

## HOT CHIMNEY PUBLIC RITES SLATED CAUSES FIRE FOR JAMES H. WAKASA

Caused by an overheated chimney, a small fire slightly damaged the roof of the Poultry Association's living quarters in Section 14 last week.

First discovered by a passing truck driver who noticed smoke rising from the roof of the ranch house, the blaze was soon extinguished by the occupants before it spread out of control.

An investigation conducted by the Fire department disclosed that the chimney hole cut-out had ignited.

Observing the arrival of the warmer and windier season, Acting Chief William B. Miller of the Fire Protection division requested that as a precautionary measure no more open bonfires be built inside the City proper.

### March Checks Now Available

March pay checks for various divisions are now being released, it was disclosed today by J. H. Nichols, finance officer.

Divisions and sections whose checks have arrived are Administrative, Placement, Coding and Placement, Fire Protection, Project Reports, Community Activities, Typewriter Repair, Quarters, Project Warehouse, Community Services, Community Government, Community Welfare and Internal Security.

### LEAVE PICTURES BEING TAKEN

Topaz residents who are planning to leave the Center in the near future are advised to make arrangements for their pictures to be used on leave identification cards.

Appointments for pictures may be made at the Employment office in Administration Building A.

A public funeral for the late James Hatsuaki Wakasa, 36-7-D, who was shot to death by a sentry Sunday night, will be held Monday, April 19, at 2:30 PM, it was decided at a meeting of the 66 block representatives held Wednesday night at 1-10-C. Residents of Block 36 are making arrangements for the funeral, it was added.

### TOMORROW SET FOR PARENTS' DAY AT HIGH SCHOOL

Tomorrow afternoon will be PTA day for the parents of nursery, elementary, and high school students.

On the program for the day will be high school classroom visiting from 2 to 3 PM and a general PTA meeting from 3 to 4 PM at Dining Hall 32. With "Character Building Through Co-operation of Home and School" as the theme for the meeting, short talks will be given by Drayton B. Nuttall, elementary school principal, and Hideo Iyeki, who will speak in Japanese. Entertainment by elementary school pupils will be included.

A special PTA award will be presented to the class with the largest number of parents registering.

### NEWS BRIEFS

**SHORTHAND:** Wednesday and Friday evening beginners shorthand classes will be resumed this Friday, April 16, at 7:15 PM at 32-2-AB, with Miss Martha Fujita as instructor. All former pupils who are still interested are invited to attend.

**DOOR MATS:** According to Kenneth W. Scoopmire of the Project Warehouse, door mats for the residents who have not received them as yet will be distributed soon.

**BUDDHISTS:** A meeting for all committee members will be held Friday from 8 PM at Rec 28 to discuss the Hana-Matsuri program which has been postponed again.

The block representatives also decided that a full discussion of the Wakasa case will be held when the representative of the Spanish Embassy arrives here this Saturday afternoon. Other problems and requests will also be laid before the Spanish Embassy representative.

Representations to have the fence around the City removed completely will be made by the residents through the national WRA office or the Spanish Embassy, it was brought out.

### SUGAR COMPANIES CALL FOR WORKERS

Contracts for persons interested in agricultural work with the California Packing and Amalgamated Sugar companies have arrived, according to Tom Ochi, who is the representative for the two firms at the Placement office in Rec 4.

The contract provides for continuous work from May 1 to November alternating between the two firms depending upon the seasons for various crops. Living quarters and working conditions will be under the supervision of the WRA and the U.S. Employment Service. Transportation to and from Topaz will be provided.

Wages will be fixed according to standards set by the Department of Agriculture.

### TRUE AMERICANS; TOO

Though thrust into a society without the conglomerate patterns of divergent national strains, the Japanese American students in Topaz have come through in admirable style in a situation where it is difficult for them to accept and endorse democracy as a form of government and a way of life.

Basic student morale is high, for in spite of the crescendo of public denunciation, the students here feel that the Bill of Rights still covers all citizens, and they are under its protection.

The mechanics of the fusing process, herewith made most apparent in the schoolrooms of America, and constant exposure to the tenets of the democratic faith which provided an immunity to fascistic ideals did not impede the government in separating one unit of citizens.

Steps have been taken by the WRA administration to inculcate a genuine comprehension of democracy into the schools. Platitudes about the practicability and beauties of democracy, and representations of the Pilgrims, Abraham Lincoln and the Statue of Liberty are not enough; assurances that the Constitution and the laws of the United States of America support all citizens regardless of origin are not enough. It is common knowledge that there is too much theory and too little practice. But the Japanese-American students, the hyphenated, much maligned youth of the nation, survive on a vigorous faith, a faith that will not bend nor submit to their present precarious foothold on the American scene.

