MISS GERARD NAMED STUDENT REIO ADVISER

Miss Eleanor Gerard, acting CAS supervisor, has been named student relocation adviser at the local high school, it was announced today.

Gerard's Until Mi as successor at the CAS arrives she will not return to the high school staff on a full time basis as a student relocation adviser and faculty member.

The appointment of a student relocation adviser to work at the high school is in line with the new policy of the National . Student Relocation Council to place the initiative of selecting colleges and other preliminary counselling in the hands, of the high school graduate who is the prospective college student, explained Thomas R. Bodine, field director of the NSRC during his 6day visit here this week.

The National Student Relocation Council will: help the student to secure a grant to meet the pro-(Continued on page 5)

VISITORS

UTAH EDUCATORS TO ARRIVE FRIDAY

The Utah state education advisory board members will visit Topaz next Friday, it was announced today.

Three prominent state educators will visit the project and meet with the education staff and other members of the community management division.

Dr. Visitors will be Arthur Bealey of the University of Utah, Dr. Charles Skidmore, state superintendent of education, and Dr. John Carlisle, formerly superintendent of education at Topaz and now with the Utah State Agricultural College in Logari.

Various phases of the education program in Topaz and methods of improving it will be discussed.

SGI. OGATA SALUTED BY PM FOR OUTSTANDING SERVICE IN ITALY

The PM newspaper in New York City saluted a nisei fighting in the Air Corps in Italy who recently was awarded the Air Medal.

The article which peared just prior to the national election on Tuesday praises Set. Ogata and others who are fighting to wips but should and tational hatres:

It states:

"Today PM is taking its hat off to an American who also happens to be of Japanose ancestry. He is Staff Sgt, Kenje Ogata, who has

just been awarded the Air Medal for outstanding service with a B-24 group fighting in Italy. Ogata, popular among his bomber buddies, is a native American whose home is in Sterling, Ill. That makes the Sargeant protty much a boy from Main St., and we feel he represents the patriotis efforts of many nese Americans.

"At a time when the reactionary press is sniping at such people, and when the Presidential campaign polluted with racial and "anti-foreign" smears we're proud to salute Sgt. Orata and all the other boys who are in the fight to wipe out racial national hatred."

Tech. Sgt. Lou Tsunekawa, husband of Mrs. Alice Tsuoverseas in August and later joined the 442nd Infantry. Sgt. Tsunekawa tered the services in 1941 from Stockton, California. His parents reside in the Rohwer, Arkinsas, relocation center.

> Mrs. Kita Ito of 16-11was notified that her son,Pfc. Joph Ito,had been wounded in France on October 18. Formerly of San Mateo, California, Ito joined the army in March, 1941, and was sent -overseas in August, 1944.

Reported injured for Sgt. the second time was Tom Segimori, son of Mr. and Mrs. Tomijiro Sagimori of 4-11-B. Sgt. Sagimori who is from Berkeley, California, was previously wounded during the Italian campaign in Italy.

PROJECT STEWARD

Roy P. Stahl has been designated acting chief project steward until B successor to Brandon Wat son is appointed. Watson resigned , recently. Stahl has been assistant project steward.

Today Mrs. Duveneck and I had guite a laugh about a rumor I heard about myself. A friend wrote from Topaz telling me that there were tales about me being killed while on my way to Oakland with my daughter (Jean, 6 years old). To the contrary, we are very hapby, quite healthy and having an all around wonderful time in this glorious section of our country.

I am trying to assist Mrs. Duvoneck with the housework and I believe I will turn out to be a better housewife for my husband to return to. George is in France with the rest of the 442nd Infantry gang.

People around here and in the East Bay have treated me very well. I haven't encountered any unpleasant experiences. In fact I feel I am being spoiled by the nice treatment. I have met many prominent people interested in the Japanese American problems and they are doing something about preparing the way for the return of the evacuees. I have been invited by several organizations to speak and have met with very encouraging results. Several people have said that they would willing to take Japanese into their homes to help them get re-established in California. If you know of any neonle in camp or out who would be interested in any of these offers or would like some help in getting back, they could write to American Friends Service Committee, 1830 Sutter Street, San Francisco, or Friends

the American Way, Pasadena, California. You people would also be interested in knowing that I've met up with Motoko Hiroso, Margaret Nakagawa, and Sumio Yoshii from Topaz who are now teaching at Stanford. Motoko and Sumio were un at the ranch for a Sunday. Incidentally, the place where I am is beautiful. There are farm animals, horses, chickens; fruits and vegetables; a dairy where butter is made for family consumption; a swimming pool; riding horses, etc. Jeanie is having a wonderful time. Someone asked her how she liked school. She answered, "I love it!" That was a relief to me because I was worried about how she would be treated by the school children. She is in the low first grade at the Los Altos Elementary School.

