Hollywood American Legion Post Act Stirrs Intra-Legion Battle At Confab

HOLLYWOOD, January 27—Action of Hollywood Post No. 591 in inviting an American Japanese war veteran to its post and then publicizing the incident touched-off an intra-legion battle, the Los Angeles Times revealed this week.

The controversy began when District Commander P. A. (Dick) Horton criticized the Hollywood post and said that the post had acted in "bad faith."

Horton declared that the Hollywood Post, in publicizing their action without official permission and condemning the Hood River post which had removed

He added that three prominent farmers of the FSA County Committee will be on the hearing boards to determine whether a person is eligible or not.

Rural rehabilitation or operating loans are available to citizens who qualify as low-income farm families (including owner-operators, tenants, share-croppers and farm laborers with sufficient family manpower for farm and home operations except possibly at peak season) if certain other requirements can be met.

Requirements include: The necessity of full-time farm operations, effectively utilizing family manpower or part-time operations which may be supplemented by off-farm employment that will not interfere with successful operations in order to maintain full employment and a satisfactory level of living; a willingness to assume the necessary responsibilities in order to make an effective contribution to the nation's war effort; a family background of rural experience and managerial ability; that the borrower be unable to obtain adequate farm and home financing at reasonable rates and terms from sources other than the FSA; that there be a reasonable possibility of repaying the loan and that the family's level of health and living can be maintained or improved.

Various Loans Heads of families eligible as standard borrowers can get loans for livestock, farm equipment, minor repairs and improvements for farm and/or home, participation in group health, hospital and/or dental services, for emergency health services and for correction of physical conditions when the approved farm and home plan indicates that such expenditures are necessary to successfully conduct the family's war production program and rehabilitation of the farm family.

However, purchase loans, that run for 40 years at three per cent interest, are available to veterans of the present war, farm tenants, renters and laborers who are citizens. FSA reports that due to the limited funds on hand for this purpose and the large numbers of applications already on hand, it is unlikely that more than 12 farm ownership loans can be made in California this year.

Sono Osato Among Guests At Allied Relief Ball in East

NEW YORK—Some 350 persons attended an Allied Relief Ball sponsored by the Japanese New York War Fund at the Hotel McAlpin, one of New York's leading mid-town hotels.

Among the guests were Sono Osato, famous dancer, who is York's new musical show, "On The Town", some 50 Nisei soldiers and approximately 100 Caucasians.

Music for dancing at the ball was provided by Al Bennett and his recording orchestra, which broadcasts over radio station WOR. The program also included entertainment by 15 Hawaiian hula dancers and a native orchestra; singing by Ruby Yoshino, who was accompanied by Aiko Tashiro; and the showing of newsreel movies of Nisei soldiers in action in Europe and of "Go For Broke", the film depicting the training of the 442nd Combat Team at Camp Shelby, Miss.

Several persons whose tickets held lucky numbers won paintings donated by five Japanese artists: Yasuo Kuniyoshi, Makoto Hara, Sakari Suzuki, Eitaro Ishigaki and Chuzo Tanotau.

Dr. Kanzo Oguri, Brooklyn physician, is chairman of the Japanese American Committee of the New York War Fund. Ko-shu T. Itogawa is the committee's campaign manager and treasurer, was in charge of the arrangements for the ball.

HUTCHISON ASKS AID OF RESIDENTS IN INFANTILE PARALYSIS CAMPAIGN

Under the direction of Mrs. Avis Hutchison the March of Dimes campaign to raise funds to assist victims of infantile paralysis was underway at Manzanar yesterday when the Block Manager's Assembly enthusiastically agreed to lend their support to the drive.

Scott Defends Nisei By Resigning Post

LOS ANGELES—Protesting over the attitude of the league toward Americans of Japanese ancestry, Joseph Scott, influential Catholic layman and Republican leader, has resigned from the board of directors of the Americanism Educational League, of which John R. Lechner is executive director, the Pacific Citizen disclosed.

Scott, who has been in the news recently as attorney for Joan Barry in the Chaplain paternity case, is reported to have written Lechner notifying the latter of his resignation.

He is the second prominent Catholic to resign from the Americanism Educational League.

