka block 19; K. Ozawa

block 26; and Eizo Masuyama block 25. Alternates will be announced later as complete returns have not been compiled. It was announced that one tie for alternate block leader occurred and that a revote will be conducted.

Results from block 27 were not in at press time. Still working out details of their new duties, the block leaders declared today that all council meetings are open to the public.

NO WORK ORDER, NO PAY, NEW RULE

Anyone transferring from one job to another should obtain a release from his foreman and an approval by the department in which he is seeking work on Form 94.

Work order will only be issued on presentation of this slip at the Employment Office 1-2-1. Since possession of a work order is necessary in making claims, everyone is requested to have one at all times.

NET PROJECT MOVES FULL SPEED AHEAD

Three hundred and fourteen workers reported for work on the camouflage nets Monday morning, reported Henry Ishizuka, production supervisor, yesterday. One hundred workers more per day can yet be employed, according to Ishizuka. Women workers are in great demand.

TANKA AND HOKKU LOVERS TO MEET

First meeting of the issei men's literary group will be held Thursday at 12-15. This club was organized by leading poets in the Center with the assistance of the FREE PRESS.

WANTED: A BAKER

A skilled and experienced baker is now needed by the War Works Division, Warehouse 23.

WRA HEAD DRAFTED FORMER SOIL CONSERVATION OFFICIAL CHOSEN NEW HEAD

Milton S. Eisenhower, who has been directing the destinies of relocated Japanese as director of War Relocation Authority, has been drafted into the vital War Information Office as assistant to Elmer Davis.

DILLON MYER

Replacing Eisenhower as chief of WRA will be Dillon Myer, formerly Assistant Director of the Soil Conservation Service. In assuming office, Myer announced that there would be no immediate change in policy.

"U," "S," "P" STILL BASIS OF RATINGS

Wage scale for Manzanar will be based upon "U," "S," and "P" ratings as announced previously, the WRA Regional Office revealed today.

"Unskilled" workers will receive \$12, "skilled" \$16, and "professional" \$19 per month.

Classification will be made by the Personnel and Placement Office on instructions sent down from national headquarters.

Ratings of camouflage workers will be "unskilled" and "skilled" on the basis of a plan to be disclosed later.

LOCAL WRA OFFICIALS LEAVE TO INVESTIGATE

Vigilant of the interests of Manzanar's 129 volunteer best field workers, Project Director Roy Nash, left Saturday afternoon for Rupert, Idaho, accompanied by H. L. Best, Robert L. Brown, assistant in charge of project reports, and a Japanese leader.

After investigating the various reports emanating from the fields, they will see that all the terms of the contract signed by the employer's group and the WRA are strictly enforced.

WRA PAYS \$15,525 TO DATE

Last night's tabulation disclosed a sum of \$15,525 paid to date on the June advancement by the WRA. Distribution of script will continue till Friday, and those not paid are urged to collect before then, as no payment will be made again until the regular payday.

Working overtime were the Property Control, Personnel and Placement, and the Timekeepers depart-

ments. George Kelly, junior administrative assistant, declared that a system was used whereby two crew worked in the office while three were in the fields paying off workers on jobs. Among the hardest people to contact were shift workers on the kitchen and hospital divisions. Since records were not complete, a special payroll was made for the guayule rubber workers.

Editorial

Sometimes we wonder if our boys who left for the best fields of Idaho really knew what they were bargaining for. Many left here for the novelty of adventure. Any change was good for them, but we are afraid that many were victims of too much honesty.

The time has come for this community to form a labor council to act as a collective bargaining agent with employer groups and safeguard our volunteer workers. We do not want them to work below the normal scale of wages paid American laborers. We do not want to be stigmatized as scabs.

The fruit season in California and elsewhere will be harvested soon and if we should have to supply labor from this center, we need a labor council to look into all the necessary contractual details.

ANOTHER BAPTISMAL

Five months old Jeanine, daughter of Mr. and Mrs. Togo Tanaka was baptized during Holy Communion Services by Bishop C. S. Reiff on Sunday morning.

BEWARE

Manzanar's traffic laws will be based upon the Vehicle Code of the State of California, with the following exceptions and additions:

Pedestrians are given the right of way at all times.

Speed limit shall be 20 m.p.h.

