**AN ALTERNATIVE:** Lack of shipping was put forth today in London as one of the major factors preventing the immediate opening of the second front on the Continent. Many alternatives including seizure of bridgeheads on the continent where Allies can hold until future invasion, were being discussed.

**MURRAY SPEAKS:** "There will be no further jurisdictional strike in the United States if given A.F.L. cooperation," said Philip Murray, C.I.O. president today, as talks of labor peace stirred Washington circles again. The A.F.L. is ready to meet the C.I.O. peace delegation, it was announced.

**THE MOSCOW DRIVE:** A new Soviet offensive on the Moscow front where little action has been reported was under way today with General Gregory K. Zhukov leading his mechanized troops in a drive some 130 miles west of Moscow.

In the meantime, the powerful thrust at the Caucasus and Stalingrad was making progress, pushing back the Red armies at a huge cost. The Soviet high command acknowledged a fifty mile German advance on the lower Don river.

**IN GUINEA JUNGLES:** Little action was reported in the fighting in Kokoda region of New Guinea where the Japanese had seized a jungle airport.

American bombers have attacked the Japanese stronghold near Hankow, General Stilwell announced today.

**SINKING MARK:** Two more ships sunk in North Atlantic, one a British and the other American, brought the sinking score to 413 as of yesterday. Fourteen men are reported missing in the latest submarine casualty.

**A PROMISE:** India will be an ally of Great Britain to repel any Japanese invasion, the All-India Congress declared today, if and when immediate independence is granted. As an alternative, the Congress pledged another nationwide disobedience struggle against the British rule, if the plea for independence is unheeded.

**SALES TAX:** U. S. Senators were told that a five percent sales tax would be deflationary and not inflationary by a spokesman for the National Retail Dry Goods Association.

**STRIKE NOTES:** San Francisco bakers left their jobs, halting bread production, in a wage dispute today. No formal strike was called.

About 2100 telephone installation and repair men went on strike in Cleveland over wage questions.

Members of Cincinnati Pressmen's Union (A.P.) were told to go back to work by their international president, George L. Berry.

## POMONA CENTER TO WYOMING

Newest locations for relocating Japanese in assembly centers on the Pacific coast were announced by Col. Karl R. Bendetsen, assistant chief of staff, civil affairs division, Western Defense Command and 4th Army.

Heart Mountain relocation center near Cody, Wyoming, will be the destination of 5300 Japanese in the Pomona assembly center, of whom 700 are formerly from San Francisco.

Mindoka relocation center near Eden, Idaho, will receive 7200 evacuees from the Puyallup assembly center in Washington.

Pop bottles around the canteen are creating a public safety hazard.

# CO-OP SCHEDULES FIRST MEET

## Block delegates to Attend Sat. meeting

The first session of the Congress of Manzanar Cooperative Enterprises will be held Saturday, August 8, at mess hall 20 starting at 7:30 p.m., it was announced today.

Three elected delegates from each block will attend as official representatives, but the meeting itself will be open to interested spectators.

A summary report on "What Has Happened in Community Enterprises to Date," will be made by Superintendent William Bruce who will serve as temporary chairman until the Congress elects its own officers. Highlight of the initial session will be the Questions and Answers forum period and the showing of the motion picture, "Co-ops Are Comin'!"

In preparation for the Congress meeting, the office of Community Enterprises yesterday issued a five-page mimeographed memorandum in which duties of Co-op Congressmen are outlined:

1. To understand the democratic and economic methods of a consumer cooperative.
2. To determine broad operating policies for the cooperative.
3. To select 15 persons, men or women, to act as incorporators for the Manzanar Cooperative Enterprises.

Both Superintendent Bruce and Associate Superintendent Lee Poole will attend the Congress meeting Saturday with full information on progress of Manzanar enterprises to date.

A call for volunteers to serve on the permanent committees of the Cooperatives will be made at the same time introduction of present temporary committee members is made by Poole.