Scott praised the Nisei Combat Team record and added that while he was on the board of Education of Los Angeles and in the Juvenile Court for ten years he was never faced with a problem involving Japanese American youths.

Agencies To Permit Japanese Fishermen To Operate Vessels

In explaining that Federal agencies are prepared to protect the rights of those evacuated after Pearl Harbor, Dillon S. Myer, director, of the WRA, said January 12, that fishermen of Japanese ancestry returning to the Pacific Coast from Relocation Centers will get their vessels back and will be permitted to resume operations under prevailing regulations.

Feature Nisei In Boston Sunday Post

Restoration of rights and freedom to Nisei resettlers by New Englanders was revealed recently in a story authored by Eleanor Roberts and carried in the Boston Sunday Post.

Masaru "Chick" Uno, his wife and their two daughters are used as a typical Nisei family. They are from the Minidoka Relocation center.

The article declared, "When the Unos first landed in Boston, they didn't have a stick of furniture with which to furnish the big barren nine-room, half of a duplex house, they were fortunate enough to find. Today, the table in the parlor is the gift of a friend from the West End, whom Chick met when he was leading boys' club work in

Police Protect Nisei

NEW CASTLE, Calif.—Placer county sheriff's office this week kept continuous vigil protection on Sumio Doi and his fruit ranch by placing highway patrol road blocks and armed patrols after attempts by unidentified persons to destroy the 26-year-old Nisei's packing shed with fire and dynamite, the Los Angeles Daily News reported.

Termed "atrocious" by Governor Earl Warren, the incidents were under investigation by the state's attorney general's office.

In one attack on Doi's property the packing shed was sprayed with gasoline and fired.

"Some time after Doi and his father succeeded in putting out the flames, a group of persons were frightened away from an attempt to dynamite the shed by the approach of a sheriff's patrol car," the News stated.

Campaign headquarters here have ordered sufficient boxes to place one in each mess hall and at the hospital, children's village and other strategic places thru the post.

While there will be no individual solicitation of evacuees it is anticipated that again this year they will contribute generously in putting Manzanar over the top.

Last year Manzanar enjoyed the distinction of making the best showing of any community in Southern Inyo.

The county has two nurses trained at Stanford University in the Kenny method, who would be available if an epidemic should make its appearance at the center.

Caucasian members of the staff will be contacted at their residence and asked to make donations for this worthy cause.

Funds collected go to the National Foundation for Infantile Paralysis and are distributed by its headquarters to hospitals throughout the country. In these institutions victims of poliomyelitis receive treatment under specialists in combating its effects; and many are alive today as a result of the "iron lung" provided by the foundation.

Plan Inter-Exchange

WASHINGTON—After more than a year of delay, Japan has indicated her willingness to negotiate with the United States for a third exchange of Japanese. The San Francisco Chronicle quoted the State Department as saying:

The article stated that Japan is especially interested in repatriation of Japanese held at Tule Lake Segregation center. The communication from Japan, made public by the State Department declared:

"Japanese government are carefully considering further exchange of nationals between Japan and the United States and expect to be able to carry it out during 1945. In view of the special nature of Tule Lake Segregation Center, Japanese government are prepared to give special consideration to repatriation of Japanese subjects detained there through exchange."

"The department said that it is prepared to ensure the speedy execution of any exchange to which the Japanese government's agreement can be obtained."

the West End Settlement House. A family in Roslindale who knew they were in need of a kitchen set, brought down their old one from the attic, repainted it and presented it to them. The big bed came from the father of one of Chick's charges at the Settlement House and the wicker chair and dresser were the goodwill offering of a minister in Dedham."

Miss Roberts quotes Chick as saying, "They are not new but they give me a warm feeling everytime I see them for I know I have friends who trust me."

Chick who is 38 like many other Nisei volunteered for service in the army but was placed in class IIIA. His brother, Paul, is now at the Officers' Candidate School in Camp Barkeley, Tex.

Chick, because of his excellent background in athletics, was a top-notch boxer while at Washington State College, was made athletic director at the Minidoka Center.

His first real job came when he received an offer from the American Baptist Home Mission which asked him to lead the boys' club work in the West End Settlement House.

