Dear My Katsuno:-

This is Washington's birth day today. I respects to

our greatest Father. I have a coloured picture of him

" Beginning of the American Union" George Washington salu

-tes the Flag as he takes command of the continental Army

at cambridge 1775. How are you deary? all right!

I am well and too busy at my Governor's office. I am pla

ning to retire present office Governor myself. And give

to be promotion chance to my vice-governor next term.

It is most complicated service, what I am doing now. We

have decided 3 month's limited time for prevent of our

overwork . I need a little recess for brains as you can

good guess, I take care and look after the group company

long time since Missoula after parted you. Now I take li

ttle vacation? Gradually I prepare to unite with you dear

at new family center. Here is many educated trained men

but, one is of no use unless one has been buffeted by the

world or public and also of high virtue.

How is Arthur & Fumi? I think his mind took a new turn

after they set up new house-keeping for the present. Roy

does not like live with Seiji, Kakuno. let him alone or

ask to Mr. Okada to look after him a while, if he will do.

It has gotten warm all of a sudden, it is like summer, I

don't know why it is getting suddenly warm. You see, this is

our first winter here, Don't know what to expect. LOVE

Your husband