Official roll call of delegates will be taken by S. Kamikawa, Co-op education committee member.

In addition to the temporary chairman to be elected Saturday, delegates will cast votes for a secretary.

A list of 28 questions received by community enterprises at the Town Hall, block meetings, through the Free Press and by interested individuals, has been mimeographed with answers supplied by the office of Superintendent.

## June pay continues As \$17,000 remain

Payment of June wages for the police and fire department was begun this morning by the fiscal department under Joseph Carney, junior fiscal accountant. To date, for the month of June, approximately \$30,000 have been distributed for "P" and "S" workers as well as those in kitchens 1-16, camouflage, yard maintenance, and carpenter's crew.

The small group of persons who failed to call for their June pay from the yard maintenance, carpenter, kitchens 1-16, and the camouflage projects have been placed on a marked roll and will not be paid until the remaining June payments of \$17,000 have been made.

"These persons have been contacted 3 times personally, in addition to being notified by their respective block leaders, and it isn't fair to the fiscal department workers who stay up day and night waiting for them to call, or to the other projects that are waiting to be paid," declared Carney.

## HEADS FOR TEXAS

Leaving for Texas via Los Angeles, Mrs. Selsuko Okamoto Hayasi departed from this center yesterday morning at 8 a. m. by bus.

Both bride and groom-elect are former residents of Garden Grove.

### Sends Lt. Colonel To conduct survey

To conduct a survey on the number of available nisei with a reading and writing knowledge of Japanese, Lt. Col. K. E. Rasmussen arrived here last Wednesday night via Army plane.

It was intimated that loyal nisei and kibe were being sought to teach fundamentals of Japanese in Army training schools as well as work for other departments where knowledge of Japanese is necessary.

A list of over 100 eligibles was prepared by the Legal Records force and urgent notices were sent out by night checkers Wednesday night. By Thursday noon over 35 citizens had been interviewed. Applicants were questioned regarding their education, personal history, family background and religion.

Nisei and kibe men who crowded Rasmussen a temporary headquarters at 1-15 commented on his grasp of the Japanese language, but it was revealed that he has served four years as a military attache in Tokyo.

Addressing over 100 men who had gathered in response to the call, Rasmussen commended the citizens for the second front petition which was recently circulated.

### Youth stabbed as Result of dice game

One youth was stabbed and two others were injured in a fight arising from an argument over 75 cents in the Block 20 laundry room Tuesday evening.

The quarrel is alleged to have started over an argument between Toyomi Wada and Tom Moriyama over a dice game. Kiyoshi Suzuki, 17, tried to intercede and when rebuffed, he struck Wada, knocking out his front tooth.

Wada and Suzuki met again a

### MEASLES

The height of measles incidence for this community was the week ending June 20 when there were 52 cases reported.

I would say that the epidemic was definitely on its last lap. Measles which is mild and uncomplicated is not a big medical problem, but it is to avoid and to care for the complications which can arise that makes measles so dreaded by parents.

## Manzanar Metazoa

By CARL KONDO

### SCIENTIST . . .

Among his accomplishments, outstanding in his mind was the spotting of five winners in the biggest derby of the country through mathematical, scientific astrology. Now residing in Manzanar, 34-year-old Richard T. Murakami, formerly of Honolulu, puts in eighteen hours a day in writing an already accepted book on mathematical astrology. The book, eagerly awaited by an estimated 38,000 students of the science, is being worked out in trigonometry. There are 1500 problems worked out.

R. T. thinks he is the only recognized Japanese astrological scientist in these United States. He is a member of the National Astrological Assn., American Federation Science Assn., New York Astrological Assn., and the Los Angeles Church of Light.

### HEART ADVICE . . .

R. T. declares that his life is being complicated by anxious parents of middle-aged girls of 25 to 27 who want to know if their daughters stand a chance to acquire a husband and if so, when . . . ? The girls, themselves come for advice, he says, since they keep looking backward and eye the 21 to 23 age girls as "showing" them hard.

