

Co-op promises set of latest pictures

'MANHUNT,' 'JUNGLE BOOK' SET FOR LOCAL SHOWING

"Manhunt," "Pride of the Yankees," "How Green Was My Valley," "Jungle Book" and other late releases were promised for local showing in the near future. This good news

for the movie fans was released by the Cooperative movie department through Seijiro Betsuin. Plans for the bookings of these movies had been completed earlier but due to unforeseen circumstances they had been delayed, said Betsuin, but new definite assurance has been given that we will be able to show them here starting from next month.

A hilarious comedy, "Hold that Ghost," with those two zanies, Bud Abbott and Lou Costello is on tap beginning Saturday. Also featured in the picture are the Andrew Sisters and Ted Lewis, internationally famous band leader. A cartoon comedy and a newsreel will complete the show. The schedule for the showings will be announced later.

"This week's bill, "A Date with the Falcon," will be shown until Friday night. Featuring an all-star cast with George Sanders, Wendie Barrie, James Cagney, Alan Jenkins and others, it is detective drama interposed with timely laugh provoking incidents.

The story revolves around the puzzling disappearance and seeming murder of a clever scientist who has invented a cheap method of making synthetic diamonds for use in defense industries. The "Falcon" baffles both the forces of law and order and a desperate gang of kidnapers in solving the crime.

The schedule for the "Falcon" for the rest of the week: Tonight, Bkls. 24, 17, 18; Thursday, Bkls. 2, 1, 8; Friday, Bkls. 3, 4, 9. The first mentioned mess hall is where the movie will be shown.

More cooperation by the picture funds was requested by Seijiro Betsuin, head of the Cooperative movie department.

"Unless more cooperation is shown by the residents the movies may have to be discontinued," Betsuin said. Unwarranted crowding of the halls makes very hazardous and may make the showing of the pictures inadvisable.

"Pointing out that the new schedule of showings now in force makes it possible for everyone to see the shows in his turn, Betsuin said that such crowding was unwise and unnecessary as well as dangerous.

Much leeway has been given the customers, Betsuin said, but there is no excuse for overcrowding. The schedules have been drawn so that everyone gets a chance and people should wait until their turn comes. Tickets are distributed for every showing and all those without tickets should wait until the movies are shown in their blocks.

Betsuin admitted that the mess halls were very unsatisfactory but disclosed that the management was doing all in its power to find a suitable hall. Negotiation for use of one of the buildings formerly used for the camouflage net project was under consideration, he disclosed, as well as a plan to build a hall large enough for the movie project.

MANUFACTURING

Manufacturing of clothing at Warehouse 29 is progressing at full capacity with the addition of much help totaling 50 persons taxing the 60 pieces of machinery to the limit.

At the present rate, finishing of trousers this week will complete the police uniforms and the firemen will be outfitted by the end of the month.

NEWS NUGGETS

EMPLOYMENT

Although several barbers and beauticians have answered the call for workers in the barber and beauty shops, many more are needed to relieve the pre shortage, stated Arthur Miller, personnel director.

Over scores of interviews have been conducted during the past week for positions as stenographers and accountants. Those interested in securing these posts may see Miller at the Personnel Office. Miller declared that jobs in the future will also be given out for training purposes, so that when the experienced leave for job relocation, those who have been in training may replace them immediately.

SAVE PAPER BAGS

Customers are urged by George Nakatsuka, canteen manager, to save all paper bags possible. He explained that this will serve a two-fold purpose: It will enable the Co-op to save part of the expense incurred in furnishing bags which will in turn help the patrons by returning larger rebates. Nakatsuka also said that sometimes, due to the shortage of paper, it was impossible to get enough bags, and if all the customers cooperated, it would help greatly.

Nakatsuka also urged all persons with soda cases and bottles to save all caps so that proper refunds may be made. He disclosed that close to a hundred dollars have accumulated in the fund.

NEW ENTERPRISES

New enterprises including a photograph shop, watch repair, radio repair and others are being contemplated by the Cooperative Enterprises was the information released by Sokichi Sugimoto, assistant general manager. Many calls have been made regarding these enterprises and the management is making plans and working out the details for them, he announced.

Although the complete list for the shop repairing prices has not been figured yet, Sugimoto disclosed that it is expected to be at least 35 percent lower than prevalent outside charges. He announced that all prices on merchandise handled by the local Co-op has been materially lowered since the beginning of the year.

