## THE CHURCHES: SEVENTH-DAY ADVENTISTS HEAR MISSION

### SPEAKER BRINGS DREAM

Declaring that mankind, though engaged in physical conflict of global scope, was still one in God, Dr. H.H. Hicks, the guest speaker, addressed a congregation of approximately 150 residents of the Topaz Seventh-Day Adventist Church last Wednesday evening. Dr. Hicks is president of the Nevada-Utah Conference of Seventh Day Adventists. His topic was "Life only through Christ".

His principal mission to bring an organ into Topaz as a contribution of the Conference to the church, Dr. Hicks was accompanied by Elder Charles Nagels.

### YWCA HEADS MEET FOR NEW ORGANIZATION

To moot organizational possibilities for a YWCA unit for Topaz Christian women, approximately 70 young women met with Kimi Mukaye, national secretary of the Denver branch, on Wednesday night. The majority of those present at the discussion in Bldg. 2 of Block 35 was formerly affiliated with "Y" groups in the S.F. Bay Area.

Miss Mukaye explained that "Y" units had been instituted in the Manzanar, Tule Lake and Poston projects. To alleviate recreational problems, investigate and secure outside employment, and maintain contacts with those who leave centers and with Caucasian friends were stressed as the significant objectives adopted by the established relocation branches.

The discussion was preliminary to the meeting which will be held tonight in Rec 5 from 7:30 PM for all women, regardless of faith, who are interested in the activities of the organization. Miss Esther Breisemeister of the national branch, who arrived Friday from Granada will advise and direct the meeting.

### PROTESTANT CHURCH

SUNDAY: Holy Communion (English) at Rec 22 from 9:15 AM with Rev. Tsukamoto; Sunday School at Rec Halls 5, 22, and 27 from 10 AM for Below Intermediate; and at Dining Hall 32 for Intermediate and above; Morning Worship at Dining Hall 32 from 11 AM with Rev. Suehiro, preacher, and Rev. Goto, chmn.; High School Fellowship at Rec 27 from 7:30 PM with George Yamamura chmn.; and YP Fellowship at Dining Hall 32 with Tom Hoshiyama, chairman.

WEDNESDAY: Week worship at Block 32, Bldg. 12 from 7:30 PM with Rev. Toriumi, chmn., to be followed by Bible classes.

### BUDDHIST CHURCH

SUNDAY: Sunday School at Rec 28 from 10 AM with Rev. T. Kashima, sermon, M. Maruyama, story, and N. Kitagaki, chmn.; YP Service at Rec 35 from 11 AM with Rev. S. Sanada, sermon, and M. Fujii, chmn.

### SEVENTH DAY ADVENTIST

SATURDAY: Sabbath Bible School at Rec 14 from 9:30 AM. Sabbath worship from 10:30 AM with George Aso, spkr.

### CATHOLIC CHURCH

SUNDAY: Mass at Rec 14 from 8 AM with Father Stoecke.

### THE FOURFOLD GRACES

By Rev. I. Kyogoku

I lived in a Berkeley district usually forbidden to Japanese, just before the war. Though the property owners of the block protested and advised my tenant, Mrs. S., to oust me, she encouraged me to remain as long as I wished.

Wondering at her kind attitude, I asked her the reason. She answered, "Coming to California 30 years ago, I first had contact with the Japanese. I found them honest, industrious and civilized. A Japanese family especially impressed me with their warm-hearted deeds for their white neighbors. I know the ill-conduct of Caucasians toward you all comes from ignorance of your people. I am ashamed."

A deep gratefulness was aroused in my heart. The effect of an unknown Japanese family was acting on me after a quarter of a century. I owe a debt to this family whose name will never be known to me.

It is the teaching of Buddha that we live under the Fourfold Graces: namely the Graces of Parents, the Country where one lives, Fellow-beings and the Three Treasures (Buddha, Buddhism and Buddhists). Mrs. S. opened my eyes broadly and deeply to the Third Grace. I thanked the family with clasped hands, repeating the Holy Name of Buddha.

