Fire marshalls are appointed

Appointments for the newly-created positions of fire marshalls were released by Frank Yasuda, temporary Executive Secretary of the Block Managers, Saturday.

With the exception of District 8 comprising blocks 27, 28, 32, and 33, where Yoshio Yoshiyama's acceptance of the appointment was awaited, all of the other nine districts are set.

The following are the districts and the appointees:

District 1 covering blocks 1, 2, 7, 8, Sakatario Akamatsu, 1-10-1; District 2, covering blocks 3, 4, 9, 10, Henry Murakami, 9-2-3; District 3 covering blocks 5, 6, 11, 12, Sumichiro Hori, 5-4-5; District 4 covering blocks 13, 14, 19, 20, Yenichi Fujisawa, 13-6-1; District 5 covering blocks 15, 16, 21, 22, Koji Fujino, 15-7-2; District 6 covering blocks 17, 18, 23, 24, Yuzuru Yokota, 24-7-2; District 7 covering blocks 25, 26, 30, 31, Joe Komoto, 31-7-2; District 9 covering blocks 29, 34 and hospital, Goichi Kubota, 34-2-4; District 10 covering blocks 35 and 36, Kame Kaneshiro, 36-2-1.

The duties of the fire marshalls as explained by Fire Chief Frank E. Han, consist of careful supervision of fire hazards in their allocated districts. Among various duties they will cover organization of volunteer fire fighters in each block; explain the uses of different types of extinguishers to the residents; expedite emergency calls to the fire department headquarters; keep each district free from rubbish and other combustible materials; and in general work in harmony with the residents and all other departments in minimizing fire hazards.

MATRONS MEET

Honoring the regular meeting of the Jr. Matrons were Mrs. Hollands, Miss Briesemeister, of the Denver "Y", and Miss Lyle from New York.

The draft of the constitution was presented by Mrs. Henry Ushijima, while Mrs. Alice Kondo of the "Y" board gave an outline of the "Y" conference program.

August pay nears end

Last of August payments will start rolling Thursday morning with \$34,000.00 to be disbursed in the remaining August payroll and July supplementary list.

This will mark the final time that payments will be made in cash. Hereafter payments will be paid by check which indicates a speed up in the payroll procedure. Chief snag in the set-up has been the limitation to \$15,000.00 lots. This will be eliminated with the check system.

Twenty projects remain to be paid including: Kitchens 1 to 40; Education; Production Operators and Clerks; Recreation; Freight Crew; Family Relations; Canteen; Truck Drivers; Produce Inspection and Stewardess; Mattress Crew; Employment and Occupational; Lodging Office Crew; Barrack Checkers; Tinsmith; Nutritional; Cobbler; Clothing; Clerical; Orphanage; and Administration (Finance).

Projects will be notified several days in advance and the Fiscal Department again reminds the workers to bring their work orders when appearing at the payroll division.

In Memoriam

Marshall Miller's enthusiasm, integrity and humanness had impressed everyone who had come in contact with him during the brief time he had been in Manzanar. Those who knew him professionally must feel a great loss occasioned by his death. Those of us who knew him as a friend experience real grief. The 10,000 people of Manzanar, both Japanese and Caucasian, have suffered a great loss.

NED CAMPBELL,
Assistant Project Director

Part-time jobs open

EQUIPMENT FOR MOYASHI HERE

It won't be long now before center residents will be having bean sprouts salad and chop suey for the long-awaited bean sprout machinery has at last arrived.

Equipment for the manufacturing of bean sprouts was installed last Saturday in the east half of the former laundry room on Blk. 1, the other half being occupied by the shoyu manufacturing department.

The machinery which arrived last Wednesday was formerly owned by S. Tomita, commercial bean sprout grower in Roscoe. He will head the local project.

Insulate factory

The garment factory's temporary building at Warehouse 31 is being insulated with plaster boards by the Project Research crew and manufacturing operators and clerks assisted by a carpenter's crew. Machinery for the garment factory will probably be installed this week, according to H. R. Haberle, superintendent of clothing manufacturing.

