

HARVEST WORKERS LEAVE TUESDAY

VOL. II, NO. 27

MANZANAR, CALIFORNIA

MONDAY, SEPTEMBER 21, 1942

Federation convenes Thursday

A general call for delegates to the Manzanar Citizens' Federation was issued for this Thursday evening by Koji Ariyoshi, temporary president.

Representatives already chosen by 11 block Nisei Councils are invited to participate as well as delegates from other blocks in a discussion of the future of the Federation at Mess hall 15 from 8 p.m.

The blocks which have named their delegates are: 3, Kurt Hiroshima, Saburo Imamori, Ritsuko Terayama; 11, Hank Tsuchiya, Swish Ogura, Chico Sakaguchi; 12, Hideo Watanabe, Harry Okumura, Kiyoshi Maruyama; 13, Bob Kubota, Frank Takemoto, Koto Tanaka; 16, Richard Kanazawa, Alice Asaka, Woodrow Wakatsuki; 19, Sho Onodera, Sam Masuda, Mario Masunaka; 20, Art Nagao, Kaz Inouye; 22, T. Nagao, Y. Ishida, H. Uyeno; 24, George Komatsu, Ko Mitsuuchi, Kazuo Okinaka; 32, Hiro Neeno, Maki Okazaki, Paul Kusuda; 33, Chiye Mori, George Kurata, Henry Fukubara.

Emphasizing the importance of the coming meeting, Ariyoshi asked the other blocks to elect their representatives before the meeting Thursday so they can take part in the discussions. Only accredited representatives will be recognized.

New government Group meets

Committee reports will be submitted by chairmen and members at a meeting of the Manzanar Commission on Community Council at the Town Hall tomorrow at 2 p.m.

Cross-section representation of resident interests and groups in the communities which will prepare for the setting up of self-government here is stressed by the 17-member commission now working with Dr. Solon Kimball of the Regional office.

Participation in these committees is open to all civic-minded residents who wish to volunteer their services, according to Henry Tsurutani, commission chairman.

Preparations are currently being made for setting of a center-wide election by which the Manzanar Community Council will be named. This Council will be legislative in function, and positions on it will be without pay, according to the tentative draft.

The present block leaders will remain in their posts as administrative job-holders, performing important functions within the block.

This explanation of the relationship between the present block leader system and the projected council was re-stated today by the commission to clear up misunderstanding.

A recommendation that an 18-man council be proposed for Manzanar will be presented tomorrow by the committee on council, one of the sub-groups appointed by the commission.

Miss Smith

Goes to Washington

"Mr. Smith" has already gone to Washington in the memorable movie by that name. Tomorrow Miss Smith goes to Washington. Transferring to a Washington post, Marion Smith, secretary to Assistant Project Director Ned Campbell, will bid good-bye to her many new friends at the center.

Succeeding Miss Smith will be Mrs. Florence McLaughlin who is the wife of John McLaughlin, one of the new employees at the motor pool.

Miss Smith will join her family in Washington, D.C., where she has previously made her home.

Property division established

Evacuees are assured of expert advice and assistance in property problems with the establishment of the WRA Division of Evacuee Property, it was announced.

This department will oversee the administration and handling of agricultural, residential, and commercial property belonging to evacuated Japanese.

This does not mean that the government will do the work of private agencies where satisfactory channels for the handling of properties already exist. The division assures evacuees that their function is to help owners with problems which have arisen subsequent to evacuation which they cannot solve personally or through authorized agents.

"Primarily the Evacuee Property Division will act in the capacity of adviser or negotiator," says the official circular. "Where necessary, an evacuee may enlist the assistance of the WRA to secure tenants or operators for both agricultural and commercial properties."

Negotiate new leases or renewals of existing leases.

Obtain buyers for real or personal property of all kinds.

Effect settlement of claims for or against an evacuee.

Adjust differences arising out of inequitable, hastily made or indefinite agreements.

Obtain an accounting for amounts due, and facilitate collection thereof.

Ascertain whether property is being satisfactorily maintained or whether damage or waste is occurring.

Check inventories of goods and equipment, and recommend utilization of material for the best interests of the evacuee and the nation.

