

RESETTLERS REQUESTED TO APPLY FOR LEAVES TEN DAYS IN ADVANCE

Due to increased demands made on the travel division of the Relocation office and on the welfare and finance divisions, it will henceforth be necessary for the Relocation office to increase the period of time required to process applications for relocation, Relocation Program Officer Walter A. Heath reports.

Heath stated that specifically, the Relocation Office is requiring people applying for terminal departures to notify the Relocation Office of their terminal departures at least ten days in advance of the date they plan to leave.

Persons wishing to make transportation arrangements should note that hereafter reservations on special buses will be taken in order of application.

When 30 people have signed up to leave on one bus no waiting list will be kept for other people who would like to have gone on that bus. This means that the earlier people apply, the better their chances will be on obtaining reservations on the day they wish to leave.

Cancellations for bus trips will be extremely difficult to make because of the difficulty in obtaining later reservations. All people are, therefore, requested to be sure that they have made a final decision both as to the date of their departure and the method of departure when they come to the relocation office.

Heath stated that this change of policy is due to the fact that a increased number of residents are now signing up for relocation and that this is taking up the time of the relocation staff.

As time goes on and more residents relocate, the services which the Relocation office will be able to render to the residents will be limited both inside and outside of the center.

War Department Seeks Information Of Nisei Veterans

The War Department has requested the aid of the Nisei in locating as "quickly as possible" the names and present stations of as many Nisei veterans as possible. M. M. Tozier, Chief Information Service declared in a telegram from Washington, D. C.

From these names, ten or 12 soldiers will be selected for a 90 day tour of the United States with a small army show team, consisting of five officers and enlisted men, including the Nisei veteran.

The purpose of the tour will be to explain to small opinion making groups, such as the press associations, "the size of the military job ahead in the Pacific War."

The Nisei veteran does not have to be a trained speaker as members of the teams will be given a thorough indoctrination course in Washington, D. C. before starting the tour. He will occupy no more than five to ten minutes of a two-hour program, talking on "The Job of the Foot Soldier in Meeting the Japanese Soldier in Combat."

The more decorations worn by the Nisei veterans chosen for these missions, the better, but names of all returned veterans who are now visiting the centers or whose present locations are known by center residents, should be submitted to the Free Press immediately.

Veterans must be still on active duty in this country and in submitting names, the following information should be included: name, rank, branch of service, army serial number, exact and complete military address, name of present commanding officer and brief outline of overseas service performed.

Veterans selected will be called to Washington, D. C. reporting on or about June 23.

Julie Tanaka, daughter of Mrs. Tsugino Tanaka, 12-2-1, who relocated to Des Moines, Iowa recently, has entered the WACS in Iowa, according to a statement by her younger sister, Mary Margaret, Father Leo Steinbach of the Manzanar Catholic church reports.

Julie is the second member of the Tanaka family to offer her services to the United States. A brother, Hisao Martin, is now serving in the merchant marine.

Prior to the evacuation, the Tanaka family resided at 1621 West 37th street in Los Angeles.

CENTER NISEI AID LABOR SHORTAGE

Due to a shortage of help in the Manzanar, Calif., Relocation Center, a limited number of Americans of Japanese ancestry, such as the chief of police of the center, will be used in running errands to Lone Pine and Independence, Project Director R. P. Merritt announced, according to the Inyo Independent.

Mr. Merritt stated that "technically, these people are just as free as any other citizens to go anywhere in the United States. They have been fully cleared by the army to leave the center to transact normal business for the center."

The Independent said that these American citizens who own their own motor vehicles are finding it necessary to go to Independence to bring their driver's licenses up to date.

The Independent concludes the article by declaring, "These citizens are cooperating to relieve the help shortage at Manzanar. Cooperation of Inyo residents in treating them in normal manner is in line with recommendations of Governor Earl Warren and the policies of the U. S. Army."

WRA Installs New Eastern Office

The Middle Atlantic and the New England areas were merged into a single area on June 1, 1945, in order to give better services to the east bound evacuees, announced Relocation Division Chief Rex Lee. This area will be known as the East Coast area.

The relocation supervisor of the enlarged area was formerly Assistant Head Robert Dollin of the Center Liaison Section, said Lee who is currently in charge of the New England area. Roger F. Clapp will remain as head of the city's district office in Boston.

OFFICE CLOSES

Rochester, N. Y. office closed on June 1, the relocation chief announced. The Rochester district was divided between the Great Lakes area and the East Coast area.

Rochester Relocation Officer Claude Cornwall was transferred to Omaha, Neb.

Weaver Due Here From Bakersfield

John E. Weaver, officer in charge of the Immigration and Naturalization Service, Bakersfield office, will be in Manzanar on or about June 12 to interview people who have made applications for duplicate Alien Registration Receipt Cards and for duplicate Certificates of Identification, Project Attorney Alan G. Campbell stated.