Peace Committee Given Approval

Approval and backing was given the Peace Committee by the 108 representatives in a meeting held Monday morning at Buddhist Church hall, 13-15.

Formed with the purpose of cooperating with the police department in keeping peace in the center the Peace Committee was officially recognized by the Block Managers' Assembly and the Administration recently. It is headed by Seiguro Murakami, judo instructor, and is composed mainly of ranking members of the trade group.

Decision as to the continuation of the Negotiating Committee in its present capacity was also made at the meeting and the formation of an advisory council was also made.

Transfer to Other Centers Possible With Revised Policy

Evacuee residents will be permitted to travel or transfer to other project centers under a recently revised policy as stated in Administrative Instruction No. 46, when their best interests or those of the WRA are served by this action.

Traveling between centers will be authorized for the purpose of (1) reuniting members of immediate family who were separated during evacuation procedure; (2) reuniting members of a broad family group if such persons were at the time of evacuation living with and dependent upon the immediate family; (3) transferring to the residence of guardians or other persons or institutions, only orphans, minors, physically handicapped or other persons not able to take adequate care of themselves; (4) transferring to other centers, professional or other skilled persons when such are required at those centers; (5) furthering the efficient operation of the WRA program; and (6) in other unusual situations requiring action for the protection of the welfare of the evacuee, a family or a group of evacuees.

In general, the WRA will pay the cost of travel as authorized in the above cases with Caucasian escorts provided.

The evacuee must bear the cost of the trip including the escort's expense for the following cases: (1) to attend the funeral of a member of the immediate family; and (2) to visit a close relative who is ill if in the opinion of the attending physician such a visit will serve the patient's best interest.

The Community Welfare division under Mrs. Margaret D'ille will handle all requests for transfers between centers but the Project Director will give final authority to approve or disapprove such trips.

Evacuees interested in social visits to other centers should apply in writing to the Project Director. The application must state in detail the reasons for such a request and the evacuee must pay, for costs all including the escort's expenses.

Typewriter Rentals Due for Distribution

Reimbursement for the use of privately owned typewriters being used for government business is expected to take place as the affected parties began filing applications on Form 590 last Tuesday morning. According to Burney O. Wilson, procurement officer, payment will probably cover dates beginning July 1st.

Questions to be filled in are: make of machine, model, number, carriage width, type (elite, italic, etc.), services began, services terminated, department in which used, name of department head, and signature.

Wilson stated that the OPA has already set a price for rentals with the majority being \$3.00, although later standard models may bring \$3.50.

Those persons affected are asked to fill in forms obtainable from Massy Kanamori at Wilson's office.

LOCAL 'R' DAY TOMORROW

It's "R" day again!

All those who reached the age of 18 by July 1, 1942, must register for selective service tomorrow at the southeast end of the Administration building, formerly occupied by the Mess Division. Registration will begin at 8 a.m.

C. E. Demorest, from Local Board, 134 for Inyo County, will be here to register and it is mandatory that everyone be here.

All those working or in school will be given leaves for registration.

Over 350 Students Enroll in Jaysee

According to the latest figures, over 350 students have enrolled in the countless junior colleges, stated Charles Ferguson, director of Adult Education. Those still wishing to enroll may do so during this week at 1-3-2 with Frank Takahashi, registrar.

All jaysee students must take Subject A English Examinations at 7-15 this coming Saturday afternoon. Those persons whose last name begins with A to M inclusive should report for exams at 3:15 to 5:15 p.m. Students are asked to bring their own pen, ink and blotter.

It is planned to begin classes in German, drafting, business law, scientific illustrating and accounting. Interested parties should contact Takahashi.

It was announced that Library 7 will remain open from 4:15 p.m. to 10 p.m. for the jaysee students.

Scouts to Hike

All Boy Scouts who wish to go on a hike this coming Saturday, Jan. 23, please report to the recreation office at 1-3-2 and leave their names. The group will leave on the hike at 9 a.m. All boys are requested to bring their own lunches.

MUSIC APPRECIATION

Music Appreciation classes will be conducted weekly at 7-4-2, from 7 to 9 p.m.