Field offices have been set up in three localities to expedite business transactions. The Seattle office will handle cases involving property located in Oregon, Washington, Idaho and Montana; the San Francisco office will care for California north of Tehachapi, Nevada and Utah; and the Los Angeles office will serve California south of Tehachapi and Arizona. Supervisors experienced in property management will head each office.

Property owners needing assistance should present their problems first to the Legal Aid Department in the Administration building. In many cases satisfactory settlement can be arranged through the facilities of the project legal staff.

SHOYU DISPUTE TRUCE DECLARED

An amicable settlement was finally effected late last week by the residents of Block 1 and the production division over the placing of the "shoyu" and "miso" manufacturing equipment in the block's laundry room.

The cause of the friction was removed when members of the committee appointed by the Town Council met with block representatives effected a truce.

The compromise provided that the residents will have the women's shower room changed into a laundry, since the showers were seldom used in the block by the predominant bachelor population. The "shoyu" and "miso" production was allowed to remain where they were placed originally.

Fire chief visits

Frank E. Hon, fire chief, is expected here in his office today or tomorrow, ending a week's visit. During his absence, ex-chief Ralph Fiel, took charge.

Police Department Holds election

Complete reorganization of the police officers was effected Saturday in a general departmental election. The new set-up was made in accordance with the policy of the new chief, Willard Schmidt, to give every worthwhile patrolman a chance at an executive position and to provide an incentive for promotion.

Back allowances to Be mailed workers

Workers leaving for Idaho and Montana beat fields were assured that money due them for project work will be mailed to them if other arrangements are not made. Clothing which they have received belongs to them and may be taken to their destinations. Those who have not yet received warm work clothing may obtain it at 1-3-2 before leaving.

Workers to leave in two contingents As one hundred more volunteers sought

Scenes of farewell will be repeated again as friends and families of 294 harvest workers gather Tuesday and Wednesday afternoons to give them a rousing send-off to the beet fields of Montana. Four buses will carry 148 boys on Tuesday and 146 boys on Wednesday to Barstow, California, where

they will transfer to a train. Buses are scheduled to leave at 4:00 p.m. following baggage inspection and registration. Pack lunches will be provided and eating arrangements enroute have already been completed.

Pupils' correct Names asked

Special request was made to parents and guardians of pupils in the Manzanar schools by Leon C. High, principal of the secondary school, for complete legal and assumed names by which pupils wish to be known at the offices.

For the benefit of these students, the school records will be kept clear for graduation and for future identification purposes if the information is reported. Parents or guardians who have changed the last name particularly, or given name or both of their children, born in the United States at any time without legal court procedures, are taking serious risks of losing rights to the numerous records and birthrights, including citizenship status of their children.

Changes of pre-school or school age children's last name by assuming last names of parents who have separated from their mates, or by reason of a second marriage, will cause endless trouble to parents and their children in the post-war period when evidences may be desired to establish legality of records, it was told.

It was also suggested that to avoid possible confusion arising from such situations, particular thought be given by the parents or guardians before instructing a child to assume a last or first name not legally recorded.

Around the Administration

AROUND THE ADMINISTRATION—Mrs. Florence McLaughlin assumes duties as office secretary to the Assistant Project Director today, succeeding Miss Marian Smith who is leaving tomorrow for Washington, D.C. . . . Tags to label inspected packages passed by the Police Department have been ordered to facilitate early delivery . . .

Western Defense Command displeased (the word is mild) over alleged "fishing trips" of Manzanar residents outside watchtower boundaries—which is chief explanation for new watch tower being built on west side . . . "Innocent fishing trip" is severe federal offense, violation of military order No. 1, and justifies Dept. of Justice investigations, it was reported.

Work corps to Assemble Wednesday

Manzanar's Work Corps Representative Assembly meeting will be held on Wednesday afternoon 1:30 p.m., Sept. 23, at Kitchen 4, at which time the bylaws will be adopted by the representatives.

Besides the adoption of the bylaws governing the work corps, an election will be held for the selection of a permanent chairman, secretary, members of the nominating and Fair Practice Committees.

