Dr. Moreno was here last on December 4 and on October 18 of last year.

REFUSAL JUSTIFIED?

(Following excerpts were taken from an editorial which appeared recently in the Chicago Sun and concerns the resignation of Dr. Selig A. Shovin over the refusal of the Jackson Park Hospital in admitting a Nisei patient.—Editor).

"The Jackson Park Hospital, says Superintendent L. W. Wilson, is privately operated and therefore has 'absolute power' over the admission or rejection of patients. The public may feel greater admiration for the attitude of the physician, Dr. Selig A. Shovin, who resigned from the staff when the hospital declined to admit a young woman of Japanese ancestry to its wards.

"Toyoko Murayama, the 19-year-old victim, was born in this country. She has given blood for American soldiers. She has two relatives in the American armed forces. She was taken to the hospital for surgical treatment which, while not demanded as an emergency, Dr. Shovin considered necessary. She was in the hospital for several hours until Mr. Hilton (hospital superintendent) ordered her departure because other ward patients might object to such close contact with a Japanese."

"Miss Murayama is not a Japanese. She is an American. Is her rejection on grounds of ancestry, justifiable because the hospital is 'privately operated?'"

MANZANAR GIRL RECEIVES DIPLOMA FOR DICTIONARIES

Yuriko Murayama, daughter of Mr. and Mrs. Seizoku Murayama of 12-6-1, received her diploma this week from St. Luke's Hospital in New York City, where she has been enrolled in the hospital's course for dictation, a press release from the St. Luke's Hospital revealed.

The course, which is for graduates in home economics, has included one year of practical experience and lectures in hospital dictation, qualifying Miss Murayama for certification by the American Dictation Association as a hospital dictationist.

Presentation of the diploma and hospital pin was made by Dr. Claude W. Munger, director of St. Luke's Hospital.

OFFER JOB, EMPLOYMENT

Mesa Fruit Company at Mesa, Ida., a company previously employing a number of Manzanar people, now offers permanent employment and housing for from 50 to 60 Manzanar people and their families, according to Ted Yugo of the Relocation Office.

Yugo recalls that a year ago, a great many Manzanar people were interested in employment with the Mesa Fruit Company and were disappointed when arrangements could not be made for this employment on seasonal leave.

Fairly steady year around employment for men and harvest time employment for women and children are offered.

She has accepted a position at Hartford, Conn. Hospital.
