Freight pickup will be made on Tuesday morning while the baggage must be placed by the mess halls early Wednesday morning. The same limitation made for the first group will apply to the second outgoing party.

BANION COAST STILL HOLDS, MENACE EXISTS, EMMONS

"The Japanese Fleet and Air Force still constitute a serious threat. While this threat persists, no persons of Japanese ancestry will be permitted to return to evacuated areas except with and the express approval of the War Department."

With these words, Lieut. Gen. Delos C. Emons, now in charge of the Western Defense command, refuted current belief in California that the Pacific coast Japanese will be allowed to return on their pro-convacuation boats, according to the Pacific Citizen.

Gen. Emons pointed out that the situation in Hawaii was different from that encountered on the West Coast because the problems of transportation and replacement of workers were

too great to justify evacuation.

"The reasons which prompted the evacuation of persons of Japanese descent (Continued to Page 3)

LEAVE NAMES FOR MAGAZINE

They must also send a postcard from Tule Lake giving their new address.

CO-OP RELEASES INFO ON CASH REFUNDS

With the ending of the first fiscal year on Sept. 30, the Rohwer Co-op reported that as soon as financial statements are completed, the amount of profit to be divided among the patrons will be announced before the Congress of Delegates.

"Cash refunds payable to those non-members who did not apply for membership on or before Sept. 30 will be delayed by two or three weeks. Also, cash refunds on the purchases at Mail Order department will be delayed," stated Toshio Tomishige,

publicity manager.

"Non-members who applied for membership, but whose share of cash refunds has not accumulated the sum necessary for membership fee, are being asked by the Co-op if they wish to become members by paying the balance, such as 25% or 50%. Since, according to the By-Laws, cash refunds less that \$1 will go to the educational fund and no patron will have any rights thereafter," he added.

Watch for further information concerning refunds in the Outpost.

BONDS:

AD PERSONNEL BUYS \$24,000

Taking part in the nation-wide Third War Loan drive of Sept. 9-30, the Rohwer administrative staff members contributed 50% of their month's salaries, exceeding by 20% their set quota of 30%.

Final tabulations showed that the total cash sale in purchase price amounted to \$18,104.61, or \$24,139.47 in maturity price.

LIL DAN'L

by *Bob Abineto*

"Say, that fellow must be from Rohwer," exclaimed the Germ in Jerome as a sample-size Daniel Boone shuffled through the gate.

Yup, it's our one and only Lil Dan'l on a goodwill tour to the sister center in Denson.

Lil Dan'l found Jerome very dry; it hadn't rained for many days. The people were very friendly and hospitable, especially in Block 3 where he was even greeted by a chorus of beautiful vahinias, singing a welcome song.

"Jerome? Yeah, almost as good as Rohwer," says Dan'l.

The Japanese-American publication, The New Canadian, stated that the sale was brought about because the Custodian's office felt that "depreciation had been rapid and the cost of storage, insurance, and other costs had been high."

It is expected that good prices will be obtained for the owners for the goods, considering present market conditions. Previous to the sale, the evacuees were allowed to send for their goods with the government providing the cost of shipment.

No personal items will be sold and all proceeds of the goods will be credited to the Japanese owners.

C.A. HEAD: SORENSEN TO GO OVERSEAS

Volunteering for the Red Cross Foreign Service, Margaret Sorenson, acting supervisor of Community activities, left today for Kansas City, Kan. She will spend two weeks there, before continuing on to Washington D.C. where she has been instructed to report by Oct. 18.

Joining the administrative force toward the end of December, Miss Sorenson served as youth activities leader until June when she took over the duties as an

WISCONSIN AREA GOOD FOR RESETTLEMENT

"The Minneapolis Daily Times," Sept. 14--Absorption of Nisei (American-born Japanese) by Minneapolis industry has been so satisfactory that the War Relocation Authority cannot supply the demand.

That was the report today of Elmer L. Shirrell,

acting supervisor of CA. With a period of great activity recorded during her supervision, Miss Sorenson left behind a host of friends among the Centerites.

relocation supervisor for the Chicago district of five states, in announcing the transfer of Clement White, who has been in charge of the Minneapolis office, to Harrisburg, Pa., to be replaced by Harold Mann of Chicago.

"Minneapolis is one of the bright spots in the country," Shirrell said in praising White for "an outstanding job." The treatment accorded the Nisei here has been both sympathetic and understanding; and they have been making good in Minneapolis industry, so much so that we can't supply the demand," said Shirrell.

