

TODAY

BLOCK ELECTIONS HELD TODAY

VOL. II, NO. 14

MANZANAR, CALIFORNIA

FRIDAY, AUG. 21, 1942

Foreshadowing a "second front," Allied shock troops, including American Rangers, stormed ashore with tanks on the French coast around Dieppe and fought the Germans nine hours yesterday.

While the raid itself was not considered as the opening of a new front, the successful execution gave rise to hopes of an early invasion of the continent. The British Press Association said about one-third of the German air force's fighter strength in the west probably was destroyed in the massive battles over Dieppe and the English Channel.

This second front rehearsal found the Allies landing tanks from the raiding boats and engaging the Germans in a fierce hand to hand fight.

A United States submarine sunk a Japanese cruiser or destroyer in the Western Aleutian area—bringing to 23 the number of Japanese ships sunk or damaged in that area—the Navy announced today. Fog prevented "an exact identification of the type of ship," the communique said.

The selective service system today classified its "limited service" Class 1-B, the group with minor physical defects, and ordered all but the totally unfit reclassified as available for military service.

President Roosevelt exercised his emergency powers yesterday to order a private industry taken over by the Army. On orders from the White House, Acting Secretary of War Patterson directed Maj. Ralph F. Gow of the Boston Ordnance District to take possession of S. A. Woods Machine Co. of South Boston and operate the company.

On the Russian front the Germans were pressing closer to Stalingrad and the Grozny oil fields at the opposite flanks of a 250 mile battle front from the Don bend to the mid-Caucasus foot-hills. A steady tide of Nazi reinforcements beat at the Russian lines.

Without further clarifying the Solomon Island situation, Gen. MacArthur's headquarters said that the final expulsion of Japan from the islands apparently now rests on the completion of two tedious, difficult jobs—the mop-up ashore where the U. S. Marines have landed and the consolidation of naval mastery in that South Pacific zone.

President Roosevelt is bearing up remarkably under the tremendous wartime load, Speaker of the House Sam Rayburn said today in an interview.

"He is a remarkable man because a night's rest finds him refreshed and his old self," the Speaker declared.

The War Production Board expects to see 70 per cent of Roosevelt's shipbuilding goal for this year—8,000,000 deadweight tons—not only achieved but surpassed by about 10 percent.

Potential teachers' interview

College seniors and graduates who are interested in undertaking teacher training in Manzanar schools this fall, will be interviewed by Louise Fairman, supervisor in charge of student teachers, on Friday and Monday at 1-4-4.

Because only a limited number of nisei have credentials or are eligible for professional teaching, a training school will be instituted here, with Miss Fairman representing the departments of education of the WRA, the State, and University of California, as

Japanese section to resume

The Japanese section of the Manzanar Free Press which had been temporarily suspended awaiting official clearance from the Naval Intelligence Bureau resumed publication today after receiving the "go" signal from the San Francisco Regional Office of the WRA.

Although several other centers have printed Japanese bulletins and notices, the FREE PRESS was the first to carry a bona fide Japanese section. Manzanar is the first center to receive official permission to print Japanese.

Because of the general paper shortage the Japanese section will be limited to two pages which will appear thrice weekly. The first issue under the new permit appears tonight but henceforth it will be distributed on Tuesdays, Thursdays, and Saturdays. Since the English section appears on Mondays, Wednesdays and Fridays, the center will be assured of a paper daily.

The staff of the Japanese section under the supervision of Joe Blamey is composed of Satoru Kamikawa, John Senoda, Toshiaki Kunisada and James Oda. Not Miyata serves as staff artist while Setsuko Iwata operates the intricate Japanese typewriter. Distribution will be made by the night checkers and under the direction of Harry Yamashita, circulation manager.

One arrives, while Two leave center

Population figures fluctuate from day to day with the arrival of new inductees and departures of former residents. Coming here from Tuna Canyon in Tujunga on Wednesday was Harry Sampo Hiraga, while Mrs. Anna Rammular Sawahata left this city at 8 a. m. on the same day. Leaving yesterday at 8:30 a. m. was Nobuyue June Ono to establish residence at Camp Robinson, Arkansas.

