BUTTE CANAL VOTE TODAY

Today, vote age residents of both camps will go to the polls to vote on two important issues - block councilmen, for the new term ending Dec. 31, 1944, and the referendum on the possible sale of beer.

Polls will be open in the respective block managers' offices from 7 a.m. to 7 p.m. in Butte and 8 a.m. to midnight in Canal.

The sale of beer within the center will be decided by majority vote to the question, "Do you favor the legal sale of beer within the center?"

BUTTE HIGH WINS DEBATE

Butte High School last night won the second annual inter-camp debate between the two high schools with the two teams representing Butte taking both ends of the question "It resolved that the Co-op movement is beneficial to our social and economic progress."

The winning teams won prizes of ten dollars donated by the Gila Co-op while the losing teams received five dollars each.

STRINGER ACTING CHIEF OF POLICE

John L. Stringer will act as chief of the internal security while J.W. Nichols, chief, is away in Elko, Nevada, to see his ill father.

Nichols expects to be back by this Thursday.

Stringer stated that an evacuee has been caught stealing lumber from the central warehouse and will be brought before the judicial commission.

NUMBER OF TRANSFEREES FOR EACH BLOCK LISTED

Dr. Gordon Brown, Riverside's representative in Jerome, telephoned from Arkansas that the official list of people coming to Gila from Jerome has 2061 names, announced William Tuttle, social welfare

head. Tuttle also stated that people who have more space than they are entitled to may have to have the space cut down. This will be done on an individual basis as need for the space arises.

EDITORIAL:

The successful functioning of a Council depends on participation by the people both as representatives and as backers. The Council needs leaders who will work toward community good and in whom people have trust.

We hope that such people will be chosen at the elections being carried on in both camps today.

We should like to see men in there who know how to do the most good for the most people, and who have the courage to back up their convictions, despite pressure groups, administration or evacuees.

If there have been criticisms against councilmen, many should be corrected by today's election. If there are further criticisms later, they should be constructive criticisms that provide for remedies. It may be justifiable to accuse the Council of being spineless if the Council deserves the title, but it is indeed a coward who keeps himself hidden behind the apron strings of anonymity and directs accusations against men who try to perform.

Today's election is an important one - one that concerns, not only the 8,500 here, but also the 2,000 odd newcomers who will arrive within a few days.

The distribution list by blocks of the first trainload of 500 Jerome transferees expected this week was released to the press yesterday.

The tele type dated June 7, shows that blocks 58, 40, and 45 will receive the largest numbers with 50, 33, and 23 transferees respectively.

The breakdown by blocks is as follows:

Blks. 4-2, 5-4, 6-10, 8-8, 9-5, 10-5, 16-7, 20-8, 21-13, 22-2, 24-1, 26-3, 27-5, 28-8, 29-7, 30-3, 31-5, 32-11, 33-18, 34-8, 36-12, 39-16, 40-33, 44-16, 45-23, 47-8, 48-5, 49-4, 51-6, 52-7, 54-9, 55-33, 56-50, 57-5, 58-21, 59-2, 60-12, 61-5, 64-9, 65-6, 66-4, 72-14, 73-12, and 74-20.

ARMY NOTICES

An order for Kazuto Toyohara to report for pre-induction physical examinations today was received by the leave office.

A correction from the Phoenix draft board stated that Masamich Tsuda was to report for induction and not for "physical" was received Saturday.

TELEGRAPH WORK

A telegraph operator for Butte is needed right away to take care of telegrams for residents. Those interested are asked to apply at the 69-15 Co-op office.

WRA TO HANDLE 11,000 REFUGEEES

Approximately 1,000 European refugees are to be brought to the United States and established at Fort Ontario, New York, under the administration of the War Relocation Authority, teletyped Dillon Myer from Washington D.C.

No advance information has been released.

Said Myer, "We will have no opportunity until next week to begin to make plans for the operation of this camp."

NO LIKELIHOOD OF CANNERY WORK FOR GILANS IN OFFING

"The War Manpower Commission reports that most of the canning works are using workers from nearby centers inasmuch as they must foot the transportation bill. It appears improbable at the present time that Gila will have any offers," announced Ottis Peterson, relocation supervisor in Salt Lake City.

CONTRADICTION

This contradicts the previous word received several weeks ago from the Utah State Director of the War Manpower Commission that work would be available in canneries for all interested men and women.

It appears that the only seasonal work group contracts that will be available to Gila residents for the remainder of this summer are those offered by Bert McCulloch, who is now on the project recruiting workers for Idaho farms, stated Wilson Hart, relocation adviser.

McCulloch wishes to recruit a group to work for three weeks. Transportation to and from Idaho will be paid by the WFA.

LONG TERM WORK TOO

Said Hart, "This appears to be an excellent opportunity to leave the center and investigate outside conditions on a short-term basis with all transportation expenses paid."

McCulloch also has some

KUROKI-YAZAWA

NISEI HEROES FEATURED IN CHICAGO DAILY NEWS

The CHICAGO DAILY NEWS, under dates of June 2 and 3, carried feature stories honoring two Japanese Americans as war heroes. In the issue of June 3, they quoted Sgt. Ben Kuroki, many times decorated Army Air Force turret gunner, as saying, "Nobody can doubt my loyalty beyond all doubt, I want to make a tour of the Pacific and fly over the Pacific in a Liberator bomber." Sgt. Kuroki was in Chicago

visiting his sister, Mrs. Dixie Ishida who lives here with her husband.

HAWAII'S YAZAWA.

The second feature was an interview with Mac Yazawa, Hawaiian-born veteran of the Italian campaign where he received the Purple Heart. He is recuperating in a Chicago Army hospital from wounds received during the push north from Salerno, Italy, and has a total of seven months of overseas service. It is interesting that Yazawa has the same ambition as Kuroki. He is quoted as hoping for "a crack at our Japanese enemies in the Pacific."

Speaking of his outfit, the 100th Infantry Battalion, Yazawa said, "Of the 1,000 Japanese-Americans in the outfit, 900 have been awarded Purple Hearts. I don't want to talk about myself, but look at what my outfit did. 36 boys won Silver Stars, 21 have Bronze Stars, and 3 of our men were given Distinguished Service Crosses. Pretty good record for 1,000 men, isn't it?"

DECORATED

Yazawa's campaign ribbons include the Mediterranean, American Defense, American Theatre of War, and South Pacific. His company captured the first suicide submarine of the Japanese Navy at Waimanalo, Hawaii.