The Certificates of Identification are the registration books or pink books. Every alien must have both a receipt card and an identification certificate. Aliens in Manzanar who do not have both of these papers should contact the Legal Aid Office, Building 1-2-2 to fill out applications for them.

Applications will be submitted to Weaver when he comes and no one should mail his application between now and the date of Weaver's visit on June 12.

All those who have already mailed applications are asked to leave their names and addresses at the project attorney's office.

Approximate Total Of Relocates Told

"How many will relocate in June?" is the question most frequently heard around the Relocation Office.

There were 81 relocates in January, 95 in February, 151 in March, 308 in April, 400 in May.

On the last day of May, 237 persons had already scheduled travel for departure on terminal leave in the month of June, a record breaking figure for advance schedule of travel.

Guesses at the Relocation office as to how many will go in June range from 500 to 650 persons.

Illegal To Discharge Firearms At People

The assembly recently passed a bill making it a felony to discharge a firearm at a human being while hunting, the Inyo Independent states. Maximum penalty for violation of this is ten years in prison and a fine of \$5,000.

The article continues: "The bill is aimed at so-called 'accidental' death and injury caused by hunters and provides that the target shall be in plain view and that no human being shall be in the path of the bullet before a gun is discharged."

TEN MORE ERC MEMBERS CALLED TO ACTIVE DUTY BY FORT DOUGLAS

With ten Manzanar boys called to active duty, Wednesday, from their Enlisted Reserve Corps status, eight more boys were served notices to report for active duty on Friday June 15, Thelma Kellsvig, registrar Selective Service for Manzanar, disclosed.

Tsuchiya To Aid At Relocation Office

Continuing to employ interviewers with outside experience, the Relocation Division last week added Kiyotsugu Tsuchiya to its growing staff.

Tsuchiya is well known to center residents as the past director of the Visual Education Museum at 8-15. His experiences on the outside includes approximately four months in Chicago and another six months at Seabrook Farms on varied indefinite leave. He will remain at Manzanar only until he finds suitable employment.

Chicago, the city of foreigners said Tsuchiya, "offers far greater and more varied opportunities than California ever did. In general, this is true of the whole east."

"Seabrook has gone much more than halfway in working things out for the evacuees. It is a fine place for persons who desire to do manual work, and many have received promotions."

Speaking of the attitude of people in centers, Tsuchiya expressed his own convictions in these words: "Fear of the outside is the first thing that disappears from the mind once we go outside. Fear is a thing that has been a result of three years' away from the world. There is no reason for fear."

Arai, Former Co-op Manager, Relocates

Kakunosuke Arai, manager of the Manzanar Cooperative Enterprises resigned his present position and resettled this week to Los Angeles, the Manzanar Co-op office announced. Arai's plans in Los Angeles are still undecided.

The former manager of the co-op is being replaced by Joe Kishi, former executive secretary of the Manzanar Community Activities Cooperative Association.

Arai came to Manzanar on October 19, 1942 and worked at the CACA office until he accepted the manager's job at the co-op.

Prior to coming to Manzanar, Arai worked as a cashier and manager of Asia Company in Los Angeles.

Joe Kishi operated a nursery prior to coming to Los Angeles.

Yonemitsu Resigns At Block Office 34

Robert Munemori of 34-5-5 was elected this week to replace Block 34 manager Francis Koji Yonemitsu who resigned his position in order to have more free time for making plans on relocation.

The former block manager is still undecided, however, as to when or where he plans to visit or relocate.

Called for the fifteenth are Pvt. Richard S. Nishimura, 4-2-1; Pvt. Yoshio Namba, 21-11-4; Pvt. Seiichi G. Noda, 5-12-3; Pvt. Masashi A. Seno, 30-11-2; Pvt. Tomoji Mori, 13-13-3; Pvt. Hidetoshi Yokozaki, 6-13-1; Pvt. Masayuki Okumuro, 12-6-1; and Pvt. Seiichi Torii, 19-9-4.

Four of these are visitors; the four being Privts. Namba, Yokozaki, Okumuro and Torii. This group will leave at 5:45 p.m. on the Reno bound bus on June 15.

The ten boys who were called to active duty on June 6 were Pvt. Takeo L. Otake, 5-6-3; Pvt. James N. Sakamoto, 22-2-3; Pvt. Kiyoshi Suzuki, 28-4-4; Pvt. Hiroshi Yasuda, 5-9-1; Pvt. George Ige, 23-13-2; Pvt. Jimmy Adachi, 19-3-3; Pvt. George Fukayama, 19-7-5; Pvt. Yoshio Kakehashi, 23-9-4; Pvt. Masakatsu Hori, 17-11-3; and Pvt. Hideo Matsumoto, 18-6-1.