As a part of an American democracy, the Topaz schools have fought against all insidious forces corroding their structures. The schools, however, are not content with merely a defensive role. Its chief function has proved to be positive with victories over race-consciousness, and apathy emanating from the gravity of the national and world situations.

Though corrosive forces may seek to divert the students in this relocation project, the best qualities of their inherited Japanese culture and transplanted Western culture have been aligned to bring out the best in the Japanese Americans.

HK

## FROM A FARM

(Editor's note: The following letter describing life on an Idaho farm was received this week by the Project Reports division from a former staff member who left the Center recently with 10 other Topazans to work on co-operative basis for the Chipmen Livestock Co., Nounan, Idaho)

Dear Staff:

Hello to everybody from a farm in Nounan valley.

The snow is still on the ground and the mountains make everything look as pretty as a Sun Valley postcard. Its really a vacation-land country, but we won't have time for that.

The farm itself is really tremendous (1200 acres). It has more buildings and structures than the whole burg of Abraham, Utah. The livestock on the farm includes 2500 sheep, 60 sows, 50 saddle and work horses, and much poultry.

There are 17 in our co-op group. Six dirt farmers are from Heart Mountain and 11 of us tenderfoots from Topaz.

The work we are doing now includes lambing, construction of our new home and general spring clean-up about the farm.

A word about explaining 'lambing' to you 'city folks.' It has been an entirely new experience for all of us, but it is nothing more than bringing the future lamb chops into the world. Its the season for this, and the lambs are coming so fast that we work on 24-hour shifts. Its very simple and interesting. Guess we will get our M.D. pretty soon.

Our living quarters now under construction are something to write home about. Formerly it was the ranch foreman's house with 4 rooms. We're building a 2000 bunkhouse attachment to this house. When it is completed in 2 or 3 weeks we will have the following: a large dining-living room, a 20' x 30' bunkhouse, large kitchen, storeroom, washroom, 3 showers and flush toilets. The boss wants us to stay permanently so he is giving us good accommodations.

The truck farm possibilities are just a big question mark. Like Topaz's truck crop program, we cannot compare or judge the possibilities because nobody in the valley has ever attempted crops which we are going to plant. This valley is strictly a livestock and grain country. We're just going to cross our fingers and work like H...

Ours is an interesting group. Most of us are between 20 and 36, so we get along. Half are college men which may mean something or nothing. We are operating the group on a co-operative basis. We have a health fund to take care of emergency operations and are buying goods we all need in wholesale lots. All in all we are going to have an interesting future but we have our fingers crossed.

Sincerely,  
Buro Hosoume

## Job Openings

### MALE

Rockford, Ill. Recht-Froelich Chevrolet Co. 2 car washers, 2 simonizers, 2 auto mechanics. Car washers and simonizers on 60-40% basis with \$30 week guarantee. Mechanics on same percentage basis with guarantee ranging from \$120 to \$190 month.

Elgin, Ill. Sheridan Hospital. Resident physician. \$135 month plus full maintenance. Must be graduate of a class A medical school.

Cleveland, Ohio. Cleveland Dental Laboratory. \$40 week and up, depending upon ability of worker. Time and half for all overtime.

### FEMALE

Cleveland, Ohio. Stenographer. \$120 month for 40-hour week. Typing, dictation and ordinary clerical routine.

Cleveland, Ohio. Cuyahoga County Library. \$90 month for 40-hour week. Typing and ordinary filing work. Accepted candidate will have one day's work a week at the rate of \$5 day. This will bring up the monthly income to \$110.

Rochester, Minn. \$50 to begin, but will raise depending upon the ability of the girl. Cooking, general housework (a cleaning woman comes once a week). Private room and bath.

### COUPLE

Cleveland, Ohio. \$135 month plus transportation from Topaz to Cleveland. Man to act as houseman, yardman. Woman to do cooking and upstairs work. 2 rooms, private bath and meals.

Cleveland Heights, Ohio. \$135 month. Woman to do cooking, downstairs cleaning and laundry. Man to do upstairs rooms, general housework and gardening work. 2 newly decorated rooms, furnished. Bedroom and private bath.

Chicago, Ill. \$120 month. For man, gardening, heavy cleaning. For wife, general housework, laundry, cooking and help in care of children. Room and bath.

## RED CROSS HOLDS DRIVE

With 80 volunteer workers conducting a door-to-door campaign for contributions, the Topaz Red Cross chapter's drive for funds got under way Monday and will continue through the remainder of the week, it was disclosed today by the committee in charge.

Successful attainment of the center-wide quota of \$500 was seen in the fact that first reports indicated individual block quotas were being exceeded, the committee stated.

## RESIDENTS URGED TO UTILIZE COAL

To help reduce expenses for the Project, the residents were urged today to utilize the fine coal in their respective block coal piles by the Fire Protection and Public Works divisions, which said that the fine coal would be well adapted for the banking of fires.

