Elected representatives to Direct community stores

Election of three representatives from each of Manzanar's 36 blocks to the Congress of Cooperative Enterprises will be held throughout the center on Thursday, July 30, it was announced today. Voting will be conducted through block meetings to be called by Block Leaders in the mess halls for that evening. All Manzanar residents, 16 years of age and over, are eligible to vote in the election.

The 108 representatives to the Congress who are elected that day will be responsible for the appointment of a Board of Directors who will be in charge of the community stores, both the canteen and department stores now operating, as well as other projected enterprises.

Importance of participating in the balloting is stressed by Lee Poole, Associate Superintendent of the Cooperative Enterprises, who announced:

"This is the opportunity for all Manzanar residents to participate in control of the Center's stores. Through the representatives you elect, you will have a direct voice in the operation of these stores."

Incorporation of the Manzanar Cooperative Enterprises under the state laws of California will follow immediately upon selection of the Board of Directors by the Congress, thus making the stores the legal property of residents.

Further details on the election will appear in Monday's issue of the Manzanar Free Press.

Questions on Co-ops To be Answered

Questions regarding present operations and future plans of the Cooperative enterprises are being received both at MANZANAR FREE PRESS (1-1) and at the office of the Cooperative Enterprises (1-9) and will be answered as promptly as they are received.

To clear up prevalent misunderstandings regarding the projects, block meetings are being held throughout the center. The twice-monthly Open Forum held at Mess Hall No. 1 is also featuring discussions on the stores.

Exchange Ships Arrive in E. Africa

The liners Asama Maru and Conte Verde carrying notable American officials, including Joseph C. Grew, arrived at Lourdes Marques in Portuguese East Africa. These American nationals will be exchanged for Japanese and Thai nationals who arrived from the United States aboard the Gripsholm.

According to Associated Press dispatches, the Conte Verde left Japan with 636 passengers, while the Asama Maru is reported carrying a 530 person load.

She's Honest, Too

TULARE—Four-year-old Miyoko Kamon has learned early in life that it pays to be honest. She found a wallet containing \$895 in the women's latrine one day, which she promptly returned to its owner, Mrs. Tsuya Yoshinaga. The grateful owner rewarded little Miyoko with \$75.

Diogenes ends Search here

Diogenes need not search for an honest man in Manzanar.

It isn't necessary, in the opinion of Y. Murakami, who dropped a wallet containing \$50 in Block 18 men's lavatory yesterday.

When he found his wallet missing, Murakami thought he would never again see the same crisp bills that were in it. But he was wrong.

Satoru Okamoto, 18-5-2, found the wallet and returned the entire contents intact to its rightful owner, who gave a generous reward to the finder.

Workers line up To receive pay

Long lines of workers who stood in Wednesday's sizzling sun to collect their May WCCA paychecks had dwindled down to a straggling few by yesterday afternoon, as Fiscal Agent Edwin Hooper announced that more than half of the checks had already been claimed.

Workers flooded the canteen with paychecks and by Wednesday evening the cash register was empty after cashing approximately \$5,000 of checks. A new supply of cash was brought in from Lone Pine Thursday to accommodate the remainder of May workers.

This last disbursement of May pay was characterized by fewer complaints, according to staff workers, 17 of whom participated in the preparation and distribution of the payroll. Assisting Hooper were Clyde M. Berriman, Joseph Carney, Marie Shimizu and Mary Kakoi.

Cash for the unpaid remainder of June workers is expected within a few days and will be distributed by projects instead of alphabetically. Hereafter, all July workers will be paid by crews and projects, returning to the system originally inaugurated here.

Residents urged to Use bank services

Residents are urged to take full advantage of the branch office of the Lone Pine Bank of America open here every Tuesday at 21-8-4 from 10 a.m. to 12 and 1 to 3 p.m.

The office is open with the primary purpose of aiding residents in banking matters. Cashing checks, opening of new accounts, both savings and commercial, transferring of funds from other banks, money orders and cashier's checks, bonds and savings stamps, and other financial transactions are handled by Colin S. McArthur and Paul Bannai.

McArthur is sent here through the bank while Paul Bannai volunteered his experienced help to aid the community. He was formerly connected with the California Bank in Los Angeles.

As a safety precaution those with large amounts of cash on hand are urged to deposit their money with the bank.

Propose labor body To aid center work

Suggested that new council investigate Complaints on conditions and ratings

Tentative plans for the formation of a labor council to act as an intermediary between the administration and the residents were discussed at a meeting held by the Japanese department heads Tuesday. The purpose of the proposed council is not intended to conflict with the duties of the block leaders but to aid and supplement it, was the declaration of the group.

