TOPAZ, UTAH

Saturday, October 30, 1943

## EMBRACE PHOTOS PROMPT OFFICIAL INVESTIGATION

TRINIDAD, Colo.--Snapshots showing German prisoners of war and Japanese women in fond embrace prompted an FBI investigation Wednesday in which 5 unidentified Japanese women, one with a small baby, were under questioning, according to a news report.

The photos were taken from 1 of 6 German prisoners who escaped from the near-by internment camp and were recaptured in northern New Mexico last week.

Prisoners of war from the Trinidad camp and nisei from Amache have been working together in the Trinidad area in recent months, the news article stated.

## TOPAZ STUDENTS TO AID BEET HARVEST

Topaz school students will aid in the harvesting of Millard County sugar beets, according to information received today.

Approximately 20 high school students and 10 adults will constitute the first group expected to leave here Tuesday for the Delta labor camp where housing is provided.

## 20 WORKERS ANSWER CALL FOR PIPELINE REPLACERS

In response to the urgent appeal for pipeline workers by the engineering section, 20 men under Jiggs Yamada, foreman, have volunteered their services, it was reported this morning. The group is comprised of 10 er Tuleans who had been working as an emergency crew handling the backlog of those residents who came from Tule Lake last month.

## SPUD PICKERS 33 MEN LEAVE FOR TULE LAKE

Thirty-three residents left for Tule Lake yesterday to assist in the harvesting of the potato crop there, it was reported today.

En route to Tule the group will be joined by 14 persons at Salt Lake City and Pocatello, Idaho. An additional 100 evacuee workers have been recruited at Ogden to comprise another carload which will depart Monday.

It was indicated that 150 workers had responded to Dillon Meyer's call for aid in harvesting the Tule Lake half million dollar potato crop. 100 are from Heart Mountain, and 150 from Boston.

"Realizing the necessity of completing the pipeline job before the cold weather, this crew has undertaken the task despite unpleasantness of the work," Henry R. Watson, senior engineer stated. They have been assigned to work in the hospital area in replacing pipes and repairing leaks.

"About 30 more men are still needed to complete this program in time," Watson said. "We are appealing especially to residents who have returned from seasonal work and other unemployed persons to help during this emergency period."

After finishing work on the service lines in the blocks, pipe replacements are required in the warehouse, garage, school, administration, and hospital areas. Main lines in poor condition must also be replaced. All of the main line pipes along Jasper avenue must be replaced, it was indicated.

"If this work can be done within the next month, we can be assured of a good water supply," Watson declared.

## TOPAZ RAZZLE-DAZZLE ATTACK BAFFLES FILLMORE PREPSTERS

Flashing a razzle-dazzle attack, the Topaz Rams outcharged, outpassed and outscored the bewildered Fillmore prep eleven, 18-8, yesterday at Fillmore to capture their 2nd inter-sectional grid game.

Topaz scored the first touchdown in the initial period when captain Roy Herano, on a sneak pass play, pitched a 25 yarder to Mike Mayeda, end, who ran 15 yards to pay dirt.

In the next spasm, Ha-

rano screen passed 5 yards to Yosh Yamada, swivel-hipped back, who sprinted 75 yards for the 2nd tally.

Climaxing the fracas, Yosh Yamada reeled off 72 yards for the final Topaz score behind the excellent conveying of Sus Iwasa, Mike Mayeda and Sam Nakaso. On this play, Sock Yoshida faked a punt, then on a reverse play, handed the ball to Yamada who streaked toward the goal line from his own 28 yard mark.

Fillmore was held to 1 touchdown and a touchback. A return match is now being arranged to be played here in the near future.

## TOPAZ MEAT QUOTA SUPPLIED BY FARM

Topaz's meat quota is now being supplied by the project hog and cattle divisions, it was revealed today by the agriculture department.

To meet the center's needs, 7 to 10 head of cattle and 14 to 18 head of hogs are slaughtered by the agricultural section each week.

About 17,000 pounds of meat is the quota allotted for this center of 7,000 residents, it was learned.