No vehicles shall be driven between buildings except when performing some service, such as delivery or pickup of materials, and then at a speed not to exceed 10 m.p.h.

LAST NOTICE ON PROPERTY

Residents wishing to bring their property stored in private warehouses at government expense are requested to fill out form sheets at their nearest Information Office by 5 p.m. Wednesday, June 24.

EASY ON SUGAR, BOYS

Sugar rationing has gone into effect here in Manzanar along with the rest of the nation.

Manzanar residents are allotted 2½ lbs. a person per month, amounting to a little more than a half pound per week.

SPECIAL CLASSES

Special Sunday classes for children will be held every Saturday, 9:30 a.m., at 19-14 with Maryknoll sisters Susanna and Bernadette giving instructions.

KITE FLYERS BEWARE

As the exposed high tension wires carry 20,000 volts of electricity, parents are requested to permit children to fly kites only in wide firebreaks.

NEW TRAFFIC LAWS EFFECTIVE YESTERDAY

No vehicle shall be parked within 25 feet of any building or combustible structure or material unless an operator is at the wheel.

Vehicles must be driven upon the numbered and lettered streets and not through the middle of blocks except when performing a service.

Emergency vehicles as defined in the Vehicle Code are to be exempted from the above restrictions while performing duties assigned to them.

STORE'S STOCK DEPLETED

Coko funds were dealt a stunning blow this week as the canteen management announced that no colas, of any type, will be sold hereafter because of cola priority.

The sudden acceleration in sales, caused primarily by the issuance of script last week, greatly depleted the store's stock. Gross sales at the canteen exceeded \$2000 per day over the week-end.

CENTER'S FIRST CROP

Manzanar's first crop was harvested last weekend when 32 crates of radishes grown in field No. 1 were distributed to the local mess halls.

They were served as salads and pickles.

BAN ON C.O.D. SHIPMENT

According to a new ruling made by rail and truck lines, no shipment will be accepted for transportation to any individual unless all charges are prepaid.

NEW ARRIVALS DURING WEEKEND

Six new arrivals, including two mothers with babies born recently at the Los Angeles General Hospital, were registered by the Personnel office last week-end. They are Chisayo Seki and child, Lillian, Los Angeles; Tokiko Yuge and child, Nancy, Los Angeles; Yozo Maeda, Tujunga and Utaro Shicji, Fort Lincoln, North Dakota.

BABY BOY BORN

Mrs. Matsuno Ishimaru, 33-6-2, gave birth to a 6 lbs. baby boy at 6 o'clock Sunday morning. The baby's parents are former Santa Monica residents.

PRIVACY AND COMFORT PARTITION AND LINOLEUM CREWS WORKING AT TOP SPEED

Averaging 50 movements a day, the local population of 9611 was being rapidly spread out over the newly completed blocks to relieve overcrowded conditions. A crew of 20 car-

penters moved partitions to fit the room to the family, while the linoleum crews worked at top speed. An average of six persons to an apartment of 20'x25' was being maintained.

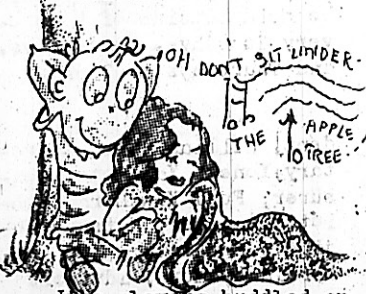

With the change in administration, Housing Coordinator George Kurata's duties were increased to include the distribution of all government non-expendible issues, distribution of expendible issues such as soaps and light globes, maintenance of barracks, oil crews, care of incoming personal freight, internal movements of residents, daily roll-call, and moving of partitions.

Because four blocks are reserved for the hospital patients and crew, movements for the non-hospital cases will be limited to the remaining blocks.

YOUNG PEOPLE'S UNION ORGANIZED

To promote and coordinate church activities in conjunction with the Manzanar Japanese Christian Council, young people met on Sunday night to organize the Manzanar Young People's Christian Union.

Twenty members were elected to the Union council. They are Kay Amatsutsu, Alyce Asaka, Rose Bannai, Akira Hara, Saeko Hohri, Sam Hohri, Henry Ishizuka, Miyo Kikuchi, Robert Koba, Kazuko Nagahama, Dick Narita, Nellie Seno, Grace Takahashi, Jack Takayanagi, Mary Takemura, Honey Toda, Hideo Watanabe, Teru Watanabe, Walt Watanabe and Grace Yamada.

