400 OPENINGS AVAILABLE FOR NEW ARRIVALS

At the present time, 400 job openings exist in the project and every effort will be made to offer employment to all Jerome transferees, announced Lyston Black, personnel management head.

If necessary, job quotas will be raised if approval can be received from Washington.

Said Black, in all cases an attempt will be made to place applicants in positions for which they are qualified with due regard for individual preference where never possible.

On the morning following their arrival six transferees were assigned jobs on the project.

The job list include practically every type of work on this project. It is assumed that this list is not complete.

All persons who wish jobs should report to the personnel management section in the annex for job interviews.

NISEI GIRL HEADS STUDENT HOUSE

Ruby Kubota, freshman girl studying journalism at the University of Wisconsin, has been elected president of the Groves Womens' Co-operative House, a rooming house for women students on the university campus.

RUBY KUBOTA

Under the title words: "Ruby Kubota, American Girl; Co-op Leader Is of Japanese Descent; But Her Heart and Mind are American," the Sunday issue of the Wisconsin State Journal on May 21 presented a guest editorial by, a picture of, and a story about this 19-year-old Washington state nisei girl.

In her editorial about the co-operative house, Miss Kubota of Metaline Falls, Wash., declared: "The Co-op housed 23 girls this semester of different races, colors and creeds, and we've lived together with no disruptive elements that would indicate non-cooperation except for a few purely feminine idiosyncracies."

"...The idea to the women in Groves House is this: A co-operative provides low-cost living, inter-racial and inter-mixed living, promotes the co-operative movement by training future leaders, and permits us to become educated to our fellow beings."

ON COOPERATION

Praising the co-operative way, she stated: "Co-operation removes the cause of war, promotes economic equilibrium, paves the way for real democracy without disturbing society, without undergoing secretive methods that arouse public suspicion, without subverting any other order."

The personal sketch about Miss Kubota revealed that she has a brother in the Army. He tried several times after Pearl Harbor to enlist and finally through a direct appeal to the War Department he was accepted.

She is studying journalism at the University of Wisconsin.

AID TO STUDENTS

In the excitement of Jerome's arrival, the election of councilmen, and the Butte beer battle, one of the most worthy decisions reached by the community almost passes unnoticed.

The announcement this week that the Canal Community Council has appointed a committee of five to work on a scholarship fund society to aid students continue their education is one that merits commendation and attention--commendation because it is one of the more worthy decisions made by the Council, and attention because we hope that by continued community attention and backing, the proposal will become a reality instead of dying out during the developmental stages because of lack of support.

The decision of Canal seems to indicate that the people realize that the future of Japanese Americans lies in the young people who will be going out to make a living for themselves and a place in this country for their people. And if any backing or encouragement is to be given to induce these young Gila graduates to continue with their education, it should come while their urge to learn is still alive. For as time elapses after graduation, ambition is often dulled to the point where a person who once hoped to go on hesitates and the chance of a lifetime may be lost.

It is true that residents have smaller incomes here, and many none at all. However, a community which is able to put up thousands to back up the school yearbook publication should be able to give some toward aiding deserving students toward opportunities to go outside and expand.

The Canal Council has made a fine beginning toward helping these students get a start by setting up this committee on student scholarship fund. We hope that many young people will be able to go out for higher education as a result of this movement, and with the backing of the residents.

MARTIN INVENTS MISSING LINK

Hoyt Martin is known here as the superintendent of industries, but he is less known as an inventor.

The SAN FRANCISCO NEWS really brings out the "inventor" Martin with a large photograph of him and a model of his invention, "the missing link," which is a combination bath and kitchen unit which can be slipped into place in a pre-fabricated home.

ALL USES

Makes no difference, Martin is quoted as saying, whether the building is of brick, adobe, wood or metal—the missing link really will make it a home.

Bob Greenock, who writes the article, says that after the war, plenty will be heard about Mr. Martin and his missing links on which he holds the patents.

Martin, using a unit made during his experiments, once installed one in a Sierra Madre home, made the sewer, gas, light, and water connections and was cooking dinner in less than 3 hours.

SLIP INTO SPACE

The units will be made so they can be slipped into place in a pre-fabricated house and the last bit of siding put on them; they can be slipped into a standard-build home before the walls are completed or they can be slipped into a home already built.