Friday.....	47°	36°

## DESERT ECHOES

### WHAT, NO CRACKERS?

Brandon Watson, chief project steward, nearly had a fit of apoplexy when he received a jumbled phone call from Delta. A sweet young thing told him that a carload of Swiss cheese had come in and will Mr. Watson please come and get it. "Swiss cheese?" bellowed the chief steward and swallowed a couple of aspirins. "What are we going to do with a carload of Swiss cheese?" "Beg your pardon," chirped the sweet mellow voice, "It's Swiss chard." According to our operative, the sigh of relief that Watson heaved nearly blasted the windows open.

### TOPAZ'S PERMANENT HOMES

Did you know that the most permanent structures in Topaz are the adobe brick buildings constructed on our project farms which house our chickens? Long after the ruins of the black tar-papered barracks of Topaz become hunting grounds for curiosity seekers, just as Topaz today is a haven for arrowhead collectors, the adobe brick chicken coops will remain mute evidences of Japanese evacuation into Utah's Sevier desert.

### LIFE GOES ON

Three Japanese babies were born aboard the Gripsholm enroute to Mormogao, where the exchange of American and Japanese nationals took place this month. An American child was born aboard the Teia Maru.

### DICTATOR COMPLEX

Since evacuation, many latent dictator complexes have blossomed in the centers. No dare say that many have grown to the extent that they can be considered seedy. These persons with Napoleonic dispositions, having suddenly come into powers never before granted them, are now abusing their privileges and making fools of themselves. True, this ugly trait is not a phenomenon peculiar only to the evacuees. Some of the appointed personnel do not escape this fault.

Henri Takahashi

## EVACUEES' ASSIMILATION NOT DIFFICULT -- MYER

### MOTOR COMPANY TO TRAIN MEN

Persons interested in auto mechanics may receive special training from the Oldsmobile division of the General Motors Company in Chicago, Illinois, it was learned from the leave office.

Interested applicants will take a 140-hour course which includes general instructions and special training in one particular field. Post-war possibilities are successfully placed with the company, it was stated.

### BLOWOUT ROLLS CAR INTO DITCH

While returning to Topaz from Delta Wednesday night, WRA car #20 overturned and rolled into a roadside ditch 2 miles east of the project boundary as a result of a blowout, it was reported yesterday.

Rev. Hisashi Sano, 35-2-C, suffered a sprained left shoulder. The five other passengers were not injured.

### BUDDHIST CHURCH TO HONOR TULEANS

In honor of the new members from Tule Lake, the Buddhist Church will present a welcome entertainment program tomorrow night at mess hall 9 from 7:30 o'clock.

Included in the evening's program are songs, dances and comical skits. Everyone is invited to attend, it was revealed.

### HOSPITAL PARTY

To welcome the new sides from Tule Lake the nurses' aides will hold a Halloween party tomorrow night at the hospital from 8 PM.

### NEW LIBRARY HOURS

The library is open Monday through Saturday from 2 to 6 PM and from 7 to 9 PM instead of as previously announced.

"The assimilation of the Japanese Americans is not a difficult problem because this group is actually only a small handful of people," said Dillon S. Myer, national WRA director, when interviewed by a Deseret News reporter in Salt Lake City last Saturday.

"They comprise only one-tenth of one per cent of the total population of the United States," Myer said.

Only 3 per cent of the Japanese evacuees are located in Utah camps. A large proportion of nisei who are on seasonal leave are assisting in harvesting crops, Myer revealed.

"85 per cent of the evacuees are American citizens, and any group who is foolish enough to adopt resolutions that they cannot live in certain areas or engage in certain businesses have lost sight of our purpose in fighting this war," declared Myer.

### RATION OFFICE MOVES LOCATION

The ration office has been moved from rec 30 to the relocation office yesterday.

Ration books to relocators and shoe rationing coupons to residents will be issued at the new location hereafter.

### CHIYOKO KUROIWA TROTH REVEALED

The engagement of Chiyoko Kuroiwa, youngest daughter of Kikutaro Kuroiwa, 16-2-F, to Ken Takatsui, formerly of Seattle, Washington, was announced this week.

### BIRTHS

HAYASHIDA--To Mrs. Bob Hayashida, 41-3-A, October 21, a boy.

MUNENO--To Mrs. Saiki Muneno, 30-10-B, October 25, a boy.