NOTARY PUBLIC

To notarize absentee ballots and other papers, Mrs. Dorothy Gilmore Elmerich, a notary public from Lone Pine, will come to Manzanar tonight at 7:30 p. m. She will be in the legal aide office of the new administration building.

member-at-large.

After a year in charge of a classroom and completion of extension work in required education courses, college graduates may earn their teaching credentials. Others who have not completed their college work will enter training work under supervision of selected teachers in the elementary schools. Those who are selected to do practice teaching will be rated as professional workers, while those entering teacher training will be considered skilled workers for the first year.

Burglars take cigarettes

Three 50-carton cases of cigarettes, worth approximately \$200, were reported stolen when thieves broke into warehouse 21, the canteen warehouse, early Wednesday morning.

The burglary was the second reported in two days, the first occurring the previous day when marauders broke into the canteen.

Both cases were similar in that

the burglars crashed in by loosening the hinges and breaking the supports locking the doors. Police believe that both crimes are the works of a gang rather than an individual case since the amount of cigarettes taken would have been rather difficult for one man to handle. Several important clues have been unearthed and they are confident of apprehension of suspects within a few days.

CITIZENS SEND RESOLUTIONS

Meeting last Tuesday, the organizing committee of the Citizens Federation drafted a set of resolutions and suggestions to present to the national project director's meeting in session now at San Francisco.

One resolution asked for more furlough opportunities for Japanese in relocation areas. A letter drafted by Koji Ariyoshi asking that Japanese with private funds be allowed to relocate and operate their own businesses and farms in regions outside the defense area was read and sent to Dillon Myers, national director of WRA.

Another resolution questioned the status of the citizens in the relocation centers and the possibility of nisei girls joining the Women's Auxiliary Army Corps. Still another resolution cited the case of a nisei in the Puyallup, Washington, center who was sent to a New York maritime school. There are many Japanese men here who were deprived of their jobs due to evacuation and the resolution requested similar opportunities for them.

Continue issue of July payments

Approximately \$8,000 in cash was paid out on Wednesday to camouflage workers, the first to receive July payments, while workers of the dispatchers', production and farm projects were being paid yesterday. Payments will continue by projects, according to the paymaster's office.

All workers are reminded to bring their work orders when claiming their pay. Duplicates may be obtained at 1-5 if they are lost. The paymaster's office stressed again that all workers should claim their pay at the designated time, even though the sum may be small. The smallest pay issued on Wednesday was 25 cents.

Eizaburo Kobayashi, 3007-C, is asked to call for his April WCCA pay, while the following should collect their WCCA May pay: Misao Uyumatsu, 1576-B; Yonezumi Matsumoto, 51-A; and Yuki Sakai, 3413-B.

Thirteen blocks To participate

Another stone in the framework of Manzanar self government will be laid tonight as 13 blocks open their polling stations for the elections of their block leaders. Seventy-seven candidates nominated last Wednesday by the residents of their blocks will vie for the coveted positions.

Blocks participating are the originally-populated blocks which did not hold democratic elections in the past and the newly-settled blocks which had not yet selected their leaders. Formerly an honorary position, the job of block leader today is a paid one, requiring many qualifications. The block leaders are not only responsible for the general welfare of the block residents but must assume the distribution of all government issues, newspapers, etc.

With the resignation of Ted Akahoshi, leading force in the Block Leader's Council, the leadership of the Town Hall will fall into other hands. Block chiefs, not running for re-election in their respective blocks are: Bill Kito, block 3; Ted Akahoshi, block 5; Tom Yamazaki, block 11; and Lefty Uno, block 6.

Only block without candidates was block 1. Fred Otura, block leader, declined candidacy, while two others nominated have also refused to run. Notable was block 11 whose ballot lists 13 names. Although some issues were nominated, the candidates are predominantly nisei.

All elections will be by secret ballots with the following partial list of candidates for the various blocks:

Block 2: Joe Blamey, Misao Isakawa, Ned Kai, Kuga, Kenichiro Nakamura, George K. Nishimura, James Oda, Takeo Shimo. Block 3: Shigeo Furuta, Isao Kimura, Kaorun, Takahashi, Block 4: Takeji Higashi, Herbert Higuchi, Masaki Ichien, Hajime Inouye, Seigo Murakami, Tadainichi Nomura, Stewart Ushiyama, Kari G. Yoneda. Block 5: Aiji Hashii, Ko. Kadonada, Ushimatsu Tada, George Matsumura, Leo Murakami, Elbert Nagashima, Yutaka Nakamura.

