

NASH LEAVING For WASHINGTON POST

Project director named to important post Heading S. A. division of economic warfare

Accepting a transfer to an important war post in Washington, Project Director Roy Nash is expected to leave Manzanar at the end of this month after serving four months as the head of this relocation center.

He will be named Head of the Brazil-Ecuador Unit in the American hemisphere division of the Board of Economic Warfare, which is headed by Vice-President Henry A. Wallace. His job will be to supervise the pooling of our country and Brazil's and Ecuador's economic resources in the pursuit of war against common enemies.

Nash will go to his new post well qualified with the knowledge of the Brazilian situation. He has been in Brazil twice, the last time in 1941 when he conducted a survey for the National Defense Council. He has lived in the interior of Brazil, acquired a knowledge of Portuguese, and in 1928 published a book, "The Conquest of Brazil."

Roy Nash came to Manzanar on May 15 from the Indian Service and became the first project director under the WRA on June 1. His forthright and sympathetic approach to the problem of relocation won him the respect and friendship of the Japanese people.

His successor has not yet been named by Dillon Meyer, head of the WRA. It was expected that the announcement would be soon forthcoming.

Grand openings Held by kitchens

The much catered cafeterias of Blocks 25 and 31 signed with relief Wednesday morning as Block 35 opened for business, serving 560 diners at luncheon.

This grand opening awaited by block residents for weeks, drew down the record patronage, thanks to: (1) well prepared food (2) friendly atmosphere, with smiling service, (3) gay curtains, painting on the walls (4) musical recordings. Carpenter crews working on the block's insulation also dined at the premiere which featured a delicious jelly roll dessert whipped up by the baker after block residents had donated their own supply of sugar brought up from Los Angeles.

Kenzo Nagano is the chef at block 35 kitchen.

MANZANAR FARM NETS THOUSANDS

Manzanar's farms have produced \$16,298.55 worth of vegetables and fruits for the mess halls, according to figures released today by H. R. MacConnell, superintendent of farms. The value of local produce is taken from the daily Los Angeles market quotations.

The figures released by the farm office does not include the carload of watermelons shipped to the Tululeke Relocation Center last Monday. Another carload of watermelons was shipped to the Parker Relocation Center Thursday.

Idaho Furlough

Manager R. O. Hatch of the Amalgamated Sugar Co. of Burley, Idaho, reached Manzanar yesterday.

One hundred men will be interviewed Monday and those selected will leave for Idaho Wednesday.

Calendar

Topping today's activities list are two important meetings.

With Hiro Neeno as chairman, the Co-op Congress will hold its session in mess hall 32 at 1 p.m. sharp. Delegates from each block will hear the decisions made by the board of directors.

The customary bi-weekly Town Hall Forum will be held in mess hall 1 when Project Director Nash will appear to answer questions on center policies. The public is cordially invited to attend this popular meeting to be better informed about the WRA policies.

Japanese music Policy explained

Stating that unwarranted accusations have been placed on innocent parties on the banning of the teaching of Japanese music in the center, Alex Nielson of the Community Activities Division, cleared the matter by declaring that the ruling came through Mrs. Adams of the Regional Office.

"The WRA does not intend to promote ideals and cultures of nations with which we are at war," he explained. "So long as patriotic music is not played, Japanese music may be played in the center but it will not be sponsored by the government. Paid teachers or special rooms or quarters cannot be provided for them."

PRODUCTS SHOWN

To show that Manzanar farmers can produce the best vegetables and fruits in Owens Valley, samples of the products grown here were sent to Lone Pine Wednesday to be displayed at the offices of the Inyo Independent, Lone Pine's weekly newspaper published by George Savage and Roy French.

Among the vegetables and fruits leaving the center for the newspaper offices were watermelons, honey-dew, mushmelons, Hubbard and banana squashes, cucumbers, turnips, beets, okra, pumpkins and radishes.

Notify change

In instances where the number of apartments in a building has been increased to five rooms, it is requested by Hiro Neeno, mail coordinator, that the Mail Delivery department at 7-3-4, be immediately notified of the change of address.

Asked to claim their newspapers now at the postoffice are: William Katsuki, Henry Ushijima and Dr. Takahashi.