Five lovers huddled on newspapers, blankets and what have you in the fire-break between 10 and 11 on Sunday night to hear the second in the series of "Evening Under the Stars" recorded concerts.

Popular music was the order of the day and the concert featured the music of Glenn Miller, Tommy Dorsey, Harry James, Vaughn Monroe and Claude Thornhill. Next Sunday's program will present operatic arias and vocal selections by famous singers. These concerts are presented through the recreation department, under the supervision of Henry Ushijima.

"FIREWORK'S" FOR FOURTH OF JULY

Fourth of July will be a gala occasion for residents of the center, with picnics, concerts, and other entertainment scheduled on the holiday weekend by the recreational department.

Committee chairmen elected recently are: Stewart Uchiyama, general chairman; Paul Uyemura, foods; Tommy Teraji and Kay Shimamoto, programs; Tak Muto, grounds; and Masaki Iohien, transportation for children and the older folks.

Ironing rooms, most of each laundry house, are expected to be ready for use about the first week of July. Twelve ironing boards and electric plugs will be set up in each of these rooms for residents not having these equipments.

GO TO NEAREST INFO FOR BULBS AND FUSES

Complaints on burnt-out bulbs and fuses should be referred to the nearest Information Office during the day and during the evening to 1-11-1 or 10-8-4 between the hours of 5:00 p.m. and 10:00 p.m. Burnt-out bulbs should be returned to the electrician when new ones are installed.

FOUNTAIN AND FLOWERS FOR NEW AD. BUILDING

A miniature garden, complete with a fountain, creek and flowers, is now being constructed in front of the new administration building. Under the supervision of R.E. Kado, designer, the crew is working for natural landscape effects.

NEW HOSPITAL READY FOR OCCUPATION SOON

The new hospital will be completed and ready for occupancy by the medical staff on June 25, it was stated by Frank Chuman, assistant to Arthur H. Miller, chief of Medical and Health section.

Hospital equipment, weighing 30,000 pounds, arrived two days ago and 15,000 pounds of drugs and medical supply are expected soon from the St. Louis Medical depot.

The present hospital personnel numbers 325. With the medical staff moving to new quarters a larger personnel is needed. Applications are now being accepted for orderlies, attendants, dietitians, sanitary inspectors, stenographers, telephone operator, laboratory technicians, janitors, messengers, window cleaners, maids, porters, clerks, statisticians, gardeners, and night watchmen.

From Other Centers

Idaho is all smiles with the arrival of California beet field workers. ...says the Rupert News: Certainly no Japanese, American or foreign born not loyal to this country, would volunteer to come here to go into the beet fields...about the hardest work one can find."...Intelligence of workers impressed the manager of the camp.

Koji Ariyoshi, one of the volunteers is quoted, "The majority of our men are farmers. Most of them owned their own places before evacuation. In this group are a number of university men...."

SANTA ANITA

"Jap" ingenuity at Santa Anita...."balls are made from loose gunny sack threads, by-products of camouflage net design.... workers wind them into balls during their rest periods and while standing in the mess line."

One of the best ghost stories arising from this center is the one unraveled by Police Capt. Eddie Peabody Day, who tells of an old eccentric man, who used to live in Manzanar.

Day explains that this fellow was a mystic sort, told fortunes, and read palms. His tombstone can not be located, but it is supposed to be by the guayule lathouse. It is claimed that if a person taps on the tombstone 3 times at mid-night and says "Hoy, Johnson, what do you know now?", he is supposed to reply in a deep and sepulchral voice, "Absolutely nothing."

TULARE ASSEMBLY CENTER

Mess Hall H received 10 bricks of ice cream for being the winner in service, cleanliness and quality of food contest held for the center's 10 kitchens.

STOCKTON

The Elite Shop-Repair Shop of Stockton Assembly Center is doing humming business...has repaired 85 pairs for mess workers. Centerites have bought \$750 worth of War Bonds, and \$10 of War Savings Stamps....

HOSTESS CLUB FOR VISITORS AND ARRIVALS

Serving as Manzanar hostesses to newcomers and visitors will be the newly formed Athenian Club, affiliated with the local "Y".