Block 6: Yoshitake Ando, Yoshiro Kaku, Katsuo Koyama, Ben Taketomo. Block 9: George Nonoshita, Kenichi Tanaka, Gumbi Tana, Ned Uematsu. Block 10: Joe Kobayashi, Herb Nakamura, Dick Shirayama. Block 11: Isao Fujita, Fred Kato, Takuji Kurozumi, Tom Maruyama, Mitsu Miyamoto, Shinichi Ogura, Yuki Tatsumi, Henry Tsuchiya, Rinepi Tsuchiya, Hideo Tsuno, Hideoy Uyeda, Tom Watanabe, Henry Yamaguchi.

Grammar schools Hold open house

Open house for parents and friends of elementary school pupils is being held tonight from 7:30 to 9:30 p. m., marking the end of a successful term of the summer schools conducted by volunteer nisei tutors under the supervision of Mrs. Blanche Chester and Vidya Chandra, elementary school teachers. Open house was also held last night.

Resident dies of Cerebral thrombosis

Stricken with cerebral thrombosis Wednesday night, Ageishi Kusae, 54, of 1-11-2 passed away at 9:15 p. m. Otsuya will be held at 8 p. m. Saturday in 1-15, while funeral services have been set for 10:30 a. m. Sunday at the same place. Rev. Izumida will officiate at both services.

Club donates sum

Proceeds from their recent charity dance, totaling \$33.87, were presented to the Community Welfare fund by the Phi Sigma Kappas on Wednesday, in care of Mrs. D'ille of community services. In a letter accompanying the presentation, the girls requested that the sum be used "wherever and whenever needed most." They also offered their services to the welfare division at all times.

'Kibei' differentiation made

In answer to questions submitted by the Manzanar Student Relocation committee regarding the status of the kibei and the relationship of student relocation and the general work placement programs of the WRA, the following recommendations were made by Joseph Conrad, executive of the National Student Relocation Council:

- (1) At the present time student students will not be placed in the same category with those who seek permits under the more general scheme.
- (2) Although no permits are being issued to the University of Utah and to other institutions within the Western Defense Command Area, this does not necessarily represent the settled policy

of the government. (3) Although no definition has been made regarding the status of the kibei who has received the substantial part of his education in Japan, individuals who visited Japan for a short period for family or business reasons will be considered equally with those who have never been abroad.

(4) Students who plan to enter institutions on a part time work basis will be classified as students, although the relationship between student permits and general work permits may be subject to other considerations. A representative of the Student Relocation Committee of the Pacific Coast will bring news of latest developments and intervisually represent the settled policy

From Other Centers.

SANTA ANITA . . .

Hail, the new manager of the Santa Anita Assembly Center! It is Gene W. Wilbur, ex-assistant manager . . . Another barber shop has opened here . . . Approximately 25 high chairs are being built for each mess hall . . . The Ueda family this week bought \$2800 worth of war bonds this week, making a total of \$6800 invested by them in U. S. bonds . . . Thirteen nurses' aides received their American Red Cross Nursing certificates this week.

IN TULELAKE COLONY . . .

Community enterprises here at Tulelake Relocation Center are being discussed by the cooperative advisory board and block co-op representatives . . . Carleen No. 3 suffered an estimated damage of \$4000 in a recent fire, caused by a shorted wire. This was Tulelake's second big fire . . . Workers started receiving their June advances last weekend . . . 1392 buildings comprise the colony.

FRESNO . . .

All the glamour of Hollywood will come to this center as parts required on the movie projector arrived over the weekend. The Grapevine announced that "shows will be flickered on the silver screen" twice a week or oftener . . . Columnist Richard Itanaga in "Between the Barracks" writes, "HOW ABOUT 'TONGS'?" They call one of the glamorous females here the "appendicitis girl" the kind that gets taken out . . .

TANFORD . . .

Headline says, "Cupid Snares First Center Pair: Wedding on Sunday" as James Hirabayashi took Shizu Mitsuhashi as his bride last Sunday afternoon with Dr. H. Gill performing the ceremony . . . During the week, "Hold That Ghost" was shown to center residents four times . . .