Nisei girls and housewives, would you like to work part-time in the morning or afternoons and still have time to wash the baby's diapers and clean the house?

Part time employment is being offered to citizens on the camouflage project with a special appeal being made to women still unemployed.

With the man shortage created by the furlough and school opening, the camouflage project suffered a severe blow. Only several dozen men are left.

Part time hours may run from 8 to 12 a. m., 1 to 5 p. m., or 1 to 3 p. m. This allows sufficient time for the women to attend to other chores. It is suggested that several women may team up and care for each others baby while they work on the nets.

16.00 rate of pay will be maintained. All those interested may sign up at the employment office, 1-5.

Crippled-Children Clinic to open

Dr. Morse Little, Project Medical Director, has announced a tentative Cripple-Children Diagnostic Clinic to be held in the middle of November for children up to 21 years of age under the sponsorship of the State Department of Public Health.

Any person having a physical handicap or crippling condition in the center which might be corrected are asked to report to school teachers, social worker or Miss Josephine Hawes, public health nurse at the hospital.

Dr. Little is anxious to make a survey of all persons who may have a physical condition such as, bone deformity, eye conditions, deformity of jaw and teeth, plastic conditions, specifically scars from burns, or injuries, and cleft lip or palate.

All persons are asked to report as soon as possible so they may receive medical aid at this time.

Marshall Miller, elementary school head, Dies in plane crash at Bishop airport

With flag at half mast, Manzanar mourned the untimely death of Marshall Miller, 31, youthful principal of the elementary school, who perished when his plane crashed in a flat spin as it prepared to take off from the Bishop Airport, late Friday afternoon. An amateur flying enthusiast, Miller and Instructor Jim Brennan, 24, of the Manzanar Airport had gone to Bishop on business when the accident occurred. Both Brennan and Miller were instantly killed with Miller being thrown out of the plane, and it was not determined who was actually piloting.

Work corps election Slated tomorrow

The primary election of the Fair Practice Committee and the election of the chairmen for the standing committees of the Work Corps organization will be held tomorrow at the Town Hall between 8 a. m. and 5 p. m. it was announced by George Matsumura, temporary executive secretary.

It was requested that all project units who have not turned in the names of their representatives to submit them to the office of Matsumura in the Administration building by tonight so that their names may be registered for the election.

At a meeting marked by lively discussions regarding the functions of the Work Corps, Fred Tayama was elected permanent chairman, to hold the office for a period of six months. Over 150 representatives attended the meeting.

Block Manager Appointments made

With the exceptions of blocks 23 and 35 where no appointments have yet been made, and Block 14, where Toyoshige Ioke's appointment remains to be approved, all of the managers have been installed in office was the announcement released by Frank Yasuda, temporary Executive Secretary, Saturday.

Kaaji Naka is temporarily holding office in Block 28 awaiting Dave I. Itami who will assume the position beginning November 1.

COMMISSION MEETS

To set up a registration and election procedure it was announced that the committee on the Self Government Commission will meet at the Town Hall this afternoon at 2.

Studies relocation

A visitor to Manzanar for the last few days was Mrs. Nace Satterlee, who has been studying the evacuation problem since its beginning with a group of citizens, and has been doing the utmost to raise funds for the relocation of students.

Postal inspection begun

Inspection by military police of all parcel post and express shipments coming into the center was instituted Friday afternoon.

The new regulation was ordered by Lieut-Gen. John L. DeWitt, commanding officer of the Western Defense Command.

Hereafter center residents will be notified of the arrival of parcel post and express shipments by the local postoffice and freight departments. Those receiving notices are asked to claim their packages at the postoffice between the hours of 12:45 and 2:30 p. m. daily, at which time a military police will be there to examine the packages in presence of the recipients.

In a memorandum to the local military police commanding officer, General DeWitt stresses that the "tools and implements of an artisan or of a professional person of Japanese ancestry are not absolute contraband," and that the military does not intend to "prevent the development of skills, crafts, trades and professional endeavors."