Plant physicists arrive from Santa Anita

Augmented by the arrival of three plant physicists from the Santa Anita Assembly Center, the Chemical Research Division of the guayule experimental project here has now a staff of nine experts headed by Dr. Kenji Nosaki.

Fumiko Makino Takahashi, and George Kitazawa arrived at the center Monday morning from Santa Anita to assist in guayule research.

The Chemical Research Division staff consists of the following persons: Dr. Kenji Nosaki, organic chemist; Masao Kodani, genetic-cytologist; Frank Hiro-sawa, rubber chemist; Satoru Kohigashi, rubber chemist; Shinsai Nishimura, nuclear physicist; Masanobu Miyaji, rubber chemist; Fumiko Makino, zoologist-cytologist; Kenji Ushijima, biologist-cytologist; and George Kitazawa, agricultural chemist.

300 OFF TO MONTANA

Fall school season starts With elementary classes

School days have finally come to Manzanar as the elementary schools opened on Thursday, Sept. 17. The following halls were designated for elementary and nursery schools: 3-15, 5-15, 9-15, 10-15, 11-15, 17-15, 20-15, 21-15, 23-15, 27-15, 30-15, 31-15, and 32-15. 2-15 will be one of the class rooms of the high school and 35-15 is the teachers' training and adult education headquarters.

Some of the halls will be used for adult education classes and others as recreation halls in the evenings.

The adult education classes will be held in 33-15, 10-15, 9-15, 23-15, 11-15, and 20-15.

Other halls which are in use are: 8-15 Museum and Library; 13-15 Buddhist Church; 15-15 Protestant Church; 19-15 YWCA; 4-15, 6-15, 14-15, 16-15, 18-15, 26-15, and 28-15 are arts and crafts halls; 12-15 library is the reading center and for quiet meetings; 24-15 is the music hall, and 34-15 is the general recreation hall.

August payments Get under way

This noon marks the deadline for the camouflage workers to collect their August wages, as payroll sheets have to be sent to San Francisco in order to get more bonded money for the payment of the other projects, it was announced. Payment of the camouflage workers began yesterday.

Approximately \$15,000 were distributed since Thursday when farm laborers, fire department, timekeepers, painters, planning and drafting crew, janitors, coal crew, landscape gardeners, carpenters, pump crew, stove repairmen, irrigators, land improvement staff, ground laborers, carpenter shop workers, plumbers, chlorine crew, truckers, swamper, outside carpenters and linoleum layers were paid.

It was again stressed that workers call on time and bring their work orders.

The promotion of all workers, except trainees, apprentices, and helpers from "A" to "B" ratings is to begin from Sept. 1, according to Mr. Charles Branders of the personnel office. All workers will get their revised new work orders as soon as they are made.

Eurians eligible For release

Many persons of mixed blood and parties to mixed marriages who may be eligible for release from the center under the new mixed marriage policy have not yet registered their status, declared Thomas M. Temple, chief of the Community Services Division, who urged all persons in the category to register immediately with Masao Kodomatsu in charge of this service at 1-3-2.

Even though many of these persons do not have immediate intentions of leaving this center, it would be wise to have their status known by our office in order that they may be cleared by the regional office for immediate release when their wishes do so are made known," Temple stated.

MACHINES ARRIVE

With the arrival of 50 more power sewing machines, the total of 100 power machines is now available for the new garment factory which will be temporarily located in Warehouse 31 next week until the construction of the new building just west of the camouflage factory is completed.

At the present time the garment factory is located at Block 2 Ironing room under the supervision of Mrs. Taya Jew and Miss Aiko Miyoshi, designer, who have 10 girls working for them, making 600 camouflage masks daily.

Kimball leaves

After giving advice and assistance in the new community government set-up here, Solon Kimball, of the regional WRA community services office in San Francisco left the center Tuesday night to return to his San Francisco office. He will be back next Tuesday to give further assistance to the Commission on Community Council.

Workers chosen by Blocks by E. Irons

Three hundred husky volunteers, first of the best harvest workers to leave this fall, were busily packing their bags as the paper went to press. They will head for the best fields of Montana which belong to the Utah-Idaho Sugar Company.