Dr. Goto Called To Assist WRA Center at Delta

Responding to an urgent request by Dr. Carlyle Thompson, national chief of WRA medical and health division, to assist the medical program at Delta, Utah, Dr. James Goto, with Mrs. Goto (Dr. Masako Kusunagi), will leave Manzanar this afternoon for the Utah center, via Salt Lake City.

Dr. Thompson in a wire to project director Merritt yesterday requested the assistance of Dr. Goto, added that a competent surgeon was to be sent to Manzanar immediately to take the place left vacant by Dr. Goto.

James Goto was the first doctor to volunteer for service in the evacuation program. He arrived at Manzanar Mar. 2, 1942, with the first three busloads of volunteers, consisting of stenographers, cooks, and medical help.

With Dr. Togasaki and two nurses he set up the first hospital in the evacuation program here at Manzanar, a temporary emergency room in 1-2. Working under extremely primitive conditions, he cared for the cuts, bruises, and ailments of the first volunteers until limited quarters would hold no more people, and then moved to a second temporary location in Block 7, where the first complete surgery room was established.

Working without trained help for the most part in the hospital, Dr. Goto recruited and trained a staff of orderlies and clerks, and built the hospital staff to near its present size, getting ready to move into the modern plant which it now occupies.

In commenting on Dr. Goto's new assignment, project director Ralph P. Merritt said: "We all wish Dr. Goto and Dr. Kusunagi great success and happiness in their new work. They have rendered splendid services to the people of Manzanar."

Hi-Jinks

All girls' clubs interested in participating in the Hi-Jinks are asked to hand in their vote for a theme by Feb. 29.

See the Coming Art Show

Here's J. C. personnel

Undergoing a big rush, the junior college enrollment is going on all this week. A splendid turnout was received. It was disclosed by Charles Ferguson, director of Adult Education.

Following are the personnel of the teachers as released by Ferguson.

Dr. Genevieve W. Carter. Received her Doctor of Education degree from the University of California at Berkeley.

Master's degree in English is held by Kazuko Suzuki, a linguist. She studied at the University of California at Berkeley, University of California at Los Angeles, and at the University of Chicago. Miss Suzuki is now working for her doctor's degree in comparative literature.

Formerly active in dramatics and in music in Los Angeles, Louis Frizzell has a special sec-

ondary credential in music from UCLA.

With the Master's degree in Mathematics from the University of California at Los Angeles, Hiroshi Suzuki teaches mathematics and physics.

Anita Nicolaus has a special secondary credential in Art. She will instruct a course in weaving.

Equipped with the special credential from Berkeley for social work as well as general secondary teaching credential, Edward Chester is an instructor of Social Institution.

Blanche Chester has a general secondary teaching credential with a major in music appreciation.

Former Olympic champion Axel Nielsen has a Master of Arts degree. He went to University of Southern California after coming from Denmark.

Committee on Resettlement

(The following is the first of a series of articles taken from a pamphlet written and distributed by The Committee on Resettlement of Japanese Americans in New York—Ed. Note.)

THE TOTAL EVACUATION

For the first time in American history the government evacuated all members of one racial group from their places of permanent settlement to designated and confined areas for reasons of military necessity. One hundred and four thousand persons, two-thirds of whom are American citizens of Japanese ancestry, have been assigned to 10 relocation centers by the West Coast Military Command. The total evacuation has been accomplished. No further protest or objection will restore to these people their original homes and stores and farms, at least for the duration. There is, however, one thing that you can do. That is, you can help the government and the evacuees by supporting the plan for dispersal resettlement.

DISPERSAL RESETTLEMENT

In a letter to the Committee on Resettlement of Japanese Americans, Mr. Dillon S. Myer, Director of the War Relocation Authority, writes:

"The WRA has recently adopted regulations which should enable all of the evacuees who are qualified and care to do so to leave the Relocation Centers. These regulations were discussed with the War Department and the Department of Justice and have the approval of these departments. These new regulations and the program of outside employment are meeting with the approval and receiving the assistance of other agencies of the Federal Government."

One might ask, if Japanese Americans were put in those centers by the government, why should the same government want to release them? The answer to that is simple. Since all the Japanese have been cleared from the military zone, the military necessity under which the evacuation was accomplished does not now exist. But the government alone cannot resettle them, except in congregated or isolated groups, which is undesirable. It is, therefore, calling upon organizations and individuals to provide employment and residence outside the relocation centers for the evacuees, so that they may once again find themselves in communities where they may pursue normal patterns of life and receive the benefits of and contribute to Democracy which is a principle of our national existence and for the defense of which we are engaged in this conflict. Christians have a special responsibility in this program. Action, as well as discussion, is the order of the hour. Will you do your part? (To be Continued)

Departures

The list of departures increased last weekend with two groups leaving for the outside.