Surviving him are his widow, Bernice; his four-year-old daughter, Cecil Louise, and his mother and father. The parents have come from Sacramento where they reside. Also arriving was Mrs. Miller's mother.

Among the first educators to brave public pressure to accept a teaching post here, Miller previously taught at Davis, San Leandro where he was assistant principal, Modesto and Berkeley. Before death so mercilessly snuffed out his gay and exuberant spirit, he had won the friendship of all the Japanese with whom he came in contact, as well as the rest of the Caucasian personnel here.

In the few hours that he snatched from his busy routine, he was accustomed to renting a plane at the local airport and going on short jaunts to neighboring cities. Among his other interests were marksmanship, reading, and classical music.

Born in Sevastopol, Calif., in 1911, Miller graduated from Chico State College, then took further training at the University of California at Berkeley. He was a member of Delta Psi Delta, and a Phi Delta Kappa. He specialized in curricula development.

To honor his memory, the elementary schools will be closed for three days.

Funeral arrangements will be announced later.

Send for ballots

All eligible voters are reminded to make their application in writing for absentee ballots for the November General Election between October 14 and October 29, it was announced by M. J. Donoghue, L. A. County registrar of Voters.

Each voter must sign his own application and give his home address as well as the address to which he wishes the ballot sent.

Matrimonial leap

Miss Rosslyn Takahashi became the bride of Yoshikazu Maruyama, Saturday night at 15-15 with Christian services. The bride is a stenographer at the hospital where her husband is a kitchen worker. They will reside at 28-8-3.

"Our new world"

Four hundred and fifty years ago today, a great dreamer and explorer gazed reverently for the first time on the verdant green shores of the "new world," from the bow of his frail craft. His name was Christopher Columbus, a name synonymous with courage and unshakable faith.

Today that virgin land that Columbus discovered, teeming with the countless millions who flocked to its beckoning shores to escape the tyranny of their native countries and to share in the "new freedom," is fighting to retain all that it has gained since Columbus first dropped anchor in its blue waters.

America today in commemorating Columbus' magnificent discovery in the face of almost insurmountable odds should derive added inspiration from the burning faith that kept his face turned to the west when mutiny and death threatened. Steadfastly he clung to belief that the world was round and that if he kept sailing to the west he would find a new route to the Indies. Columbus died in 1506 without realizing the full significance of his discovery.

It is such faith as Columbus had that will see the United Nations through in the dark hours yet to come. But it was not faith alone, but faith translated into action that made Columbus great.

The wise, too, can emulate that faith and fight for their beliefs. Someday, through the interminable grey of "shoreless seas" will appear the faint outlines of land, growing clearer and clearer. There is another "new world" yet to be discovered!

What! No permanents yet?

Again we go to bat for the beauty parlors. With all equipment installed, even to the mirrors, operators selected, the only thing that holds up the grand opening is the adamant objection of the Block 15 residents where the beauty parlor is to be located.

They do not object to the beauty parlor itself, but only to having it in their block. This is a repetition of the difficulty that marked the temporary establishment of the Shoyu project. It is high time Manzanar residents acquired a little maturity.

We all realize the lack of room which is hampering many projects, including schools. There is nothing we can do about it at this time except make the best of a bad situation. The administration is honestly trying its best to alleviate the situation but the Army and Navy and the priority boards are more powerful than the WRA.

As time goes on there will be more and more projects that must be temporarily housed in the laundry rooms. Must the Community Enterprises and the administration continually bicker and argue with the block residents about the establishment of a project that will benefit all the people?

Let's stop thinking in such selfish terms and consider the welfare of the group!

Stored Furniture

In the mad bedlam that preceded evacuation, the Government's offer to store the evacuees' furniture and belongings in Federal Reserve Warehouses came as a light in the darkness. Many Japanese took advantage of the offer, signing a paper at the time absolving the Federal Reserve of all responsibility for the condition of the equipment. People then expressed appreciation for the benevolence of the government.