Recruiting was conducted by blocks with Elmo Irons, agent for the company picking the men. Numbers were drawn from a hat indicating the order in which various block volunteers were interviewed. Men were chosen with experience being the chief qualification.

Leave by Bus
It was expected that the furlough workers would be ready to leave tonight, going by bus to Reno, Nev., where they will train for Montana. Their final destination is Chinook, Mont., where they will be employed by approximately fifty different farmers.

The boys will be divided into working units and will be housed on individual farms which are scattered in a 150-mile radius around Chinook. The workers are urged to form their own congenial work groups.

More Workers Needed
As farmers anxiously awaited the arrival of the harvest workers, preparations were rushed to transport the boys to Montana by Sept. 20 when actual harvesting must begin. When harvest gets into full swing and more workers are needed, Manzanar will be asked to supply them, according to Irons. Speaking for the Utah farmers, Irons said that Utah will recruit its workers from the Delta Center.

The harvest work which will consist of topping and loading was expected to continue until the beginning of November, but (Continued on Page Three)

CITIZENS URGED TO REGISTER

Applications for registration by Los Angeles county absentee voters must be made not later than Sept. 24 with the Registrar of Voters, 808 N. Spring St., Los Angeles. It was disclosed here this week.

Written request for application forms must be made first. The Registrar's office then mails necessary forms which must be filled out, notarized and returned. Additional request for absentee ballots must be made to qualify voters for the November general elections.

Manzanar citizens who voted by absentee ballot in the August Primary election do not have to register. However, they must send a written post card request to the Registrar of Voters to have their November ballot sent to them.

Persons who failed to vote in the last election must re-register. Citizens who have attained their majority since coming to Manzanar may also secure registration by mail.

First duty of citizenship

The fact, which we are painfully aware of, but which is not generally known or recognized by the American public is that the majority of persons in evacuation centers are American citizens. To these citizens who are searching for every opportunity to retain and to assert their citizenship rights, a recent announcement by the WRA regarding their voting rights and the procedure for absentee registration is of tremendous significance.

A conclusion is reached, first of all, by the solicitor that it is improvable that evacuees in War Relocation Centers will acquire a voting residence in the State and County where the Centers are located, but that they may vote in the State and County from which they were evacuated if they are properly registered there. This was borne out in California's primary election, and allayed the fear of the valley residents here about the Japanese sweeping the local county election.

In order to exercise their right of ballot, therefore, it becomes necessary that citizens in relocation centers are properly registered. Note the following:

"If you voted at either the primary or general election in 1940, you are properly registered for voting at this time unless you moved to another precinct in the State after that time and before your evacuation and did not register in that precinct. If you did not vote at either of those elections and have not registered since that time, you are not now registered.

"If you are not registered and wish to do so, you must write to the County Clerk of your home county and ask him to send you a registration affidavit in order that you may register to vote in that county. When he sends the affidavit to you, fill it in, sign and swear to it before a notary public, and return it to your County Clerk immediately."

We presume, and the legal department of this center is of the opinion, that this includes those citizens who have come of voting age since coming to the center. We urge all young people to apply for their registration affidavit.

Remember that you may register up until September 24th for the general election to be held on November 3rd. This leaves less than a week for the deadline so the application should be made IMMEDIATELY.

NEWS IN BRIEF

APPENDIX OPERATION

Helen Aoki of 16-10-2, feature editor of the Free Press, was rushed to the hospital for a major operation by Dr. James Goto, last Wednesday night at 7:15 p.m. She is expected to be out in about two weeks.

PAUL KELLY VISITS

To the dull monotony of Manzanar life was added a flurry of excitement Wednesday afternoon with the surprise visit of Paul Kelly, motion picture actor. Accompanied by his stunning blonde wife, he attracted attention at the canteen and Kitchen 21. He is taking flying lessons at a nearby airfield.

DRIVERS ATTENTION!

All applicants who recently took tests for drivers' licenses are asked to call at Motor Pool to receive their permits as soon as possible. Mr. Macnair will handle those calling from 8 a.m. to 5 p.m., while Mr. McLaughlin is on from 5 p.m. to 9 p.m. at the Dispatcher's Office at 2-15-4.