But, says R. T., the 21 to 23 girls also look backward and feel the shoving of the 17 to 19 age group. This feeling gives them many agitated moments. Only the above 30 age group is apparently unruffled, he says, but the real truth is that they've given up hope.

### WHAT'S WHAT . . .

Now scientific astrology doesn't attempt to do more than reveal

conditions, he declares, and predicting events is beyond its accurate powers. Thus, when these girls come to him, he has the ability through mathematical computations to see that their minds are very foggy and that they really do not know what they want. They go around with a gun, he says, and the next thing you know another guy pops out. This goes on until it is too late.

R. T. is kind of worried about all these problems, but a true scientist can't afford to be bothered too much by his surroundings. He says that the locality where a man is, is in many cases the determining factor in his success or failure.

### TRUTH . . .

The stars do not lie and he can tell you many things from calculations drawn up from a knowledge of the planetary system. He gives as a fact the story that a certain girl, discouraged because she had tried for weeks to join her future husband in the east, came to him and he predicted that she would make a trip. He didn't say how far, nor where, he insists.

But she was informed within a week by Washington, San Francisco confirmed, that she could join her fiancée. This R. T. declares, is no lie.

## Speak through your ballots

That an arm will atrophy into total uselessness from lack of use is well known. But this is equally true with our right of franchise. Unless we fully exercise that precious prerogative that is the fighting arm of any democracy, it may shrivel into a dangling appendage.

How unfortunate it was that in our complacency most eligible nisei failed to register. Now with the new registration temporarily denied us, it is up to the eligible few to cast their absentee ballots.

Although the Los Angeles primaries seem a trifling matter in comparison with the great upheaval that the world is undergoing, it is the simple act of voting that reiterates the nisei's faith in the democratic system.

Absentee ballots for Los Angeles County voters are available at 1-9-3. Be sure to send yours in before the 20th or use the printed form to write for your ballot.

## SQUELCH THOSE RUMORS—

It was a nice, cool evening, Mr. Suzuki decided to take his constitutional. At a leisurely pace he wandered eastward to the top of the hill and then turned north towards the new hospital. He stopped awhile to watch some little kids playing ball. One missed a thrown ball and it crashed through a laundry room window. He chuckled as the tots scattered in all directions in frightened confusion.

He continued on, but passing by the orchards he saw a young couple in a heated argument. He saw the girl suddenly burst into tears, turn and flee towards the buildings. He thought nothing of it, but when he met Mr. Watanabe down the road he remarked on the two incidents.

When Mr. Watanabe returned home he passed the stories on to his wife.

"Too bad," he said, "that there isn't stricter parental discipline. Kids breaking windows and boys abusing young girls."

At the washroom Mrs. Watanabe met a few of her neighbors.

"Do you know," she told the ladies, "that boys are running wild in the center? Gangs of them are going around breaking windows and Mr. Suzuki told my husband that he saw young couples in the orchards late at night."

The ladies were duly impressed. They ran home with the news. They told their husbands and their friends who told their wives and husbands and neighbors, who told . . .

Mr. Suzuki returned home rather late. The walk he took was longer than he realized.

His wife was bubbling over with excitement.

"We must be very careful with our son and daughter," she told him.

"Now, what's wrong?"

"I heard from Mrs. Yamada, who got it from Mrs. Tanaka who heard it from some of her friends that gangs of hoodlums are going around smashing windows, breaking into houses and doing all sorts of malicious vandalism. And there are just hundreds of cases of girls getting into trouble because the parents let them wander around at night with young men. Why, it's terrible!"

"It certainly is," agreed Mr. Suzuki.