Miss Roberts declared, "The Unos are starting again, according to good old Yankee tradition free and with the helping hand of New England neighbors."

A California Driver

(Following editorial which helped the California Bruin to win the All-American rating from the Associated Collegiate Press for the spring semester last year, was authored by its Editor Gloria Farquar and was reprinted last week with the statement, "to us, its message is more timely than ever".—Editor.)

An auto sticker pasted conspicuously on the Chrysler next to our bus proclaimed the ugly legend of man's inhumanity to man, breaking the calm of a March afternoon with a dirty story on a piece of paper. A tale of ignorance, unthinking hate, the brand of the tinsel patriot. It read, "Let's keep the Japs out of California."

Yet even as we started, with admittedly some amount of scorn at the placid and unbrutish face of the driver, we couldn't help remembering that in some burning corner of Italy a "Jap" in American khaki, hundreds of "Japs" in fact, were defending that driver's right to think and speak as he felt, to broadcast, if he saw fit, his hatreds to Wilshire Boulevard.

It was one of those shining California days, but all the luster and glow seemed to leave the afternoon under the sullen impact of that little sign. No kind of a day to brood and grow bitter over America's failure on the moral front. No kind of a day to wonder if humanity had lost its old faculty for common sympathy, the ability to "put one's self in the other fellow's shoes."

Only, looking at that driver, we began to speculate on what sort of reaction he might feel to the story of one of the "Japs" whose deportation he so savagely advocated. We also wondered whether, had he been Sergeant Ben Kuroki, say, of the Army Air Force, instead of Joe Doakes, American and Chrysler driver, he could have told the same story of heroism and fighting loyalty that Ben had to tell. And whether he could have stood up under a constant barrage of suspicion and persecution from Pear Harbor, onward and still live to prove his Americanism with the Distinguished Flying Cross.

Sergeant Kuroki has done just that. So did the young Japanese you saw in Life very recently, the Nisei soldier whose bandaged eyes had been blinded by Nazi shellfire.

What would this man comment if he could hear Kuroki repeat what he told the Berkeley Commonwealth Club not so long ago? "I think it must have been Fate which carried me through 30 bombing missions safely so that I could come back to the United States and help fight the battle against race prejudice."

Would he be brutally derisive or would his passions hesitate so that he could listen further?

It was only the second day after Pearl Harbor that Ben and his kid brother presented themselves at the local induction station in a Nebraska town, both of them were eager for duty. But it was a month before they were accepted and Ben says, "For the first time in our lives we found out what prejudice really was. I began to realize right then that I had a couple of strikes on me to begin with and that I was going to be fighting two battles instead of one—against intolerance among my fellow Americans."

Fight he did, though, in an outfit over in England, the "Flying Circus," where he finally won an assignment as a turret gunner. Ben proved he could handle that gun like no other competitor and soon enough his skill landed him the distinction of top turret gunner, an event his buddies celebrated by painting on the top turret, "Top Turret Gunner Honorable Son Sgt. Ben Kuroki."

A far cry from the bitter inscription on the windshield of a Chrysler motor car.

Fifteen months of combat duty saw Ben before his

Former Resident Receive High Honors

Honey M. Toda, former Manzanar resident, was among the students receiving first honors at the University of Maryland, in College Park, Maryland, according to an article appearing in a Boston paper.

The article clipped from the paper was sent to former Project Attorney J. Benson Saks, now with the UNRRA in Cairo, by his mother in Boston, who in turn sent it to Project Director Ralph P. Merritt.

While in Manzanar, Honey Toda was a secretary of Superintendent of Schools Dr. Genevieve Carter.

Miss Toda has a degree in sociology and is now working to get her master's degree.

The former Manzanar resident was one of the three highest at the University of Maryland and is now working as a secretary to the president of the school.

Dr. Carter disclosed that she has also received a letter from Honey Toda on the matter.

Protest Attempt Licence Restoration To Nisei Fishermen

SACRAMENTO—Reported attempts of WRA Director Dillon S. Myer to restore commercial fishing licenses to Japanese operating out of California ports, were protested recently by Senator Hugh P. Donnelly of Turlock, according to the L. A. Daily News.