MIYAKE--To Mrs. George Miyake, 5-9-A, October 27, a boy and a girl.

# 153 TOPAZ FAMILY UNITS DEPART, MOSTLY COUPLES

One hundred and fifty-three families, involving 506 individuals, have relocated from Topaz as of last week, according to the leave officer.

Statistics indicate that most of the families who have relocated are small--60 families of 2, 46 of 3, and 21 of 4.

Larger family units, however, are gradually being resettled. Some 26 families with 5 to 10 persons have departed.

Utah and Illinois still lead in the number of relocated families with 59 and 28 respectively. 12 families have settled in Ohio.

Of the total of 1307 relocators up to October 18, 964 were citizens, and 200 aliens. Student leaves totalled 99. Records of 43 others were not available.

## FILING OF TFR 500 EXTENDED

The deadline for the filing of TFR 500 forms which deal with foreign property holdings of persons subject to US jurisdiction has been extended to December 1 from Nov. 1.

Regardless of value, all foreign bonds payable in US dollars and all interests in allied foreign organizations, patent or trademark license agreements, franchises and concessions and certain contracts must be reported.

## NEW WRA RELOCATION BRANCH IN PENNSYLVANIA HEADED BY WHITE

A new WRA relocation office was opened last week at Harrisburg, Pennsylvania, by Clement L. White, former relocation officer at Minneapolis.

This office will serve central and eastern counties of Pennsylvania and northern Maryland, according to Robert M. Cullum, relocation supervisor.

Dotting the rich rural regions of central Pennsylvania are industrial cities such as Harrisburg, which is the same size as

## HONOR STUDENTS COME FROM TULE

Seven former Tuleans now attending the senior high school were members of the Tri-State Scholarship Society, it was revealed by Victor Goertzel, guidance director.

The honor students are Nancy Akita, Chiyo Kawa-hata, and Beishi Tanaka, seniors; Seiko Akahoshi, Shigeru Ishihara, George Nishikubo, and Amy Yamada, juniors.

## WRA OFFICE IN PEORIA OPENED

Milton Guether, formerly of the Chicago WRA unit, was named relocation officer for middle and southern Illinois with headquarters in Peoria, it was announced by Elmer L. Shirrell, Chicago area supervisor.

Guether, who has worked with farm organizations in the midwest in connection with the relocation of American Japanese since he joined the WRA in April, 1943, began his new job this month.

Shirrell said the Peoria WRA post had been vacant since July when Perry Hall resigned to enter private business. Ladeline Jacobs who has been acting relocation officer, will continue as Guether's assistant.

Berkeley in California; Lancaster, with about the same population as San Jose; Reading and Allentown, in the same class as Sacramento or Tacoma.

Pennsylvania has about 350 towns and cities above 2500 population, many more than any other state. Within its borders or a few hours away by bus are the majority of the big cities of the US. All of this points to town and rural opportunities of a great variety, Cullum revealed.

*job openings*  
**INSTRUCTOR IN PHYSICS:**  
Doane College, Neb. \$160 per month to teach freshman classes. Opportunity to teach mathematics if qualified. (3006)

**ACCOUNTANT:** Grand Rapids, Mich. \$250-\$300 per month for public accountant with practical tax background or one who has studied income tax. General accountant experience not sufficient. (2944)

**PHOTOGRAPHERS:** Evanston, Ill. 2 experienced photographers to do retouching and all around work at \$40 per week. (2939)

**WOMEN:** Omaha, Neb. \$90 per month for 6 girls to do waitress and tray service work in hospital. Protestant faith preferred. Meal tickets are purchased on the basis of \$1.00 per day. (2962)

**COUPLE:** Monroe, Mich. \$150 a month. Wife should have experience in cooking and do lighter cleaning and dusting. No washing or ironing. Man to take care of lawn and shrubbery. Must drive car. (2961)

**MACHINE SHOP WORKERS:** Detroit, Mich. 3-5 men to work in small machine shop and assembly shop. Work is assembly of clutch cover units, machine work on grinder and buffer. Automotive experience preferred but inexperienced men will be accepted. 90¢ per hour. (2967)