MERCED . . .

Keep 'em flying! A kite flying contest for boys under 16, over 16, and for girls and issei is being conducted during the week . . . A "Yogore" dance was sponsored by the Sanitation department with stags and stagettes invited to "come as you are." Admissions were packages of cigarettes, gum or a bar of candy, to be given the Military Police stationed there . . .

Yamada-Nishida Engagement told

The engagement of Helen Shizuko Yamada, 3-13-1, to Shogo Nishida, 15-10-2, was announced at the Delta 'Y' installation dance last Friday night. Miss Yamada is the vice president of the club. The wedding day was not revealed.

To our friends . . .

May we extend our thanks to everyone for their kind assistance and generous gifts on the happy occasion of our marriage.
Mr. and Mrs. Nori Masuda

Introducing . . . OUR AUNT MIYA

The beloved "Aunt Miya" who many years ago won the hearts of hundreds of nieces and nephews through her friendly counsel and fellowship via the "Junior and Senior Column" in the Nichiei, is the same Mrs. Miya Kikuchi who, as the sympathetic and wise head of the Family Relations Department of the center, has once again aided numerous residents, including many of these same adopted children, now grown up.

After over two and a half months of tireless work for the people of Manzanar, Mrs. Kikuchi has retired into private life. Patching up family troubles, aiding the needy, setting the social welfare program into motion and giving out counsel on numerous personal matters have been only a small part of her work. Taking up where she left off is Mrs. Margaret Dille, new director of the department.

The charming, enterprising and resourceful matron claims Kauai, Hawaii, as her birthplace. At the age of four she came to the mainland and attended San Francisco school. After graduating from girls' seminary in Athens, Alabama, she entered the University of California.

Her college education was interrupted by the untimely death of her father, and she was forced to leave school to take over management of her late father's huge farm in the San Joaquin Valley. Making her way through college was slow and difficult progress, but she gained invaluable experience and practical knowledge through her various jobs.

It was during this interval that as Aunt Miya, she brought the "Junior and Senior Column" into being for pen pals. Many lasting friendships were started and many nisei writers embarked on the field of creative writing through this column, encouraged by Aunt Miya.

Her hard work was rewarded, for it was with "Cum Laude" honors that she received her B.A. from the University. She went on to garner her M. A. degree as well and even started her thesis for a Ph.D. degree.

While working on her thesis, Mrs. Kikuchi performed valuable work for the Society of International Cultural Relations. She was also instrumental in setting up one of the information agencies in Rockefeller Center, New York.

Dr. Yoriyuki Kikuchi, her husband, was one of Los Angeles' leading dentists before coming to the center.

PLATTER CHATTER

Here's why you don't hear Ray Eberle with G. M. anymore. It seems the romantic vocalist wasn't up to par in his conduct and like a sudden gust of Manzanar dust Ray was fired from the Miller organization. This all happened last month when the troupe was in Chicago. Skip Nelson, the new vocalist from Pittsburgh, was called on 24 hour notice and flew by air direct to the Windy City from New York. Ray is now with the Gene Krupa ork, replacing Johnny Desmond who's in the army . . . The draft has disbanded such name bands as Will Bradley, Eddy Duchin, Orrin Tucker, Raymond Scott, Red Norvo, Dolly Dawn, Artie Shaw, Leighton Noble and Dean Hudson . . . Frank Sinatra doesn't seem so steady on the Dorsey organization and is about to leave the sentimentalists. Meanwhile Goodman is holding on to Dick Haymes, former James chirper, despite tempting offers from T. D. who is trying to snag Haymes to replace Sinatra . . . New Capitol records are appearing on the market. The new discs feature Martha Tilton with Gordon Jenkins, Johnny Mercer, Bobby Sherwood, Paul Whiteman, Dennis Day and many others . . . This "Strip Polka" is reported to be hittin' its stride on the coast and it seems it's no wall flower at the 2-15 rec hall . . . Woody Herman is still at the Palladium, Henry Busse is about to leave the Trianon to give way to Count Basie . . . Because of the 50 percent cut on record production many firms are now dropping their class B orks from the list.

No Catholic rites

There will be no Catholic services this Sunday. Services are held every other Sunday morning at 3-15.