Saturday afternoon scheduled the leaving of four for relocation and five transfers. The group was accompanied by an escort and included Aiko Hori, Chicago, Ill.; George Matsumoto, Hartsville, S. C.; Shiro Matsushita and Ikuko Hamamoto, transferred to Heart Mountain. Destined for Colorado were Masaharu Okabe, to Sedgewick, Chimo Ohashi to Denver and Tatsusaburo Matsumonji for Fort Lupton.

Jack Sumi arrived from Poston, Ariz. to visit his son who is ill. He was accompanied by Kunitake Shishido, while returning from furlough were Samuel Takakoka, Phillips, Mont., and Geo. Fukuda, from Great Falls, Mont., on the same day.

Student relocation claimed Jack Takayanagi, who will enroll in Drake University at Des Moines, Ia., and Takayo Maryama, headed for the University of Utah in Salt Lake City. They left by bus Sunday with George Asayoshi Okada and his Caucasian wife, Helen, who relocated to Idaho.

Scouts Conclude 3-day Meeting With Officials

A successful confab of Scouts and Scout officials was held from Jan. 15 through Jan. 17. Special guests were William T. Lindsay, Carl Zander, Milton Goldberg, and Gene Weston from the Los Angeles Council and Stanley Harris from the National Headquarters at New York.

During the three days, the visiting Scout officials met with administration heads, block managers, adults, and the Scouts to discuss the Scouting program for the boys in Manzanar. The discussion included organization, training of Scout leaders and masters, and outdoor program. Special emphasis was placed on the outdoor program. A motion picture on Scouting was shown to supplement the visitors' speeches.

Manzanar Scouts were assured more outdoor activities such as hiking and camping outside of the center area.

Police Class on Accident Prevention Plan Starts

Around the BLOCKS

BLOCK SIX

The young boys of this block have formed a club. They call themselves the "Shrimps"... Those interested are invited to help build a garden. Each person will have his own plot...

BLOCK ELEVEN

Left over gifts were distributed to children from 1 to 10 years of age...

BLOCK TWENTY-NINE

Magazines that have been read in the block were donated to the office of the Children's Village... Knitting class met in the afternoon, and the brush writing class was held in the evening.

DO YOU SMOKE AT MOVIES?

It has been suggested that moviegoers refrain from smoking while in the halls where the movie is being shown. Danger from ashes or matches falling on newspapers that people sit on is imminent.

MATRESSES

"We can't help the discomfort of the mattresses, but do we have dirty ones?" seems to be the question of some people. Complaint states that old mattress bags "should be washed every time there is an exchange of an old mattress for a new."

CHILDREN'S PEN NEEDED

Since most of the recreation halls were turned into school purposes, children in many blocks have been without a designated place to play... Block 36 received a five-dollar contribution from Mr. John Weaver of Chicago, Ill., through Mr. and Mrs. Ralph Smeltzer. The money will be used in a fund for the block children's playground.

NEGOTIATING COMMITTEE

The hard-working members of the Negotiating Committee have been the topic of block meetings everywhere... Reports show that they have the backing and confidence of most of the residents. It is the opinion of some that a committee of this nature should be maintained to help tackle different camp problems and to discuss them with the Project Director. This is an understanding of evacuee problems by everyone concerned will be the basis of peace and harmony in Manzanar was also cited. Still, there are others who feel that such a group is unnecessary.

MEMOS:

BLOCK MANAGER ASSEMBLY

There are enough sewing machines at Workshop 31 in case block offices are in need of another machine. A request to that effect will take care of it... Holding movies in the mess halls is causing some damage and creating worry for the Block Managers. Perhaps it will be a good idea if the consideration for a \$10,000 auditorium goes through. This possibility has just been put under consideration... Another consideration concerns Japanese language classes...

Justameres

Initiation for new members of the Justameres organization will be held this coming Sunday. Those to be initiated are Hideo Ohashi, Lillian Ito, Mary Tagashira and Yoneko Kodama. Installation will be held for new officers on Feb. 20.