Hiroshi Neeno, temporary chairman, is calling the meeting.

IRON'S HIRES

Workers were selected from 14 blocks, the order of which was decided by drawing. Elmo Irons, agent of the Utah-Idaho Sugar Company, conducted the hiring. Workers were taken in order and enterprising individuals without agricultural experience were also given opportunities.

All names of recruits were checked against the police, registration and hospital records. No parolees of internment camps were allowed to register.

TRUCKS PICK BAGGAGE

All baggage to be shipped should be ready by 10 a.m. Tuesday morning when the housing department trucks will pick them up. Baggage will be taken by truck to Barstow and will accompany the workers to Montana where it will be immediately available. All army blankets and comforters must be turned in, and furlough workers must have a receipt for these before they will be allowed to board the buses. Blankets will be collected on the morning the boys leave and they are requested to remain at home until the blankets are called for.

Recruiting for an additional 100 to go to Montana was expected to begin today or tomorrow and this contingent will leave as soon as possible. Irons expressed the hope that they would be able to follow the first two groups on the very next day. Irons will remain until all recruiting is completed. At the present time, it was definite that 400 workers would be given employment in Montana.

HATCH FROM IDAHO

R. O. Hatch, district manager for the Amalgamated Sugar Co. in Burley, Idaho, was still awaiting the arrival of the contract papers before he began recruiting the first hundred men for the Idaho fields. It was expected that Idaho farmers would obtain most of their men from the Idaho center and that only a minority would be called from Manzanar.

AGENT PLEASED

Expressing satisfaction in the calibre of workers who volunteered, Irons said, "I am certain that these boys will be well satisfied with conditions in Montana. It is somewhat colder there than in Idaho or Utah, but the surroundings are very pleasant." Sugar beet farming in carried on extensively by potatoes, grain and other products are also grown. Montana is also a cattle and sheep country.

Workers were chosen from blocks 4, 2, 34, 11, 5, 33, 22, 13, 6, 21, 1, 8, and 20. Men from some of the other blocks who joined the organized groups were also included. All workers were over eighteen.

FLASH!!!

Last minute changes in the departure date of approximately 50 harvest workers have taken place. Crew leaders are asked to check with the list posted at 1-5-2 and get in touch with George Kikuchi at that address. This is important!

Moral courage

The war has brought out truth in the statement that once determination is made, man seldom flinches in face of physical pain. He finds that it is more difficult to be morally courageous in face of danger or opposition.

In 1924 a Fascist minority ruled a predominantly anti-Fascist Italy by intimidation and violence. Assassination, violence, slander were some of the tools used by the young Fascist party to keep itself in power. Having sold his party to the interest of a few, ex-Socialist Mussolini turned against his former friends and began systematic terror against the democratic rights of the people.

The five opposition parties in the still functioning Chamber of Deputies were led by Matteotti, a scholarly Socialist, whose seathing attack upon the Fascist program was unanswered by Mussolini. Day after day, with his irony and humor, Matteotti attacked the absurdity and stupidity of the regime which the people distrusted. Finally, in desperation, Mussolini ordered his dreaded Cheka (secret police) to murder the man.

The assassination of Matteotti was a bombshell that almost destroyed the Fascist regime. The people, the press, the King, were all turned against this barbaric cruelty. A word from the King or the opposition coalition could have ended this government. Mussolini saw his party crumbling and a move by the deputies to abolish the illegal militia would have stripped the Fascists of their only weapon, terror.

Instead, the opposition hesitated. No one had the courage of Matteotti to put the finishing touches on the falling regime. This gave the Fascists the valuable time they needed to reorganize and pursue vengeance upon all those who opposed them. Had the opposition leaders acted with courage when the time arrived, Italian people could have been saved from the curse of totalitarianism for the next twenty years.

Throughout the world and here in Manzanar, people who believe in a principle of liberty, freedom and justice can do well to draw a lesson from the courage of Matteotti who, singlehanded, almost abolished a tyranny.

Are we children?

The childishness and thoughtlessness of an apparently mature population is sometimes beyond comprehension. When the people balk at such a simple matter as the return of empty pop bottles to their proper places in the canteen, one begins to wonder.