**MECHANICS:** Milwaukee, Wis. \$1.70 per hour for experienced automotive mechanics. Must have own hand tools. (2971)

**RECAP WORK:** Detroit, Mich. 90¢-\$1.40 per hour, depending upon ability, for two men to do vulcanizing and recap work. Company interested in men who remain with job rather than experience. (2973)

**AUTO MECHANIC:** Des Moines, Iowa. \$165 per month to start to work on International trucks. Must have own hand tools. Prefer one who could operate lathe or willing to learn. (2850)

**DOMESTIC:** Lawson, Miss. \$85 per month for general housework and plain cooking. (2997)

Heart Mountain residents scrambled for their warm heavy clothing last Tuesday when the first snow storm made its appearance. Although only one inch of snow actually fell, the strong north wind made it seem worse, sweeping the snow from the open spaces into the air.

Heart Mt. Sentinel

The first blonde to relocate from Gila River will be "Colin" Kelly, a cocker spaniel who will leave with his owner for Minneapolis, Minn. He is the first dog to resettle from the center.

Gila News-Courier

On the Rohwer project farms the acreage planted up to Sept. 31 was 910 acres. 1,074,039 pounds of food worth \$42,463.95 was harvested up to the end of last month.

Rohwer Outpost

More than 4500 residents have left Hunt to contribute productive labor to the nation's war effort in agriculture, in industry and in other fields. About 2400 evacuees have gone out of the center on seasonal leave, principally to do harvest work.

Minidoka Irrigator

A special class for children who have motor, speaking difficulties was organized last week with students ranging from the ages 9 to 12 enrolled. The students will learn to read, write and speak.

Denson Tribune

A large number of big fish was being recorded this week in Poston as hundreds of anglers took part in the fishing contest sponsored by Community Enterprises. Largest fishes caught so far are a 24 1/2 inch carp and a 15 1/2 inch bass.

Poston Chronicle

## PLAY EQUIPMENT SET UP ON 2 CENTER PLAYGROUNDS

### RECEPTION-TEA HONORS MISSION

More than 120 guests, including appointed staff and residents, attended the reception-tea, in honor of the National Preaching Mission delegation, Thursday afternoon at the Protestant Church.

With Dave Tatsuno as toastmaster, the program featured welcome addresses by the Revs. M. Nishimura, I. Kyoroku, Project Director Charles F. Ernst, and Dr. Oshikubo. The response was given by Dr. E. Stanley Jones.

Mrs. Taka Shimamura gave a vocal selection, "Ave Maria".

Refreshments were prepared and served by the Protestant women's group.

### Scout Party Set

Topaz Boy Scouts will hold a Halloween party tonight at rec 42 from 7:15 PM. Ichiro Sasaki will be in charge of the program.

All scouts, cubs, and leaders are cordially invited.

### VISITING SOLDIERS

Sgt. Tim Tokuno, T/4 Richard Hata, S/Sgt. Thomas Sagimori, Cpl. Walter Kitagawa, T/5 Edgar Arimoto, Camp Shelby, Miss.

T/4 Toshimasa Kawahara, Fort Riley, Kan.

T/5 Kentchi Akagi, Camp Huey, Texas.

Two children's playgrounds in blocks 15 and 21 have been fully equipped with bars, swings, merry-go-rounds, and slides by the CES and volunteer workers.

Two more areas adjacent to blocks 38 and 41 are being converted into children's playgrounds.

Playground supervisors will be assigned to direct the use of the newly constructed equipment. They have the authority to prevent the use of the facilities to those whose behavior is unbecoming and detrimental, it was stated. Older children will not be permitted to play when younger children are present, the CES indicated.

### BROWNIES PLAN HALLOWEEN PARTY

Topaz Brownie Girl Scouts will hold a Halloween party this Saturday at rec 8 from 2:30 PM. Mothers and members of the steering committee will be invited.

The afternoon's program will include songs, games and entertainment numbers. Tap dances, violin and piano solos will be given by the members.

Leaders of the 4 troops in charge of the program are Mesdames C. Kajiwar, Nakahata, C. Harano, and Misses Masae Mori, Edna Kumasawa, Setsu Katayama, and Shizuko Yoshida.