Unsuccessful attempts were made in the legislature over a period of many years to revoke the fishing licenses of the Japanese on the grounds that the fishing vessels "were camouflaged auxiliaries of Hirohito's navy."

Oversea Nisei Informed of News

Nisei soldiers on the far-flung battlefronts are being informed of the progress on the home front, of Japanese Americans and their alien parents, by Marjorie Noble, executive secretary of the Friends of the American Way.

Addressed to "Dear Nisei Soldier," the letters tell the names of Japanese who return to the West Coast and what they are doing.

Dear Sir:
Greetings. I want to thank you for the hospitality and kindness tendered to me during my brief stay at your center. Through good fortune, I have ended my tour and am now at Santa Barbara, taking things easy for a while.

As the end of the year draws to a close and everybody bustles around in the holiday spirit, it brings to my mind the spirit of the boys at the front. I recall my last . . . New Years at the battlements. I know that even if I have to deny myself certain things, I must not forget the soldiers at the front. May I ask that you also do not forget the boys?

Even though it is a mere greeting card, if one and everyone of you would send a card to the boys, I know that the boys at the front would certainly be glad to receive them. It might be that many of the soldiers might not write to you, but you must forgive them, for in many cases, it is due to lack of paper and time.

We, on the home front, have a deep obligation to these young people who are sacrificing so much for all of us. How can we bring cheer and happiness to the boys at the battlefront? That is by writing to them often. Even though there might not be many interesting things to write, yet just the things that we consider as everyday and common, the boys would be overjoyed to read about. As long as they know that their friends haven't forgotten them, that will have a great bearing on the outcome of this war. From morning to night, they are constantly thinking of their friends and loved ones. As they carry their rifles on their shoulders on a forced march, their task is made easier if they know that with the coming of the holiday, their friends have not forgotten them.

Last year this time, we were sleeping on snow covered mountains, with just a few hours of sleep and on rations. The booming of the cannons were our companions. But always we on the fronts were thinking of the friends and relatives on the home front.

Although it is only a trifle (sum) enclosed is money order for \$5, which I hope you will be able to use to send some sort of remembrances to the boys from your center.

Ever praying for an early end of this war, I remain,
Yours very sincerely,
Pfc. Thomas Higa.

Rules for mailing these packages are as follows:

He also added that survivors of persons who were working in covered employment may be eligible to "lump-sum" or monthly benefits, and that wives or widows of insured workers may be entitled to monthly benefits when they themselves reach the age of 65.

"All such persons should make inquiry about their rights and possible benefits so that they may not lose payments merely because the Social Security Board has never received inquiry about them," Johnson stated.

Your attention is drawn to item Number 5 which is inaccurate due to an inadequate translation of a story released by the Relocation Office.

Their error will be corrected in the Japanese Section of the Free Press of February 3rd when the following story will appear:

"The story appearing in the Japanese Section of the Manzanar Free Press of January 27th, stating that persons returning to the West Coast must do so without assistance from WRA, was not fully correct." The story should have read:

"Persons returning to the West Coast will be eligible for relocation and assistance grants on the same basis as persons going to another part of the country. The WRA attempts to arrange permanent housing and employment through other government agencies, but does not itself find employment or housing for very many persons."

The Manzanar Relocation office disclosed, however, that quite a number of employers are writing directly to Manzanar for help. These letters are on display at the Relocation office.

米國日本捕虜への郵送規定

米國國際赤十字社の訓令真ワイヤ氏は米國內の日本兵捕虜の郵送小包規定を最近發表した。一、各小包が封紙超えざれば送料は不要。但し各小包には捕虜宛時郵便物と明記する事。尚小包の数は制限なし。

二、郵税を併せても各小包は七十封度を超過すべからず。三、捕虜宛の手紙は郵便切手を要せず但し捕虜彼等も亦書後交達或は愛する者へ手紙を依頼し、送りませぬ。昨年の今日頃迄等は雪中中に宛先を聞きながら寝ました。然し斯様な時も決して親類や友達の手紙は片時も忘れるでせうか?

此れは唯毎日の出来事を手紙に書いて通信してやる事です。全兵士は彼等が交達より忘れられてゐない事を感ずる事が一番幸福であり