Now the Federal Reserve has decided to ship all belongings into the centers. Unfortunately, the condition of the shipments is far from satisfactory. Authentic reports of missing sections of divans, breakages, scratches in fine veneer, keep mounting.

It is deplorable that these things have happened. The government again "loses face." Such minor issues, small as they may seem to a nation engaged in war, is what builds or breaks morale.

House appropriates Funds for guayule

While Manzanar imported fleet-footed greyhounds to chase guayule-nibbling rabbits in order to cut down loss of this precious plant, the House of Representatives last Thursday realizing its potential value, appropriated \$19,000,000 to expand plantings from 75,000 to 500,000 acres.

Upon the advice of C. M. Granger, assistant chief of the Forest Service, who reported an unexpected yield of 33,000 tons for 1944 instead of the 13,000 originally announced, the House decided on extensive guayule acreage in California, Arizona, Texas and New Mexico.

Around the BLOCKS

BLOCK 27: In this block's ironing room, samisen lessons are being given.

BLOCK 5: After two weeks of conscientious work by residents, insulation has been completed.

BLOCK 24: Thomas Ozamoto has resigned as information clerk, and is now replaced by Helen Tokuda. . . . New bulletin boards have been put by the doors of the men's and women's latrine, for better distribution of timely reports. . . .

BLOCK 25: With the help of the resident men, buildings are being insulated. The ladies are keeping up the morale by serving cold drinks and watermelons.

BLOCK 23: Attractive new curtains and artificial flowers now adorn the windows of Kitchen 23. . . . Six names have been submitted for the position of new block manager. . . . Golf is the rage of this block with Champ Kay Morimoto instructing several classes for girls and men. . . .

BLOCK 30: Celebrating the opening of the block mess hall, residents flocked to the kitchen for a Japanese recording concert. . . . Lawns are looking trim and neat with the first mowing in two weeks.

BLOCK 33: A new branch library has opened at the block manager's office.

BLOCK 36: Something unique has been accomplished by Block 36. Following the grand opening of the kitchen, a huge block party was held. Block leader, T. S. Katata, introduced T. Naito, chef; Mr. Yoshihara, personnel manager; and Mr. Nakamura, who spoke in behalf of kitchen workers, extending an invitation to all residents to bring their friends to the mess hall any time, to try out kitchen 36 hospitality. Refreshments, especially prepared for the occasion, consisting of apple pies, doughnuts, potato salad, tea, apples and lemonade were served. Entertainment of songs and dances from volunteers followed with Mr. Hashimoto as emcee. Mike was furnished by the Recreation department while mess hall workers prepared the temporary stage. The approximate 300 who attended favored holding such celebrations "as often as possible" according to the block report.

BACK ISSUES

With the Free Press office undergoing a housecleaning, residents wanting back issues of the mimeographed copies of the newspaper may get them by calling Emi Maeda at the office.

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

Manzanar Work Corps

(This is the sixth and the last in the regular series of the By-Laws of the Manzanar Work Corps to be published. All employees, particularly the representatives, are requested to save them as they appear.—Editor)

Section 4. WORKERS TRAINING COMMITTEE

There shall be a Workers Training Committee of at least three (3) members whose functions shall be:

- A. To study the possibilities of various training courses for workers.
- B. To make recommendations of such findings to the Chairman for action.
- C. To obtain speakers on vocational training.
- D. To conduct various work training meetings.
- E. To conduct various work exhibits and tours.
- F. To keep minutes of its committee meetings.
- G. To make bi-weekly reports to the Fair Practice Committee.

Section 5. VOCATIONAL COUNSELING AND GUIDANCE COMMITTEE

There shall be a Vocational Counseling and Guidance Committee of at least three (3) members whose functions shall be:

- A. To conduct through the office of the Chairman such vocational counsel and guidance to members as may be requested.
- B. To make such recommendations to the Fair Practice Committee when its services are requested.
- C. To make center-wide study of vocational guidance needs and conduct through the medium of the press articles on such subjects.
- D. To establish contact with well-known authorities on vocational guidance outside of the Center.
- E. To keep minutes of its committee meetings.
- F. To make bi-weekly reports to the Fair Practice Committee.