35 KITCHEN OPENS

Mess hall 35 has opened and is operated by chief cook Kenji Nagano and his crew.

JOINT GIRLS' CLUB

The Girls' Acquaintance club of blocks 35 and 36 held an installation party in Mess Hall 35, Sunday afternoon, Sept. 13. There were games, singing, refreshments, and discussions of plans for the future.

INITIATION DANCE

Initiating the opening of mess hall 7 as the new social hall, an open house dance will be held tonight from 8 p.m. sponsored by the recreation department. Everyone is invited to this public dance but it will be for couples only.

GROW A GUAYULE

Grow a guayule in your back yard! The guayule lath house is giving away plants to those interested in raising this temperamental hope of the rubber industry. Guayule plants are already being raised in the victory gardens as well as in the lath houses and by the project proper.

HOME AGAIN

Leaving this center three weeks ago to visit her daughter in San Francisco, Mrs. Elaine Rose Yoneda of 4-2-2 returned here by bus at 5:15 p.m. on Tuesday.

OLIVER CLUB

The Oliver club held its regular meeting yesterday at 7 p.m. at 21-15.

Dear Editor:

Dear Editor:

We boys from Hawaii who are at present in training at Camp McCoy would like to correspond with girls between the ages of 18 and 23. We would appreciate it a lot of you would kindly give my address to anyone who wishes to write to us:

Pfc. George Yamashiro
Hq. Co. 100 Inf. Bn.
Camp McCoy, Wisconsin.

We promise that all letters will be given to several people of our battalion who are sincere in their wish to write.

Recently I had the opportunity to read the newspaper "Pacific Citizen" of Aug. 27, 1942, and we boys are very glad that you folks are keeping up the morale among the Nisei.

Sincerely yours,
George Yamashiro.

Dear Editor:

It looks to me that the leaders of Manzanar Citizen's Federation have holed up, and are about to hibernate for the winter. It is an implied admission on their part that they represent the minority instead of the majority of the American-Japanese citizens. If their contention is still on the affirmative; then, why not come out and debate the issue with the public. I will accept an open challenge from any member of the Manzanar Citizens' Federation.

Sincerely,
J. Kurihara,
27-14-4.

START 'KARUTA'

The game of "karuta"—ancient Japanese poetry card game—came to Manzanar when about 15 adherents gathered at 12-15 to practice last Tuesday. The karuta which requires nimble fingers and a good memory is made up of one hundred classic poems in which the participants match the second stanza when the first one is read. All those interested in learning or brushing up on the game are invited to attend the weekly practice at 12-15 on Tuesday evenings.

American good will

Proof that war cannot mar friendship or good-will, is a story that came out in a Christian Science Monitor story by K. H. Hendrick, entitled "The Country Speaks: California" about some girl scouts in North Hollywood who got together to make scrap-books and games to send to children in relocation centers. Es-

pecially mentioned was "spick-and-span" little Jimmy Mitsuiki who was in their room at school . . . They could like him no less because his family was suddenly moved to Manzanar.

Manzanar's children were recipients of two boxes of playthings. A friendly letter of thanks was sent by one of the mothers.

Collect bottles

Starting a two-day drive today for the collection of all empty soda bottles, was the canteen with an urgent plea that residents take empties to their respective block leader's office or place them on the road side of the building.

A warning that possibility of not getting any more soda was voiced unless the required amount is returned, according to Yasuo Tatsumi.

Another 'thirty'

Latest assembly center paper to sign "thirty" was the Tanforan Totalizer, published by evacuees at the Tanforan Center which began official evacuation Sept. 9 with an advance contingent of 214 persons boarding the train for the Abraham Relocation Center in Utah.

General evacuation of that center began last Tuesday and will continue until the 22nd when the entire center will be empty.

