

## SCHOOLS END BOND DRIVE

Coming to a spectacular close Friday was the first War Bond and Stamp Drive held in the Rohwer center schools. Sponsored by the National Honor Society, the goal set at one jeep was tripled with the grand total subscribed reaching \$3,505.95, reported the HI-LITEC, Rohwer high school newspaper.

\$2481.75 worth of stamps and bonds were sold through the high school; \$1012.70 through the junior high school; and \$11.50 worth of stamps through the West-side elementary school.

Winners of the various contests held in conjunction with the campaign were announced as follows: Grace Shiraishi, most number of bonds sold for the girls; Ted Kakita, most for the boys; Louise Gomi and Ken Nishikawa, most amount of bonds sold; homeroom 10-B-3, "Biggest Homeroom Buyer," (stamps only), \$51.70 worth; 12-B-2, "Biggest Homeroom Buyer," (including bonds), \$52.90 worth; 12-B-2, homeroom with the most stamp books.

## TRAVEL RESTRICTION

The Office of Defense Transportation has requested all civilians to refrain from traveling through the period from Dec. 17 to Jan. 10. Therefore any visit between centers will be discouraged, with the exception of travel that is necessary for those who have been granted indefinite leave during that period, announced Dillon S. Myer, national director of ODA, recently.

Relocation centers were asked to take such steps as they can to comply with this request. Also, relocation officers were advised to contact relocatees in their areas to discourage visits to the centers during this period.

This request does not

## NEW WOOD SUPPLY BLOCKS HELP CUT FIRE WOOD

In order to cut and haul in as much wood as possible before bad weather sets in, a new system of increasing the Center lumberjack manpower got underway Monday.

The Center was divided into six woodcutting districts; each district being composed of six blocks.

Two blocks from each district will be called upon to cut wood two days a week, making a total of 12 blocks cutting wood each day. Workers will be recruited from most all sections to report as lumberjacks in place of their regular jobs, on their block woodcutting days. Only those who have been determined by block managers as "key" workers will be excused from reporting to lumberjack duties.

This block manpower will be in addition to the regular lumberjack crew of 316 men. With 2000 cords of wood already available for use, about 4000 more cords will be required to pass through this winter, reported James F. Rains, assistant project director.

The woodcutting districts and their blocks are as follows: district I--Blocks 1, 2, 15, 16, 17, 29; district II--Blocks 3, 4, 13, 14, 19, 20; district III--Blocks 27, 28, 31, 32, 41, 42; district IV--Blocks 33, 34, 35, 38, 39, 40; district V--Blocks 5, 6, 7, 8, 11, 12; district VI--Blocks 9, 10, 23, 24, 25, 26.

## Stimson Speaks

Secretary of War Stimson said recently, "General Clark reports that the 100th Infantry Battalion, composed of Americans of Japanese ancestry, continues to make a highly creditable campaign record. These soldiers are well trained and well disciplined and fight with confidence and resolution. They are particularly skillful in scouting and patrolling. They are cheerful and uncomplaining, and their rate of illness is almost nil."

apply to soldiers who might wish to visit centers during that period or evacuees who wish to visit soldiers, Myer said.

## REGISTRATION FOR NURSERIES

With nursery schools to be opened soon, registration dates for the three remaining nursery schools will be as follows:

Ken Nishikawa's towering punts and Tom Saito's run back of punts were responsible for keeping the Broncos in hot water. Teruo Tsujimoto played another of his bang up game as did Tada Endo, Ken Ige, Roy Tanaka, and Jokie Tamura.

Standouts for the losers were Joe Sakasogawa, Uta Matsumoto, Hank Okura and Ray Kurihara and Nobu Tamimoto who carried the brunt of loser's attack.

## CLEVELAND AREA STARTS RELOCATION NEWSPAPER

As a part of a nationwide program of the WRA to bring information to evacuees in the centers, the Cleveland relocation office gave birth to MIDWEST FRONTIERS on Dec. 1.

With a staff of Japanese American editorial assistants in the principal

cities where sub-offices of the WRA are situated, the paper will be put out regularly by people who have an understanding of the kind of information most desired by persons in the centers.

Prior to its publication, Harry Weiss, reports officer of the Cleveland WRA area, met with leading Issei and Nisei in Cleveland, Detroit, Columbus, Cincinnati and Toledo and discussed the planned newspaper with them. To get some further insight into the information needs of the people in relocation centers, Weiss made a visit to the Rohwer relocation center where he spent a week in consultation with project leaders and residents.

Stories and features in MIDWEST FRONTIERS, which will be published every two weeks, will vary from accounts of jobs available in the different sections of the area to yarns about how the Watanabes are making out in Missaukee, Mich. There will be stories on how much it costs to live; how expensive restaurant meals are; where you can have a good time and whether you can find a room to live in or will have to settle for a chicken coop.

Staff includes: reports officer, Harry Weiss; and associate editors, Bean Takeda, Cleveland; Robert S. Hirano, Cincinnati; Kaz Oka, Detroit; Albert Nagahashi, Toledo; and Yoshiro Ogata, Columbus.

The Cleveland area includes Ohio, Michigan, Kentucky, West Virginia and the western portions of Pennsylvania and New York.

# SAFETY GIVES JOKERS WIN, 2-0

## BETWEEN HUDDLES

One break and a stubborn defense gave the Joker Y's a hard earned victory over the Broncos by a narrow margin of two points.

The play that cost the Broncos the game was a real heart-breaker. A miss signal led to a center which eluded tailback Nobi Tanimoto, who was swarmed under by the whole Joker line in the end zone as he recovered the ball.

Actually the Broncos outgained the winners but most of it was done in their own territory. Magnificent play of the Joker forward wall is shown by the fact that the losers got passed the midfield stripe only once.

But on the other hand, the power plays of the Broncos was really something to watch as backs Ray Kurihara and Tanimoto

## Y's Maintain Perfect Record; Miss Signal Leads To Score

A safety in the latter part of the first quarter enabled the Los Angeles Joker Y's to remain undefeated and untied as they knocked the Broncos out of the unbeaten rank and moved into undisputed first place of the lightweight league.

As in the two previous games, breaks once again played a leading role, for this time it was a miss-

signal in the highly-touted Bronco's backfield. With the ball on the Broncos' 12 yard line, the center's pass eluded full-back Nobi Tanimoto and rolled into the end zone. Tanimoto grabbed the loose ball, but he was immediately swarmed by an avalanche of Y's tacklers for the safety. The Joker Y's hung on to this precious two point lead for the remaining three quarters, as they turned back everything the Broncos threw at them.

A big blow was dealt into the Broncos when their sparkplug, Junji Sasaki injured his ankle in the opening minutes of the game and was unable to continue. When Sasaki left the game, the Broncos' powerful running attack failed to click. He made a brief appearance in the dying moments of the bruising affair, but his passing was hampered to a great extent by the weak ankle. There is a possibility that he might be lost for the rest of the season.

The fast hard charging Joker's forward wall kept the Broncos inside their own 30 yard line for the greater part of the game. The Broncos only crossed the mid-field stripe once and that was in the fourth quarter.

Ken Nishikawa, who pulled out of the line to assume the punting duties, kept the Broncos in the hole throughout the afternoon with his towering punts.

One of the stars of this all important game was Ray Kurihara, who after replacing injured Junji Sasaki, performed brilliantly at the left halfback post. After two quarters of bone bruising performance, he was unable to continue because of sheer exhaustion.
