CANAL RINGS UP MIYAKE CHOSEN PERMANENT \$3,250 IN BONDS CHAIRMAN OF BUTTE COUNC

A sudden splurge of individual bond buying by evacuees in Canal since last Monday has accounted for \$5,250.00 worth of war bonds sold, according to the Rivers postmestor.

Bond buying by blocks

is as follows:

Block 8-\$975.00, block 27-\$775.00, block 7-\$675., block 25-\$500.00, block 16 \$\$150.00, block 4-\$100.00. and block 5-\$75.00.

Herry Miyake, former central block manager and present councilman from block 52, was elected parmanent chairmen of the Butte Community Council yesterday at the council meeting.

Elected to assist Miyako are John L. Fukushima, vice chairman; Vorlin Yamamoto, secretary; and Masato Kato; treasurer. The newly elected officers will meet to

select an executive board and necessary committees.

Vice Chairman Fukushima is the chairman of the Farent Teachers Association of the Butte High School, and a former member of the Butto Temporary Council Advisory Board to the project director. Yamamoto, youthful representative from block 74, is a laboratory technician at the hospital. Kato is present secretary of the coop, and one-time organizer of the coop as a member of the temporary council.

MRS. FDR THROWS A CHALLENGE one-time organizer of the TO AMERICAN SPORTSMANSHIP temporary council.

Mrs. Franklin D. Roosevelt asks fair play for loyal evacues of Japanese descent in an article in the October 17 issue of Collier's.

Mrs. Roosevelt briefly traces the history of the Japanese on the Fost Coast, from the Exclusion Act of 1924 to Pourl Harbor and then the evacuation.

"To many young people, this must have seemed strange treatment of American citizons," she writes, "and one cannot be surprised at the reaction that manifested itself not only in young Japaneso Amoricans, but in others who had known thom well and had been educated with them, and who asked bitterly, 'What price American citizonship'?...

Rowalt Of WRA Passes Away Passes Away

Elmer Rowalt, deputy director of the War Relocation Authority, died on Friday, Oct. 8, after a brief illness, the project was advised lest week by Director D. S. Myer.

John Province, assistant director of Community Management Division, has been appointed to assume Rowalt's duties in addition to his own.

Rowalt was one of WRA's veteran administrators. Ho was appointed by Milton Eisenhower, first WRA Director, as assistent director. As one of his last assignments, ho was in charge of the WRA segregation program.

LOYAL "FREMY" ALIENS

Within a few wooks the process of segregation at Tule Lake will be completed, and the way will be open for a thorough program of relocation. Center residents and their administrative staffs can look forward to working unbundleapped by the restless, uncooperative elements heretofore hampering them.

The whole coministration of the centers can now be directed toward that element that deserved the aid and comfort the WRA originally planned—the loyal group.

But segregation also brings clearly to the fore one incontrovertible fact, and without recognition of and action upon this fact, the process of segregation cannot be termed whelly successful.

That fact: the final loyalty of the issoi who chose not to go to Tule Lake.

The overwhelming majority of the issel chose to stand by the country of their adoption and the home-land of their sons and daughters. This is tribute indeed to the binding force of democracy, but it is tribute, too, to the men and women who, in times of

stress and emotion, could nevertheless make this great and abiding decision.

Such action surely deserves more than a token tribute of works. And surely, for these people, the goverment ought to see its way clear toward the following actions in respect to their loyalty and as yet unrewarded devotion:

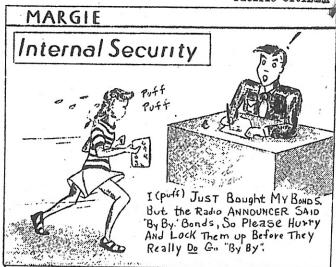

lo A change in their status from "enemy" to "loyal aliens."

2. Hastoning of their clearances and aid toward their early relocation.

3. A ropoul of the unti-Oriental naturalization laws to allow these issei naturalization by the country of their choice.

The government can do no less for these men and women, many of whom have sons and daughters, too, in the uniforms of the U.S. army. The government, surely, can do no less for these persons who ask so little, who deserve so much.

More recruits are being in Montana. The last day for the recruiting of labor will bo Wodnesday up to three o'clock. This will probably be the last time that season jobs will bo offered this year, said William Hiso, omployment supervisor.

HOSPITAL STAFF STILL SHORT

Although the hospital staff is continually being depleted through relocation, the number of partients remains constant, said Chiof Nurse Augusta Peters.

There are usually from 120 to 125 patients in both the Butte and Canal hospitals * but not enough nurses* aides to care for them properly.

Said Dr. Jack Sleath, "The shortage in Wards D and E is the worst problem in the hospitals."

PETITIONS REQUEST SERVICES OF DRS. LAWSON AND SLEATH

Two petitions representing the spontaneous expression of the evacuee population and supported by the block managers and the Community Council of both camps are now being circulated among the populace.

One of the petitions wishes to install Dr. Grace Lawson, (hospital dictician) as dictician of all the project mess halls and the other wishes to retain acting chief medical officer Dr. Jack Sleath as the chief medical officer.

Investigations by the Community Council showed that the reutine physical examination of school children show evidence of malnutrition probably due to dictary deficiencies.