Some of the very people who preach the loudest about community responsibility are among the very ones who carelessly throw bottles on the road to endanger playing children and automobile tires. Unless more cooperation is forthcoming, it will be difficult, if possible, to continue the sale of pop. Thus through the carelessness of some, even the minor luxuries may be denied the people.

an open letter

To the people of Manzanar

To parents and citizens of Manzanar:

We have tried to open Elementary schools under severe handicaps.

1. All of our elementary teachers are not here because their furniture has not arrived.
2. The recreation buildings have no linoleum on the floors.
3. Our school furniture is delayed.

We thought we might begin classes and carry on temporarily until these handicaps are straight-

ened out. Cold weather and winds create a health hazard in these open buildings. It is not fair to expose the children to colds. Consequently, we are closing schools until the Construction Division prepares the buildings for the classes. Mr. Brown, Construction Engineer, is directing his crews immediately to the school housing. As each building is ready, the classes will be notified to move back in.

Genevieve W. Carter,
Supt. of Education.

The Editor's Cubbyhole

The world would be in a bad way if the weather were ever to be banned as a subject of conversation. History does not record it, but we're pretty certain that Cleopatra and Antony, Romeo and Juliet, Mickey and Minnie Mouse, in fact, all of the world's great romances started with "Nice weather, we're having, isn't it?"

The duststorm of Manzanar, the duststorms at Potosi, the duststorms at Tulare, what would we do without these? The heat always makes a brilliant beginning for vivacious conversation. Conjecture on the probable temperature this winter will have your audience hanging on your words.

Last week's minor squall accompanied by wind and rain refreshed many a desultory dialogue.

A little comment made by a friend during the rainstorm had us deeply moved. As the rain made a gentle symphony on the tattered roofs, our friend from Bainbridge sighed and murmured "Gee, it's almost like home." Her eyes were misty with nostalgia and longing.

If those hysterical Americans, who point accusing fingers and claim that nisei have no real love for America, should have heard this girl, "Home" is an emerald island in the jewel-like Puget Sound where she was born. "Home" is a brown farmhouse on a strawberry ranch, a house recently repainted and brightened with chintz curtains.

"Home" was all the familiar faces of schoolmates and friends. "Home" was beyond a bend in the old road, which she may perhaps never tread again.

The glistening snow which covered the sharp peaks like white cake frosting melted down under the sizzling July sun and stood naked in the summer light. During the recent one-day storm the majestic heads of the Sierra were hidden by clouds. When they emerged again they were sprinkled with powdered sugar.

Bulletin

War Relocation Authority
Manzanar Relocation Area
Manzanar, California

PROJECT DIRECTOR'S
BULLETIN NO. 23
SUBJECT: RESTRICTION ON
MOVEMENTS OF EVACUEES

SEPT. 11, 1942
In a telephone conversation yesterday with Mr. Elmer M. Rowland, Deputy Director and Acting Regional Director, I was directed to put into effect the following decisions arrived at after conference between him and the Western Defense Command:

1. No employment of evacuees outside the area is permitted in California. This puts an end to work at the Lone Pine depot.
2. An official of the Records office in Lone Pine will come to Manzanar hereafter, to issue marriage licenses.
3. All work parties within the Relocation Area but outside the Center must be accompanied by a Caucasian guard; neither women nor blind men will be detailed for this duty.
4. Garbage detail, detail on pumps at Well 75, and evacuees helping the Caucasian engineer at the sewage treatment plant may continue to function as heretofore.
5. Due to impossibility of patrolling the west boundary, there will be no opening of the Area during daylight hours as was once thought possible.

ROY NASH,
Project Director.

INSULATION CREW AMONG CENTER'S UNSUNG HEROES

Pounding away from morning till night is a group of hard working carpenters, who are often the forgotten men of this city, who work without a day off, who are in charge of keeping the apartments warm by putting in insulation, and who complete two or three apartments a day and then voluntarily take their own quarters after work hours. Competition among the crews adds speed to the work.