Article IX Adoption and Amendment

Section 1. AMENDMENT

A. These By-Laws may be amended, altered or otherwise changed at any regular or special meeting by a three-fourths (¾) vote of the total number of delegates to the Representative Assembly present; provided only that the proposed amendment be published along with the notice of the meeting at least ten (10) days prior to the time such meeting is to be held.

B. Any proposed amendment to the By-Laws shall be submitted in writing to the Representative Assembly or to the Chairman of Fair Practice Committee signed by at least twenty-five (25) members.

Article X Existence

Section 1. This organization shall be in existence as long as Manzanar Relocation Center is under the surveillance of War Relocation Authority.

Dear Editor:

Letter from Roy Takeno, Information Head, received here with interesting tid-bits quoted: "Freedom is wonderful here in Blockfoot. Talking of Groveland, I did my first honest day's work yesterday hauling field corn to the silo; 45c an hour. Beet harvest starts Tuesday, two fellas and I up-rooted one beet yesterday and took a good look at it. . . . Rowdy niseis, bearded and dirty clothed are rapidly ruining our reputa-

tion. Some farmers already refuse to hire men from the labor camps. . . . life here is compounded with hard work, "premetive" thinking, and living conditions. Their spoken language is colloquial. Their manners are wholesome and not pretentious. . . . P. S. Took a walk around the town in 15 minutes. And you don't have to run.

Regards,
 Roy Takeno.

IN APPRECIATION—

To our friends and neighbors for the sympathies extended us during our dark hour of bereavement, we wish to take this means to express our deepest gratitude.

CANTEEN COWBOY

Seq.

INTRODUCING HIRO Kayasu- alias "Burrby" Little flash from Montebello — who has a girl friend in every block — expects to go to Arkansas to be with his relatives. His friends say he's a sucker for everything — but you can't tell about boys like Hiro—

SINCE THE HOSPITAL'S latest blessing has joined the orderlies corps, the nurses' hearts are fluttering, the aides' hearts are rocking, the orderlies are being ordered. And Mr. Yama, how can Oklahoma get along without you? Ain't he a plumperoo, gals?—

MR. MILLER of the Employment office was so surprised that his mouth popped and his mouth opened. Reason: Two girls came running into his office to sign up for girls' furlough. After explaining that there was no such thing, Mr. Miller remarked that "That one's the biggest rumor I've heard yet."

GEORGE MINAMIKI, teacher in study hall, was calling the roll. He came to the name Ben Yano. He called several times but no answer. Suddenly a girl yelled: "He's in Idaho." Misunderstanding the statement George called out "Ben Idaho" and the room was in an uproar—The laugh was at the expense of the bewildered teacher.

A VERY HUNGRY young man declared that he wanted to see the canteen sell hot dogs. An indignant kibel answered with "Japanese don't eat dogs" which was not an understatement. Heck! you never can tell about humans. I take no responsibility for the above story, for it was just passed on to me.

WHILE WALKING down to work, we met a large group of school kids wearing dresses of all colors — dirmds — kids of all sizes and shapes — tall and short — straight and crooked legs — hmm — it brought a nostalgic longing for the happy school days in our home town. I want to go long ago when we walked down the street, gaily joking — and laughing with our friends — only they were of all nationalities instead of one. Makes one wonder if they'll ever think of Manzanar — in about 10 years, with equally pleasant memories—

GIRLS! ATTENTION! A certain ruling has been made that all future brides must walk to their weddings. And that a dead man has the privilege of riding in a car to his funeral. Demand your rights as future brides — write to your congressman — your representative — anybody — use your muscles and brains. This calls for an uprising in defense of female equality — etc — etc — You go on from there. I'm all out of breath.

History and econ Offered adults

All adults interested in studying United States History or economics should contact Choyei Kondo, whose classes will begin Tuesday, Oct. 13.