**LOST:** Sun glasses. Finder please return to 4-2-B. Reward.

# WOMEN'S MIRROR

BY TOMOYE TAKAHASHI

Well, have you analyzed yourself this week? If you have decided you are not bashful after answering last week's questions honestly, then stop right here. If you decided you are self-conscious, read on. If you overcome your shyness, there is much more enjoyment you will find in company. Try relaxing, first of all. If you feel tenseness mounting, do some slow, deep breathing for more oxygen so you won't look like a snorting bull, face flushed and with inflated nostrils. You're nervous, confused, and panting away, that's why. Shake hands firmly and briefly. Sit down slowly, and sit deep in the chair. Cross your ankles and fold your hands in your lap. If your palms perspire, cross them lightly, palms up. (See the MD too—you might need thyroid.) Keep that tilt out of your neck—hold that head straight up. Above all, forget you are noticed so much. You're not that important. In a way, self-consciousness and concern is a form of conceit. Busy yourself with others. Ask them how the new baby nephew is getting along, and do they hear from their cousin in Cleveland, etc. You will overcome this disheartening bashfulness soon, if you try. We used to be awfully nervous about meeting people, but tried to get over it, and we did.

## QUILTING EXAMPLES

Used to was, quilting was confined to quaint bed covers and was done on huro frames by hand. Today, quilting is smart, fashionable and used for clothes. It is more apt to be done by machine, quickly. Velvet, wool jersey, flannel, satin, taffeta, printed challis, cincham, chintz, all are delectable when quilted. Plain, straight-line quilting in crossbar, diagonal or diamond design is smartest and easiest for clothes.

How to quilt: Quilt your fabric all over BEFORE you cut out your pattern. The reason is

that you lose a little in length and width when you quilt. Make a 3 decker sandwich with your fabric on top, padding in the middle, and cheese-cloth for the lower layer. Paste all three together with long stitches every 6 inches across the entire width. Mark your stitching lines on cheese-cloth with a "dry" pen or a pencil. Use a marking chalk if you have one. The Co-op sells them for a couple of cents. Tighten the upper tension on the machine to get that luxurious, puffy effect on the right side, stitch, cheese-cloth side up. Always stitch parallel lines in the same direction to prevent puckering. Now make yourself a beret and muff, vestee, jerkin, oh, any number of things. Our evening jacket of black velvet is quilted in red and green plaid effect, and lined with bright red. The bag is made the same way. It is going to be a gift for someone already relocated, and we think it's a honey. It fastens with Chinese frogs. The pattern's still available and for free, at the Topaz Times office.

## TO THE WOMEN by Evelyn Kizimura

"DO NOT FOLD"

You'll find them everywhere these days, for they are temporary vagrants. They are victims of the "do not fold, spindle or mutilate" edict. (Someone from the sideline suggests that the regulation run as follows: "do not fold, spindle, mutilate or bounce," W.R.A., please note.)

If you haven't guessed, we are referring to our pay checks which now protrude from pockets, are clipped flatly to folders, or are clutched in the hand.

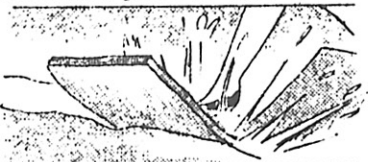

A wallet can no longer harbor one of these slips or earning power, and it is no longer feasible to hoard one or two uncashed checks. Hence, from pay station to the Topaz bank is an immediate and logical step.

## OUTGOING

Quins a person returning from work outside: "Since so much of our salary goes toward income tax, wouldn't it be more appropriate to refer to the levy as the 'outgoing' tax?" All of which we might say comes straight from the heart—and purse.

## DECEPTIVE

Whether planks crossing the Topaz "streams" have been so placed merely for decoration or for camouflage remains a mystery. Personally, we are inclined to believe that the latter is the answer. The idea that the planks may have been placed for crossing purposes is simply out of the question. Witness: a step on the aforementioned piece of lumber will

invite either of two disasters—the plank may assume a tipsy angle which you will find irresistible, in view of the slippery surface; or, a firm step will send the capricious bridge into a gooey foundation and will cause mud to squirt in the manner of "Old Faithful." The picture which results is quite colorful, for your clothes will be various off-shades of mud, and your thoughts and language will be off-shade period!

