HOUSING UNIT COMMITTEE RELEASE REGULATIONS, DATA

SITUATION HERE

With the closing of Jerome nearing, and the vacancies being left by relocation, the following few points were discussed by the Housing committee of the Block managers to cope with the future housing situation.

1. Some concern has been expressed by a few block managers with reference to setting the increased population quota for those block in which there are units being used for community interests, such as storage, Red Cross home nursing, nursery school, etc. The Housing unit and committee have taken these conditions into consideration and wish to assure the residents that the same housing standards will prevail in every block; unless the residents in such blocks wish to be more crowded in order to retain the Community program in their respective blocks.

2. Ray D. Johnston, project director, has advised that storage space in the Center warehouse can-

BELONGINGS INFO.

For single, unattached persons leaving on short term or seasonal basis, the following notice was issued by the Housing unit and committee. To safeguard the belongings of any person leaving for more than three or four weeks, storage space for possessions are now available in every block through the Block manager. It is advised to pack the possessions securely, and to place on each package, the name of the owner printed clearly, preferably in ink. In the near future, there will be large movements in and out of the Center, and it is a great risk to leave possessions unpacked, or if packed, unmarked, if the owner is to be gone for more than three or four weeks.

Anyone wishing to leave a record of the number of packages, a brief description and a statement about where these possessions are to be stored during the owner's absence, may confer with the Relocation counseling aides in the Welfare section, 42-7-D.

At the request of the Department of Interior, War Relocation Authority, a complete census (actual head count) of the Center by blocks was taken yesterday, and will be taken at the end of each three month period thereafter.

The results of the census will be used: to reconcile basic family cards, support WRA budget requests, supply specific information on population of centers.

In order that the census may be taken with as little inconvenience as possible on the part of the people, the following plan was used: 1. Everyone was at his apartment at six o'clock yesterday, and remained until block census was completed (except employees on duty at Hospital, Fire Station, Internal Security, etc.); 2. A census staff for each block was composed as follows: Block manager, 1 Council member, 1 Internal Security member, 2 evacuee Helpers and 1 appointed personnel; 3. The census staff was divided into 2 groups--one group to take each half of block.

"With the full cooperation of everyone it took no more than one and one half hours to complete the census. After the census

RED CROSS DRIVE TOPS QUOTA; DRAFTEES MUST EVACUEES CONTRIBUTE \$2,133.10. DRAFTEES MUST NOTIFY BOARD

Rohwer evacuees made an amazing showing in the current Red Cross drive as they contributed \$2133.10. Topping all expectations by a large margin, Rohwer kept its fine record.

The results of this successful drive as released by the local chapter follow: Block (1) \$59.50; (2) \$49.25; (3) \$59.35; (4) \$54.80; (5) \$75; (6) \$57.50; (7) \$69.50; (8) \$76.50; (9) \$48; (10) \$51.50; (11) \$69.65; (12) \$58.25; (13) \$66; (14) \$83; (15) \$52.50;

(16) \$50.25; (17) \$53; (19) \$43; (20) \$74; (23) \$53.25; (24) \$87.55; (25) \$54.50; (26) \$69.25; (27) \$87.75; (28) \$46.25; (29) \$44.35; (32) \$78.75; (33) \$66.05; (34) \$54; (38) \$63.65; (39) \$96; (40) \$98.50; (41) \$82.90. Grand total, \$2133.10.

This brings the total membership in the Red Cross to 1,756 evacuee residents.

Results of the drive among the appointed personnel will be announced in the next issue.

Nisei who have reported for and passed their pre-induction physical examinations and who are planning to change their city of residence, were urged to contact in writing the local selective service board which authorized their examination, said E.B. Moulton.

"Do this before moving. Frequent changes of residence and the failure to report changes of address are complicating the whole procedure for transfer of local boards," Moulton said,

Rohwer will lose one of its ablest leaders among evacuee residents a next week. Shigemori Tamaki who has been chairman of the Rohwer Community council since the origin of the Center self-government body, will be relocating to New York the middle part of next week.