In 10-15, United States History is taught from 7 to 8 p.m. and economics from 8 to 9 p.m. on Tuesdays. On Thursdays in 22-15, United States History will begin from 7 to 8 p.m. and economics 8 to 9 p.m.

Persons can enroll in one or both classes and in order that everyone will understand, he is going to interpret his lessons in Japanese.

Graduate of University of Iowa and also a scholarship student, Mr. Kondo, who majored in economics, received his M.A. by writing an essay on Banking History of Iowa.

Businessmen form New organization

To keep tab with the current business world and to prepare themselves for post-war resettlement, 15 former businessmen have formed a club named Cal-troy, meeting once every two weeks with a guest speaker.

Tonight Edward Chester of the Education Department will speak to members on vocational guidance. The past speakers for the club have been WRA Industrial Production Manager Bennett and Burney O. Wilson, center procurement officer.

'Y' INSTALLS WITH CANDLE SERVICE

With the lighting of the candles held by officers, advisors and board members belonging to the Inter "Y" and "Y" Girls councils, a mass Installation and recognition ceremony was held in kitchen 32 last Friday night. With the theme "To find and give the best" the girls pledged to keep faith and earnestly endeavor for the good of everyone.

Community singing led by Esther Naito, accompanied by Mrs. Chiye Yamaya, was followed by the introduction of guests and talent show. Mr. George Corwin, national secretary of the YMCA was the speaker of the evening.

Mrs. Nielson played "Rustles of Spring" and an original piece she composed. Hideko Nakano regaled the audience with her monologue, while Mary Kagayama, Joan Nagao, and Miyuki Yoshimoto displayed their musical talents.

Walking off with the club tag prizes were the Jr. Matrons of the Older Girls and Manzabell of the G. R. girls. Miss Betty Lyle presented the clubs with scrap books.

Employees urged To get work orders

Center residents who are on jobs but without work orders will not get paid!

That, in brief, was the announcement issued by Fred Fujimoto, chief timekeeper, yesterday. Each worker given a work order by the employment office has a time sheet issued to the division in which he works. Without a work order, the individual time sheet is not issued by the timekeeping department, declared Fujimoto.

'Y' council holds Discussion by creek

On Saturday afternoon the "Y" Council held a discussion at Bair's creek, led by Mrs. Nishikawa. Topics included vocational guidance, world fellowship, boy and girl relationship, etiquette in Manzanar and family and friends relationship for the Girl Reserves while the Older Girls discussed world affairs, relocation and employment, marriage problems and womanhood.

Speakers were Miss Esther Briesemeister, Miss Betty Lyle, Mrs. M. D'Ille, Miss Martha Job, Miss Helen Ely, Mr. George Corwin, Mrs. M. Kikuchi, Mrs. Ned Campbell, Mr. Heath, Miss Aiyee Asaka and Mr. Choyei Kondo.

FOR MEN ONLY

Men interested in knitting are invited to join classes, which will meet at 4-15 every Monday and Friday from 7 p.m. to 9 p.m. Competent women instructors will be present to help beginners.

OPPORTUNITY—

12,000 acres located near Pueblo, Colorado: irrigated alfalfa, vegetable and sugar beet land now being offered to Japanese Farmers on a crop rental basis. A company is now being organized to include 400 Japanese families in the company: a Corporation will be formed and handled by a board of directors made up of Japanese farmers only. This property has been inspected by experienced Japanese farmers who are now in Camp Manzanar. This is a privately owned enterprise. For full information see Block Manager 1, Mr. Ogura; Block Manager 26, Osawa; Block Manager 21, Nakamura; Mr. S. Betsuin, Bldg. 36, Apt. 8, Apt. 2, immediately. A mass meeting will be arranged with the owner present.

NEWS NUGGETS

SUGGESTION BOXES

With the placement of suggestion boxes in each block office and the Town Hall, residents are asked to make use of them for voicing complaints, suggestions, inquiries, and rumors, etc.

