

GOV. MAW ARRIVES TOMORROW

EXECUTIVE TO SWEAR NEW COUNCILMEN INTO OFFICE

Editorials

Topaz residents are making intensive preparations to welcome Governor Herbert B. Maw of the State of Utah and his party, who are scheduled to reach the City at 5 PM tomorrow afternoon, it was announced. Proclaimed "Governor's Day," the occasion is under the chairmanship of J.F. Hughes, assistant project director.

Appointive staff members as well as the residents are expected to participate in the festivities, which will open with colorful flag ceremony in the administrative area immediately following the governor's arrival. Simultaneously, a reception-tea, to which all center women are invited, will be held at Rec 10 in honor of Mrs. Maw.

Inauguration ceremony for the City Council will be conducted during the banquet in Dining Hall 11 at 6:30 PM with Toshimi Ogawa as chairman.

Ogawa will introduce Project Director Charles F. Ernst, who will present Governor Maw. The chief executive will administer the oath of office at this time.

Goro Suzuki's solo rendition of "God Bless America" will terminate the ceremonial observances.

COUNCIL

BANQUET TO FOLLOW

INAUGURATION

The climax to months of experimental self-government in the City will be reached tomorrow night when the members of the new Community Council will be formally inducted into office for a 6-month term by Governor Herbert B. Maw. To be held at Dining Hall 11, the ceremony, which is to be accompanied by a banquet in honor of the visiting official, will be opened by the singing of the National Anthem by Mitzi Shiraishi, Topaz's only councilwoman.

Attending the banquet will be the guests of honor, members of the appointive staff, councilmen and their wives or parents and residents who served on the election committees.

An unprecedented event will take place in our City tomorrow, when Governor and Mrs. Herbert Maw of Utah will visit Topaz. It will be the first time that a state governor has visited any relocation center, and that in itself would make it a notable occasion.

The Governor's visit, however, is not just a social one but has a specific purpose, which is to induct the councilmen for the permanent Community Council. That the inauguration of self-government in a relocation center is to be attended by the highest official in the State makes the function a truly significant one.

Up till now the Council has been a temporary one and self-government has been an experiment. The record of the temporary Council shows that it has on the whole functioned successfully for 3 months under the difficult circumstances attending settlement in a relocation center; and inasmuch as the majority of the councilmen for the new permanent Council served on the temporary body, their experience should prove invaluable in the establishment of the permanent government.

Every effort is being made to bring home to the City residents the double significance of Governor Maw's visit and the induction of the councilmen. It is our hope that thousands of our residents will be on hand to welcome Governor and Mrs. Maw when they arrive here and to congratulate the councilmen who will attend the flag ceremony tomorrow afternoon.

We look forward eagerly to our first glimpse of Governor and Mrs. Maw when they arrive at our City.

REPORT CERTAIN COPYRIGHTS BY FRIDAY JAN. 15

"All persons who have acquired from a designated foreign national since Jan. 1, 1939, any interests in any work subject to copyright under the laws of the United States shall file a report of that interest with the Alien Property Custodian not later than Jan. 15, 1943," stated Dillon Myer, national WRA director, in a letter recently to the Project Director.

Regardless of when obtained, the interest must be reported if it has been recorded at the office of the Register of Copyrights subsequent to Jan. 1, 1939. Likewise, if any money has been paid to or has become due a designated foreign national for an interest in any work subject to copyright since Jan. 1, 1939, the interest must be reported regardless of when obtained.

A questionnaire is being prepared which will give facts upon which may be based a program for the future good of all the workers. The purpose will be to obtain expressions from those who have actually taken outside employment which may be used as a guide for others who may desire such employment.

TOPAZ QUINTET BEATS DELTA HI IN BASKETBALL

Led by Kiyosuke Nomura, center, the Topaz Carrier Service basketball team eked out a brilliant 38 to 36 victory over the tall, fast-breaking Delta High School quintet last Monday afternoon at the Delta High court. Although the score may indicate a close game, the Carrier Service players consistently held the lead except in the first quarter when they trailed 14 to 8. With Nomura entering in the second quarter, the local team unleashed a drive which brought it a lead of 18-16 by the end of the half.

In the third quarter, Effie Kawahara, Harry Sekigahama, George Yonekura and Al Kimoto bombarded the basket to increase the lead to 8 points. Finally in the fourth quarter, Deltans Black and Pace combined their lay-up and one-handed pivot shots to come within 2 points of tying the score.

Topaz stars were Nomura (11 pts.), Sekigahama (7 pts.), Kimoto (7 pts.) and Yonekura (4 pts.)

Last Monday's game was the fifth in the series of straight victories won by Topaz basketball quintets against various teams in Millard County. In a high-scoring clash last week, former San Mateans outplayed the same Delta High team by score of 44 to 39. The "A" squad of the Topaz City High "all-stars" walloped the Hinckley High School team by 37 to 17, while the "B" team nosed out the Hinckley reserves by 27 to 24. In a follow-up game, Hinckley was defeated for the third time.

New Briefs

TSA: The second meeting of the Topaz Student Association is scheduled for this Friday evening from 7:30 PM. The general topic will be "The Co-operative: How It Operates." Emil Sekerak, associate director of the Consumer Co-operative Enterprises, will lead the discussion.

The place for the assembly has not yet been determined. TSA members and interested residents are urged to be on the alert for an announcement in the dining halls.

HOSPITAL: Preparation of baby food and certain special diets, formerly handled in large part by the hospital kitchens, has now been taken over completely by the respective dining halls, Chief Nurse Hannah Kringlen stated today. This transfer, which went into effect last Tuesday, will make it possible for the hospital personnel to utilize the hospital dining hall.

SHORTHAND: Miss Kiyoko Date's evening class in shorthand regularly scheduled for Wednesday and Friday at 32-1-CD has been changed to Tuesday and Thursday, the Education department announced.

FIRE ALARM: The local fire truck and crew sped to the southern section of the City late Monday afternoon to answer a fire alarm.

The call turned out to be false. A fuse box located on a telephone pole near Block 32 started to smoke because of faulty wiring, prompting a passerby to turn in an alarm.

BASKETBALL: In a fast moving game last Saturday afternoon, the Block 35 quintet trounced the Timekeepers by 37 to 27 at the Block 35 court. Hisashi Watanabe, Joe Morita and Nobu Katsu starred for the winning team.