JC Credit To be Given

School started this morning for all members of the Manzanar Police Department. The first class was conducted by Assistant Chief Loren Williams on "traffic control and investigation." This class will be conducted twice a week and will train officers in proper investigative technique and in traffic control.

The object is to train men to pursue an active and intelligent accident prevention program for Manzanar. The class will be taught the accident prevention plan as outlined by the Northwestern University Traffic Institute, and approved by the International Association of Chiefs of Police, Safety Division.

The approach to the local problem will be made in the same scientific manner as that practiced by outside cities. Motor transportation and traffic accidents are no longer considered the salt and pepper combination they once were, and are definitely not inseparable. Just as medical men long ago discovered that disease has its causes and therefore can be prevented, traffic authorities have learned that practically each motor vehicle accident has a cause or combination of causes—and can be prevented, stated Assistant Chief Williams.

Before accidents can be prevented facts about them must be learned: The course will consist of: The Elements of Investigation, Speed and Skid Marks, Photography, Criminal Law, Evidence, Report Writing, Case Preparation and the traffic in court.

The police officers will attend this class on their own time and will receive Junior College credits for this instruction. Chief Williams has had many years of experience in traffic control and investigation and has background as Traffic Sergeant at Redondo Beach Police Department. He also attended Northwestern Traffic Institute. His course promises to be one of real value not only to policemen but to all persons who operate automobiles.

In addition to the classes given by Assistant Chief Williams, Chief Gilkey is to conduct classes on "laws of arrest and crime detection." In present days, crime detection has become a science. Not very long ago it was nothing but a hit-or-miss affair. The tracking down and punishing of criminals dates back to the days when the basic laws of nature were the only laws known to man. However, during the past few years, scientific detection of crime has become a reality. It is the object of these classes to train a hit-or-miss police officers to conduct investigations of police cases along a scientific and legal trend.

Correction

The press would like to make a correction on the figures made public on lyeoy manufacturing. It should have read 250 gallons and 450 gallons daily instead of monthly.

TRAFFIC NEWS

To all drivers of vehicles in the center, memos containing rules to be followed by each individual driver have been distributed to each department head, so please take notice and let's follow them.

After 6 p.m., the police will stop each car or truck to inquire about their business; therefore, if any vehicle is being driven without permit, such cars shall be grounded.

Melba Neilson Tells Plans for Music Course in Schools

"I feel that music is especially important here for I found in my contacts with the children that they like to sing. I am looking forward to pleasant work in the schools," said Melba Neilson, supervisor of music and wife of Axel Neilson.

Mrs. Neilson first plans to set up a course of study equal to the music standards set by California schools. Normal training music methods are instructed primarily for the student teachers but the grade school teachers are also in the class. There are text books in all of the grades, she stated.

"Plans are under way for additional opportunities for the secondary schools in the coming semester. Louis Frizzell is taking care of the required music in the junior, high and Blanche Chester in music appreciation in the high school," said Mrs. Neilson.

She is arranging for a grade school glee club which will consist of six good singers from each of the fourth, fifth, and sixth grades. They will meet every Wednesday after school for the lessons.

A graduate of McPhail Conservatory of Music in Minneapolis, Minn., Melba Neilson majored in public school music courses and piano and voice. She became assistant music director in Washburn high school in Minneapolis, then went to Anaconda, Mont., as supervisor of music in the city schools. Besides being a supervisor, she taught fine instrumental courses in grade schools, junior high, and high school orchestras and bands. Later she went to the University of Minnesota; then to Charles City, Ia., as music supervisor, where she met her husband, Axel Neilson. With him, she went to Minnesota, where she took care of all vocal music in the Minnesota Braille and Sight Saving School in Fairbairn.

CLOTHING ISSUE GETS CLEARANCE

To clear up all misunderstanding, R. C. Bocekiewicz of the pay office, announced that all receipts who have not yet received their clothing allowance, will be paid for the combined three months AFTER the projects which already received their July allowances, are paid for August and September.

The reason that these same projects are being paid is that their family records are all cleared and ready, and need no altering.

Cash received from the Los Angeles office is used up in two days and only when the receipts are sent, can another check be received.

All eligible persons who have not been paid as yet are asked to be patient. No one should go to inquire about their allowances until a notice is received from the fiscal office as inquiries cause delays.

