'LOYAL NISEI SMART' SAYS WRITER SHIPPY

Most of the loyal Nisei are smarter than persons who advocate their return to the west coast and they do not wish to take the risk of arousing antagonism which might make their situation much worse by returning, columnist Lee Shippey declared in quoting Police Commissioner Alfred Cohn in his column, "Loc-side".

"It is probable that most of those who will return will be the families of men now in the armed forces who cannot make a living elsewhere," Shippey said.