DR. KIRBY PAGE

The Manzanar Christian church announces Kitchin 15 as the locale where Dr. Page, "Y" peace worker and one of the most well-known Christian leaders to visit this city, will speak this coming Wednesday night at 7 p.m.

ANOTHER HONEST MAN

Latest popular find in Manzanar seems to be finding money. Latest finder is Masami Kagami of the ground crew, who found \$25 Thursday afternoon, according to the police department.

LEAVE STAKES

Parents are asked to warn children against pulling lath stakes put in the ground by the Survey Crew, as it delays work.

IOWA BOUND

Leaving for private employment, Mr. and Mrs. Ito and family, boarded the bus at 9:15 a.m. Saturday morning for Wauke, Iowa.

CANCEL EVENTS

In due respect to Marshall Miller, principal of the elementary school, who met a tragic end in an airplane crash last Friday evening, grammar schools will remain closed for 3 days. The P-TA meet scheduled for tonight will also be canceled. Only the nursery, adult education and high school will continue, according to Dr. Genevieve Carter, superintendent of education.

VOLUNTEERS SOUGHT

Seiichi Ono of 35-12-2, asks for volunteers to help with putting tar paper and lath on the roofs of this block.

Vital Statistics

DEATH:
Daisuke Ishii, 61, of 2-10-4, on Oct. 9 at 6:30 p.m. of cerebral thrombosis.

Marshall Miller, 31, principal of elementary school, died in airplane crash, Oct. 9, at 5:30 p.m.

AT THE Department Store

Gee Whizz!!!

With baseball dying and volleyball drawing nigh, girls are booting the hoops for the coming basketball season. The Recreation Department is still on the look-out for rosters, officials and any available courts to start the league. It would be advisable to scrutinize the femmes basketball rules and regulations appearing on this page for those hoping to enter. Manzanar will also follow the basketball guide applied Nationally. Clip them if you have to — It'll save time, trouble and friction if we all studied the rules and regulations.

KEEP 'EM SWINGING

American League's prowess awed the National All-Stars at their recent combat when J. Hatake, G. Odahara, S. Takuechi and H. Hamamoto took turns lambasting the pellet to take top batting honors. Chucker Haru Hamamoto's fast ball also terrorized the younger set till H. Hino gave them a break—an 8-walk, 12-run splurge in one inning.

Tabuchi proved to be quite the all-around star after her eye catching plays at 3rd. We've known her to cause havoc at bat, behind the home plate and in the pitcher's box. Raise S. Takeuchi's temperament and you'll get terrific bombardments in return. Fans missed P. Muziani's muscles in the All-Star tilt.

LOST FIGHT?

Twice quarantined kept the Village's Fighting Nines out of play and practice, but their last hold-over ended in a forfeit. Cher Amies easily won the game when not a single Fighting Nine showed up at the American field. We learned later that the elusive Village girls were nonchalantly waiting, resting and wondering at their Bk. 29 square. What happened was a mix-up in the diamonds.

With a .238 batting average the Fighting Nines placed a "B" verdict on the winless Delta Y's in the final National League standing.

ALL OPPONENT

The American Softball League teams are requested to turn in their ballot for an all-opponent "nine" to decide the final All-Stars, positions including: pitcher, catcher, 1st base, 2nd base, 3rd base, short stop, left field, center field and rightfield. Turn them in at the Free Press.

VOLLEYBALL

Many of the volleyball queens are seen drudging along with their books. The Windbreakers are one team that works en masse. Marina Maeda slept two of the first "learning" days and gets well for volleyball practice in the evening.

Next week will officially close the ball tossers' league. The Just-amers are expected to trounce the Pachooks, while the All Shots have it over the Windbreakers. The Uptown Strutters may take the Termites in which case a 2-3 play-off will ensue, the Termites having taken the last contest. Both are tied for 1st with 1 loss which will be reason enough for an exciting game. It is also interesting to note that the Uptown Strutters took the "B" volleyball pennant last season. The Termites on the other hand stole the "A" laurels.

Three boys and three girls are all that is needed on a team for the mixed volleyball league coming up.