INTERESTING TO NOTE . . . that the Americans interned at Santo Tomas in the new university outside Manila, Philippine Islands, are publishing a semi-weekly newspaper, "The Internews," edited by Associated Press correspondent Russell Brines . . . According to Mrs. Fred Cadwallander, repatriated American woman, they, at Santo Tomas, organized sports and musical entertainments . . . also fly swatting contests and rat extermination drives to keep from inactivity . . . one fellow won the fly swatting contest with an amazing score of 5370 insects . . . we know of only one fellow in Manzanar who could challenge such a performance . . . he is Lucy the Goose . . . our money is on him to win going away under double wraps and carrying a sack of U. S. No. 1 Burbanks . . . we are for organizing a sniping contest in Manzanar . . . for your information, sniping, is the well known sport of retrieving the unsmoked portion of cigarettes . . . this should prove profitable and promote cleanliness of the camp in general . . . speaking of organizing . . . we note that our old friend Mr. Joe Yamamoto, otherwise known as "The Deacon," has his thumbs in another pie . . . he is the adviser to "Brother Rats" a new "rat" club which held its installation dance a few nights ago . . . a few sanctimonious character, "The Deacon" has never lost sight of the fact that this is a very practical world and is always on the alert for a promotional proposition.

WE HEAR THAT . . . Ichiro Okamura and Paul Uyemura sacked up the pinocle tournament a few days ago . . . we will venture to say that the toughest pinocle player was not in the tournament, but was busily engaged in his chief hobby which is sleeping . . . in a private tournament with the two winners, we will take a win ticket on Benny the Horse. In fairness to all, a lottery was conducted in the Free Press office to determine the order of recruiting sugar beet workers . . . it seems that lotteries are a big factor in determining the course of our life . . . remember the draft lottery . . .

SOCIAL ACTIVITIES . . . in and around the camp, the recreation department will sponsor an open dance tonight at 8 o'clock in the block seven social hall at ten cents a couple . . . incidentally, this will be the next to last dance until a new social hall is found. We suggest that we divide the camp into two groups in order to accommodate the chatty crowds more conveniently and with less congestion . . . say that blocks 1 to 18 one night and 19 to 36 the next night or . . . from 10 to 30 years old and 31 to 100 years old or . . . the smokers and non-smokers, etc., etc.

THE FREE PRESS . . . is indeed fortunate with the addition of a very prominent Manzanar citizen . . . Mr. Dennis Shimizu to its staff and we send our condolences to the accounting department . . . We hope Helen Nakachi gets what she's looking for too . . .

Latest fashions On parade

Graceful models displayed the work of sewing students for the closing semester of the sewing classes of 4-15, 16-15, and 26-15, last night in mess hall 7, which was attended by a large crowd.

The mistress of ceremonies, Margaret Ichino commented on the various outfits such as knitted dresses, blouses, coats, slacks suits, evening gowns, pajamas, cape, children's dresses, sport clothes, afternoon dresses and house coats. During the intermissions the Glee club rendered songs, and Dr. Mitani's orchestra performed. Kathleen Yoshizawa toe danced with Dorothy Yoshizawa accompanying, while solos were sung by Bill Wakatsuki and Yukiko Sawa.

The hall was decorated by the flower making teachers, Ayako Tanaka, Mrs. Asaka, and Mrs. K. Teuda.

Lilly Yamada made the invitations for the Caucasians. The sewing teachers are: Haru Hayaishi, Fuji Naknuchi, Riye Yoshizawa, Tamie Kikuchi, Haruko Tamura, Ikuku Hamamoto, Linda Kinoshita, and Yumi Ogura.

300 Leave

(Continued from Page One)

it was revealed, that many farmers are desirous of retaining some boys through the winter months to carry on the general farm work.

Instructions Sent
As recruiting started leaflets printed by the WRA giving instructions to furlough workers were distributed throughout the center. The instructions point out that "all persons released from the Relocation or Assembly Centers for employment outside such centers are under the jurisdiction of the WRA.

Outlining rules governing the evacuee workers, the paper cites the guarantee of protection which has been given by the law enforcement agencies. The WRA urges the workers to fulfill the contract and perform the work in a workmanlike manner. It has signed a contract with the employers and will see that terms are enforced. However, a worker has a right to terminate a contract after five days' notice, with the employer being given a similar privilege.

Here at last! Judoists will be seen sharing an equal score of enthusiasts as the softball series this afternoon at locale 10 when the long awaited big judo tournament swings into activity. This afternoon's program slated for action at 2 p.m. will display all yomen and shonen mighties while the seinen and yudanshas are scheduled for Sunday afternoon. Honored guest for today's affair will be Mr. Nozawa in place of Mr. Higashida as previously announced. Seated for Sunday's guest role will be Mr. Tani. This will be a very promising event with all divisions being awarded medals ranking first, second and third places.

