During his visit Pfc. Higa will be honored at a dinner to be given by the USO, according 'to Marianne Arimoto, chairman of the affair. He will also meet with the new community council.

From 7:30 Tuesday evening, he will address the residents in Japanese in the auditorium. On Wednesday morning from 9:15 will speak in English to a group in dining hall 32.

Pfc. Higa has been released from an army hospital following recovery from a battle injury and will return to active duty again on July 6, according to a toletypo from Hesse H. Lewis, acting field assistant director. He was stationed at Pearl Harbor during attack and later fought with the 100th Battalion at Salerno and Cassino. He was awarded the Heart for the Purple wound he incurred at Cassino.

He was also a visitor at the Granada relocation center a few weeks ago.

CAT FOUND IN TOPAZ; COUPLE FROM CALIFORNIA ANSWERS AD

"Where, oh, where has our little cat gone?" was the plea received from Mr. and Mrs. O'brien' of Inyokern, California. It all started with a little item published in the Topaz Times regarding a black Persian cat which had been found and in the meantime had become the mother of 3 kittens.

By some strange coincidence, the ad was picked up and printed in the Deseret News of Salt Lake City under the heading "Cat Found -- Returned with Inter- B. est". And the greatest sur- School principal, approxiprise came this morning in a letter answoring the ad---all the way from California. It stated that the couple had lived in Spring- nel, attended an outing ville, Utah, and had and steak dinner at Oak ville, Utah, and had moved to California but had lost a similiar expectant black cat which may have wandered down to Topaz.

NUTTALL HONORED AT FAREWELL PARTY

In honor of Drayton Nuttall, Topaz High mately 65 members of the education department, including administrators, faculty and office person-City Canyon yesterday.

principal Nuttall, since last September, expected to leave the project early next week.

The house is full and 20 people are scheduled to come between now and June 23rd. Six young girls, two of them only 16, are coming together from Pos-

ton. Wish Topaz would do so well.

Mrs. Inouye takes her job as a housemother very seriously. She mothers the girls and gives them gives them hot tea if they get good advice and colds. Mary Ouye from Topaz can tell you about that. You can assure the mothers that their daughters will have friends here to look out for them.

The best thing about Philadelphia as far as we are concerned is the great numbers of Caucasian people who are eager to make friends with the evacuees. Each room in the house, for example, is furnished by a different branch of the WIL. branch has 30 to 40 members.

Our difficulty is housing. Not that there isn't housing. People don't like it. They want little cottages with a lawn and back yard and there simply

aren't any.

After a week of looking, people bring them-selves to take an apartment, comfortable, but ugly, on the 2nd, third floor of a remodeled old mansion; rents are about \$45 to \$75 for that kind of a place, furnished. Unfurnished places are easier to get. We have surplus furniture in the basement for a few of our first families and encourage people to take unfurnished places which are cheaper.

We feel very strongly that now, not later, is the time for relocation. And certainly Philadelphia PHILADELPHIA is casier to adjust to ies of growing race ten-)sion, housing, congestion, a and high food costs there. (I'm afraid the coast as we knew it will never exist again. Mrs. Mildred Goertzel .

Today we received a copy of the Topaz Times in which an article appeared regarding my brother, Pvt. LIAM, former instructor Y. Koizumi. The family appreciates your printing this news for the benefit of his friends and relatives. However, there were some incorrect facts printed which I would like to clarify.

Pvt. Y. Kolzůmi volunteered for Japanese American Combat Team. Later he left Topaz for scasonal work at Edgewater Beach Hotel at Detroit Lakes, Minnesota. He was inducted at Fort Snolling, Minn.,

where he specialized as rifleman.

After complotion of his basic he was transferred to Fort Meade, Maryland, from where he was sent overseas in the latter part of February.

The TAKAHASHIS, formerly of Berkeley, California, and now of Chicago, Illinois, have really succeeded with relocation in a grand style. Eight members of the family are holding important positions as professionel or skilled workers.

GEORGE, the oldest brother who was in Poston, is a chemist in an electroplating plant. ... HENRY, formerly a wellknown optometrist in San Francisco and Berkeley and head of the Tanforan and Topaz eye clinics, is now an OEM photographer His wife, BARBARA, is a public health nurse.

ERNIE, who was active in both the Tanforan and Topaz educational system, is an optical engineer in an up-andcoming optical company. Before evacuation he was an optome-trist in Fresno, He has a promising future. Ernie probably hopes to have as much luck in bridge, a game in which he is ouite an expert

MARY is an optometrist, the only one in the family to rethat the West Coast, A vis- turn to that profession, comiting friend from Seattle muting daily to Hammond, Inditells heartbreaking stor ana, which is just on the outskirts of Chicago ... OLIVE is top-notch clerk (civil service) for the Army Service Forces. DAVID, the youngest brother, College in Ohio. Another sister RUTH is also a registered nurse.

Still another brother, WILplant pathology at the University of California, now leave of absence, a Ph.D., at the U. of Rochester in New York on a Guggenheim Fellowship....

Mary, Joe, David, Olive and Mr. and Mrs. C. Takahashi, the parents, went from Tanfo to Poston to join George. Henry's family and Ernie came to Topaz and later joined the rest in & Chicago.

The entire family, excepting William, live together in a large house which they own

RELOCATION NOW NISEL VETERAN PEC. HIGA WELL ESTABLISHED PRAISES ARMY TREATMENT AS WRA PROGRAM

Restoration of evacuces to normal living outside relocation centers is now on a well-established basis and moving forward at a steady pace, Dillon S. Myer, WMA director, said this week.

"Since its modest beginning approximately two years ago the program of evacuee resettlement has developed to its present stage where a network 38 WRA field offices and and many organized groups individuals are actively helping evacuees to relocate and become satisfactorily adjusted," he stat-

"With 25,000 evacuees resettled in normal communities in all 48 states and the District of Columbia, an evacuee who now leaves a center will probably resettle in or near a community where persons of Japanese descent are already members in boog standing.

"The experimental stage of relocation is over. The policy, regulations procedures are well established to enable evacuees to leave relocation centers, and to resettle communities of their choice where they can lead normal lives in cvery sense of the word."