Headed by foreman Mr. Okimoto, assistants T. Kinoshige, J. Nakagawa, I. Sakata, and Y. Morimoto; with K. Kinoshige as supervisor, and Frank Enskel, assistant. In charge of the lumber crew, which delivers the lumber and the plasterboard are foreman Philip Iwata, assistant Ship Katsura, and crewmen Toki Yokoyama, Kiyoshi Fujiwara and truck driver Jimmy Sugawara.

On the job now are five crews with an average of 12 to 16 men in each group. As soon as Block 35 is completed, three crews will proceed to Block 36, and then to Block 30. The remaining two crews will finish insulating the rest of the buildings in Block 7 and then head for Block 1.

AN APPLE A DAY keeps doctor away

By DR. YOSHIYE TOGASAKI

How long do T.B. germs live?

Tuberculosis bacilli can live a long time outside the human body, but heat and sunlight will quickly kill any bacteria. The use of disinfectants such as chlorine or carbolic acid will also kill the germs.

What are the health hazards, if any, in the camouflage net factory?

The camouflage net project is a work which has only been assigned to Santa Anita and Manzanar. The actual health hazard is minimum and is not a true industrial hazard because it has a more definite relation to the individual's response to the dye which is used in the burlap that is woven into the net. The coarse line should be avoided by the use of masks, contrary to the general rumors. Working in the camouflage net project does not cause tuberculosis.

When will Wasserman and tuberculosis tests be given for the entire community.

Wasserman tests will not be given to the entire community but anyone desiring it especially may make arrangements for such in the Public Health Department at the hospital, Ward 5, between 10 and 11 during week days.

What is a good remedy for constipation?

Exercise, plenty of fluid including at least two quarts of water a day. As much fruit and vegetables as possible.

What is a good remedy for stomach gas?

The causes of gas on the stomach are too numerous to list in detail. Occasionally it is due to just poor eating habits or poor diet. Excess of any type of food will cause gas. However, especially in older people stomach gas is sometimes a sign of trouble either in the stomach or intestines, or perhaps, a sign of other ill health. It is, therefore, much wiser for people bothered with gas to see a physician if the condition exists over any period of time. The commonest remedy that has been used for years and years is the well-known sodium bicarbonate. There is rarely any time when this simple remedy can do harm but even this should not be used daily or over a long period of time without consulting a physician.

Beauty

SPOT

We got the low down from a dyed-in-the-wool native called Charlie Mutton. Says he kinda drawly-like, "Yowsah, Lambiepie" says he, "the rheumatism starts pesterin me around about November." It seems that's when the nip in the air really starts to bite. So arrange your clothing calendar accordingly.

The weather is as temperamental as a woman, says our informant. Last year Lone Pine had 18 inches of snow at Christmas time but the year before there wasn't a trace of it. Your guess is as good as mine. The coldest temperature recorded is 10 degrees below zero but 10 to 20 above is more normal.

At any rate, underwear would not be amiss. Those nifty little cotton knit numbers that come to just above the dimples in your knees are pretty nice. We mean the underwear. No doubt, there will be no slack season on slacks in winter. They'll be indispensable in keeping the cold winds from getting too familiar.

Although flannels are warmer, the hard worsted materials keep their knife-like press longer, stretch less and shrink less. Slack suits with fitted jackets like the traditional man's suit is so popular that they're almost monotonous.

CANTEEN COWBOY

Seq:

This enviable column never failing to produce material is the share of yarns and laughs will go unlaughed for the first time . . . This poker face is no reparteeist but zany in a way and loves no appreciative style of writing . . . Leaving all formality of a good canteen cowboy stuff, let's get on with my lowdown of poker writing . . .

EXIT

Such is the case . . . overheard a sad conversation . . . scene . . . nearabouts the infamous National diamond . . . the story . . . one "lanky grandma" K. Odahara strutting along the side lines and ups to a husky fella . . . quizzing him on who was scheduled to play the little world series . . . he politely answers, the mighty Gophers versus the Owens Pirates.

Kay pops up (silly ain't it) wanting to know whether Taka Goto and all his boys were playing . . . well, that fella she was gabbing to was MR. TAKA GOTO . . . in due time, Kay's lovely (perspective) complexion was tinted with red galore . . .