First meeting was held last Wednesday at 15-15 with the following elected: Maruko Kato, president; Alice Yamamoto, vice-pres

FIRE FIGHTERS HAVE HOT TIME

There was a hot time in ole kitchen 21 Saturday night when 250 couples gathered for the Firemen's "Hard Times Ball." The Manzanar Hot Shots and Mac's orchestra entertained the crowd during intermission.

AMONG THOSE PRESENT: Fire Chief Ralph Fiel giving the guests a warm welcome....Hats off to George Sekiguchi, general chairman of the affair...Fire-

Sizzling hot days may be ahead, but the recreation department is speeding plans for the construction of dams for a swimming hole in the creek south of the center. Assisted by Tak Muto, Chief engineer Hervey Brown is giving technical assistance on the project.

A large rock masonry will be constructed to hold flowing water six foot deep while a smaller one will make a 3-foot pool for wading. Twenty five issei workers are needed and applications may be made at 7-2-2.

Work will be completed within a few weeks if volunteers pitch in with the regular workers.

LEAGUE LEADERS GO DOWN FOR FIRST LOSS

After winning 9 straight victories, the Aloha Ramblers crumbled in defeat to the San Pedro Gophers in a hot Sunday afternoon American league riot. The win put the Gophers in 2nd place with 7 wins and 2 losses.

The Gophers wore hot as the afternoon sun during the early part of the game, running up a 7-2 lead in the 5th.

Came the 6th and 4 Ramblers crossed the plate when Rambler chucker Mekashima singled, Arita, Nomura and Enseki walked, and after Kanomura, Mikuriya, and Higa drew life on errors, the Ramblers found themselves trailing 7-6. The Alohas failed to score in the final inning.

LITTLE OKAMOTO STEALS SHOW

Before one of the largest crowds ever to witness a weightlifting contest, 115 lb. Steve Okamoto stole the show with his nice 480. The event was held on the stage in back of 8-15 last Sunday at 6:30 p.m.

"Little giant" Steve Okamoto pressed 150, snatched 145, and 185 in the clean and jerk. Sammie Yamauchi of 168 lb. outlifted the heavy-weight division with a total weight of 575.

Results are the following:
115 Class-Steve Okamoto, 480; Tak Goto, 405; Yoro Shishido 400. 120 Class-Gary Okamoto, 445; Henry Osumi, 420; Ted Morioka, 375. 132 Class-Geo. Sakai, 485; Tommie Ajisaka, 470; Geo. MITSUBI HALTS YOGIES

HINO BLASTED OFF MOUND IN 3RD

It was San Pedro Yogores all the way until the fatal 7th inning, when recuperating Sats Mitsui saved the day for the Aces with his sweet double to drive in the tying and winning run to win his own ball game. The score ended with Aces winning their 8th straight game before a terrific turnout. It was the first game to have the P.A. system.

Usually reliable Hiro Hino was revenged after he whiffed 4 successive Yogies; when the barefooted boys in turn blasted him off the mound in the 3rd with a 7 run scalping to hold a comfortable lead.

Lefty Sugawara shared top honors with his beautiful placement to left for the only homer of the game.

戦時工作に

望まじいとの

米国の戦時工作に全住民が貢献出来得るものとマンザナは意気込んでゐたのに、擬装網製と産開始以来、これは一頓挫を來すに至つた。

ゼネバ会議の條項に従つて、敵国外人は軍需産業に雇用されぬことになつてゐる。

併して二世のみが徴集され、一世は自ら先んじて努力する資格のない事が解つて落膽してゐる。

一世同胞は何十年と米國に住みながら、帰化権を與えられなかつた。

而し一世の多くは形式に於いてこそ外人であれ、長い過去の足跡は、彼等が米國生れの市民よりも立派な住民であることを立証してゐる。

今日まで彼等は疑ひの餘地のない忠誠を米國に示し、人間生活は民主主義的であるべきと心から信じて來たのである。

我々は、法律上の見地に拘泥するのではなく、任み割れた故國に忠誠なる外人を雇用するのは、何れゼネバ会議の精神に違反するものでないと思ふのである。

伸縮自在の履置こそ、このセンタ一の士氣高揚にあづかり、攪乱的影響、陰口宣傳を沈静する良薬になると思はれるのである。