Returns on Sales Receipts Announced

Summary of Returns on sales receipts for October, November, and December, was released by the Co-op management.

Sales for Oct. were \$50,602.73; Nov. \$56,321.94; and Dec., \$64,009.52. Return sales were for Oct., \$40,027.89; Nov., 46,890.25; Dec. \$3,504.20. Percentage of return for Oct. was 79.1; Nov. 86.8; and Dec. 83.6.

The average percentage of return of sales receipts for the three months is 83.16 percent. Block 29 is credited with having returned the largest amount on the sales receipts at \$7453.13 for the three months.

TULELAKE CO-OP

Netting 5,300 members in the first week of the drive, the Tulelake Cooperative was officially installed as a Co-op the first of December, was the information disclosed in a letter received by Hiroshi Neno, head of the local Co-op educational department, from Noboru Honda, who holds a similar position for the Tulelake enterprise.

Although the membership drive was very successful, the low fee of only one dollar for a membership fee, was not sufficient to accumulate an operational capital, was the lament also disclosed in the letter. It asked for information as to how our Co-op handled the capital situation.

Another problem faced by the Tulelake Co-op was the difficulty of obtaining sufficient cash from the banks to meet the demands of the residents. They are now cashing checks in limited amounts with a charge of 5 cents on each check, the letter stated.

'Hell-day' held by Cats, Knights

Probably the most unenviable meal consumed last Saturday night was the one eaten by the eight pledges of the Manzanar night men's organization in Kitchen 21 at 8:30 p.m. which consisted of raw wiggling earthworms rolled in flour and seasoned with salt and pepper.

The eight riotous initiates were: Hiro Kuwahara, who sang a la Lawrence Tibbett; Louis Sakamoto, who top danced a la Bill Robinson; Sam Sanada, Nori Kuroyama, Seichi Tori, strip tease trio; Ralph Lazo, who gave an F.D.R. speech; and Hank Sakai and Lawrence Honda, who enacted the roles of the present headline film personalities.

SPAGHETTI FEED
A spaghetti feed was the main course with the old members as cooks; while the pledges waited on tables and cleaned up.

INSTALLATION HELD
An installation dance of the newly elected cabinet was held last Saturday night, Jan. 9, at 21-15 at 7:30 p.m. Installed were: Charlie Nakamura, president; Tosh Terazawa, first vice-president; George Maruki, second vice-president; George Kanemoto, secretary; Hitoshi Ohara, treasurer; and Charlie Sato, historian. The outgoing cabinet consisted of: Iwano Takemoto, president; Tak Kitaoaka, vice-president; Geo. Kanemoto, secretary and Hitoshi Ohara, treasurer. Yo Ishida and Shiro Nomura serve as advisors. Chiyo Sugimoto was in charge of the entertainment.

ACTIVE IN SPORTS
Being one of the most active organizations in Manzanar, the Manzanarknights have the group entered in the Double A, and the Double B basketball leagues. In the C league, the club is represented by the name Manzanar Oilers.

Please Note

Do not monopolize the laundry room. The laundry room in each block is for community use. Please don't reserve any tub for yourself from the previous night.

Buddhist Church To Sponsor Pioneer's Day

In honor of all persons over the age of 70, a pioneer's day will be sponsored by the First Buddhist Church of Manzanar on Sunday, Jan. 24, at 2 p.m. at 13-15. A survey conducted by the church revealed that there are 96 persons over 70, and the oldest is a man of 87.

Simple Japanese meals will be served by the Fujian-kai, and various Japanese entertainments will be presented.

Those serving on the service committees are: emcee, Jack Iwata; invitation, Noboru Myose; registration, Tashi Hori, Michiko Konishi, Yasujiro Ohata, Reiko Hori; transportation, Larry Mi-hara, Noboru Myose; decoration, Bob Minami, Ayako Nakadaira, Barry Tamura; hall, Roy Nanjo, Arthur Koura; reception, Mary and Sumi Yawata, Flora Shiohama, Toshiye Higashida, Masaya Masuyama, Ella Nakao, Yoshiko Mikami, Kyo Nishimori, and Tomiko Inouye.

Grammar, Reading Classes Under Way

The grammar and reading classes under the Adult Education Department are given on Tuesday and Thursday nights from 7 to 8:30 p.m. at 21-1. The classes, which started last Thursday, are conducted by Kiyoshi Yano. Anyone interested is invited to attend.