The WRA and education

The WRA in the planning of minute details of center management has retained its perspective. In a statement of policy regarding the education of the Japanese-Americans they recognize that the formation of self-supporting communities out of the mixed collection of individuals and families is a "herculean task," which will require the radical alteration of old social and economic patterns. It says:

In such a society every individual is a pioneer who must not only find his place in society and his community, but help to create the body of that society as he goes. The fact that in the beginning there can be little effective established leadership and few recognized channels of group action is likely to render the process a fumbling and painful one.

The primary task of the schools in the Relocation Centers is to develop an educational program which will promote understanding of American ideals and loyalty to American institutions and train for the responsibilities of citizenship, of family, and for economic independence both on the projects and in communities to which the students may return. The schools must provide the interpretation necessary to help individuals and groups to adjust to the shocks of evacuation and to the unusual conditions of life within the Relocation Centers, and prepare them for reabsorption with a minimum of handicap and friction into normal civilian life.

The schools must be responsive to conditions and needs within each center, and at the same time maintain standards which will enable students to transfer without prejudice to other schools, to enter colleges, and to obtain outside employment; and they must provide sufficient contacts with the main currents of American life outside the area to prevent intellectual stagnation and inbreeding.

The school is perhaps the most important institution carried over into the Relocation Centers, and the one least changed in its functions. It can become, in a measure often dreamed of by educators, but seldom realized, an effective instrument of community planning and building.

The tearer-downers

Lately under the wear and tear of difficult conditions the fabric of our self-government system is wearing thin. The chamber of the Block Leader's Council as well as many other departments has rocked with the sound and fury of petty and personal controversies. Little men with even smaller minds run busily to and fro, pulling the props from under our developing leaders.

It has oft been repeated that a government is only as good as the people who participate in it. Therein lies the strength and the weakness of a democracy.

There is nothing wrong with our system of self-government. If we will only make the effort we can shape it into everything that we desire. Already the assembly centers have lost their right to govern themselves due to indiscrete abuse of their privileges and fighting among themselves. If our self-government should fail it will only be an admission of our own incompetency, our inability to rule ourselves.

We have all observed how carefully a child builds up his blocks. It requires the greatest effort and concentration. But another child coming along can knock it down with a flick of a finger. It is hard to create but easy to destroy.

Let's be builder-uppers, not tearer-downers!

In Appreciation . . .

The family of the late, beloved Ruby Watanabe, wishes to express its sincere gratitude for the kindness and sympathy extended by friends and neighbors during the hour of bereavement. Since we cannot thank each one individually, we wish to relay our message through this medium.

Local farm project acclaimed success

Manzanar's farms have yielded crops totaling \$4,796.51 in value up to Aug. 15. In spite of adverse weather conditions, the quality of the farm produce has been exceedingly high and the acreage yielded far better than expected, it is reported.
 This year only 120 acres have been utilized, mainly as an experiment to find out what types of crops grow best in this climate and soil. Next year 400 to 500 acres are expected to be planted, yielding enough crops to supply the entire camp.
 Highly pleased with the work of the Japanese farmers, H. R. McConnell, farm superintendent, said: "The farmers have done an excellent job this year. Their attitude, as a whole, and the marked improvement of their morale, has made the farm project a huge success."

All farm produce grown in the Manzanar farms has been consumed by the center residents.
 At the present time, 124 men are working on the farms, with the majority being Issei. Yoshio Suchara is the assistant farm superintendent, while Katsugoro Kawase is the general foreman. Assisting Kawase are six junior foremen: John Fukusawa, Ken Onishi, Harutaro Takata, Noboru Miyamoto, Banichi Iguchi and Eizo Yukawa.
 Recently a research chemist was added to the farm project. He is Frank Kagoto Shimoda, 31-9-4, a graduate of the University of Michigan, who is devoting full time to research work in soil analysis, and will later mix fertilizers and manufacture insecticides.
 In the orchard division, Takeo Shima, orchard foreman, and his assistants, Hideo Marumoto and

Gunmi Watanabe and their crews are waiting for ladders to arrive so they will be able to pick pears. About 4,000 boxes are expected to be harvested from the pear orchards this year.
 Probably by next year a cost accounting system will be used at the farm office to determine the cost of production per unit for the entire year. So far this year the turnips have produced the biggest crop and credited the farm with the highest monetary returns based on Los Angeles market quotations. Cucumbers have taken second place in production yield with 712 lugs. Summer squash and Italian squash also have been high in crop yield.
 Crops yet to be harvested on the local farms are corn, tomatoes, and watermelons. Most of these crops can be harvested if frost comes late this fall.