The boys left on the Reno bus at 5:45 p.m.

HOUSING DENIES FURTHER CHANGES IN RESIDENCE

"No further changes in residence or applications for such changes will be allowed and requests for larger quarters or more convenient and better housing accommodations will of necessity be denied," declared Project Director Ralph P. Merritt in a memorandum to the block managers.

"We all regret that it is necessary to take any action which will inconvenience or limit the actions of residents of this center; however, the administration has the responsibility of liquidating the center within the next few months and protecting the interests of the people—both at the same time," he said.

The second instruction is that "new assignments of living quarters will be made in the case of newly married couples or where conditions of health, within the family, make it imperative." In the block managers' opinion, there are exceptional cases involving unusual circumstances requiring consideration, all such cases should be referred by the evacuees in writing to Mrs. Margaret M. D'ille of the Welfare Section. In such cases, a decision will be promptly made and given.

CABINET MAKING COURSE OFFERED

Beginning Monday, June 11, a four-week course in cabinet making will be offered by the Adult Education Department. Acting Director of Adult Education Kazuko Suzuki announced.

The morning class will meet from 8 to 12 every day and the evening class will meet from 7 to 9 on Mondays, Wednesdays, and Fridays at 7-14. Registrations will be taken in the classes.

Unemployment Problem

"Four million eight hundred thousand soldiers and workers will be freed from war activities within the next six months," says J. A. Krug, United States War Production Board chief.

"Only 1,300,000 of these will not be successful in finding employment again right away," Krug goes on to say. It must be recognized that this in America is no serious unemployment situation.

On the other hand, it must be recognized that for an unemployed minority group against whom a certain amount of prejudice can be expected to continue, a serious situation is developing. Employed people in staple non-war businesses or industry have little chance of losing their jobs if they are average or above average workers regardless of their race.

The same persons, if unemployed, would have a hard time finding work ahead of discharged soldiers and war workers who are entitled to and who will get first preference.

The question which faces persons of Japanese ancestry is not whether they can get out of centers by January 1, 1946, but whether they can get out and become established ahead of returning soldiers and war workers. War industry cut backs have only begun, and already unemployment is beginning to develop in Detroit.

Making the problem more difficult is the question of how long the Japanese war will continue. Subjected to daily bombings that are laying waste to cities, it is impossible to judge how long Japan will choose to continue the war.

Perhaps there was once reason for persons of Japanese ancestry to fear recognition on the outside. The only reasonable fear now is that they will not get out soon enough to find employment.—W.A.H.

GARDENA'S HONORED DEAD—Two Japanese American soldiers, Pvt. Kiyoshi Muranaga and Pfc. Kay K. Masakawa were among the 40 Gardenas who sacrificed their lives in World War II and who were honored at the Memorial Day services sponsored jointly by the American Legion and the Veterans of Foreign Wars.

IT'S A PLEASURE—And so it was. Your columnist met the very charming and modest Captain Kim of the famous 100th Battalion the other day. Oh, hush hush! Seems like he's headed for action soon again.

MORE GI NOTES—Those persons who are formerly of Compton High School and Junior College and are in the armed services are asked to send in their names to the Compton J.C. Honor Roll Committee so that their records will be permanently recorded in the school's mass record. Friends are especially encouraged to forward names and addresses when modesty prevails. And don't forget those overseas! To date, only two or three Nisei names have been placed on the huge roll which occupies the large hall of the administration building.

CHICAGO BOUND—Here today and gone tomorrow Higuchi, they call Emily nowadays. Here she was at Darling's in Ellay for a week or so but the call of a big cosmopolitan city was too much for her, and so she's back with the Junior Guild Frocks on 847 W. Jackson, the maker's of the stunning Gilbert Original Suits. Their clothes attract women in the swankiest shops in the country. In Chicago you'll see their products at Chas. A. Stevens and also at Miller's on Randolph. In L.A. a close inspection of the ultra-smart Haggarty's showed that they carry their dresses in the Sorority Shop. (Hi ya Pops! Make mine a Size nine) ... Other Manzanar girls with the Junior Guild Frocks are Jane Watanabe, Sue Watanabe, Susie Takeda, and Arlene Nadamoto. Another Nisei Midori Ito, works their, too, and she's from Heart Mountain ... Anyway, the Gilbert Original Suits are still cute.

ADDENDA—G.I. ... Also Kohei Nakaji and Mamoru Shishido, two of the six young men who came to L. A. early this week for their army physical exams, visited this columnist at work ... Yup, I work some times. Also met Minoru Masakane who was a Tech-Sgt. before his release from the army. He is among the first Nisei, if not the first, to be released under the point system. He accumulated 88 points. Mr. Masakane says that he is going back to Poston where his family is and take a rest ... a well earned one, at that.

