**CANAL****COUNCIL ADOPTS  
GIFT RESOLUTION**

The Community Council and Block Managers of Canal jointly adopted the following resolution, concerning the exchanging of gifts, on Nov. 7:

WHEREAS, the evacuee residents of this community have a tendency of exchanging gifts and presents on special occasions, beyond their means or income, bearing undue financial burden,  
THEREFORE, BE IT RESOLVED, that this practice be discouraged, and it be recommended that it be abolished by the evacuee residents voluntarily.

**ITALY****First Aid Men  
Help Wounded**

WITH THE FIFTH ARMY, ITALY--For three hours, during heavy enemy bombardment, Private First Class Frank T. Okita, of Seattle, Wash., aid man with the Japanese American 442nd Regimental Combat Team, recently ministered to the wounded and supervised their evacuation to safety.

Southwest of Castelline, Italy, in the vicinity of Hill 140 on the Fifth Army front, Okita's heavy weapons company was dug in to withstand a heavy German bombardment of artillery and heavy mortars.

When a buddy was wounded, he left the safety of his slit trench and moved to the forward slope, where enemy fire was heaviest, to administer first aid. He then carried the injured man to his own slit trench, and for several minutes, lying prone on the outside of the trench, Okita calmed the wounded comrade.

He returned to the forward slope and for three hours, during the bombardment, remained in the danger zone, caring for the wounded and supervising their removal to places of safety.

**SO OTHERS MAY LOVE**

The late Pvt. Henry M. Kondo, who fell in France on October 19, had written to a friend in Pasadena, his old home town. What he had to say was short and to the point:

"I can assure you we won't let you down. We'll do everything in our power to meet your expectations even unto death. We're loyal Americans--You know it, some don't. We'll show those that don't believe in us that we're true Americans in every way." He has already shown it with his life, as have eleven other Rivers boys, some who wrote back in similar fashion, others who just fought and died silently.

The Japanese race is known for its patriotism and faithfulness. It is being proved beyond a doubt that the Nisei Americans have inherited some of that patriotic spirit.

They have shown that courage in Italy, and in the South Pacific. They are showing it now in France. Just last week the Associated Press reports that a "lost battalion" of the United States Seventh Army cut off by the Germans for a week in the St. Die area, was relieved by Japanese American troops of the 442nd Regiment. The "lost" battalion was of the 141st Regiment of the 36th Division. The Japanese Americans of the 442nd fought their way to the trapped men late on the afternoon of October 30. Said Pvt. Wolter Yattaw, Providence, R.I., "It really was ironical that we were so glad to see the Japanese, but boy, they are real Americans."

It is ironical too, that these same Nisei Americans and their parents were suspected, evacuated and confined. It would be the height of irony if these real Americans, after the war, were not given the right to live freely in the states of their preference.

The Nisei have not be able to, were not allowed to, prove their loyalty by words. They are doing so now overseas in the blunt and painful method that all men understand, and, we hope, remember.

A full time or 2 half time teachers' position is open at the nursery school in block 74. Parents with children in school may work half day or full day.

Anyone interested in any of these positions should apply with Verling Marshall at the Butte Elementary School in block 41.

**DON'T CUT PAPER ARTICLES**

Recently many articles and pictures have been cut out from the newspaper at the Canal community library. If this continues, the papers will have to be kept at the librarians' desk, or a system of fines be instituted. Readers should keep in mind the fact that there are others who come to read the papers, and a mutilated one is of very little use. Those responsible must stop this practice immediately; everyone must be considerate.

**PIANO LESSONS**

Signups for persons who desire piano or choral lessons will begin this Thursday and Friday afternoon from 3 to 5 o'clock at the Butte CAS office at recreation hall 51.

Mrs. Jane Immara, who will direct the classes, wishes to see how many want to take the lessons.

The principles were agreed upon by Butte High School, Butte High School

**CANAL****New Books In Library**

Two new books have been added to the Canal library.

"Forever Amber" by Kathleen Winsor, which is heralded as the new "Gone With the Wind," is a lengthy novel whose background is laid in the glittering and shallow society of Charles II. One after another, new adventures unfold for the heroine Amber St. Clare who threw away her Puritan code of morals to have her fling in life.

"None But the Mule" is an amusing story of family life as told by Barbara Woodcote, niece of the famous Alexander. As can be expected, the girls are not sweet, they are not modest, but they have a lot of fun.

**AUTO MECHANICS IN ADULT ED.**

The Canal adult education is offering a course in auto mechanics on Monday and Wednesday nights from 7 to 10 o'clock with Ernest Kennedy teaching. Anyone interested should contact the adult education office at rec. hall 13.