CHRISTIANS PLAN OUTDOOR RITES

First public announcement of the dedication of the Manzanar Christian church will be made at an outdoor inauguration ceremony this Sunday, Aug. 23, from 7 p.m. at the firebreak between Blocks 9 and 15. Dr. Frank Heron Smith, superintendent of Japanese Missions in evacuation centers, will be the guest speaker.
 Following is the program: hymn, congregation; Scripture reading, prayer, Reverend Fujimori; trumpet solo; speaker representing Manzanar church, Dr. Kikuchi; Y. P. choir; "The Place of Religion in Manzanar," Mrs. D'Ille, assistant to chief of community services; vocal solo, Dr. Smith; representing Manzanar Christian Y. P. Dick Narita; vocal solo, Miyu Kikuchi; address, Dr. Smith; Doxology, congregation; Benediction, Reverend Kashi-tani.
 Chairman for the program will be the Reverend Abe.

ELECT COUNCIL

General policies and program of out-of-high-school girls' organizations will be discussed, and election of a club council will be held at an open meeting this Monday, 8 p.m., at 32-15.
 Club presidents, vice-presidents and representatives of employed girls' clubs will be present. Any girl who has not joined a formally organized club, but who is interested is also cordially invited to join the discussions.

'Evening under stars'

Beloved American favorites sung by Jeanette MacDonald and Nelson Eddy will highlight Sunday's "Evening Under the Stars" program. The MacDonald-Eddy combine will present old favorites as "Indian Love Call," "Farewell to Arms," "Ah, Sweet Mystery of Life" and "Will You Remember." The background and commentary will again be handled by Henry Ushijima. Program will begin at 8 p.m. at firebreak 10-11.

Three new babies

Three baby boys were born at the local hospital during the last weekend. Proud parents are Mr. and Mrs. Saburo Hayashida, 3-3-4, whose son, Satoru Leonard, was born at 4:35 on Aug. 15; Mr. and Mrs. Sakaye Kinoshita, 19-5-3, whose baby, George, was born at 12:10 p.m. on Aug. 16; and Mr. and Mrs. Matsumoto, 24-4-1, for whom a baby boy arrived at 12:45 p.m. on Aug. 15.

Plan community museum

Do you have a collection, an exhibit, a model, or something of interest that you can loan to the visual education department?
 K. Tsuchiya, for 15 years curator and lecturer of the Hyde Park Museum in Chicago, was appointed director of the visual education department in the Manzanar schools by Dr. Carter this week and made the request.
 "There are many interesting specimens and exhibits waiting for us around Manzanar," Tsuchiya comments, "the animal life, plants, rock formations, historical sites of the community, or relics of older societies." Tsuchiya has started preparing and classifying collections of local specimens and models as suggestions to all ages, children to adults, whose interest in nature and history will lead to develop-

ment of the Manzanar Museum.
 Visual education materials will include a classified collection of pictures for classroom use. Soon they hope to have stereoscope and picture cards as well as educational films and slides.
 Toyo Miyatake, photographer and model expert, has recently been added to the staff and is preparing a large paper mache physical map of Inyo County.
 The museum will be the cooperative work and interest of Manzanar adults as well as the school children. Contributions will be carefully protected and credited to the donor. A panorama of Manzanar life will be the central theme of the Community Museum.

Free, at last

Happy? Why, naturally.
 After weeks of isolation because of measles and chicken pox quarantine, the energetic children of the Children's Village are once again free to roam about with their friends.
 The quarantines, which were placed on the Village following their arrival here, were lifted on Tuesday, according to Harry Matsumoto, supervisor.

Sport Core

DOUBLE TIME—This should interest all Owens leaguers: So that this lagging loop might finish the season at the same time as the other leagues, it is slated to begin on a double-heading bill every night, starting next week at the convenient No. 1 (American) diamond . . .

