

What the World is Saying . . .

WCCA director of education and recreation, Greeley, Colo., says, "Kibei are the most dangerous group . . . About 4,000 of them are interned in centers and they are indoctrinated." He quoted a nisei supervisor as follows: "Due to their educational background under the modern Japanese political system, they are Japanese in thought." . . . Denver Post.

Quoting a recent editorial in the San Francisco Chronicle: "The account of Japanese treatment of Americans interned in Japan does not make pleasant reading . . . All we can do on our side is to go on treating with full decency and humanity the Japanese who are in like case in our country. For our own honor, and the honor of the civilization we are upholding against Axis assault, we cannot, by any acts like theirs, put ourselves in the class of the Japanese police."

Editorial in the Arizona Republic denounced the Native Sons of the Golden West in their efforts to disfranchise 70,000 nisei. "This question of citizenship of Japanese born in this country was settled by the United States Supreme Court in 1898. We might add that the Chinese as well as the Japanese will be affected should the Native Sons succeed in obtaining a reversal in the highest court of the land of the decision 44 years ago."

In the Oregonian "Letters to the Editors" section Charlotte Hines accused the Cleveland Baptists of foreign missions of "maudlin sympathy" in raising \$50,000 to aid evacuated Japanese. She suggested that the money be given to the USO or the Red Cross.

Sacramento Bee—Eugene Fiosi, an American sailor, defended the nisei, citing examples of Japanese friends. He favored evacuation but advocated the "return of the Japanese in this area after the war."

In Independence, California, next door to Manzanar, E. Searle Wolfe castigates local merchants for circulating a petition to allow Manzanar Japanese to go to their stores. "After all that has been said and the effort that has been made to keep the Japs in camp, then these merchants do this over. It gives an appearance of greater regard for the 'V' on a five dollar bill than the 'V' for Victory."

Klamath Falls Herald—E. L. Shirrell, director of the Tulelake Relocation project, compared the community with an average American city. Indicating the fact that the colonists are generally satisfied with their lot, he said there had been virtually no applications by the alien Japanese for repatriation. "Tulelake Japanese Show Great Loyalty to U. S." ran the head.

Speaking editorially the Klamath Falls Herald and News notes that present rules state that evacuee labor from Tulelake cannot be used within the state of California. "This is not all good news for the Klamath basin. We do feel that, if, from a military standpoint, it was safe to locate the evacuation center at Tulelake, it should be safe to permit the evacuees to work in private employment in the area immediately surrounding the settlement."

Red Cross Group to meet

Monday evening, August 10, is slated for a meeting of the Manzanar branch of the American Red Cross. The meeting will be held in 15-15, at which time election of permanent officers will take place. All residents holding 1942 membership cards in the Red Cross are invited to attend and to participate in the business meeting.

CLASS DAY SET FOR SENIOR A'S

High school Senior Ayes will meet for the first time at 8 p.m. Tuesday evening at mess hall 15 in preparation for their senior prom and class day program, which they missed because of evacuation.

* Last week's meeting was cancelled due to unavoidable circumstances. The prom committee, organized by the recreation department and headed by Chairman Tad Maseoka, will present plans, which are based upon the theme "Tropical Dream." The prom is scheduled for Saturday, August 22.

Election of senior class officers will be held at another meeting, Friday, August 7. Details will be announced in the next issue.

Girls lead in camouflage net production

Spurred on by the daily increase in personnel and improved production efficiency, the 645 camouflage net factory workers produced a record total of 669 nets for the week ending July 31.

The girls' division is constantly holding a better production record than the boys' division by garnishing one-half net more per crew than the boys.

EDUCATION HEAD CONSULTS SCHOOL

Dr. Genevieve Carter and George Kelly left Friday morning on a business trip to the San Francisco WRA Regional office. Dr. Carter will also consult with University of California Extension Division about the establishment here of college courses for credit through extension work.

Workshop meeting

Contrary to last week's announcement, the Drama and Speech workshop group will meet on Tuesday evenings, 8 p.m., at 11-15, under sponsorship of Chicho Sakaguchi and Yoshiye Yoshimura.