May all the residents of the City of Topaz be awakened to this teaching and be thankful to the grace of their Fellow-beings here.

## YP FELLOWSHIP TO SEPARATE GROUPS

The Protestant YP Fellowship will organize into two separate divisions, the high school and YP groups, it was decided at last Sunday's combined business discussion.

Nomination and election of officers will take place at the 1st separate business meeting to be held this Sunday, November 29. Temporary chairmen for the groups are Tom Hoshiyama and George Yamamura for the out of high school and high school groups respectively.

## S.F. STATE INSTRUCTORS VISIT CITY

Dr. Alfred Fisk, instructor of philosophy at the San Francisco State College, will arrive in Topaz on December 12 for a four day visit. He is expected to give a series of lectures to the different church groups.

Dr. Fisk is well-known to Topaz residents since he spoke in Tanforan at the Protestant and Buddhist churches.

Under the supervision of Rev. Shimada, Sunday School teachers of the Topaz Protestant Church are preparing a Christmas program to be presented on the afternoons of December 25 and 26.

## LOSS AND GAIN IN LIFE

By Rev. J.T. Fujii

There was once a man who made his living selling milk. He was a hard working man and was saving to buy a cow for his business. He had already saved \$200 when a certain person seeing how industrious he was, offered him a cow worth \$600, trusting him to make payments from the profits he gradually made with that cow. But unfortunately the cow died on his hands before the dairy man could carry out his plans. Nevertheless, the man worked hard and paid back the \$600 that he owed. The individual who saw this industry and honesty rewarded him with trust, not of one but of several herds of cow. With this he proved his worth and became a prosperous man.

There was again another man who had a hobby of collecting swords and prided

himself in his collection. One day he bought an addition at \$15, but upon careful scrutiny discovered he had gained a genuinely valuable one--a famous make. He thought to himself that it must be worth at least \$200, even perhaps as much as \$400. A friend who also collected swords saw this and offered \$450, but the man was unwilling to sell it. Others offered to pay as much as \$900, but he would not part with it unless offered more. He was proud of the sword. One day he took the sword out and was admiring it, when his little daughter ran up to him shouting, "What are you doing, Father?" Surprised out of his calculating, he lost his balance; the sword left his hand, and struck his child and killed her. So in his effort to gain, he lost his dearest and most valuable possession.

In Matthew 16:25 Jesus is quoted as saying: "For whosoever will save his life shall lose it and whosoever will lose his life for my sake shall find it." Life teaches us truly that when we seek gains we find losses and that only as we

lose ourselves do we find true meanings.

## Christian Reflections

### PRAYER

By Rev. J. Tsukamoto

Out of 14 different churches of the San Francisco Bay Area, out of 5 different denominations, we have come together in this Topaz Prot. Church to a common declaration of purpose and action. The glory of the challenge that here is a golden opportunity for many Christian forces, to work together for the good of Topaz and for the furtherance of Righteousness and Truth, is a challenge that may never come again to our generation.

Dear Heavenly Father, we have accepted this challenge, we have buried our differences, confident that nothing will divide us while we are here. But on this important task, we ask thy special blessings and guidance.

Inspire our preachers and teachers with Thy heavenly wisdom that they might speak fearlessly from hearts touched by Thee. That in this dark world they may guide and give knowledge and lead us to righteousness and peace.

Bless the members of Topaz Protestant Church, and ordain unto them the work of leavening this community to become a haven of blessing and justice. Through their devoted service, may all manner of evil be defeated.

We thank Thee for the friends working in our behalf to maintain the bonds of Christian Fellowship that shall some day bless this nation with the function of true Democracy, where the rich heritage of justice and freedom shall be denied to none, where the victory of truth shall make lasting conquest.

Through Him, who came to give light and understanding, who came to deliver and to give counsel, who came to bring salvation and eternal life; Jesus Christ our Lord. Amen.