The co-operation of the residents in this would not only result in material savings for the Project, but would also help to eliminate the unsightly piles of coal during the summer, it was pointed out.

## EASTERN WATER TANK SUPPLIES CITY WITH 1,300,000 GALLONS DAILY

The water tank located on the eastern side of the City supplies the 8000 residents of Topaz with 1,300,000 gallons of water which they use daily, it was disclosed today by Henry R. Watson, chief of the Public Works division. It is expected that the total consumption will rise to 1,500,000 gallons during the summer.

As a result of an experiment carried on last week, it was discovered that it is possible to pump 800 gallons of water into the tank per minute, which is sufficient to meet the Center's needs. Due to the high pressure of the water, (43 pounds per square inch) the residents were requested to co-operate in conserving

## 16 HEAD BUTCHERED ON FARM

In accordance with the projected hog raising program to provide an ample supply of pork for the City, 16 more head of hogs, fattened on the Project farm, were butchered in Fillmore last week, it was revealed by Shig Nakamura, research member of the Swine association.

The profit realized to reduce the Project expenditures amounted to \$95 computed from the current Salt Lake City top market price less 50 cents per cwt.

The current pork supply program calls for the enlargement of the present herd to an annual output of nearly 2000 heads.

## VITAL STATISTICS

### BIRTHS:

NAKAMOTO--To Mrs. Ki-yoko Nakamoto, 12-9-B, 8:16 AM, April 7, a boy.

NAKAO--To Mrs. Satoye Nakao, 41-4-D, 7:14 PM, March 31, a girl.

### DEATH:

TORIUMI--Junko Toriumi, 42-5-B, age 20, April 7, Salt Lake City.

To insure pure water, the water is automatically purified with chlorine gas before it enters the tank. The water first enters the 2 tanks on the eastern side to settle, then passes into the 2 on the west side before leaving finally for resident use.

The tank is considered the largest wooden water storage tank of its kind in the world. It stands 83 ft. to the low water-line and the four tanks which are set on it are 20 ft. high; at the highest point the tank is 103 ft. above ground level. The volume of each tank, which has a diameter of 30 ft., is 125,000 gallons or 500,000 gallons for the entire tank.

## FLOWER CLASS COMMENCEMENT

Commencement exercises will be held April 18 from 2:30 PM at Rec 40 for 180 students of Kuko Yasui's flower arrangement classes who have completed their courses since last October, it was learned today.

A flower arrangement exhibit by the students is also scheduled for Sunday, April 18 from 4 to 10 PM and on the 19th from 10 AM to 5 PM. The event will be in Rec 40.

## YWCA ASSURES RELOCATEES OF SAME SERVICES

Assurance was received here from the Chicago YWCA office this week through Mrs. Eleanor Jones Shirrell, chairman of the Japanese American evacuee committee, that the same services extended to other women in the city are placed at the disposal of girls from the relocation centers.

Mrs. Shirrell submitted an article pertinent to the agency's American Japanese program, prepared by Miss Barbara Abel, publicity secretary, which is as follows:

In Chicago the YWCA along with the Friends Society and the Federation of Churches is aiding the WRA in its resettlement program, especially in giving to Japanese American girls a friendly welcome and practical help in finding a place to live.

Many girls from the centers are members of the YWCA in Seattle, San Francisco and other coast cities, and they have turned confidently to the YWCA to help them get adjusted. The association has done its best for them, not only in the tangible ways of finding jobs and places to live, but in the intangible way of interpreting with intelligence and understanding the problems of these loyal citizens. This interpretation has been made to employers,

## OUR TOWN TO BE PRESENTED BY TOPAZ HI

Now in their sixth week of rehearsal, the Topaz high school drama department is preparing for its production of "Our Town", the Broadway success play by Thornton Wilder, in two series of performances during the next two weeks, according to George L. Lewis, director. With each series presenting a different cast of performers, the initial series will be held April 21, 22 and 23 from 8:30 PM at Dining Hall 32.

An interesting feature of the production will be the lack of scenery or props. Instead, the play will achieve its effects through the acting and lighting alone, it was pointed out.

Invitations for the first production will be issued at the high school beginning Monday. The audience for each performance will be limited to 400.

## SDA To Conduct Pictured Talks

Using the stereopticon slides to illustrate the talks, the local Missionary Volunteer's society of the Seventh Day Adventists Church will begin a series of meetings to deal with the authenticity of the Holy Scripture, it was announced today by George Aso.

Crashi Mitoma is expected to speak at the first meeting Friday night from 8 o'clock in the Inter-Faith offices at Rec 33 on the topic "Our Troubled World, Wither Bound?"

## SOLDIERS ON LEAVE

Pfc. Takeo Nonaka, Camp Breckenridge, Ky.