Proposals for interdepartmental cooperation, suggestions as to ways and means of safeguarding the interests of workers recruited for labor outside of the center and discussions of ratings and classifications and problems were brought up at the initial meeting.

Hiro Neeno, temporary chairman, appointed a committee of six to draw up a prospectus of the aims and purposes of such an organization to be presented at the next meeting.

The six committee members are: Dr. Y. Pitkuchi, Sue Yamada, George Matsumura, Aiji Hashii, Henry Ishizuka and Henry Tsurutani.

The group stressed the immediate need of some sort of a committee to handle legitimate grievances of the workers; to straighten out their troubles in a way that would be beneficial to the community and to keep up the morale.

Official regulation On passes issued

New regulations from Headquarters of the Western Defense Command and Fourth Army concerning the issuing of passes have been received.

Visitors, other than for business purposes, are not permitted. Passes for business conferences must be secured in advance through the community service office, 1-9-2 in sufficient time to forward to the person asking for permission to visit citizens of Manzanar. A week's time is required. All requests for passes must be made to community service office and not through other departments.

Eight New Arrivals Join Centerites

Eight Japanese have been inducted into this center since July 19 when Yoshimatsu Morioka was admitted, followed by Manji, Hisano and Hideo Ohashi, and Mataji Yoshi, who arrived from Santa Anita assembly center on July 21.

Three from Dinuba yesterday included Komao and Takashi Kunisawa, and Chiyokichi Ishijima.

Models Sought

Volunteer models for portrait and life drawing classes in 6-15 and 14-15 are being sought. Older men and women are in most demand and beautiful faces and figures are not essential prerequisites.

Three blocks elect leaders

Three new block leaders and their alternates were chosen in elections held Wednesday night. The two receiving the highest votes out of five nominees in each of the blocks 31, 32 and 33 were named leader and alternate respectively.

Nori Kuroyama, 31-3-1, was elected to head block 31 with Kanetaro Nakamura, 31-8-3, as

Citizens' group In first meeting

All citizens in the center are invited to attend the first public meeting of the newly-organized Manzanar Citizens Federation at 8:30 p.m. Tuesday, July 28 at Mess Hall 28.

With Koji Ariyoshi, recently returned sugar beet worker and leader of the Labor Council of the Manzanar sugar beet workers in Rupert, Idaho, as temporary chairman, several citizen leaders formed the foundation for the organization this week.

Purposes of this organization are: (1) Improve conditions in camp; (2) Educate citizens for leadership; (3) Participate in the war effort; (4) Prepare a post-war program for evacuees.

In conference at the meeting were: Martin Tanaka, Henry Fukuhara, Tom Imai, Kiyoshi Higashi, Joe Masooka, Togo Tanaka, Ted Useno, Karl Yoneda, Joe Ogu, Jimmie Oda, Rev. H. Nicholson, and Fred Tayama.

Pears, Apples To be Harvested Soon

Four to five thousand boxes of pears will be ready for harvesting in about six weeks, according to a report from Orchard Foreman Cummings. They will be of the Bartlett and winter nellis varieties.

Approximately 600 lugs of new-ton pippin, winesap and bellflower apples will also be harvested at the same time. All residents are requested to resist temptation and not pick the fruits.

Girls Organize Justameres Club

Organization of the Justameres for girls between the ages of 17 and 22 took place July 23 with the election of Emy Shimamoto as president.

Vice president is Marge Shimizu; secretary-treasurer, Florence Shikami; athletic manager, Mize Noma; and historian, Fuzzio Mizutani. Members include Ruth Shikami, Suniko Yawata, May Hoshisaki, Mae Kageyama, Mary Kageyama, Mona Kinoshita, Kay Shimamoto, Alice Hirata, Alice Junino, Mieke Nagai, Ayako Muto and Daisy Yamada.

Cabinet meeting will be held Friday, July 25, at 28-15 for outlining of the constitution and planning the installation.

Judicial Board Hears first case

Rendering its first decision, the Manzanar Judicial Committee Hearing Board Wednesday afternoon returned a verdict of guilty for the five kibeishi youths accused of assaulting Takahiko Kawamura on the evening of July 7 in Block 9 ironing room.

Roy Nash, project director, suspended the sentence but gave the boys a severe reprimand for taking the law into their own hands, warning that in the future any infractions of rules, regulations or misconduct of the residents of Manzanar should be reported to the proper authorities.

The defendants were Ben Kishi, Kiyoji Nakamura, Hisato Endo, Sakura Niida and Sunny Shiohara.

Thomas Ozamoto, a member of the Judicial Committee, disqualified himself to sit at the hearing, stating that he could not render unbiased judgment because he knew the defendants.