## TO LEND AID TO WINTERIZE SCHOOLS

The last seven days saw the beginning, progress, and completion of the winterization of Topaz's temporary school buildings. Aptly described by some as a small but colorful conglomeration of humanity, the volunteer workers ranged from dignified Ph. D.'s to energetic resident school boys. Even a detail of Military Police soldiers, under Lt. Donald Nail, and caucasian and resident teaching personnel joined with the regular Maintenance Division crews in cutting, fitting, and nailing plasterboard walls, while women instructors assisted in moving construction material and furniture, and in serving refreshments of coffee and light delicacies to the workers at intervals.

Approximately 70 men were employed in the high school construction at Block 32 while some 60 workers participated in the process at the two elementary schools. Dr. John C. Carlisle, superintendent of education, Dr. Reese Maughan, director of curriculum, Le Grande Noble, high school principal, and Drayton B. Nuttall, elementary school principal, were among the educators who helped complete the work under the supervision of Melvin J. Roper, industrial arts instructor of the High School Department.

## ALL-DAY SCHOOLS BEGINNING MONDAY

With the completion of winterization of all school buildings this week, the education system has been readied for full day programs from Monday, Nov. 30, according to Drayton B. Nuttall, principal of elementary schools.

The following schedule has been released by the Education Department: Kindergarten and 1st grade, 10 AM to 1 PM and 2 to 3:30 PM; 2nd and 3rd grades, 10 AM to 1 PM and 2 to 4:00 PM; 4th, 5th and 6th grades, 10 AM to 1 PM and 2 to 4:30 PM.

The Topaz City High School, in conforming to its full-day schedule, will observe hours from 10 AM to 1 PM and 2 to 5 PM.

It is expected that there will be no further interruptions in the school program now that the winterization difficulties have been removed. Class schedules were abused by weather conditions, previously.

## TEN CAUCASIAN STUDENTS IN TOPAZ SCHOOLS

Ten caucasian students are registered in the Topaz schools, it was learned from the education division. All are children of the administrative personnel or caucasian faculty members.

Enrolled in the Topaz City High School are the three Nails from Fort Worth, Texas. The children of Lt. Nail, commanding officer of the Topaz Military, and Mrs. Nail, a teacher in the Block 8 elementary school, they are: Don, 7th grade; Pat, 10th; and Susan, 12th.

Elementary students include the following: Connie Cornwall, low 1st; Gordon Bell, low 2nd; Winifred Bell, low 3rd; Madge Jennie Brady, high 3rd; Claude Cornwall, high 3rd; Donald Fridley, low 5th; and Ernest Bell, high 6th.

Connie and Claude Cornwall are the children of Claude Cornwall, chief of employment, and Mrs. Cornwall, music instructor in the Block 8 school. Roscoe E. Bell, chief of the agricultural division, is the father of Gordon, Winifred, and Ernest. Donald Fridley is the son of Ralph B. Fridley, chief of internal security, and Madge Brady is the daughter of Mrs. Patricia Brady, Jr. fiscal accountant.

## Briefs

**EDUCATORS:** Intrigued by the uniqueness of the Topaz educational and industrial activities, a delegation of five educators from Brigham Young University visited the City last Saturday.

They included Drs. Wesley P. Lloyd and Harold T. Christensen, and Professors B. B. Cummings, Ariel O. Ballif, and J.C. Swensen, of the sociology department.

**CONTEST:** A name contest will be sponsored by the education department, open to all students in the elementary schools.

It was determined that names for the Blocks 8 and 41 schools be renamed with more fitting appellations.

A prize will be given for the best name submitted. Details will be disclosed later, it was announced by Drayton B. Nuttall, principal of the 2 elementary schools.

**BACK TO SCHOOL:** With the operation of a normal school schedule Monday, the Topaz Times will lose 2 members who have been aiding in the technical processes of publication. Sachi Honda and Akira Fujimoto, senior students, will leave the newspaper assembly lines for the front lines of education.

**SICK LEAVE:** Cost Accountant George D. Reed released the following Administrative Instruction, No. 10 (Revised), relative to sick leave of resident workers:

"Workers, except those paid on a part-time basis, absent on account of illness, will be given excused absence provided they present certificates from the doctor indicating they are unable to work. Sick leave shall be limited to 15 days for any one illness. If the worker is unable to return to his duties after the lapse of 15 days he will be eligible for unemployment compensation.