LIFTING SHOW—Due to such short notice on which to act and train, the date for the weight-lifting contest has been requested to be extended to next Sunday, Aug. 30. Time 2:30 p.m. Place, under trees between firebreaks 10-11, . . .

PRODUCTION PRODUCING—This league is manufacturing more fans daily . . . with all defeats taken on lightly . . . wins taken lightly, more on the exhibition angle . . . and of course, more errors . . . Schedule: Sat. Mystery 9 vs. Platter Turners; Sun. Country Hicks vs. Manzanar Aces; Mon. Open date . . .

IT COULD HAVE BEEN—If Takeda, Okamoto and Kano were off the crippled and sick list, the Marlin boys might have been chanting another tale . . . for even the fans viewed a superior in and outfield, including 13-year-old Murata, who almost touched Amos for 2 bingles . . .

LET'S PLAY GAMES EARLIER—With daylight on a short time scale, this confusion of replaying games and postponements can be avoided if both teams' managers can have a mutual nodding . . .

SCORPS-FLUSH—Scorp boys may boost their bat averages as they outhit rivals 12-8, but lost a 10-8 decision . . .

HALF-GAME LEAD—After a 5th place tie-up with the Phantoms, the V. Aces are that much in the lead. They both boast a win over the leading Marlins and Padres . . .

'A' SCHEDULES

Visitors	Home team
Dia. Saturday	6:30 p.m.
1—Dusty 9	vs. Sluggers 9
2—S.F. Aces	vs. G. Kings
3—V. Aces	vs. S. Padres

Dia. Sunday	
1—Diehards	vs. Esquires
2—Royal Y	vs. T. Alley
3—S. Monica	vs. Police
4—Has Beens	vs. Slickers
5—Bulldogs	vs. R. Flush
Dia. Monday	
1—Eagles	vs. 7-11
2—O.C. Aggies	vs. Yogores
3—Uptowners	vs. M. Knights
4—Rusty 9	vs. 30-40's
5—Scorpions	vs. B. Runners

Flushes Outhit But Manage to Win, 10-8

In a free-hitting Owens league contest called in 6 innings because of darkness, the Royal Flush defeated the Scorpions by a 10-8 count.

A 4-run Royal "F" uprising in the 4th broke up a 4 to 4 deadlock and led them on to victory. Two more tallies in the 5th made their total of 10 runs. The Scorpions made the tussle close by scoring 2 across the plate in the 5th and 2 in the 6th. The losers, however, out-hit the Flush nine, 12-8, with the Scorpions' S. Sano collecting a modest 3 for 4 and S. Iwamizu walloping out 3 hits in as many attempts.

Scorpions . . . 121 022—8 12
Royal Flush . . . 022 428—10 8
H. Yamada and H. Itano; M. Oba and I. Okamoto.

Ohashi Spoils Pirate Pitcher's No-Hitter

Behind 2-hit pitching of K. Yamamoto, Pirates made it all straight in defeating the Diehards, 9-4, last Tuesday to win their 13th victory to pace the Owens league.

Held scoreless the first 2 frames, the Pirates set up 2 runs in the 3rd on M. Miki's homer, sending A. Kaino in front of him. A 7-run spurge in the 5th backed by 6 hits clinched the game for the Pirates.

K. Yamamoto was headed for Manzanar's hall of fame until he met S. Ohashi in the finale. Ohashi spoiled a perfect game with a single to left to make way for Diehards' tallies.

Diehards . . . 000 004—4 2
Pirates . . . 002 070 x—9 10
P. Bannai and S. Yamamoto; K. Yamamoto and F. Ohara.

Royal Y Ekes 11-10 Win Over Aggies

Royalers came home on top of an 11-10 hair-raiser Tuesday by gathering their 3rd season victory over Orange County. The battle was called off in the 6th, due to darkness.

Royal Y's 6-run rally in the 2nd was broken by the Aggies' 5 runs in the 4th, the latter taking the lead 7-6. Held scoreless for 3 frames, the Y men beat out a 5-run rally in the finale to enjoy a one-point victory.

O.C. Aggies . . . 020 050—10 13
Royal Y . . . 060 005—11 11
Nishida, Osumi and Miyasaki; Masuda and Maruyama, Masakoda.

