My Dear Katsuno:

How are you since wrote me with? Am well and busy as usual. I got a joint signed letter of our church members of Idaho, on Saturday which you sent me. The letter I send round in order to the members here. I wrote a card to Rev. Kodaira, to thank them for their prayer. All of the church men keeping service and their high spirit. Remember to Mrs. M. Fukuyama, Alaska lady. You know but them, Please tell that we have correspondence regulation, so that excuse me to each person. I guess Miss Takako 3-10-A, Eden, is alone and lonesome while her brother's absence in visiting, I learned she can't expect his homing within two weeks. A Calif. friend sent the colourful chrysanthemum to my Mayor's office, I brought some of them to the hospital for seriously patient on Sunday with my prayer.

I wish two letters a week from you-Darling if please
but ask no longer owing to your busy nor the Air mail
because just a day difference. As we are in Fall
we feel very calm and composed, Autumn is the good
season for reading and meditation, and I am glad have
now a good tasteful appetite. Please Best care You .
Give my regards to Mrs. Okiyama, Matsuda, Arima, Kumasaka,

Mr. Mrs. Mitsunaga, Nishimoto, Oiye, Otani, Naito. *GM*