### ATHLETE'S FOOT

Ringworm of the feet or epidermophytosis is a very common infection found in people using public showers. The fungus is the cause of the infection and remains under the deep layer of the skin and requires care for its cure. To avoid infection, care should be taken at all times to keep feet off the concrete floor

by the use of wooden clogs. These clogs should be used as individual towels are used; not to be used by other members of the family. Feet should be dried carefully, and common hygiene of the feet observed.

### TREATMENT

Treatment should be prescribed by the physician, because individual response will vary according to each medicine used. There has been a great deal of publicity for the use of camphor and phenol mixture, but it has already been reported that indiscriminate use without the ad-

**PROTEST GAMES SETTLED**—Three listed games were settled by the confidential committee, last Monday. Rusty 9, 30-40, score remains 0-8. . . Eagles copied the decision over 30-40's after the latter won 18-15 . . . Monica-Padre score stands as is after the playoff . . .

**WENT TO TOWN**—Surprising enough the Aces came home with only 3 homers against Royal Y, but what's more surprising was who made 'em . . . M. Nakadaira, H. Hino and B. Yoshiwara . . . **ELIEST**—Vols' ball: This is for youngsters as well as old . . . After a few more registered teams, the first league will be under way . . . We have great ideas—maybe . . . shelling out medals for winners . . .

**EQUIPMENT**—Trot down and give the sample display of bats and balls a gander if in need of such equipment . . . Incidentally with pigskin and basketball season around the heat, all kinds of barbs and games can presently be ordered through the athletic department, 2-15 . . . **JUST A GIANT**—T. Taketomo now boasts a 11 win, 3 loss pitching record, besides clipping the pill at .406 . . .

**MORE THAN A FAN**—We have a very enthusiastic participant and fan amongst us—little 12-year-old Jimmy Nakashima . . . Belonging to the Sierra Padre club, he is considered the manager, coach, scorekeeper, bat boy, compiler of his team's batting averages as well as knowing the heavy hitters' averages in the 2 other major leagues . . .

**SUPER FIELDERS**—Both of the Yogore and Alley centerfielders helped make the game a bit more exciting as Marumoto watched 3 birdies land beyond him . . . But T. Matsumoto's 1 error cost them the game . . .

**MISSED?**—With the Kings hammering away to a fare-the-well, the usual Shindo was seen minus in the delivery pit . . . S. Hasegawa, who once led the Nat'l. bat average at .842 received his first season k.o. . . He's batting .400 . . . Tut, tut, Mr. Takeuchi, let's not swing bats and bottles around in such display of rage . . . After all, what's another "breeze swisher" . . .

**SLICKERS**—Rained the Eagles with the heaviest defeat handed them, 23-8, and started the 1st game of the 3rd round in fine spirit . . .

### 7-11 CRUSHES BEL AIRE 18-3

#### SEKO PITCHES NO-HIT GAME

Behind the no-hit pitching of Chucker Seko, the youthful 7-11's powerhouse over the hapless Bel Airians, 18-3, in a Manzanar leaguer Tuesday evening. 7-11's 8-run offering in the initial inning and 7 more in the 3rd and 4th proved fatal for Bel Airians, as their only runs were made in the 5th, when Seko blew up temporarily to walk in 3 runs. M. Kusada, 7-11's shortstop brought in 3 runs with his home run poke in the 6th to climax their scoring spree. Bel Aire . . . . .000 030 0—3 7-11 . . . . .852 030 x—18 G. Okamura and P. Takeuchi; S. Seko and K. Ono.

#### Diehards Outbid Royal Flush, 9-5

Lowly Diehards finally pulled one out of the bag to outbid the surprised Royal Flushes, 9-5, in an interesting Owen's affair last Wednesday. Diehards' one run lead in the opener was cut short when the Flushes flushed out 3 runs to trump the opponents. For the next few rounds, both teams drew passes with the Royal's having a comfortable 4-1 lead. Abruptly as a bolt out of the blue came the Diehards with their 8-run explosion in the final 2 frames to catch the napping Royal Flushes for the setback of the season. Diehards . . . . .100 005 3—9 7 Royal Flush . . . . .310 000 0—5 7 P. Bannai and G. Okumoto; K. Kato and I. Okamoto.

