CONFERENCES BILLED

From the Washington Agricultural Division will come E. H.
Reed and D. R. Savin, while P.
G. Robertson and C. R. Zimmer
will come from the regional office in San Francisco. They will
confer with Acting Project Director Harvey Coverley, H. R.
MacConnel, farm superintendent
and Yoshio Sugihara, field superintendent.

A series of five half-day conferences are scheduled to be held
here, at which, subsistence needs
for this center will be discussed.
The possibility of purchasing
livestock for the center will be
discussed at the meeting. Records
and reports of the local farms
for the past season will also be
reviewed to determine what crop
is best suited for this project.

DEPEND ON LABOR

DEPEND ON LABOR The local agricultural program for the coming year will depend greatly on labor available at the center and also on soil fertility.

City insulation Nears completion

Plasterboard insulation of center barracks is now two-thirds finished, according to Kaz Ogawa of the Public Works Division The distribution of plasterboard is 95 percent complete.

Blocks 4, 5, 6, 9, 10, 13, 16, 18 Blocks 4, 5, 6, 9, 10, 13, 16, 18, 21 and 35, are already finished, most of them by volunteer crews recruited by each block. Temporarily hindered by lack of 2 by 4 lumber for ceiling support, the unfinished blocks are reported to be waiting for lumber from the mills. Most blocks are expedded to finish insulating their barracks by the end of October.

With all deliveries of plaster-board to Manzanar completed, Ogawa warns all plasterboard volunteers to refrain from mak-ing shelves and closets with pieces of plasterboard until all houses have been insulated. Otherwise shortages in plasterboard may result for the remaining barracks.

A total of 69,496 sheets of plasterboard have been delivered here. It is estimated that 10 per-cent of the incoming plaster-board has been broken or damaged. Administrative officials ex-pected only 2 percent damage and only provided for that much allowance

MIYA KIKUCHI CHICAGO-BOUND

Mrs. Miya Kikuchi, center's YWCA advisor, left for Chicago Thursday evening to attend the national YWCA Business and Professional Council meeting which will be held from Oct. 19 to Oct. 23.

Invited to attend the meeting by Helen N. Flack, secretary of the Community YWCA division, New York City, Mrs. Kikuchi will take part in the inter-racial problem discussions. On her return trip, she will stop at various cities to discuss Japanese relocation problems with YW leaders.

Mrs. Kikuchi left in company with Mr. and Mrs. Ralph Smekt-zer for Los Angeles where she boarded a train for Chicago. She is scheduled to be back at the center by the end of this month.

Free Press P-Coat Contest

The Army quartermaster, and other Army and Navy men who have long been accustomed to the utilitarian but unromantic navy blue pea-coats would raise their eyebrows in sheer surprise if they could see these same pea-coats transformed into smart, streamlined reefer coats, parka jackets, and plaid-limed boyish coats.

To test the ingenuity of the girls in making something out of practically nothing, the FREE PRESS launches the Pea-coat Contest. Arrangements for a panel of judges, prizes, fashion show, and pictures are being made and will be annunced soon.

So, girls, think extra hard when you plan renovation of your pea-coat or army coat. Wait for contest rules in the next issue.

Warning that there are only two days left for registration of voters, Frank Yasuda, temporary chairman of registration of the Commission for Community Government, urged all residents not yet signed to do so immediately. Only those properly registered will be allowed to vote in the coming ratification of the Manzanar Charler and election of officers, Yasuda declared It is imperative for a good democratic government for all those eligible to vote to turn out. For that reason he wishes to emphasize the importance of the first registration.

GOOD TURN-OUT SEEN

With the majority of the blocks showing a good turn-out of voters, Yasuda declared that there is no cause for disappointment, so far. There are some blocks, however, that can stand a lot of improvement, he said.

Everyone over 18 years of age is eligible, to vote and all gesidents over the age requirements are asked to sign. Name, age and address will be asked. Workers out on furlough will be allowed to register as they return. Deadline for those present here has been seen it Wednesday, Oct. 21.

MEETING SOON

Another meeting of the Commission on Community Government was held Friday when the final report on the "Manual on Judiciary and Arbitration" was read and rechecked. It was decided that the ratification of the Charter and the elections of the officers will be held as soon as possible following the registration. Publication in the Free Press and discussions in block meetings were advanced as means to educate the public on the new governmental set-up.

Roosevelt's fireside chat-

President Roosevelt in another of his portentious fireside chats on Columbus Day laid the groundwork for the drafting of youths in the teen-age group and the establishment of a manpower commission to work out labor allocations so that production will be further speeded. Geared to wartime tempo, Congress has already formed and will pass the new draft bill by next week.

MAY FREEZE WORKERS ON PRESENT JOBS

And the manpower regimentation bill is already being drafted. This means that men and women will no longer be able to flit from job to job, but must work where they will be of the greatest service to the war effort.

Manpower boards, similar to draft boards, will probably be set up to register skills, crafts, and potentialities of workers.

WILL IT AFFECT JAPANESE IN CENTERS?

How this will affect the 100,000 Japanese now in relocation centers is still a matter for conjecture. Hereafter, beet work and other agricultural work may not be on a strictly voluntary basis, but under the jurisdiction of the Manpower Commission which may draft workers for the agricultural

In his speech the President made one statement that may have particular significance for us. In stressing the need for order in the solution of the manpower shortage, he mentioned that employers will no longer be able to discriminate against women, older workers, negroes and other racial groups.