## THE INSIDE Column

CASABA

When basketball season rolls along sometime in December, we hope and pray that the new high school gymnasium-auditorium is completed. A casaba game played in a gym is vastly different from any contest engaged on outdoor courts.

And speaking of basketball, Fred Kobe, veteran coach of the San Francisco Mikado quintet which mowed down all nisei opposition in the late 30's, will tutor the local high school five this winter. Sign-ups are now going on. We feel confident that he'll produce a championship team capable of giving stiff competition to the taller neighboring prep fives. We wouldn't be surprised if his boys shellack the other high school clubs in this vicinity.

### DELTA GAME-MAYBE

If Delta loses this week, then the Topaz Rams will have a grid match next Tuesday in Delta. If the Rabbits win, then there won't be a game, according to information received here. We, personally, don't quite follow the logic, but we guess it's quite O.K.

## THE Sports SCIRCUIT

**DENSON:** The high school eleven nosed out the Rohwer lightweight, 13-12, in the initial inter-camp grid clash last week at Rohwer. Coach Dick Kuni-shima's Denson prepaters scored 2 touchdowns in the first period, converting once. A return match was played last Saturday in Denson.

**TULE LAKE:** Basketball is now reigning supreme in Tule Lake. The Okole House quint that whipped Topaz, 64-34, lost to the Rees, 46-37. Here are some of the games played in Tule: Tule Lake vs. Jerome, Rec B vs. Poston B, Gila A vs. Poston A. All these games were played on October 24. To date, 10 teams are in the class A league and 14 quintets in the class B.

## COMPLETE 8-MAN FOOTBALL SCHEDULE IS ANNOUNCED

Seventy-five players participating for 6 touch football teams will cavort in the 8-man industrial grid league which begins today.

lasting for five weeks,

### VOLLEYBALL MEET NOTICES SENT OUT

Notices have been sent to all blocks to enter volleyball teams in the coming round robin tournament, according to Yosh Isono.

The tourney will include both boys' and girls' teams, it was stated.

All persons desiring to enter the matches are asked to sign-up at their respective block managers' offices immediately.

### SUNDAY LINKFEST

Winners of Sunday's golf tournament are Kunio Yoda, first; Seiji Yamazaki, second; Harry Nakamura, third; and S. Kajiwara, fourth.

barring inclement weather, the pigskin loop has been limited to one round of play.

The starting time of each game has been set at 3 P.M. sharp, Yosh Isono, athletic director, stated.

Following is the revised schedule:

#### OCTOBER 30-31

Teams	Day	Field
Commissary-Co-op	Sat	1
Cowboys-CES Bees	Sun	1
Hospital-CES Aves	Sun	2

#### NOVEMBER 6-7

Commissary-CES Bees	Sat	1
Co-op-CES Aves	Sun	2
Cowboys-Hospital	Sun	1

#### NOVEMBER 13-14

Cowboys-CES Bees	Sat	1
Commissary-CES Aves	Sun	1

#### NOVEMBER 20-21

Commissary-Cowboys	Sat	1
CES Aves-Hospital	Sun	1
Co-op-CES Bees	Sun	2

#### NOVEMBER 27-28

CES Bees-CES Aves	Sat	1
Commissary-Hospital	Sun	1
Cowboys-Co-op	Sun	2

## INDUSTRIAL TOUCH PIGSKIN LEAGUE'S PLAYERS REVEALED

Following are the names of the players who will participate in the 8-man touch football league.

**COMMISSARY:** Tachi Tanaka, Yoshio Kitagawa, Geo. Yano, Warren Yano, Kura Eimoto, George Masuda, Hiroji Kariya, Sam Yamana, Kio Yamane, Shig Nakayama, Tats Kanazawa, Mo Kinemoto, Shig Akagi, Tom Nitta, and Yas Ito.

**HOSPITAL:** Tad Osaki, Joe Taira, Lloyd Shinkai, Tetsuo Ihara, Robert Yamada, Robert Miyoshi, Shig Harada, Fred Yamashiro, Osamu Ham Honda, Minoru Tomura, Dewey Otoguro, Ken Yoshida, Toshio Furusho, Ted Iida, Harry Maeda, Ei-ji Hedani, Joe Takiuchi, and Tashio Haramaki.