Sgt. W. M. Nosaka, Camp Hale, Colo.

S. Sgt. William Kawai, Camp Hale, Colo.

housekeepers, church and club women, as well as to the entire YWCA membership and has enlisted the interest and co-operation of individuals and groups.

## PLAN COURSES HERE UNDER RWP PROGRAM

Mark Nichols, state director of the Rural War Production training program, visited the Project Tuesday to discuss plans for establishing agricultural classes here with Roscoe E. Bell and Dr. Laverne C. Bane, heads of the Agricultural and Adult Education departments, respectively. The program is made available through the co-operation of the Utah State Board for Vocational Education and the Vocational Agricultural Education Service of the United States Office of Education.

To be instituted in the Center immediately are courses in farm machinery repair and construction, and farm labor training. As the need arises, other classes in the production of pork, poultry, meat, beef, commercial vegetable and field seed will be organized. Instructors for the courses will be any of the appointed personnel employed in Topaz or other qualified persons from nearby communities.

The program, which will aid those working on the agricultural projects and for those who leave to engage in farming, will be available to out-of-school persons over 17 years of age also, it was indicated.

## Nursing Course To Start Monday

A Red Cross home nursing course, with instructions in Japanese, will begin Monday, April 26, from 9:30 AM in the hospital classroom, it was announced today by Mrs. Barbara Takahashi of the nursing staff.

Those wishing to enroll should register with their respective block nurses. Enrollment is limited to 20 students, but there will be a new class opened every month to accommodate all registrants.

It was also added that afternoon classes will be organized if there are enough registrants requesting such arrangements.

## SPORTS

BY BEN HATA

"King Baseball" will again take the limelight as THE summer sport this Sunday. As we go to press Kimbo Yoshitomi, CAS athletic director, announces that there will be 4 leagues of softball teams. Each league will have 2 divisions: Class AA and Class A. Yoshitomi stated that to date, 35 teams have registered.

Again, as at Tanforan, hardball has been temporarily shelved. The principal set-back lies in the realm of expenses. John Towata, CAS hardball commissioner, realized that the residents want to play but until an expense plan favorable to all concerned is formulated, the sport will have to be postponed indefinitely. With such keen interest apparent, it is logical to assume that an equitable conclusion will be reached.

So, until hardball playing materializes, the baseball enthusiasts will have to be satisfied with softball. If the reactions to the sport in Tanforan are to be used as a measure, the results should be gratifying, to say the least. Attendance figures (strictly spectators) were up in the 2000 area every Sunday. The final play-off netted more than 4000! When you consider the fact that the Bay Regionites are composed of elements that have stronger interests in other athletic sports, those figures begin to mean something!

Of spectator interest is the roster of the teams that have entered the leagues. We have to mention Yuk Sano. He was probably the best pitcher in Tanforan when he was hot! He'll be throwing the apple for the Commissary. Incidentally, we are placing it as the team to beat. The most consistent pitcher, if he pitches, will be Nibby Hashiguchi. He isn't as young as the rest of the boys, but his control is terrific!

## SOFTBALL MGS. ASKED TO MEET

There will be an important softball meeting this Saturday, from 2 PM at Rec 3. It is imperative that all softball managers attend to discuss the softball rules and to work out the schedule for the industrial as well as the block team.

## BLOCK 16 TEN WINS 4TH GAME

The Block 16 softball team, behind a 5-hit game pitched by Jimmie Honda, registered fourth consecutive victory by dumping the Block 11 team by the score of 18 to 6 last Sunday.

Due to Honda's wildness and lack of speed, the Block 11 team took a 6 to 3 lead until the third inning, but from then on Honda regained his control and pitched hitless ball for the remainder of the 7 inning encounter. Bo Kataoka led the attack for the victors with 3 hits, closely followed by Min Sasaki and Yun Akinaga with 2 singles apiece. Sus Iwasa led the losers with 2 hits, one going for a homer.

Any team desiring a game with the undefeated Block 16 team is requested to contact the Block Manager Kaz Masuda.

## SUMMER RECREATION PLANNED

A city-wide activities program to fill the recreation needs for the summer will be presented to the people of Topaz through the auspices of the Community Services division.

This program will utilize the staff members of the Education department, the Inter-Faith and the CAS. Programs have been planned by key members. The final program will be under the jurisdiction of a picked committee comprised of the members of the planning committee.

Handicrafts, dramatics, athletics, studies, etc., will be available to all residents. The members of the planning committee are making every effort to form a well-rounded activities program for every major age group in the center.

## 'EASTER PARADE' DANCE SATURDAY

An "Easter Parade" hop for couples only will be held this Saturday night at Rec 20.

The dance will begin at 7:30 PM, and a nominal sum of 10 cents will be charged to defray expenses.

## TOPAZ PUBLIC LIBRARY