Sadazo Umatsu, present chairman of the Rohwer Red Cross chapter, will succeed Tamaki as chairman of the council. T. Taketa will be vice-chairman.

writer and publisher of children's stories and books. Fletcher will address informally a meeting of Center residents Tuesday in the YWCA club room at 7 p.m. During the morning he will speak to High School literature classes.

Mrs. Fletcher will speak at the High school assembly in the morning and will hold conferences with elementary school workers in the afternoon.

These renowned Arkansan are coming to the Center because they wish to see for themselves, as they put it.

EVACUEE VOTING STATUS CLARIFIED

An administrative notice recently received from the Washington office stated that it is improbable that evacuees can acquire a voting residence in the states and counties where the relocation centers are located but it was probable that they could vote by absentee ballot in the state and county from which they were evacuated if they were properly registered

there. It was pointed out that residents in a relocation center did not meet the legal requirements for establishing a domicile which is necessary to obtain voting privileges.

Evacuees from California who voted in either the primary of general election in 1942 retain their registration in that precinct and may vote by absentee ballot in the primary and

general elections to be held this year. Those who did not vote in either the primary or general election in 1942 must re-register in order to vote in either the primary or general election of this year. In order to register by mail, it is necessary that the interested person write to the county clerk of his own county and ask for a registration affidavit. On receipt it must be filled, signed, & returned to the county clerk. Since all registration books are closed for a period of 39 days before each election, this action must be taken prior to such period when the books are closed.

In order to vote by absentee ballot in California, it is necessary that the voter apply to the county clerk in his home county for an absentee ballot not more than twenty and not less than five days before the election in which he wishes to vote. Upon receipt of the ballot, the voter is to appear before a notary public to mark his ballot and execute other papers in connection with it. The ballot must then be returned to the county clerk where it must be received within six days after the election.

A primary election will be held in California on August 29, 1944, and a general election will be held on November 7, 1944, it was reported.

A FAREWELL NOTE

Dr. George R. Sasaki of the Rohwer hospital staff, who is relocating to St. Louis, Mo., Wednesday sends this following message of farewell.

Dear Residents:

I sincerely feel that I have outlived my usefulness to this community and at the same time it is my intention to further my training. To us in the medical profession this is a heaven sent opportunity to study. Due to the shortage of physicians, we may be able to seek positions that may not be available in normal time.

Since I am a citizen of the United States, I am subject to the draft. For this reason, I wish to utilize whatever time I have available before being called to the colors to further my studies. When I was in Poston a short time ago, I was asked to remain there. As you may know, that is my community and I owe them people a great debt. Since I could not serve them prior to that short stay there, I have tried to do my best here in order to make up for that short-coming. At that time I told them first of my promise to return to Rohwer and, secondly, of my intention to leave camp to study. I further promised them that I shall be glad to return to Poston if I am to stay in camp indefinitely.

May I take this occasion to thank the Rohwer community for their kind tolerance and cooperation in the past. I hope after my studies are completed and if I am not in the army, I could serve you again.

Yours very sincerely,
George R. Sasaki, M.D.

CLUB NOTES

3. The time has come when it is highly important that a careful re-check on all block vacancies be made. Many moves are being approved and housing arrangements for week-end guest with the Center are having to be made often. Therefore, the actual status of each vacancy must be known in order to facilitate services of the Housing unit to the Center residents and the visitors.

The majority of the present vacancies should be made "available" at all time since there are many changes being made now and the number will continue to increase as the time draws nearer for Rohwer to accommodate the new residents from Jerome.

All residents are asked to cooperate with the Block Managers in keeping the vacancies clear for the smooth functioning of the future housing plans.

Have you noticed several changes that have been made concerning basketball? Maybe you haven't, but why worry about it. We play ball according to our rules and regulations, and besides, changes made affects mostly college teams. On the other hand if these rules go into effect here in camp, it will be a great help to some team, while it may not suite the others. Anyway, here's some of the changes.