Pinochle

A pinochle tournament is expected to start by the end of this month. All those interested are asked to sign at 1-3-1 or at any recreation hall. Mixed tournaments will be held with prizes for all.

Setting a precedent by establishing a series of "firsts" by the Calico Cats girls' club which celebrated last Saturday with the center's first progressive dinner and the first informal initiation of their four lowly pledges. Starting with soup in Block 14 and ending up in Block 29 for dessert, members

were accompanied by pledges donned in "zombie" fashion with slacks and skirts, pantlegs draped a la "pachook," and hair-do in the latest "ubangi" style. They addressed members as "miss," obeyed commands, wore make-up on half of their faces and were colorfully adorned with "eye-brow penciled freckles." "I am a Calico Cat pledge" was the sign worn on their backs. All dirty work during the evening including dish-washing and clean-up was showered on the "kittens."

CHARTER MEMBERS

Nine original charter members, each signifying a life of a cat include: Sadae Nomura, Grace Natsume, Maki Komai, Natsuye Fujimoto, Chickie Shiba, Mary Kilano, Aki Sakamoto, Grace Maruki and Shiro Kanegae. The first "kittens" present at Saturday's festivities were: Emiko Hino, Betty Sakamoto, Alice Nomura and Bernice Higashida, while pledge Marian Fujimoto, unable to attend due to illness, will be duly initiated at the next meeting.

DOROTHY TAKEICHI GUEST

Miss Dorothy Takeichi, former secretary of the Los Angeles GR and serving in the same capacity at the Granada Relocation center, was the guest of honor. Miss Takeichi conducted the first candlelight inauguration ceremony including Sadae Nomura into the office as president; Grace Natsume, vice-president; and Maki Komai, secretary-treasurer. The remaining charter members took their oaths from Miss Nomura. This service was concluded with the entire group singing "Auld Lang Syne."

FIRST COLORFUL FORMAL

After installation and initiation services, plans were made for the center's first cotton formal set for Saturday night, Feb. 13. This

will be an exclusive affair with admission by invitation only. Decorations, music, program, and refreshment committees were announced. The making of attractive bids is now under way, and a program to feature mostly novelty dances is being planned. Girls will be dressed in either cotton or calico formals and men attired in suits. Each member will invite an escort and a couple for the evening.

'OUIJI' BOARD

"This business meeting was adjourned and the rest of the evening was spent in entertainment. A series of seances with the "ouiji" board was held as "ko-kurisan" answered many personal questions. Another featured attraction was the "pachook" dancing by pledge Betty Sakamoto, followed by a general dance practice. Calico Cats will meet at the home of Grace Natsume in Block 15 this Saturday evening after dinner for a dance practice.

FIRST AMONG 10 CENTERS

The Calico Cats organization is the first established in any of the 10 relocation centers. Another sister org has been organized in Heart Mountain called the Brenda Starr club.

Spanish Class In Session with Miss Suzuki

All former students of Genji Yamaguchi's Spanish class should go back to their class. This course re-opened Tuesday with new instructor Kazuko Suzuki in room 7-4-3 from 6:30 to 8 p.m. on Tuesdays, Thursdays, and Saturdays. This class is an Adult-Education class and not for junior college credit.

If enough persons are interested in a business law course, it will be started, disclosed Charles Ferguson, director of Adult Education. Those interested should report to the Adult Education office, 1-3-2.

Evacuee Property

All persons who have property stored in Warehouse 18 and wish to have it, are asked to go to Warehouse 23 and apply. This property was brought here from the government warehouse.

Visitors

Visitors over the weekend were Rev. Douglas Marchus of the Seventh Day Adventist church, Mrs. Anna Buchanan, Pete Borna, Joe Jose and family on business.

Breakers Cop National Crown in Overtime Tilt

It was Haru Ogawa's last minute bucket during the second overtime period that clinched the Girls' National title for the Island Windbreakers last Saturday afternoon when they dropped the Star Dusters, 13-11.

The entire fracas teeter-tottered with the Dusters making a free shot good at the last second to knot the count 11-11. The first overtime was scoreless but it was sharpshooter, Ogawa, who ended the game with her sensational overhead shot.