#### TONY'S FALL PREY TO YOGORES, 5-3

The runner-up sluggers from Terminal way staved off a well-matched Tony's Alley attack to defend their position, and a me through for one of the earliest games, 5-3, last Wednesday. Shortstop Shimizu denoted home plate on Uragami's bingle to left, knotting the score at 1-all in the 2nd. Yogies then headed for safer distance by keeping up a steady 12-hit hickory barrage, rallying 4 counts. The last 2 runs in the 4th ended in successive home runs by T. Marumoto and S. Miyaki. Tony's 3 scattered runs were brought in by Maruyama, Furuta and Ito, who claimed a four-bagger in the 5th. Tony's Alley . . . . .100 011 0—3 Yogores . . . . .122 000 x—5 S. Yamauchi and P. Higashi; M. Uragami and S. Kuramoto.

# Knights Drop Padres, 9-3

#### GIANTS SQUASH WONDERS, 12-2

The Manzanar Giants, hopefully pacing in the 3rd slot, had little trouble in putting aside the slipping Wonders Wednesday and coming through with a 12-2 win. The Giants pulled an early lead scoring 3 in the 1st on Taketomo and Teraji's bingles. They didn't do any worse in the second when Yamane's only hit and walks tallied another 3. A barrage of errors, walks and Taketomo, Teraji and Kunitani's bingles resulted in a 5-run picnic. The Wonders broke through in the 6th when Hori and Miyazaki scored, the former singling to get on, but by that time the Goliaths had a 11-run edge. Wonders . . . . .000 002 0—2 5 Giants . . . . .330 501 x—12 8 Neeno and Fukushima; Taketomo and Kunitani.

#### Stars Suffer 7-4 Defeat from Kings

Nine well-placed Glendale Kings' hits resulted in 7 counts which were enough to stop the north Stars to 4 bingles, to walk away with their 3rd straight win in a National double-header. In playing off the 2nd round overtime tie, the Kings were able to hang up an early 3-1 in the 2nd, as the Stars were seen in another slump. Kings . . . . .031 111 0—7 Stars . . . . .100 012 0—4 C. Matsubara and B. Chomori; S. Okada and D. Matsui.

The Padres didn't have the chance to enjoy being league leaders very long when the fourth place Manza-Knights dropped them to second position by handing them a 9-3 pasting last Wednesday evening.

The Padres, after collecting 3 runs in the initial inning were stopped short for the rest of the evening when the Knights' Tak Kitaoka tightened up and held the college lads to just a trio of singles during the balance of the game.

Meanwhile the Manza-Knights lashed at H. Tashima and T. Haga for a total of 9 runs to capture the contest easily. Kimoshinko Terazawa and Sultan Nomura supplied the fans with homers for the Knights. Manza-Knights . . .112 301 1—9 7 Padres . . . . .300 000 0—3 3 T. Kitaoka and Naka; H. Tashima, T. Haga and V. Yokota.

#### Scorpions Drub Esquires, 8-3

The hissing Scorpions gave no quarter to the big-wig Esquires as they thumped them, 8-3, in a quiet Owens league tussle last Tuesday. Bunching 6 runs in the first 3 stanzas, the Scorpions' attack was led by big maces of S. Iwamizu, K. Shimokawa, G. Seto and H. Itano. H. Yamada limited the Sheiks to 5 hits, while T. Minato was touched for 12 hits to go down with the defeat. T. Uyeda of the Scorp managed to collect 2 hits, one being a circuit poke. Scorpions . . . . .233 000 0—8 12 Esquires . . . . .000 020 1—3 5 H. Yamada and H. Itano; T. Minato and M. Shintani.