Harold Mann, now head of the Minneapolis office, listed factories, offices, stores, sewing, and domestic work as some of the fields in which the Minneapolis Nisei have been filling jobs satisfactorily.

The Nisei come in only a few at a time, and the calls, particularly in unskilled fields, are much stronger than the supply. Latest figure released from the Washington office of WRA shows that 500 Nisei are employed in Minnesota.

Sorenson's Letter

The thought uppermost in the minds of us all should be relocation. To become satisfied or resigned to center life is to admit defeat. Japanese Americans have had a past in California marked with hard work and achievement. Most of you have quickly accepted the American pattern of living and are now ready to become an integral part of an American community.

There are many towns and cities that will welcome a vacuous as residents. There are neighborhoods in these communities full of people who will be glad to be your neighbors. The goal of every Rohwer Center resident should be a new job, a new home, and a new life outside of Rohwer. I have enjoyed my few months of service here. Being friends with Japanese Americans have been a new and a rich experience and one I'll not soon forget. My wish for all of you is a new start and a happy future in your country and mine, America.

ALBRIGHT TO HANDLE STUDENT RELOCATION

Beginning Monday, Opal Albright, vocational adviser at Rohwer High school, will be the adviser to students who wish to attend colleges or universities outside. All those interested may see her at her office in 35-12-C at any time.

Miss Albright will aid the students in examining the catalogues of all approved institutions, the list of schools approved by military authorities, and a directory of schools of higher learning from the United States Office of Education giving the rating of the various institutions. She can also furnish questionnaires by which students make formal application for the assistance of the National Japanese American Student Relocation Council

in Philadelphia, Penn.

"This work formerly has been handled by the office of the Night School director. Since more and more of the Rohwer high school graduates will seek to go to college, it will be of greater convenience for the office to be centered at the high school," stated Dr. N. R. Griswold, director of continuation education.

The county's drive is outstanding since with only a week remaining in the drive and with only \$175,000 raised, the Desha citizens went all out to raise the high quota for the county.

PICK-UPS SEEK WIN OVER JEROME

Traveling to near-by Jerome Relocation center tomorrow will be the Rohwer Pick-Up Hardball All-Stars to tangle with the powerful Denson All-Stars in one of the feature events of the Denson Sports Carnival.

The entertainment which is taking place over the weekend is a welcome to the ex-Tulo Lake people, who are taking up residence in the Jerome center.

The local All-Stars have been weakened considerably since their last meeting with the Denson horsehidiers. They have

lost their ace right-hander Big Bill Kagawa and infielder George Miyake through the relocation channel and have also lost left-fielder Kaz Hiramoto who has transferred to Tulo Lake.

Starting on the mound for the Pick-Ups will be either Archie Miyamoto or Lefty George Kagawa, with Sakae Yamashita catching.

The Densonians will most likely start off with Herbert "Moon" Kurima to silence the local sluggers. "Moon" Kurima already holds two victories over Rohwer, one of them a one-hit

master-piece.

The following players will make up the traveling squad.

PITCHERS: Archie Miyamoto and George Kagawa; **CATCHERS:** Sakae Yamashita and Nobie Tanimoto; **INFELDERS:** Kaz Ito, Sat Oune, Frank and Sambo Kamabayashi and Tak Horita; **OUTFIELDERS:** Sammie Ichiba, Shiro Mizufuka, Bill Hattori and George Ike.

Shago Muraoka will manage the All-Stars.

All of the above mentioned players are requested to report to Block 32 C.A. building by 7:00 a.m.

'CC' ALL-STARS BATTLE DENSON TO OPEN SERIES

The Rohwer Double "C" Softball All-Stars, twenty strong will journey to the neighboring Jerome center to battle the Denson CC All-Stars Sunday morning.

This contest will be the first of the home and home series of games between the two teams.

The local CC All-Stars were picked by the managers of the five teams and are two deep at every position.

As far as the strength of the Denson team is concerned little is known, but they have many top-notch hardball players performing in their league.

Hurling for the local ten will be either Chuck Miyazaki or George Nakashima. Behind the plate will be Ronnie Yonemoto.

The following players will make the journey.

PITCHERS: Chuck Miyazaki and George Nakashima; **CATCHER:** Ronnie Yonemoto and Nobie Matsumoto; **INFIELDER:** Hank Sato, Hiro Fukuyama, Shago Muraoka, Jim Okino, Tak Horita, Otto Okazaki, Pancho Kosaka and Dinky Kubo. **OUTFIELDERS:** Hal Hirose, Frank Tanihara, Yo Oshita, Ted Ohashi, Kiichi Hiramoto, Red Tanaka, Elmer Tanimokawa and Rogan Miyaniishi.