Bucs Overwhelm Impotent Oilers

Slippery Nob Murakami paced the Buccaneers with 15 points to rope the rugged Oliver A's, 26-16, at block 15 court last Saturday afternoon to open the A casaba league.
Buccaneers led 18-10 at the half-mark and retained it to the end as Jimmie Fujui starred for the losers with his 6 digits.

BRONCOS TRIM YANKS, 16-11

A last half spurge in which the Broncos scored all but two of their points enabled the favored Oliver Broncos to dump the Yankees Sunday in a low scoring game.

The Broncs couldn't find the hoop during the first half and when the whistle had blurred, indicating the two quarters were over, the Yankees had a 7-2 lead.

The Broncs began to roll in the second half, the third quarter finding them in the lead. The Yanks couldn't stop cool-headed Roy Ishihara, who potted a total of 10 points against them. Shishido and Suyematsu and Okazaki of the losers rang up 4 points each.

Gopher Hoopmen Trample Rats, 44-20

The San Pedro Gophers started off the Double A loop schedule in their usual fashion by handing the Brother Rats a 44-20 drubbing last Saturday afternoon on court 9.

The Gophers' combined speed, reserves and sharpshooting were too much for the inferior Rats as the former rang up a 26-6 lead at the half. Danny Fukushima and Toshi Goto were the sharp-eyed Gopher tossers scoring 8 points apiece while P. Tachibana of the losers ended the tilt with the same amount.

The final stages of the game found the Gophers' second team successfully holding off the rodents.

Zero Quintet Take Knights in Opener

A win for the Manzaknights, that is in a moral victory, when they nearly toppled the top contending Zeros, falling short by one bucket in the scant seconds of play, 29-27, in the surprising AA weekend battle on block 9.

Zero guard, Yuichi Hirata played the tide turning role, when with only a minute to break a 27 knotted count, he netted the bucket that spelled the difference between win and loss with his corner one-hand push-special. Pacing the Knights to a safe 23-9 half-time score, the Zeros

begun in the third quarter with a new string. From this point, the losers had little difficulty in puncturing the defense to hack the lead to a mere 5 digits.

The final stanza was a melee of scrambles, wild throws, personal fouls, and little scoring.

TAKE NOTE—An important team managers' meeting will be held at mess hall 21 tomorrow evening, Thursday, at 7 sharp. The confusion involving game postponements under uncontrollable weather conditions, "ya-hoodie" referees, and other minor looped-up and that's what the micemen are protesting, during the fracas, the sphere bounced on the overhanging backboard supports and the Villagers took advantage of the situation... they picked up the pill and plopped it in, which turned out to be the tying points... manager of these two teams will be notified for a conference later...

FIRST PROTEST—The game between the Childrens Villagers and Brother Mike ended in a 26 tie-up... and that's what the micemen are protesting, during the fracas, the sphere bounced on the overhanging backboard supports and the Villagers took advantage of the situation... they picked up the pill and plopped it in, which turned out to be the tying points... manager of these two teams will be notified for a conference later...

SO THEY FROZE—The score was 32-31 in the Dar-U Oilers' favor and the mailmen were on the losing end of the deal. When inquiring about the score, the Mailmen were told of the count being in their favor by the ref. With two minutes playing time remaining, the game was henceforth a freezing proposition for the Mailers until the final whistle... 'til then, were they unaware of the mistake, that they and not their rivals were on the wrong side of the slight lead...

DOUBLE FOUL—A duel was called when the Buccaneers and Oilers were engaged in a low scoring game. One was on "Ma" Kawachi... so absorbed was he in that two-bit sideline bet deal that little did he suspect that he almost bucketed one in his rivals' 'm... If his teammates were not there to find his attempt...

'SCUSE PLEASE—in the big Padre-Ace tilt... Padres' new addition to regular guard duty, Buggy Tanaka made his debut by stopping all game progress long enuff to adjust his monocles... why did the game halt for him?... well, he had the ball...

Acers Topple Padres

The Golden Aces overcame an early lead to down the Sierra Padres, 28-21, Sunday on blk. 9 court opening their AA season.

The Padres started at a neat clip, Tashima sinking a pretty twirler, and then continuing to lead the game throughout the first half, with a 12-9 score. The second half found the lead seaway into both hands, only to find J. Endow and mates in a gradual lead in the finale.

Nob Hino, Aces' speedy forward, was the main trouble for the Padres, scoring 8 points. Endow, I Hara and losers' Hattori each had 5 points to their credit.