FIREMAN WITH SPECS

One fine day, a truck parked a few inches in front of the fireplug . . . he should of been fired . . . the driver hopped on the truck in a dreamy rush that he paid no attention to the nice red fireplug and gunned the motor and stepped deep down on the accelerator . . . result . . . nothing much happened but the poor fireplug . . . it wasn't there . . . one standby was quizzed saying "It must've been some dumb fireman" . . . tho' he has nothing to do with the fire department . . . he now carries an appropriate name in FIREMAN . . . initials G.F.

CIRCUMAMBULATING

Found Yah-But, the Free Press cat, sleeping with his tongue out . . . Canteen baseball fanatics improving with every week and with every weak team . . . wait'll they meet the Press again . . . there's going to be a slaughter . . . Nosing into the Brother Rat installation dance . . . conglomeration of dedications . . . "One Dozen Roses" was dedicated to a young lady who wasn't there . . . "You're Always in My Heart" was enchanting for Fuzzy Mizutani and Sam Nitahara . . . while "Who" went to "Lips" Mary Uyeno . . . Mac's ork had the folks dreaming with its sweet Hawaiian melodies . . . With the winter setting in . . . the responsible oil crew is hard at work . . . bucking the wind and the splash of oil and with nothing to protect their clean clothing . . . how's 'bout coveralls and shoes for them . . . Wishing we had an indoor theater after what happened last Thursday night . . . Those who saw the pic the night before were very fortunate . . . It's swell to have a pal like Father Lavery bringing treats via first class pictures . . .

MONTANA BOUND

In a 15-man crew going to Shelby, Montana, hordes of Manzanar baseball greats are leaving . . . Shig Okada, Hide Tochika, Tom Teraji, Tuck Uyemura, Tish Akahoshi and the rest of the Giants . . . they plan to challenge the town team so I've heard . . .

Couples to take Marital vows

Maybe Manzanar Indian Summer has something on little Dan Cupid as three couples applied for intention to wed notices during the last several days.

Lincoln Okada and Lucile Nakamura, both of the community service division, plan to be married tomorrow at an invitational ceremony to be performed by Rev. Nagatomi, followed by a reception in Kitchen 13 at 7 p.m. Sumitaka Uchimura of 10-7-3 and Masayo Nishida of 8-8-4, applied for their notices on Sept. 18. No definite wedding date has been set, but plans to go to Idaho for a furlough is being contemplated.

Canteen personnel

Latest revised list of the managerial staff of the local canteen was released last Saturday with Hideo Okada selected general manager.

Assisting Okada is Sokichi Sugimoto, assistant general manager; Henry Ushijima, comptroller; Shigematsu Tokezasu, treasurer; George Nakatsuka, canteen manager; and Sam Masuda, warehouse.

Hospital Notes

Mrs. Chiye Yamanaka, sister of Dr. Yoshiye Togasaki, arrived in this city day before yesterday. She came to take care of Dr. Togasaki, who has been confined to the hospital for the last week or so, due to overwork.

Dr. Yoriyuki Kikuchi, chief of the dental clinics, was confined to the hospital Friday night. Suffering from severe upper respiratory infection, due largely to overwork, was the reason given.

500 X-rays have been taken up to date by Bill Saito, technician; and Jum Aramaki, assistant. X-ray pictures is Mr. Ikeda. Most of the X-rays are of the chest, and different bone injuries.

NEWS IN BRIEF

GREEN HOUSE

Anyone owning a greenhouse and wishing to sell it, is asked to see Walter Watanabe, foreman, at the guayule lath house. Details can be arranged through interview.

"Y" SING

"Y" Glee Club will meet for its second practice tomorrow evening at 7:30 p.m. at 21-15 with Esther Naito and Miyo Kikuchi leading the group. All Girl Reserves, as well as older girls, are urged to come out and learn the pep songs and have a good time.

AUGUST PAY

The fiscal department is working overtime because people neglect to come after their pay, which is another reminder to the public to come after their wages when notified.

