

NEW SEMESTER

ADULT EDUCATION OFFERS PERSONAL GAIN

With registration for Adult Education's second semester taking place all of next week, the Gila News-Courier is proud to present this special ADULT EDUCATION NUMBER.

YOUR ADULT EDUCATION

Every person has wants and desires--some large, some small. It is the job of Adult Education to lead to the attainment of those goals . . .

Is it an INCOME you want? Then Adult Education owes you leadership in the vocation of your choice . . .

Is it PRESTIGE you want? The educated man or woman commands respect, feels more assurance, possesses knowledge and skills that may mark him a leader.

Is it SOCIAL CONTACTS?

Successful HOME MANAGEMENT?
A HAPPIER, FULLER LIFE?

In whatever way you look for success.

Your Adult Education
is geared to help you attain it.

WE MAY HAVE YOUR BRAND OF SUCCESS. COME IN AND TALK IT OVER.

Phenomenal Growth

AT GILA, the program has grown from an enrollment of 300 on October 7, to over 1900 by the end of the year. One out of every four adults at Gila is an active participant in at least one learning group.

Demand has raised the number of subjects from 5 to 20; the number of group leaders from 19 to 43. **AND ADULT EDUCATION IS STILL GROWING--BECAUSE IT IS EFFECTIVE.**

WORLDWIDE

It is part of the fastest growing movement in the world. In a few short years Adult Education has swept every literate country in the world. In Europe it has been used by the Nazis and the Soviets for all of its Psychological value--and the terrific wartime stamina of those two peoples is proof that it HAS WORKED!

DEMOCRACY TOO can make it work--FOR FREEDOM! Adult Education all over the United States is proving it. **AND GILA IS DOING ITS SHARE.** We are proud of our part in this great world movement. We are proud that WE are using it for the liberation of men's minds.

• and a final word to the **SERIOUS** --

ADULT EDUCATION is a SCIENCE. People trained in it are specialists in GROUP PSYCHOLOGY and in individual reactions.

More and more adult educators are being called in by LEADERS, by administrators in all walks of life, to give counsel on the reactions and most effective methods of dealing with the people they must work with.

Not to mention the numbers who come with their individual problems, because:

Adult Education is not—can not be—a dull-gray collection of prissy old maids and effeminate males. It is no longer restricted to stuffy classrooms. It can be everywhere; it can be everything. A BILLBOARD can be adult education. A PAMPHLET can be adult education. An ARGUMENT can be adult education. As well as classes and seminars

and project groups.

And to know how to fit that education to the needs of his community, the Adult Educator must KNOW that community, be a part of it, live it and with it—and for it. That is what YOUR Adult Education has striven every moment to do.

There have been discouragements; supplies and materials are not plentiful in wartime; many were slow in discovering what a tremendous influence Adult Education was and could be; but as we go into our second semester, we can be quietly confident that progress has been made, that ADULT EDUCATION HAS ITS FINGER ON THE PULSE OF ITS COMMUNITY as perhaps no other activity has or can have, and that those who are part of adult Education may be increasingly recognized for their training in meeting community problems.