FEMMES CASABA RULES...

Girls' basketball rules continued from the last edition.)

- d. She shall recognize substitutes.
- e. Warn player or notify referee if player is disqualified.
- f. Keep the scorer informed upon decisions made.
- g. May administer penalties for violations.
- h. Notify captain and scorer if time allowed for substitution has exceeded.

GOALS

1. A goal is made when the ball enters the basket from above the impetus having been legally given by any forward within bounds.
2. The goal counts even though the guard touches the ball on its flight to the basket.
3. Each goal shall count 2 points.

ATTENTION MEN

Open league, volleyball managers' meeting—Tuesday, Oct. 13—7:30 p.m. at the block leader's office in 21.

This league is still open for teams — registration is taking place in 1-2-2 or contact Toshi Teresawa, Tom Nakagawa or Joe Tamaki. The following teams are listed in the league thus far: Rusty 9 Aloha Ramblers, Oliver Broncos, Platter Turners, Manzaknights, Manzaknight Squires, Manzaknight Pages and Gaels.

4. Each free throw shall count 1 point.

DEAD BALLS

The ball is dead and play shall cease until the ball is again put in play by the referee.

1. When a goal is made.
2. When the ball goes out of bounds.
3. When the ball is declared.
4. When time out is declared.
5. When a foul or violation is called.
6. At expiration of playing time.
7. When the ball lodges in the supports of basket.
8. When a spectator interferes with ball at any time.
9. After each of the 2 free throws following ball at any time.
10. After each of the free throws except the last, following more than 1 foul on the same team.
11. After the first of 2 free throws awarded from a foul against a forward throwing for basket.

(Continued in next issue)

FINAL NATIONAL SOFTBALL LEAGUE STANDING

| Teams | W. | L. | Pct. |
|---------------|----|----|-------|
| Jr. Invaders | 4 | 0 | 1.000 |
| Cher Amies | 3 | 1 | .750 |
| Small Frys | 2 | 2 | .500 |
| Fighting Nine | 1 | 3 | .250 |
| Delta Y's | 0 | 4 | .000 |

INVADERS' NISHIMA, OSHIO, ANDO GRAB NEXT THREE POSITIONS

M. Kudo of the Cher Amies took the National batting honors, leading the pace with a neat .750. Jr. Invaders' Y. Nishima followed with a close .666. Besides copping the National softball crown, the mighty Invaders managed to land 6 of their 10 players over the .400 mark. J. Nozaki of the last place Delta Y's and the Small Frys' Tazma Uyeno were the only other batters to place above the .400 digit.

Sport Core

JINXED—The Fighting Nines from the Children's Village must be jinxed. Being quarantined twice, the villagers were all set to play the Cher Amies in their last league encounter—but came the mix-up. The Cher Amies showed up at the American league diamond 1, while the Fighting Nines were patiently waiting at the village diamond. The Nines lost by way of forfeit—Better luck next season, gals!

HAVE YOU NOTICED?—The goal posts for the 8-man touch football field? Well, it's coming to you with the compliments and courtesy of Toshi Teresawa, Tom Nakagawa and Joe Tamaki. Seems that they went wood chopping — because they were unable to receive lumber — necessity is the mother of all inventions. But it looks like it is going to take some high and fancy kicking—just take a look at those so-called somewhat straight touchdown poles.

IT'S STILL OPEN!—What is? The 8-man touch league is still in need of competition. The teams that have handed in rosters are eagerly waiting for good competition — bet you have some — How's about showing us some?

AN IMPORTANT MEETING—All the volleyball managers are requested to attend an important meeting in 21 block leader's office. It's tomorrow nite at 7:30 sharp.

NATIONAL LEAGUE FINAL BATTING RECORD

| Player and Club | G | AB | H | Pct. |
|------------------|---|----|---|------|
| M. Kudo, CA | 3 | 8 | 6 | .750 |
| Y. Nishima, JI | 2 | 3 | 2 | .666 |
| R. Oshio, JI | 4 | 15 | 8 | .533 |