Work is still being done on the June supplementary list. The \$15,000 which was expected Saturday did not arrive. Payments for August will continue as soon as it arrives.

BANK OF AMERICA

BRANCH OF LONE PINE

The office is opened to aid residents in banking matters—cashing checks—opening of new accounts, both savings and commercial—transferring of funds from other banks—money orders, cashier's checks, bonds and savings stamps—and other financial transactions.

ART EXHIBITS

Colorful display of flowers, fashion, knitted and crocheted articles will be on display until Wednesday night in recreation halls 4-15, 16-15, and 26-15.

It is requested by the Community Activities department that patrons not handle any of the articles and to cooperate and see that nothing is taken. Several valuable articles have disappeared, bringing about a possibility that all art exhibits may have to be cancelled.

ENDO VISITS

Tom Endo of Hooper, Utah, arrived in Manzanar last Saturday for several days to stay to visit his mother who is ill in the hospital. His brother, John, came from Poston relocation center several days ago.

BABY NAMED

Baby boy, born to Mrs. Kikuyo Fujita of 6-6-3, on Sept. 16, at 3:14 p.m., was named Yasuji Fujita.

MANZANAR

Sports

MONDAY, SEPTEMBER 21, 1942

FOOTBALL TO GO INTO ACTION

With baseball just a dying ember, Manzanar's recreation center will offer something new, diversified, and a change when the 8-man football is introduced to the sports-loving fans. The personnel of the recreation department went ahead to make a code of rules, revised to fit into our backyard conditions. They made safe and simplified rulings to improve the game. This fast and exciting game is expected to go over big with the participating youngsters as well as the spry oldsters. Rules will be slightly changed for the older folks to fit their speed. This sport is nothing strange for the ex-prep grid stars who have experienced 11-man competition.

Following are the 8-man football rules and regulations.

FIELD

- 80 yards from goal to goal.
- 40 yards from sideline to sideline.
- 15 yards inbounds lines.
- 10 yards on either side for the end zone.

SCORING

- Touchdown, 6 points.
- Successful try to complete a pass or for carrying ball, 1 point.
- Successful try to place for drop-kick, 2 points.
- Field goal, 4 points.

5. Safety, 2 points.
6. Score of a forfeited game is, offended team, 1 point; opponent 0.
7. When a team is 45 points ahead at the end of the first half, or secures such a lead during the second half, the game is ended immediately.

EQUIPMENT

1. No regulation football equipment allowed.
2. Only exception—football shoes with short cleats.
3. Ball will be furnished by the physical education department for league games only.

AMERICAN SOFTBALL

Teams	W. L.	Pct.
8 Misses	3 1	.750
Unknowns	2 1	.667
All Shots	2 2	.500
Star Dusters	0 3	.000

It was just another Justamere team that shellacked the collar Pachooks to win their one and only game in the first volleyball round. But it was a new revamped Justamere that overtook the undefeated Termites Friday with the scores ending 15-10, 10-15, and 15-3.

Scoring 13 of the 15 points on her tricky serves, Ruth Shikami led her squad in the third and decisive game to tide over the overconfident Termites. It was Termites first defeat after coasting along with 5 victories.

Kawachi Nabs No-Hitter Over Pirates, 9-5

INTERNATIONAL LADS CONTRIBUTE 1 RUN EACH; LANKY RIDES FOUR ACROSS

Kaz Kawachi, Marlins' lanky pitcher, was about to pull his second no hit, no run, performance Saturday, when he handcuffed the Pirates 9-5. The lanky chucker looked well on his way to a perfect game holding the Pirates scoreless, at least until the 5th. A 5-run spree resulted when 5 Pirates were issued free passes by the Marlins chucker.

The result put the pirates in a dim chance for the title, the loss making it their second against no wins.

George Mio blew up in the 3rd, walking 4 batters and when Murakami and Maruyama binged in the same inning the Marlins took a lead which never was headed.

Marlins' final outburst came in the last inning when 3 runs were netted on Murata and Murakami's 2nd bingle of the game.