Second meeting Of citizens set

In order to get the machinery of the Manzanar Citizens' Federation in motion, the proposed constitution and relocation problems will be discussed at the general meeting on Thursday, August 6, at Block 15 mess hall.

A preliminary organizational and constitutional committee meeting will be held Tuesday, 8 p.m., at 15-15.

TWO HUNDRED SIGN PETITION

Begun as a quiet move by a few people, the petition for the opening of the second front has gained momentum and already boasts over two hundred signatures.

Calling on the President to accept the nisei as draftees and enlistees for front-line duty in the U. S. armed forces, the petition states in part:

"We, the undersigned Americans of Japanese ancestry, relocated at Manzanar, California, herewith add our voices to the millions of other peoples in the United States and the conquered countries TO OPEN THE SECOND FRONT NOW for a decisive victory over the Tokio-Berlin-Rome Axis."

Wasserman tests To be given soon

Over 800 food handlers have already been examined at the medical clinic by Dr. Yoshiye Togasaki and staff. The Wasserman test will be given to the food handlers as soon as the Wasserman tubes arrive at each kitchen. Those who do not get the Wasserman test at their own kitchen will have to report to the hospital later for their examination.

Baby boy born

Mrs. Toshiko Uyeno, 11-3-4, gave birth to a boy on July 30 at 8:24 a.m.

Work must be Out of vital Defense area

Procedures through which individual American citizens of Japanese ancestry and their families may obtain permits to leave relocation centers to accept jobs have been announced by Dillon S. Myer, national director of the WRA.

In official instructions sent to regional WRA personnel it was stated that permission would be granted only to nisei who have never lived in Japan or attended school there.

A nisei with a definite job offer outside the center and outside the Western Defense Command area which includes Washington, Oregon, California, Arizona, Nevada, Utah, Idaho and Montana, may apply to the director of the center for a permit. If there are any dependant members of the family, the applicant must state what plans have been made for them. Permission to leave will be granted by the National Director of the WRA after ascertaining the loyalty of the applicant and investigating the nature of the employment.

Necessary arrangements will be made by the National Director to insure satisfactory working conditions and he will also communicate with local officials in the community where the applicant will live.

Under the terms outlined, the WRA will provide transportation to the nearest railroad or bus station and the traveler must arrange and pay for all other transportation.

Official confers On construction

Chief of the construction and maintenance division of the regional WRA, C. H. Powers, left Manzanar Friday afternoon following a three-day visit during which he conferred on plans to build schools, factories, garages and a community center here.

Expressing full confidence in the ability of the Japanese to furnish the labor for these construction projects, he announced that Caucasian carpenters and construction men will act as instructors in training crews. These crews will also work on the lining of the barracks before winter.

Powers emphasized the difficulty in obtaining material in explaining the slow pace of construction. It was reported that 4000 kegs of nails would be needed for the new construction work and another 1000 for maintenance.

Ground has been graded and concrete will be poured for the foundation of the contemplated garment factory. However, the lumber will not arrive until the 15th of August according to the quartermaster, through whom these requisitions pass.

Powers' immediate concern was the temporary housing of the schools in the existing buildings and the problem of housing the 70 teachers required to operate the schools.

Clinic hour changes Announced

Changes in well-baby and pediatric clinic hours were announced today. The new schedules effective now are as follows:

Well-baby clinic, 1:30 to 4:30 p.m. Wednesday and Friday. Pediatric clinic, 10 to 12 a.m. Wednesday and Friday.

Back to barbarism

The thrill of pride that surges down our spine when we view the miracles wrought in a few months' time is dampened when we hear of increasing cases of vandalism and mob rule here.

Ruffians who have taken the law into their own clenched fists have escaped with a reprimand from the police who were powerless to do more than maintain surveillance. This was due to the lack of any recognized court of law that could enforce order.

Now the situation has changed. Even though it is temporary, we have a judicial committee empowered to pass judgment. Every case of gang warfare and unreferenced fist-cuffs should be severely punished. The Manzanar Free Press promises full publicity in these cases.

