candidate best-fitted to carry America through hor orucial years of a war to be won and a peace to be fashioned among a family of nations, the Japanese American Committee for Democracy endorsed the candidacy of Franklin De-Roosevelt for the President of the United States of America, Friday October 20, at a general membership meeting.

In making its ohoice the organization has acted on the stand that to remain inarticulate now was to jeonardize the domestic reforms that have come from twelve years of President Roosevelt's administration and the enduring peace that must follow the

war.

JACL CHAIRMAN

Ernest Ijyama, chairman of the JACL pointed that the endorsement of the Roosevelt Truman ticket does not necessarily approval of the Democratic Party candiin general. The dates criterion is what candidate for any electoral regardless office, of party affiliations, best serves the interests of the greatest number of people, he said.

President Roosevelt, on the basis of his record on domestic and foreign problems, offers America far greater hope for prosperity at home and stability abroad than the Republican candidate, he

SEND-WEEKLY BAREER

The change from a tri-weekly to a semi-weekly paper is made, not without regrets, for we realize the importance of distributing information often enough to keep the news fresh. It is only after careful consideration and attempts to find some other alternative that we have finally made this decision, which we feel was the best way to meet the critical manpower shortage which has been haunting the staff for several

By changing to a semi-weekly, we hope to be able to maintain more nearly the standards set by the NEWS-COURIER when it had a full staff and more experienced people. Nocessarily, of course, timeliness in many of the stories will be sacrificed, but even before timeliness, we feel, accuracy should take precedence. With a depleted staff working overtime inaccuracies are bound to creep in, and have. Now with an extra day in which to collect, edit, and publish the news, while we do not promise to come anywhere near publishing errorless issues, our reporters will have time to verify more closely the facts that are collected, our proofreaders can be more careful in checking grammatical errors, and we shall not be rushed to the point of slapping stories into place and hoping that the facts phoned in or collected are true.

While not attempting to rationalize for changing to two issues a week, we should like to point out that your paper is not the only one that is a semi-weekly. In fact all papers of the eight other WRA centers with the exception of one, have been coming out only twice a week, some only once. The GILA NEWS-COURIER will now do likewise, not just to be following suit but to remedy an intelerable situationarising out of manpower noods. And so with regrets for having to publish less frequently, and bowing only to circumstances, we go into a new era of a twice-weekly publication from

November.

As in the past we shall continue to welcome criticisms of all kinds, especially constructive criticisms that are given to improve the paper. We also welcome and encourage letters to the paper on any subject of community wide interest. We feel that only through continued interest by the people in their paper can such an institution continue to survive and thrive.

stated that in essence there is no difference between the interests of the plain people of America and of the world and that of the Japanese Americans. If the political, economio, and social conditions make for the greatest good to the greatest number, the Japanese American can likewise expect a square deal, he asserted.

sence of a wildly shrieking crowd at the Butte lot

The Mustangs, beaten by large scores in the previous round, came back in the second round opener to hold the first round champs almost at a standstill for three quarters and running and passing circles around the astonished Cubs. In the third stanza the Mustangs threatened to score by breaking loose and coming up to the 12 vard line. but were stopped by the recovering Cubs.

The last quarter final-ly saw the Mustangs give way as Kiyoshi Akai's pass was intercepted by Kenso Zenimura on the Mustang 30 yard line. A few plays later Tets Hasegawa rifled a pass over James Agawa's head into the hands of Tets Furukawa, who crossed the goal for the first time. Kenso Zenimura added an extra point by booting the ball between the uprights.