Sport Core

SMOOTH IS THE WORD—A. Kaino, shortstop for the Pirates, seems to have something more than just bones in his wing, forming a smooth pick-up and nice peg... was also his team's hitting attraction with a commendable 2 for 3.

EYE TROUBLE GETS AROUND—Other half of the Gopher twins, Frank Takeuchi, was 6 full innings of action, after meeting with eye trouble in practice game... he's the man who kept the Gophers out of the series opener... Equally troubled was the Pirates' leftfielder, Ziggy Seko, whose glasses were rescued from scattered bits, by a rush order of adhesive tape.

THE HERO ACT—There's always thrilling feats in these series battles, and this time it was Hero Kawasura who pulled the dime novel act on us by polishing off the winning tally in the 4th frame four bagger... heading the lead-off position and bringing in their final score and hide.

PIGSKIN RALLY—A football rally in a mild sort of way is slated for this coming Monday evening, 7:30 p.m., at physical ed hall 2-15... all teams registered and intending to sign up are requested to attend for it will discuss the rules and regulations, announces Tom Okabe, football director.

GIRLS' BASKETBALL LOOMS—All players should prepare for this sport... it won't be long before team rosters will be requested to be turned in... games via shorts.

TOP LEADERS—The team possessing the best International battery is the Sierra Padres with five of them batting over .310... Fred Fujii, Tashima, Nagano, Yokota and Iiyama.

GOPHER VS. ACES PREDICTION—Carl Nakamura... I'll take the Aces; no reason, no choice... Ump Maruki... I don't know... Fuzi Mizutani... give me the Gophers, they're an advancing team... Tom Okabe... Aces of course, it's a cinch... Hide Yokomizu... It's tough, but I'll side with the Gophers... George Fujino.

MAS NAKADAIIRA CLOUTS LONE HOMER AS LOSERS HELD SCORELESS TO 6TH

Uncorking a three-run outburst in the second frame, featured by M. Nakadaira's soaring four bagger, the San Fernando Aces came home with their second victory in the little world series by drubbing the Has Beens, 5 to 1, last Thursday.

Hiram Hino again twirled a masterful game, limiting the enemy to five bingles with their lone tally coming in the sixth on S. Kunitomi's free pass and S. Masuda's hit to left field.

The Fernandomen drew first blood in the second as they lashed at chucker H. Tochioka for two doubles and a home run. L. Sugawara started it off with the first two base shot to left center. He came home on the second two-bagger by B. Yoshiwara, who in turn crossed the platter ahead of M. Nakadaira's circuit poke past center guardian, S. Kunitomi, ending the rally.

The Aces added one run in the fourth as J. Tamura walked, advanced to third on J. Endow's placed double to left, and scored as H. Tochioka dropped N. Hino's towering infield fly. Endow, however, was put out at home trying to score all the way from second.

The winners' final tally came in the seventh. Al Sugawara got life at first as H. Tochioka bobbled his slow roller. He went to second on a passed ball and touched the plate on S. Mitsui's safety to left.

The Has Beens were guilty of four miscues which proved fatal.

Manzanar Aces Take Production Title

The Manzanar Aces took off with the Production league crown as they dumped the Platter Turners, 11-3 in a final playoff contest Monday evening. The Aces gave out no quarter as they led the game in the early frames with three tallies in the outburst in the 2nd stanza on 1st canto followed by a 6-run sacrifice.

B. Yoshiwara, M. Yamane and two by T. Ueyemura sandwiched by two walks made up the 6 markers in the 2nd... The winners' final 2 runs came in the fifth.

Meanwhile the losers managed to score 2 in the first as J. Endow came in on M. Nakadaira's hit who also crossed the plate on a sacrifice.

Small but Some Stuff—Small Frys nipped the Fighting Nine, 7-5 in Saturday's thriller. The village girls' 5th inning rally scored 4 on an error to tie it up at 5-all. Two tallies in an overtime period decided the game for the "small" Small Frys.