If the prospects of cooling their heels in the iron cage will not deter these hotheads, perhaps the threat of having their names smeared on the pages of a documentary newspaper will make them hold back that punch.

We cannot revert to barbarism!

Community Enterprises

"The fact that the community stores may carry certain articles of clothing will not prevent the government from providing them free of charge once the national policy regarding the providing of necessities has been decided," explains William J. Bruce, newly appointed superintendent of the division, and Lee Poole, associate.

Chief confusion arises from the fear that if the cooperatives supply certain items such as clothing, the government will not provide them. It is emphasized again that the co-ops have no connection with the government program for feeding, clothing, and sheltering the Japanese in relocation centers.

A definite policy has not been set concerning what will be provided by the WRA and how it will be distributed. The co-ops will attempt to supply the community with goods and services which the government will not provide, at the lowest possible cost.

Unless the people participate in the cooperative organization by electing representatives, they are throwing away their chance to run the essential community enterprises themselves instead of having the government run them for them. They are giving up their opportunity to share in the profits. But, it is stressed, membership is entirely voluntary.

When daddy walks with Jean and me,
We have a lot of fun,

He never stretches at all.

Volunteers needed For work on theatre

Construction of a \$5000 open air theatre west of the guayule rubber plant was begun last Monday with Tak Muto in charge, assisted by Hervey Brown, engineer and Dyke Nagano, architect. The concrete structure with a seating capacity of 3500 will be built by the community from community funds. Volunteers, especially issei and kibe, are wanted to help with the construction and applications can be made at 7-2-2.

The Mayors took the lead in the first on 2 passes, a juggle and Yamaguchi's bingle to score 3 runs.
Shishido's splurge of wildness in the 2nd didn't help things any when 5 Ramblers scampered over the plate on 4 hits.

ARITA IN 8TH WIN

A 7-6 score nearly toppled the Ramblers Thursday with Johnny Arita submerging the hustling Mayors to chalk up his 8th straight win of the season. The Ramblers were held down to the same number of hits as their opponents through the effective twirling of Yoro Shishido, but bunting their bingles in one frame did the trick. Meanwhile Arita kept the Mayors' 7 bingles scattered.

Delta 'Y' to plan Coming installation

Delta "Y," formerly known as the Athenians, will hold a meeting at 21-15, Wednesday, 7 p.m., to discuss the coming installation.

The following will serve as committee chairmen: refreshments, Yoneko Yamamoto; decorations, Bernadett Oda; program, Chizuko Yamashita. All members are requested to be present.

CHANGE DATE

Phi Sigma Kappa's meeting originally scheduled for Thursday has been changed to Tuesday, Aug. 4. Charity benefit plans will be made.

New industrial Project planned

A new industrial project is now in the formative stage, according to Aiji Hashii, director of project research and planning bureau, as another step in making Manzanar a self-supporting community.

Utilizing the various handicrafts in the center, such as woodcraft, needlecraft and other miscellaneous crafts, an industrial project for center and outside consumption is contemplated. Persons interested in handicraft and able to supply material in the research of these crafts are asked to contact Hashii at Warehouse 23.

Hails quality of Local farm products

Manzanar farms produce high quality vegetables, commented a Los Angeles produce buyer who visited the center this week and saw the 62 lugs of white turnips picked on July 28.

Local farmers are busy harvesting the fast-growing vegetable crops this week. On July 27, the farmers picked 24 lugs of cucumbers, 30 lugs of summer squash and 16 lugs of Italian squash. Besides the 62 lugs of white turnips picked on July 28, four crates of red radishes were also picked that day. Forty-five crates of red beets were harvested on July 29.

Pardon, our error

Through an error in our last issue it was announced that the sugar allotment per individual was approximately 10 ounces a week. This was a mistake. The local commissaries adhere strictly to the national quota of 8 ounces weekly for every person, it was announced.

THANKS EXTENDED

Leaders in Recreation Hall 32-15 extend their thanks to all volunteer carpenters who helped make furniture for their preschool classes as well as those who helped to put in their lawn.

ABSENTEE BALLOTS

Absentee ballots for the August primary for registered voters of Los Angeles County are now available at the legal aid office, 1-9-2.