**MUSIC SCHOOL TO REOPEN MONDAY** Problems erected of housing difficulties and construction retardments were counteracted with the termination of all winterization proceedings in the Topaz School of Music. Instructors, parents, and friends of students shared equally in the activities. The music school, which is situated at 6-1, will reopen on Mon. with 450 registered students.

Courses include piano, violin, vocal, harmony, solfeggio, choir, history, chamber music and orchestra.

With the school aiming towards the provision of cultural incentive to the life of the Center, Frank Iwanaga, supervisor commented, "The school has been organized so that the community will have an opportunity of enjoying beauty through artistic expression."

To extend opportunities of acquiring public appearance experience, weekly recitals are contemplated.

**243 ENROLL IN BASIC ENGLISH** That issei women desire intercourse with the English language was evinced by the unexpectedly high registration figures of the Basic English Classes of the Adult Education Department. The figures revealed that of 243 enrolled in the courses 185 were issei women. The others included 44 kibe, nisei and 14 issei men.

Dr. Laverne Bane, director of adult education, explained that the need for a closer reciprocal relationship between the first and second generations was the probable stimulus for English language training.

According to Dr. Bane, "It is the thought of the staff that a mastery of basic English will enable our residents to secure all of the potential benefits of American political, social, and economic institutions. It is well known that injustice and misunderstanding often grow out of the inability of individuals to convey their ideas to each other. Therefore, it will be the purpose of the staff to include in the Basic English work information about American institutions and how they may be used to make possible a fuller and richer life during the post-war era."

To combat the demand of the enrollment of 500 women in the Topaz Design, Sewing and Knitting schools, approximately 25 students will be trained as instructors, it was learned. They will be drawn from the advanced class, which meets every Thursday afternoon.

At present there are nine former sewing school directors and assistants on the staff. The school is planning a cadet-training course for vocational possibilities.

## REC 4 TO BE LEGAL OFFICE

The Office of Project Attorney will officially open its new headquarters located in the east wing of Rec 4 on Monday morning Nov. 30th, 9 AM.

The purpose of this office is to render legal aid to the residents. It will handle all evacuee property, taxation, insurance, rent, registration matters, and other legal work. Special emphasis will be placed upon the problems of property left on the coast, with the aid of the Evacuee Property Division, WRA, in San Francisco.

Such matters mentioned above which were previously taken care of by the Community Welfare Section has been transferred to the Office of Project Attorney.

Mr. Anthony E. O'Brien is presently the Acting Project Attorney.

*Briefs*

**LIBRARY:** The Topaz Public Library will definitely open this coming Tuesday at Rec 16, located near the northwest corner of the High School Plaza. Though winterization has been completed, only half of the building will be open to the public, as the work on the shelves has yet to be finished.

Tentative hours for the first week will be from 9 to 12 AM and 1 to 5 PM daily, and 2 to 5 PM on Sundays. The library will be closed evenings until further notice.

**ART SCHOOL:** With the completion of winterization activities this week, Topaz School of Art will open soon, it was indicated by C. Obata, director.

Classes are specializing currently on Topaz greeting cards depicting scenes within and around the City.

Further, with the acquisition of a quantity of incense cedar, a number of advanced students will concentrate on the construction of artistic stands, to be used for vases. The hundreds of stands will be allocated to the general Topaz public.

**BELL DEDICATION:** In a brief, impressive ceremony last Thursday afternoon, the town bell was formally unveiled at the high school plaza. Stressing the importance of the bell as representing "Peace and Harmony", Project Director Charles Ernst addressed the assembled residents.

As its use is to be limited to special occasions, the bell will be tolled to signify important events.

**DANCE:** Thanksgiving Weekend Dance will be open to the public from 7:30 to night at Dining Hall 1 instead of at Block 32 as previously announced.

**NOTICE:** A step towards a permanent haven for the Topaz Times, the staff has moved to a room in the old proper dining hall located next to the old PO building.