ICKES SWINGS AGAINST 'BULLIES'

In his recent column, "Winchell Coast - To - Coast," which appears in the various newspapers throughout the country, Walter Winchell declared, "Secretary Ickes has come out swinging against the West Coast bullies who have been terrorizing loyal Japanese Americans. Every good American joins in his condemnation of those vicious politicians. Many of the Nisei being attacked are the parents of Japanese American soldiers who are fighting and dying for America—which is something their attackers aren't doing. If those West Coast cowards are anxious to fight the Japanese—why don't they enlist and shoulder a gun at Okinawa—instead of black-jacking law abiding people?"

Cleveland Hostel Slated To Close

CLEVELAND, Ohio, June 2—The Cleveland Hostel, which has been leased for two years, will close effective July 15, 1945 due to the fact that the landlord will not renew the lease on the building, Hostel directors Max and Ellen Frazen disclosed.

Since this will occur at a time when the maximum number of people will be in need of the services of the hostel, the directors state that should it be possible to find another building that is suitable, the American Baptist Home Mission Society would open another hostel in Cleveland for the balance of the year.

They added, however, that "to date, our search has been unsuccessful. In any event, we plan to stay in Cleveland for a time after the hostel closes to help evacuees with their relocation problems in any way we can."

Residents Asked To Lock House Doors

Residents are asked to lock all doors before leaving house because of petty thefts announced Chief of Police John W. Gilky.

He added that drivers of ambulances, trucks and passenger vehicles, must obey all traffic regulations. In a few days the police department is going to check up on all licenses to operate vehicles within the center and are to check all equipment for safety.

"Anyone who goes outside the area without a pass will be prosecuted by the military police," he stated.

Globetrotters-Hold Farewell Party

Choosing "When or Where" as their theme, the Globetrotters gave an interesting farewell dinner-dance on Monday night at Haven 19-15.

Seated by candlelight the couples were served fruit cocktail, salad, meat loaf, and ice cream sundae in courses by the young block three girls. Sights behind the screen revealed a happy Hayashi and "Mama" Hayashi clad in aprons getting the dessert ready. On the other side of the screen, "Jackson" Hayashi was entertaining his date "Mary" and table partners George Hazama and Mary Muto by eating a big slice of chili pie.

The dinner was followed by dancing, some couples on the floor were Sus with Rosie, Henry with Yuki, Kay with Taye, Harry with China, Mas with Virgie, George with Midori, Mamo with Tomi, Tad with Martha, Archie with Take, Tsutomu with Sumi, Drunk with Yuki, and Sus with Tosh. Program dances were announced by the emcee Roy Muto, and while the couples rubbed their "soles" with boric acid "Mr. Kenny" Takekoto from "Out of the Frying Pan" was wiping dishes with Kazy.

This memorable affair ended with "Goodnight, Sweet Dreams."

UNITED NATIONS FACTS

Farewell Parties Given to Residents

Indicating that plans for relocation are completed by many residents of some blocks are the farewell parties and picnics now being given.

Kitchen 26 was the scene of one "sobetsukai" when residents of 26 joined with residents of block 31 on Wednesday, June 6.

More than 100 people attended the "farewell" party which started at 7:30 p.m. and lasted until nearly midnight.

Since last Thursday, 12 additional residents of block 26 have left the center, most of them to take up their new residence east of the Rockies.

Residents of block 6 gave a "farewell" picnic on Saturday, June 2 due to the fact that the majority of the residents of that block have definite plans on relocating in the near future.

The former block manager resettled to Seabrook Farms on Thursday morning, accompanied by his family. Many additional families are leaving daily as indicated by departures appearing in the Relocation Supplement.

VISITS MANZANAR RESIDENTS URGED TO LABEL BAGS

By Bill Kitayama

Declaration of Railway Express Agent Hiro Ioki, in an effort to render prompt and efficient service to all evacuees, called on the center residents to "avoid loss and unnecessary delay" by "legibly writing the correct name on each piece of baggage that is being shipped out."

"We have had a few evacuees write us saying they haven't received their baggage," Bromley said.

"There have been a few packages of express baggage lost and some freight."

WRITE NAME

Evacuee Property Supervisor Roy Tashima and Railway Express Agent Hiro Ioki, in an effort to render prompt and efficient service to all evacuees, called on the center residents to "avoid loss and unnecessary delay" by "legibly writing the correct name on each piece of baggage that is being shipped out."

It was further suggested that future evacuees call at the warehouse, which was formerly mess two, and personally inspect each package to assure proper delivery.

Commendation of Evacuee Property employees Sammy Hirake, Kiyoshi Sugiyama, checkers, an stenographers Rosie Maruki, Shigeko Minamine, and Harumi Hino were voiced today by Railway Express spokesman.

They have been generously cooperative with our department and we are, indeed, grateful for their valuable service that has been unselfishly rendered us to put over this relocation program."