There are many positions open for auto mechanics in the Midwestern and Eastern communities with wages ranging from 75¢ to \$1.25 an hour depending on the ability. The completion of the auto mechanics course should be a great aid in getting a job and in receiving higher wages than the beginners, said Verling Marshall, Canal adult education supervisor.

Classes have not started as yet.

P T A, Butte Community Council, Butte Elementary School, Butte Elementary School P T A, CAS, Shelly, and W. C. "Tom" Sawyer, superintendent of education.

The principles are as follows:

1. Custody of the auditorium shall remain with the Butte High School principal, who is responsible to the WRA for all movable property therein. He shall retain the keys, and charge any organization using the facilities of all property therein.

**NO SMOKING**

2. Smoking shall be positively prohibited.

3. Community activities and education sections shall be the only sections authorized to schedule any activities. Community activities shall pass on requests of all other than school groups.

4. School activities will have the right of use of the auditorium from 8 a.m. to 5 p.m. Monday through Friday.

5. Use of the buildings which involves attaching any object to the walls or floors by tacks, nails or adhesives will be prohibited. Custodians of the building may designate and provide for attachment facilities.

6. The auditorium shall not be used for carnivals regardless of sponsor.

7. Auditorium may be used for exhibits as long as they conform to the school schedule, and do not involve attaching objects to the walls.

9. Auditorium may not be used for banquets, but light refreshments shall be permitted.

10. Auditorium may not be used for highly organized team games employing a mobile object, but may be used for audience type of activities conforming to course No. 5.

## CHICAGO

## NON-RESIDENT MUST PAY HIGH SCHOOL TUITION

A number of school boys and girls have relocated in the North Central Area without their parents or legal guardians during the past year, according to a news release from the Chicago WRA office. Many of the high school students in this group are working for their room and board and incidental expenses, and it is frequently possible to arrange very satisfactory work of this sort for high school students. School boards and states, however, have many regulations governing the residence of unattached minors and regarding the matter of tuition charges of the public schools for boys and girls not living with parents in the community.

In general, a great many cities in the United States do not charge tuition to unattached minors who are working their way through high school.

The city of Chicago, however, applies its rules uniformly to all unattached minors. The following statement from the Chicago Board of Education's Busi-

ness Department rules make clear the situation as regards tuition payment for any young people planning to come to Chicago from relocation centers without being accompanied by their parents or legal guardians:

Pupils who live outside of Chicago, and all pupils whose parents or guardians do not reside within the limits of the City of Chicago, who are staying in Chicago for the sole purpose of attending Chicago public schools, shall be considered non-resident pupils, and shall not be admitted to Chicago public schools except after payment of tuition fees for full terms in advance to the secretary. Those fees shall be determined from time to time by the Board of Education.

The above rules are in no sense discriminatory and are applied equally to all such persons coming into the city.

## WELFARE WORKER VISITS CENTER

Frances Steel, welfare section field consultant, arrived from the Poston Relocation Center last Wednesday to work with the welfare section of this camp and to consult with them about the work here.

The work here in Rivers is interesting and the workers are all hard working and efficient, but still there are vacancies open for any work at the welfare section of both camps, Butte and Canal, stated Miss Steel.

She left this camp yesterday for the Rohwer Relocation Center.

# Nisei Soldiers Of 442nd Rescue Lost Battalion

Private First Class Nakada of San Bernardino, Calif., formerly of Gila River, was among the first members of the 442nd combat team to reach the "lost battalion" of the 36th "Texas" infantry division, which had been isolated by German troops in France for a week, the

the Seventh Army disclosed.

For five days the Texans had been without food until rations and medical supplies were dropped by low flying Thunderbolts, and they had all but given up hope when the 442nd unit and other American groups broke through Nazi lines to capture Bruyeres and reach the encircled infantrymen.

**'HONORARY TEXANS'**  
Members of the Lost Battalion left no doubt that the 442nd rated as their favorite regiment, and a strong move was afoot to declare them all honorary Texans.

One of the encircled officers described the arrival of the rescuers.

"We were almost sure the 442nd was part of the relieving force coming our way, and we were willing to bet they'd get through to us if anybody could," he said.

"After seven days of isolation (on Oct. 30), one of our outposts sighted the first American to reach them--Pfc. Mutt Sakamoto--the rest of the 442nd behind him.

## CAN THEY FIGHT!

"I bet that was the gladdest any American ever were to see some Japanese. They came working through that brush so quiet! They sure cleaned out the undergrowth as they went, and boy, oh boy, how those guys can fight."

Pfc. Nakada and a S/Sgt. Pak Senvaki of the Rohwer center were named among the first to reach the battalion.