WOOD "FEUDS"

The first sign of Arkansas winter is becoming evident throughout the project, judging from the number of colds being suffered by the residents. Taking last winter as a criteria for what may happen these coming icy days, the question of lumberjacking and proper wood distribution becomes a problem of primordial importance.

Nearly all of the people who have lived here during last December, January and February will recall with dread the months when icy fingers, sniffles and wood 'fouds' were descriptive of the conditions existing here. A repetition of such a nature is again possible this winter if precautions are not taken.

We find that the departure of many of our young men has caused a sharp drop in the number of possible lumberjacks. Although we have a number of older men working in the forests at the present time, a proportionate number of younger men will be needed to haul the logs from the reclamation areas to the individual blocks. The major problem thus becomes how can the needed labor be obtained in order that we may conserve during the next few weeks enough fuel to last through the days when trees can be cut only periodically.

The only logical solution that has been introduced to date is that younger men who are engaged in work that can be handled by women or older men should transfer from their jobs and aid the center in building up a supply of fuel for the winter.

Men between the ages of twenty and thirty five are urgently needed for this work. Unless the needs are filled, the coming winter will be another hypothetical 'retreat from Moscow'. Once again, the center will have to depend on voluntary wood crews and again we will have month-long squabbles on which blocks should get their wood first. The winter in Rohwer will mean ill feelings, frozen fingers and work on Sundays.

FIREMEN WANTED

The National Fire Prevention week officially opens tomorrow and will continue until next Saturday. Plans for improving the fire prevention program here in Rohwer include the cleaning up of accumulated trash from the north side of the project area. Other preventive measures will be taken to insure this WRA center as well as all others a guarantee that fire loss in property will again be well below the national average for the coming year.

Serving as a possible threat to the fine record that Rohwer has earned in this respect, the lowest fire loss per capita among any of the WRA projects, is the shortage of personnel in the Rohwer Fire department. Men who were trained for long hours in the tedious art of understanding modern fire-fighting techniques have left the center in sizable number through relocation and the present staff is being overworked to insure the center of adequate fire protection.

The Fire department is the backbone of preventive fire control. Upon this singular organization, the responsibility of checking the spread of fires that may play havoc on the inflammable WRA buildings is laid. The shortage of firemen must be filled on a compulsory block by block basis if voluntary recruits are not available.

Young men in the center should weigh in their minds whether they are more essential to their present jobs or as firemen and lumberjacks.

Earl E. Best of 'evadees are pampered' fame was arrested recently in Los Angeles on a warrant of forgery issued by the sheriff of Cody, Wyoming. Best was a star witness for the Dies subcommittee when Rep. John Costello conducted the hearings in Los Angeles.

Best's many damning and unsubstantiated charges against the WRA and the Japanese-Americans were refuted by Dillon S. Myer, national WRA director when they were released by the subcommittee. It was Best who also supplied the Denver Post with a series of sensational tales last spring against the WRA.

The arrest of Best, a former WRA official, means the removal of another black mark from the mud-smeared record that the nisei have been subjected to during the past year. It adds, also, another black mark against the already sullied record of the Dies committee for irresponsible attacks and for promoting race feelings.

WHY STAY IN THE CENTER

Despite relocation, a few young men can be seen wandering around the project. We have wondered why, but the other day, Lil Dan'l, Sports ed and B.S. were engaged in their usual recreation of cutting paper dolls when a beautiful girl in green sweater strolled in, asked a question and went out again.

All three rushed over to the door and watched the vision of loveliness disappear from sight. All three are now skeptical about relocation.

THE SAME OLD STORY

Typist Beth Fujimoto left for Toledo, Ohio Wednesday and brought to 28 the number of persons who have forsaken the OUTPOST staff. Beth, a sparkling personality, should be able to readjust herself to any situation that she may encounter on the outside, we think.

約五百名が最初申出で十三名が今度の委員会にて同様にされたが前記の判決を受けたのである。少数の裁判が加州の裁判所へ行ける事と見られる。

判決理由は失業保険は失業者の衣食住の給手と目的とするがセンプラーに於ては之を与へられぬとの他給金も貰つて居るが保費金の給手は出来ぬと云ふのである。

たラチオが当選後、就其の他の物品は出所者に対し漸次其の返還が行はれつゝある。マフミラン裁判官は合衆国検事ハネシード氏の命に依り最近ラチオ十三個を其の持主に返した。

マ氏に依ると既に五十個以上のラチオを返したがラチオ多数保管してあると。