One of these days I shall have the pleasure of meeting Teiko Ishida (JACL officer). She was given permission by General Boneste 1 to remain in S.F. I believe she had a very pleasant interview with the General

when she was here.

I've visited the Japanese patients at the Redwood Canyon Sanitarium and last week I met Ki Harano (formerly of Oakland) and Henry Uyeda at the Alum Rock Sanitarium. They are completely well and are employed on the grounds.

Things are definitely looking up. Tell the folks in camp not to get discouraged because there are a lot of fine, forward-looking folks who are working for justice.

I should appreciate it greatly if you could gut at least a part of this lotter in the Japanese section of your paper. It might help them to keep their chins (Issei). I believe it won't be too long before I'll be seeing many of you folks back again in California.

Regards to all my good friends in camp.

As ever, (signed) Mrs. June Shiraki Your office has been sending me copies of the Topaz Times. Thanks a lot. I enjoy reading about the activities of Topaz. You people certainly deserve a lot of credit, putting out your paper under such great handicaps.

PLANNING COMMISSION

There are more openings in all types of schools than there are nisėi students to fill them. Residents are urged to remember this in making their family plans for the future. Higher education is possible for our young people: now -- through the channels of careful planning, part-time job opportunities and financial aid to students available through the Topaz scholarship Fund and the National Student Relocation Council. This is important for the future of our young people.

It is desirable that boys get started in college soon after graduating high school even if there is an imminence of army induction. If they are enrolled in a college for even a short time before induction, they will be eligible for post-war education as prescribed by Congress in the G.I. Bill of Rights (Public Law #346)

If you are planning to return to the West Coast if and when the evacuation order may be lifted, you thinking now of your property is being operated and what steps you must take in order to renossess it? If you plan to re-establish your business or to re-occupy your residences you must be sure of the conditions of your leases. The Evacuee Property Officer, Mr. Morris, will help you answer these questions.

On an individual basis board of the Chicago education waives tuition charges for unattached minors whon it is clearly established that they did not come to the city for the sole purpose of attending Chicago public schools. Boys and girls accompanied by their parents are accepted without tuition in Chicago as in most, if not all, communities in the US.

In general, great many cities in the United States do not charge tuition to unattached minors who are working their way through high school. Some communities have also takon into account the peculiar situation of the evacuee in that the child cannot go to the school in the community or state in which his parents are legal residents.

As there are state laws governing the movement of unattached persons under 1.6 in all states and under 18 in some states in the North Central Area, prior approval by the relocation officer in charge of each, district in the area is require for all persons in this age group.

Relocators find Success With farming In Great Lakes Area

Families relocating in the Great Lakes Area are finding success in relocating on farms, News Letter issued by the Cleveland WRA office indicates.

The cases of three families which have become good farmers are told.

One evacuee farmer who near Lapeer, resettled Michigen, has been granted a \$1500 loan by the Farm Security Administration. A letter to the Detroit WRA from a County FSA agent revealed the evacuee applicant had made a 2-year lease on a 120-acre truck crop farm.

The evacuee farmer had center in left the and had worked on a farm in the vicinity of which the prosent farm is located. Last winter he worked in Detroit and accumulated enough capital

partly to figurateo thi s year's operations.

Of the references and estimation of his loan the county agent stated:

"The man was well known to the county agent and his former employer. He had provious experience in truck farming and also marketed produce in California. The amount of the loan was determined in exactly the same menner as any Farm Socurity Administration loan, being based on his farm plans and estimating as nearly as possible how much operating capital had to be obtained besides cash on hand to carry him over until he got started. Since machinery was leased with the farm his loan was entirely for operations. Security consisted of chattel mortgage on this year's crops.