## TUCSON VISITORS LEAVE DONATION

A donation of \$7.50 was made by the Tucson Presbyterian Church members during their visit to the center Saturday, November 11. They expressed a desire that the money be used to purchase books for the hospital.

The church group were the guests of the Pilgrim Fellowship.

## BUTTE LIBRARY GETS 3 BOOKS

Three new books have been added to the Butte community library. "Young 'Un" by Herbert Best and "American Character" by D. W. Brogan are dual selections from the Book of the Month Club. "Young 'Un" is a novel of reality and enchantment about upstate New York in the days of land grants and frontier hardships. "American Character," written by a British scholar, is an account of how we behave and why we behave as we do. It discusses the character of the American people and the significance of that character on the future of the world.

"It's a Women's World," edited by Mary Louise Haswell, is a selection of stories about modern women written by feminine writers.

## BUTTE ALUMNA ENTERS DUBUQUE

Yasuko Kinoshita, daughter of Mr. and Mrs. Y. Kinoshita of 28-8-D, Rivers, Ariz., has arrived at the University of Dubuque where she is a part of one of the largest freshman classes ever to enter the school. Yasuko expects to do her major work in the field of Commerce.

The University which Yasuko is attending was founded in 1852 and is the oldest Presbyterian College and Seminary west of the Mississippi River. It is co-educational, fully accredited, and has an enrollment limited to 500. The University of Dubuque consists of a College of Liberal Arts and a graduate Theological Seminary.

## N.W. LEAGUE

### Canal Hi Bears Beat Mustangs

The Mustangs finished their grid season without a single win to their credit as they lost to the Canal High Bears in their final clash of the season by a score of 13-7 on Canal's CAS gridiron last Saturday afternoon.

The Mustangs had the pleasure scoring their only touchdown of the season early in the second quarter as fullback Harry Horii hit pay dirt on a series of line bucks from the seven yard line. Ki-yoshi Akai placed a beautiful kick through the uprights for the conversion point.

The Canal High Bears came back in the second half and scored twice with Bobby Nakamura leading the winner's attack with a series of deceptive runs and deadly passes to bring the winners first touchdown. He also added the conversion point on a line buck through the center.

Canal's second score came in the final quarter as "Lefty" Fujioka's pass to right end Haruo Hirano proved to be good for another touchdown. Their attempted conversion failed.

### Eagles Vs. Canal

The Butte High Eagles will clash against Canal High's "C" team this Friday at Canal from 3:15 p.m.

## RAMBLERS LOSE 119-0 FROM YELLOWJACKETS

The Ramblers met their second grid defeat as the Yellowjackets walked away with a surprising 19-0 victory yesterday afternoon on the Butte gridiron. This clash was a postponed game from Sunday afternoon which was called off due to the muddy field.

The two teams battled the first half to a 0-0 tie, but the Yellowjackets came back in the second half to cross the pay line three times. Quarterback Eddie Ushiro scored the first touchdown of the game in the third period as he hit pay dirt on a fake reverse from the two yard line. Right End Butch Ino-

## COACH MIYOSHI'S CUBS CROWNED LEAGUE CHAMPS

uyo added an extra point as he placed a kick through the uprights.

In the following quarter, Masame Kawamura added the second touchdown from the three yard line on a line plunge through the center. The Yellowjackets attempted conversion failed.

Eddie Ushiro scored again as he plunged over for the final touchdown of the game in the final quarter. The Yellowjackets again failed to convert.

Though they did not make any touchdowns, small but mighty Teruo Kozaki and Joe Arai deserve much credit for this important win.

This game marked the close of the season with the Cubs being crowned as unmolested Champions of the Northwestern League with a perfect record of winning all their games.

The Cubs scored their initial touchdown late in the first quarter as quarterback Tets Hasegawa charged through the Bronco line, blocked and recovered teckle Yoshimi Shinto's punt on the 32 yard line and romped the remaining yards to score. The Cubs failed to convert.

In the second quarter the Broncos evened up the score as they made their touchdown in identically the same fashion as the Cubs touchdown. Yoshimi Shinto broke through the Cub line, blocked and recovered Mits Taniguchi's punt on the 34 yard line and sprinted the remaining yards to score. The Broncos also failed to convert.

The Cubs scored their deciding touchdown early in the last quarter when Kenso Zenimura from the 26 yard line ran to his right to throw a pass but could not spot any receivers, reversed his field and finding a clean field sprinted over for the winner's second score. Kenso Zenimura's conversion which was good for an extra point.

Kenso and Kenshi Zenimura, Tets Hasegawa and Art Mikamo deserve much credit for this win.