HOPE FOR EQUALITY AND FAIRNESS

We only hope that if the manpower draft reaches the nisei, it will be carried out fairly and without discrimination. There are many highly qualified and trained nisei who would prove invaluable in industry who have never been given the opportunity to put their knowledge to effective use. It would be a tragedy to have all the niseis sent out to the beet and cotton fields, regardless of their training.

Purpose of the

Manzanar Work Corps

This Friday the workers of Manzanar will cast their ballots for the candidates of the Fair Practice Committee. Manzanar will go on record as the first of the Relocation Centers in the United States to organize a committee for fair employment practice.

The Fair Practice Committee will be composed of three members elected from the Professional or Executive Staff group and one each from the Industrial, Agricultural, Mess

and Miscellaneous groups.

The Fair Practice Committee through the activities of its standing committees will begin on its five-point program.

1. Defend and uphold fair employment practice. Undertake a vigorous center-wide educational pro-

gram for cooperative effort. 3. Create facilities for studying relocation and furlough problems.

SQUIRES UPSET FAVORED SCORPIONS

FOOTBALL MEET

There will be an important 8-man touch football managers' meeting this Thursday, Oct. 22, at 7:30 p.m., at 2-15.

All managers are requested to attend, because rules and regulations, referees and umpires and all other preliminary arrangements will be made at that time, according to Directors Tosh Terasawa, Joe Tamaki and Tom Nakagawa.

The deadline for complete team registration is set for this Wednesday, Oct. 21.

Sport Core

A CLOSE SHAVE—That's just about the size of it—when the over-confident Justameres apover-confident Justameres ap-peared with a short team and were forced to use inexperienced Kay Shimamoto. They were scheduled to toss with the cellar champs, the Pachooks. Their cockiness was due to a recent surprise upset over the top-flight Termites — but the Pasadena femmes gave the Justameres the scare of their lives.

such as shin guards and hockey such as snin guards and nockey sticks — then the skirts will be banging it out bully for bully. But speedball will only take a sockerball and this girls' activity will more than likely materialize — something to look forward to — gals.

CONGRATULATIONS CONGRATULATIONS — Or-chids and bouquets to the gold fans of Manzanar — the recent initial tourney goes to prove the old saying — "try, try again" — starting from a bare nothingness, the golters set forth and com-pleted 4 holes, in time for the just-past tournament. Watch this up and coming sport as a big part of the athletic program planned

OS the department.

CASABA HOOPING—Why is it that all girls' teams are laying for the Dusty Chicks, Phi Sigmas and the Justameres—could be to deflate inflated egoes—could be?

But Chiyo Sugimoto and force can take any potential girls down a couple of pegs—

IT'S IMPORTANT - The 8-man touch football managers will have an important managers' meeting — this Thursday at 7:30 p.m. It's Dusty 9, Ramblers Smear P. A., All-Stars

The pendulum of the Manzan-ar and Owens Volleyball leagues began to swing officially last Saturday afternoon when the in-tital tussles took place on the new volleyball squares opposite the canteen.

itial tussles took place on the new volleyball squares opposite the canteen.

In the Owens league, the busting Oliver Broncos out-classed the mediocre Manzaknights, Led by offensive Hiro Sasaki and perfect set-ups by Yoro Shishido, the Broncos led all the way, winning by the scores 15-13 and 15-8. The Piutes fell prey to the strong Bel Aire boys, 15-8 and 15-8. If today's performance is a sign of league leaders, the Bel Aires will be the greatest contenders for the top spot. Their timing, set-ups and smashes from the front line added to their easy victory while the Piutes were hapless.

Boasting of a number of potentials the young Dusty Nines smothered the helpless virle' All.

Boasting of a number of poten-tials the young Dusty Nines smothered the helpless girls' All-Stars. Though finding this an easy contest, the Dusty Nines will find the other teams stronger in front line defense and back-line set-ups. The score ended 15-6 and 15-8.

15-6 and 15-8.

The dark horse Gaels found the road to victory in their initial appearance when the Padres failed to show up. Gaels' Sammie Hasegawa looked good in practice.

Hasegawa looked good in practice.

The highly touted Scorpions took a surprise beating at the hands of the Manza-Squires. Onodera and Hochi starred for the winners with the tallies showing 15-7, 0-7 and 7-0 in favor of the Squires in the three game competition of the afternoon.

Platter Turners lost to the mighty Ramblers, 15-3 and 15-9. Still not quite organized, the Falcons fell victim to a tune of 7-0 and 15-8 at the hands of the Manzanar Vandals.

In the last of the afternoon's tossing the Buckeyes took the Pages by the count of 15-9, 16-12.

MAYBE?—That's right — just maybe. There'll be field hockey and speedball for girls' sports this coming cold season. If the proper equipment is received—

the date set for the all-girls HiJinx get-together, climaxing the
second girls' volleyball and softball season. A surprise is in store
for the team having the most
amusing skit. The evening will
be highlighted with the presentation of awards, unveiling the
sportsmanship winners and the
most valuable player from each
league. Last baseball season, the
class "A" San Fernandans and
"B"-Whirlwinds magged the covted sportsmanship awards.

SCHOOL ACTIVITIES

The physical education classes have started right in, parading the students over the wide firebreak field, exercising—one-two, and so forth. The fellas are seen flaunting the pigskin back and forth at the American Field, where everyone gets a workout. We expect to find more athletes uncovered. Profane language is not allowed on the field, so if you see anyone marching around not allowed on the field, so it you see anyone marching around the field you'll know why ... Lacking in athletic equipment, the physical education classes are handicapped with only 4 footballs. Arrangements are still in order to use the nearby block showers. I wonder if they'll be sporting shorts. Girls will probably play in slacks—snow sports in the winter?