S'42 seniors plan For gala 'class day'

Under sponsorship of the education and the recreation departments, graduates of the S'42 class will have a Class Day with "Tropical Dream" as its theme.

Dr. Genevieve Carter, superintendent of education here at Manzanar will be the guest speaker at a meeting for all seniors to be held on Tuesday, July 28, in kitchen 15 at 8:00 p.m. sharp.

Highlights of the meeting will be the election of Senior class officers and discussions on the commencement, prom, and other senior activities.

These events are being planned for the benefit of the graduating seniors, who because of evacuation missed out on all of the social activities attached to the senior term.

Rome wasn't built in a day

Rome wasn't built in a day, but the skeleton framework of Manzanar government and operation was constructed practically overnight. Now we are busy filling in the cracks to make it habitable in the winter months ahead.

First step toward the filling of an obvious gap was the tentative formation of a labor council last Tuesday night. Another meeting is scheduled for Saturday when further details of organization will be discussed.

With over seventy departments already operating, involving over 5000 workers, and with many more industries planned, a vigilant labor council should be that drop of oil that guarantees the smooth operation of intricate human machinery.

The cook sweating over a torrid stove, the maintenance man lifting 300 pound can filled with sloppy garbage, the reporter wracking his brain for a bright idea . . . all have their own particular grievances and problems. We are laboring under makeshift and strained conditions, living in an unaccustomed and trying environment. We are all irritable. Many are bitter. It should be one of the duties of the labor council to select a grievance committee to investigate complaints and make objective, workable recommendations.

We suggest that this council be composed of delegates from every department. These delegates should be trusted workers elected by their fellow workers and not Japanese department heads. They will form an impartial body to bring all labor difficulties to the attention of the administration. We further suggest that this work should be on a purely voluntary basis.

The 129 boys who ventured into Idaho beet farms soon realized the need of an organized liaison body. They found that better conditions and wages were the result. They found that fuller understanding was reached with the farmers.

Although the Amalgamated Sugar Company was always fair, it was not clairvoyant and could not know all the minor problems encountered by the boys. It was the function of the labor council to pose the questions, present the problems.

Out of the experiences of the Idaho workers we must learn our first lesson. How soon we will be asked to supply another agricultural group to gap the aggravated labor shortage, we do not know. This time, in fairness to ourselves and the employers, we should send experienced men. They should be fortified with a governing body and a set of rules before they ever leave the center.

The labor council should investigate field conditions in advance. In this way good working conditions will be assured and the farmers themselves will be better satisfied.

Fortunately, we are blessed with understanding administrators. But without our help and initiative they cannot do much. Let us make the proposed labor council one of the firmest stones in the foundation of a workable democracy in Manzanar!

FIGURES DON'T LIE

Interesting facts revealed by Dr. James Goto indicate: That in June there were 968 ambulance calls, and that one day a new high of 48 was hit. That means an average of 30 a day.

That there has been 650 clinic cases, and 568 cases hospitalized.

That of the 115 surgical cases, 33 have been appendectomies. That no deaths have occurred from either surgery or contagious diseases.

That up to June 30, 19 births and 5 deaths have been recorded. That 28,600 typhoid shots and 11,000 small pox vaccinations have been given.

THEY WON'T FORGET

Unionists came to bat for fair treatment of Japanese in assembly centers when a heated discussion ensued over a San Francisco radio program. Citing the example of Karl Yoneda, CIO longshoreman now at Manzanar, they emphatically stated that many of the Japanese are good Americans and good union men, and "should not in any case be persecuted into becoming opposed to America."

WINDBLOWER

The block leaders council acknowledged a clock gift from Block Leader Kanemitsu Ozawa of 26, which will be put up in the Town Hall . . . That smooth-playing outfit, Mac's Hawaiian orchestra, straggled away for Kitchen 33 several days ago during lunch time . . . Billed with the coming Block 23's Bon Odori will be a talent show. Assisting Block Leader Sam Tateishi will be Joe Yamamoto and the kitchen crew . . . Residents of Block 12 held their picnic at Bairs Creek last Saturday evening, with the Half Shots, Mary Kageyama, and others pitching in the entertainment. Food was served a la Manzanar mess hall style with each person presenting his meal ticket . . .

NOTION DEPARTMENT

Dear Editor

Dear Editor: Women and songs! Sure, we like that, too, but there's always a place for everything. And giggling girls and boisterous fellows are just out of place at concerts such as "Evening Under the Stars." K. Y.

Dear Editor: Since there's so much petty thievery going on, I would sug-

gest that Manzanar citizens take precautionary measures and not take jewelry, money or other unnecessary items to the shower rooms.

According to Lee Poole, associate superintendent of community enterprises, definite steps have been taken toward the construction of a theater.