Saturday 2-3 ft. 6:30 p.m.
Unknowns vs. All Shots

H. KAYASUGA TAKES BATTING CROWN

FRIDAY, AUG. 21, 1942

Center Golfers Tee Off Soon

A Manzanar Golf club has recently been organized and all golf enthusiasts are urged to join, according to A. G. Neilson, Supervisor of Community Activities.

Instruction will be given to beginners by experienced golfers. Anyone interested is asked to see either Mr. Shiozaki or Mr.

Ishizuka, secretaries of the organization.

The course is in its prime stages of completion, located just south of the picnic creek, under the supervision of Mrs. Kay Monimoto and Mr. Tokuchiro Hori. Help and cooperation of would-be golfers is needed in order to complete the job, urged Neilson.

Koto Tanaka Tames Phantoms with 2 Hits

The Victory Aces led by Koto Tanaka's superb hurling handed the Phantoms a 10-2 set-back and dropped them into 6th position in the International race last Wednesday evening.

Koto was really in the groove, limiting the enemy to just 2 bingles with their only runs coming in the first canto. But the rest of the game when it came to getting runs was a matter of goose eggs for the Phantoms.

Meanwhile the Aces jumped on the other Tanaka brother, Togo, and took advantage of Phantom miscues by banging in 10 runs to triumph.

Phantoms . . . 200 000—2 2
Victory Aces . . . 104 023 x—10 7
T. Tanaka and R. Ono; K. Tanaka and M. Maeda.

Has Beens Thump Eagles for 17th

The unbeatable Has Beens of the Manzanar league chalked up their 17th straight triumph in loop competition by tripping the Eagles, 14-5 last Tuesday evening.

The Has Beens started off the fireworks in the 1st frame by banging in 7 runs and continued to score 5 more in the next two rounds to completely master the game. The Eagles crossed the plate three times to enjoy their big inning in the sixth.

They totaled 6 hits off H. Tochioka while the Has Beens collected 13 safeties.

Has Beens . . . 732 000 2—14 13
Eagles . . . 100 013 0—5 6
H. Tochioka and B. Okamura; K. Inouye and G. Yamashita.

Tony's Alley Setback Warriors, 11-9

The highly touted Warriors fell off their high horses yesterday, when the Tony's Alley rocked them back for a 11-9 loss in a big Nationaler.

The Warriors took quick possession of the battle, emerging 6-3 in the 2nd. In the same inning Tony's S. Nagai scored the first circuit clout.

Netting a tight defense, the "green T's" went after 2 more in the next canto, with F. Ito, Yamauchi's triples. Gearing into a fast 5th, they clouted hurler Kishi for 5 runs for their big rally. A hit over left wall by Yamauchi, cleaned the bases to turn the tide in their favor.

H. Nakayu was on the deliver stable, claiming his first win. He also led his mates with a 3 for 3. Tony's Alley . . . 210 250 1—11 12
Warriors . . . 060 030 0—9 7
H. Nakayu and P. Higashi; J. Kishi and W. Fujioka.

H. Nakayu was on the deliver stable, claiming his first win. He also led his mates with a 3 for 3. Tony's Alley . . . 210 250 1—11 12
Warriors . . . 060 030 0—9 7
H. Nakayu and P. Higashi; J. Kishi and W. Fujioka.

H. Nakayu was on the deliver stable, claiming his first win. He also led his mates with a 3 for 3. Tony's Alley . . . 210 250 1—11 12
Warriors . . . 060 030 0—9 7
H. Nakayu and P. Higashi; J. Kishi and W. Fujioka.

H. Nakayu was on the deliver stable, claiming his first win. He also led his mates with a 3 for 3. Tony's Alley . . . 210 250 1—11 12
Warriors . . . 060 030 0—9 7
H. Nakayu and P. Higashi; J. Kishi and W. Fujioka.

Ramblers' Higa in Second With .466

Hiro Kayasuga's 35 hits out of 75 times at bat led the league with a .466 average. The speedy Gopher was above the .500 mark before the last two games, but fell. "Dean" Higa, who led the Ramblers' attack, earned a .466 record. Wonders' Jack Miyasaki ended with a .424 average before the last five games. Taka Goto was the second reason why the Gophers took the crown. In 15 games Goto ended with a .419 clip.