These ballots must be mailed between the 5th and 20th of August. Every eligible nisei is urged to cast his ballot in this primary in order to retain his voting privilege.

Couple wed in Lone Pine ceremony

The center's newest couple is Mr. and Mrs. Henry Morikawa, who were married this week in a ceremony performed by the Lone Pine justice of the peace. Morikawa is a member of the Manzanar police force, while the bride is the former Kazuko Hirano.

Inoculation dodgers

Names of persons who have not yet received their typhoid vaccinations will be posted in the mess halls. Those whose names appear on the list must report to the hospital on Tuesday, Thursday or Saturday of this week.

Uptowners Go Down As Padres Win, 5-2

A 5-2 victory over the Uptowners, last Thursday evening advanced the Sierra Padres in the international league lead and held a slim half-game lead over their close running Marlins and the Uptowners.

A nip and tuck affair resulted in the first four innings with both teams trying for an early lead. Padres' slugging bats started connecting in the 5th and 6th to pull them through to a much needed victory.

NISHIKAWA'S ERROR COSTLY

A stinging double by T. Yamamoto combined with a costly error on the Warrior leftwall, brought in the 4 big runs which spelled another 11-8 win for the Terminal boys last Friday. This makes their 12th season triumph.

The National's runner-upper, heavily laden with Hickory might were only able to run the battle tide over the Westsiders after a hot offensive thrust in the 7th.

An early 3-0 lead favored the draped lads, with a 5 mark counter-blasting by the Warriors in the 2nd gave them control. Rounding a knotted 3rd and 5th, the losers moved ahead as S. Nishikawa and G. Nakao touched home plate on Fujioka's single.

Then it happened. With 2 away, score 8-7, bases loaded, Yamamoto signed up for a double, which floated over the leftwall, cleaning the bags with a home run to cap the crucial fracas.

BE A GOOD SPORTSMAN

Within the past few weeks, upsets and close competitions have mounted in every league. Increased enthusiastic fans followed their favorite teams to win. Obviously in every game many heated arguments over decisions occurred, but we must not take the rules into our own hands. The officials in charge of the game are putting forth their best efforts, trying their utmost to be impartial.

To make softball a smooth-running affair, a confidential committee representing each loop has been appointed to assist the Athletic Department. All protests, discussions, rules and details of the game will be handled to eliminate arguments and misunderstandings.

Needless to say, the participants of sports not only indulge in it as a pure sport, but through the medium of sports, such as "baseball," individuals can derive many personal benefits such as sportsmanship, fair play, help building health, moulding character, and creating competitive spirit. We, the fans and fanettes, can also play ball with them by being good spectators. Let's cooperate and play ball with them in a good sportsmanship manner.

VARIED ATHLETIC PROGRAM

Under the supervision of Athletic Director Paul Uyemura and his staff, an extensive athletic program is now in full swing. Numerous daily athletic activities include: baseball, volleyball, ping pong, judo, basketball, track, boxing, sumo, wrestling, checkers, horseshoes, and many other minor events.

5-Diehard's vs. Royal F.		

Sport Core

RAMBLERS—A blow which looked like a cinch 4 baser from H. Tomita's willow sent Togo Mikuriya' way back into right center . . . The youthful fielder pulled the pill out of mid-air to keep Arita out of trouble. Who knows—that might have won the game, the final score being by a one run margin . . .

FALCONS—Kish Matoba, ace chucker for Falcons, held the sleeky Esquires scoreless and hapless until the 7th before he gave up 3 runs . . . he limited the opponents to 2 bingles . . . Yank Sawamura was the big man for the Falcons, pounding 3 hits at 5 attempts to aid the team in downing the lowly Esquires, 13-2 . . .

OWENS LEAGUE—Few of the team managers have slackened—in turning in their scoresheets . . . result—no write-ups, standings, and batting averages . . . Manager of the home team as well as the visitor are requested to turn in scoresheets to 2-15 as soon as possible . . . Teams desiring complete batting averages are asked to bring their own scoresheets to the Sports Department (1-1-1) to have it compared and compiled at the same time . . .