Blanked until the 5th, the hitless Pirates blew 5 runs over on Kawachi's 5 bases on balls. Out of the 5 runs scored, 4 were walked in by the Marlins ace.

Collecting 2 bingles, Nob Murakami was the batting star for the Marlins, while not a hit was registered by the Pirates.

Island Marlins	AB	R	H	O	A
T. Shimizu, ss	3	1	1	3	2
N. Murakami, 2b	4	1	1	4	2

Yamamoto, 5. Strikeouts—by K. Kawachi, 4; G. Mio, 2. Hits—off K. Kawachi, 0; G. Mio, 3; B. Yamamoto, 4. Losing pitcher, G. Mio. Umpires—S. Okada and G. Maruki. Time—1:17.

Football Deadline Extended to 24th

The extended deadline set for signing up for the grid sport is the latest report from Tom Okabe, football director. More individuals and teams are expected to file in by this comin' Thursday, Sept. 24. The fact that all teams will be classified according to weight and age differences is being emphasized, clarifying fear that the opposing clubs may be too hefty.

Bear in mind, that there is to be in important football meeting tonight at 7:30 to 2-15... all teams are requested to attend... Important.

Sport Core

A WELL-EARNED CELEBRATION—A win for the Justameres and an upset at that. The second from bottom moves took the league leading undefeated Termites for a wild ride in a decisive 15-10, 10-15, 15-3 win. Ruth Shikami was seen dishing out some spectacular servings and we don't mean food either, for the lasses scored 13 points for her merrie...

SAD CASE, EH WAT?—We just noticed that the lovey dovey Stardusters are in fourth place after their last loss... in a four team league.

WHY? HUH?—The Children's Villagers' Fighting Nine ball club of the gals' National league has just one more game to finish their schedule... but there isn't going to be much action from the C.V.'s for a couple weeks spelling. The reason... they've been quarantined for the second time...

ALL WAS WELL AND CLEAR—Women are still women. Everything was well on Friday and the Finged ready gals showed up for their games as usual. But advancing toward the end of the Ults, the game was burning a clipping tempo, caring not who won that day... the reason? Why, there was a fashion show date they had to meet...

IN A SLUMP—To date, with the Fernando Aces two jumps credited to their play-offs, the only Aceman who hasn't produced a bingle is the sharp eagle-eyed second of x for 8... three double bled entered the books for the Aces by Yoshiwara, Sugawara and J. Endow... Mas Nakadeira pulled the surprise of the day, when, after two counts, whirled around with a homer, knocking the two successive double hitters, Sugawara and Yoshiwara...

BEST FIELD ATTRACTION—Which must be something sweet... it's recruiting the best of Manzanar's baseball stellers... the fellows will really miss Hide Tochioka and the rest of them who are packing up... but they'll be back for the basketball season...

THIS IS THE END—The highly touted canteen boys can no longer open their mouths to yelp phrases similar to a victory song, for they were finally victims of a pick-up team composed of a few Aces and Cubs... the score was 12-11...

Little World Series Schedules

Tuesday	Marlins	vs.	Has Beens	5:30 p.m.
Thursday	Marlins	vs.	Has Beens	5:30 p.m.
Saturday	Marlins	vs.	Has Beens	2:30 p.m.
Gophers	Marlins	vs.	Gophers	2:17 p.m.
Tuesday	Marlins	vs.	Gophers	5:30 p.m.
Thursday	Marlins	vs.	Gophers	5:30 p.m.
Has Beens	Marlins	vs.	Pirates	5:30 p.m.

Tanaka Walks Off With Batting Honors

Husky Shig Tanaka of the Rusty Nine was in the batting parade "alone and lonely" with his pace setting .557 to easily cop the Manzanar batting average. In second place, Rookies' mainstay L. Kitagawa, boasted a nice .470. Slickers' J. Mitsuchi coasted into third position with an average of .451.

"Barbell" Tanaka took over the batting reign in the latter part of the first round and never relinquished the hold. Incidentally, his .557 leads all Manzanar leagues. S. Tochioka of the Has Beens, after an amazing first round spurt fell badly and slumped into 31 spot.

MANZANAR LEAGUE FINAL BATTING AVERAGE