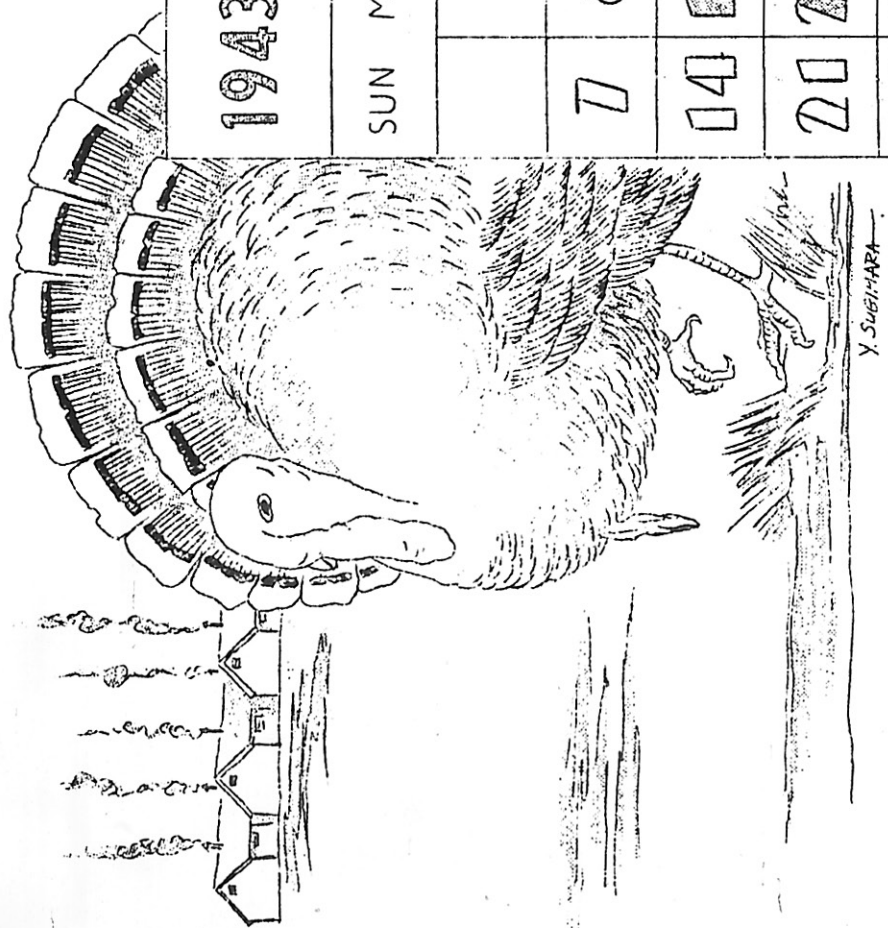

**CES AYES:** Tats Nakamoto, Jinx Kono, Mike Yoshimine, James Lamb, Robert Maggiora, Keichi Kawamoto, Ham

Hamasaki, Yosh Yamada, Mike Ichimaru, Shig Yamagata, Sam Yamamoto, and Bud Evans.

**CES BEES:** Drayton Nuttal, Joe Goodman, Victor Goertzel, Richard Carlson, Larry Fukuhara, Hiro Nagai, Hid Nakazawa, Joe Mori, Mas Yabuki, Shinji Homono, Leon Westover, Motoichi Yanagi, and Kay Nakagiri.

**CO-OP:** Harry Hirashima, George Omori, Jiro Nakaso, Shig Kamiya, Tad Horita, Kunio Ishii, Mike Oda, Sus Ota, Mas Nagamoto, Yosh Kawamoto, Toby Ogawa, and Toby Kuruma.

**CATTLE RANCHERS:** Jim Sakaguchi, Shigeto Narikawa, Shigenki Shinoda, Takeo Yago, George Abe, Yoshikazu Ito, Kumjo Konno, Sammy Fujikawa, Seigo Takaki, Robert Mizuhara, Minoru Hironaka, Robert Mizohami, and Iac Komatsu.
