Washington, D.C. Bates showed keen interest in the activities of the local Project Reports Division, and praised the magazine "Trek."

"It is the best magazine put out so far by any re- in pre- and rost- natal location center in my opinion," he commented.

Formerly a "ashington correspondent for the Los Angeles Daily News, he was in charge of information activities of the Pacific Federal Security Agency before treme emergencies. he accepted his present "RA position.

START WORK ON GRAVEL

WALK SYSTEM

"Every day our community of Topaz is assuming more of a city-like complexion," declared Tom Takaki, foreman of the Landscape Department. "Within the last few days the construction wa advised skaters to use of a unified gravel walk system has been started. This system will not only aid in the beautification of the City, but will also serve to minimize the muddy condi-

tions during the rain and snow seasons." With the anticipated completion of ground grading ers will be allowed. work, gravel, obtained from a deposit 5 miles northwest of Topaz, will be spread between all the build-

ings to form door-to-door pathways. First to have its pathways completed is Block 5. USE GATES -- DON'T CLIMB OVER FINCES

A surplus of approximately COMMITEEMEN \$200 from the \$600 Holiday Sea-TRANSFER \$200 at Rec 33 last night in a meet-SURPLUS TO CAS ing of 30 residents representing various local groups. It was reported by the committee that this sum resulted from the initial contribution of \$188 made by resident evacuees employed outside the Project. The surplus was turned over to the Community Activities Section.

Caucasian friands contributed \$355 to the fund, it

was announced.

NURSES: The organization of a block nurse corps was announced this week by the Public Health Department.