750 HEADS ADDED TO CATTLE FARM

Seven hundred fifty heads of cattle were purchased last week, bringing the total of cattle in Rivers to approximately 3,000, said W. E. Emrick, livestock head.

Every week 55 steers are slaughtered with Poston receiving 30.

CLUBS, ONE WEEK'S NOTICE REQUIRED

All clubs affiliated with the Canal CAS are required to give one week's notice for the use of the tank, announced the Canal CAS.

RELOCATION

**STEIDING HEADS
NEW YORK STAFF**

Appointment of E. Price Steiding as relocation officer in charge of the New York district relocation office and expansion of the staff to provide increased service to resettlers in New York and vicinity have been announced by Harold S. Fistere, WRA relocation supervisor for the Middle Atlantic Area.

The development of job opportunities in specialized fields and increased assistance to families in finding suitable living quarters will be emphasized in the expanded relocation program under Steiding's direction, according to Fistere. He also pointed out that Steiding and his staff would assist evacuees in resettling not only in New York City but on Long Island, in communities in the Hudson River Valley as far up-state as Albany, N. Y., and in Bridgeport and other nearby Connecticut places.

"The New York metropolitan area has diversified employment opportunities, a cosmopolitan population representing numerous races and nationalities, and unsurpassed educational, cultural, and recreational facilities, for young and old alike," Fistere said. "These are among the important reasons why families as well as individuals are resettling in this hospitable area in steadily increasing numbers."

CARDS BUCK LOMPOC-GUADALUPE

Block 65 and 28, a pair of Major League clubs who've been feuding around for sometime now, are scheduled to begin a two-out-of-three championship-deciding series tomorrow evening with both outfits about at top strength. The second series game, originally set for Wednesday, was switched to Monday because of incoming active-duty notices Tuesday. Although they were tied with one remaining game between the two clubs, it was stretched to a three-game series.

Masato Kinoshita has been named to take the hill for the 28 outfit. He'll probably oppose Yosh Hirota, a five-game winner.

George Matsuda will stand by as 28's reserve chucker in tomorrow's game and is likely to chuck the second tilt, Monday.

Either Yosh Hirano or Hiro Shinmoto, probably the latter, will twirl Monday tussle for 65.

If the third game is necessary, it'll probably be next Sunday.

Lompoc - Guadalupe and Cards will close the books on the loop's regular schedule tonight when they collide in Butte.

Net Tournney Is Tomorrow

Over twenty notsters are entered in a Butte-Canal Welcome Jerome Singles Tennis Tournament which is to open its first round from 7:30 tomorrow morning at Court 35. The entries are mostly men. They are: Shoichi Kake vs. Mrs. Shizuyo Kawai; George Yaginuma vs. Roy Kobota; T. Otsuji vs. Akira Tani; S. Kozen vs. Masajiro Hasegawa; Hiroshi Adachi vs. Kojo Fukugai; and Sam Kawata vs. Seichi Oyama.

Ten others are to be the first round. They are George Ichimoto, George Egusa, Fred Shimizu, T. Nozaka, Kikuzo Hori, Frank Sueda, Juzo Kawai, Motojuro Iwata, Sosaku Uchida, and Paul Ryono.

Some of the second-round matches may be held during the evenings of next week.

NATIONAL

'C'S Continue On Schedule

The Old Timers-Golden Bears American League tussle which was to have been held last Thursday was switched to next Monday or Tuesday evening in Canal. Although not definite at this writing, it'll most probably be Monday.

In the league's other scheduled clash, Lancers, who now have definitely disbanded, forfeited to Cubs.

In the National League, the "C" horseshider are nearing close to the home stretch of competition with Broncos, Dodgers, and Panthers, of the first three, rating the best chance of copping the circuit's flag.

At a recent managers' meeting it was decided not to step up the league schedule but to wait until more ballplayers from Jerome come in.

SOME B'S TO HAVE CHANCE

A tentative plan, to be approved by Major League managers at a meeting after tomorrow's 28-65 game, has been worked out for the Poston series, announced Ken Zenimura, director.

It calls for about ten games in Canal, one with Cards and possibly a pick-up all-star team. This would permit some "B" ballplayers to compete, said Zenimura.

In Butte, there would be about six games including those with individual ball clubs.