A team may have unlimited substitution. Well, this should be a sigh of relief for some of the resourceless teams or haven't you noticed there's a man power shortage even in this "sterile relocation camp."

Then the four foul ruling. A player may commit five personal fouls before disqualified from the game. Say, we should have this rule go into effect. Why, sometimes the games are so rough I sometimes wonder how I get by with only four fouls. (Not that the fans go home normally either). But it takes ten to make it a rough game so I'm sure you'll all like to see this rule go into effect or don't you care because you're the type that plays "cool like."

Granting the officials authority to suspend play immediately in the case of an injury to a player. I guess we could get by with out this rule since most players play "cool headed" ball (or do they), and besides the officials use whistles similar to those of Charly McCarthy's right foot. (No offense to anyone, as a matter of fact, hats off to all you energetic officials, you're doing a swell job).

Well, we can definitely go without this last ruling, that is, to eliminate "goal tenders" who bats the ball away as it comes down into the bucket. (Or does it). Anyway, these are the changes, whether it means anything to you, I don't know, but it served the purpose of covering one column.

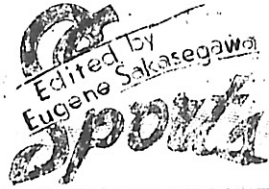

NISEI TRIUMPHS WITH ARM INJURY

Chicago, Ill.--With his right arm pushed from its shoulder socket, Henry Sumi, of the Chicago CYO, fought on for one and a half rounds to defeat Sam Chernoff, New York 118-pounder, this week in the 1944 Inter-city Golden Glove bouts between Chicago and New York.

Sumi battled in the alternate matches in the 118-pound class. Chicago won the contest 9 to 7.

Young Sumi threw his arm out of joint in the second round of the three round fight. Charles Bartlett, Chicago Tribune reporter said of him: "...but he kept throwing punches the rest of the route for a decision triumph over Sam Chernoff of the Bronx. It was an exhibition of gameness such as has distinguished all Golden Glovers tournaments, for Henry didn't indicate to his handlers that he had suffered the mishap."

Sumi, late this winter, was runner-up to Herb Mashino, Bert Sheridan boxer in the Chicago Golden Glovers.

TWO THRILLERS ON TAP SUNDAY

Sunday afternoon at 1:30 the Avenue Trotters will meet another stiff obstacle on their road to title when they meet the twice defeated but unbunted and scrappy Termites. Teruo Tsujimoto and Lindy Kusumoto will pace the way for the Trotters and opposing them will be Sat Ome and Toshi Ike who are the mainstay of the Termites.

The second game will find the title bound Ghosts meeting the ever dangerous Yanks. Yanks in trying to smash the hopes of "spooks" will send in Ted Yanagi and Hank Oga to stop the threats of Ghosts' Ich Horimoto, league's leading scorer and Eddie Wakimoto.

Special Notice

The CA Athletic Dept. announces that Cpl. Jack W. McFarland, the former Supervisor of Education and Recreation at the Stockton Assembly Center will be visitor at Rohwer tomorrow. Former residents of SAC and members formerly under his division are requested to come to the CA office at PS hall 32 tomorrow afternoon at 1:30 p.m. to meet him there.

ROYAL DUKES TO PLAY MUTES SAT.

Gomes Saturday and two colorful teams meeting a duel that promises to be a thriller. The Royal Dukes versus the Mutineers, both youthful team meeting on about even terms with little edge going to the Mutes by their past record. Dukes, inspired by last week's unexpected strength, despite the loss of Tada Endo and Peter Shimada, all attempt to be on the long end of the score. Tak Kakita and Mas Shibata, leading the Mutes will endeavor to stop the Dukes and bring home their second straight victory after their win over the Yanks last week. The game will start at 3:30.

GOLF TO START

In the very near future Rohwer golf fans will be able to go on a spree on a five hole golf course. This course will be definitely made on the Junior high school ground.

Under capable supervision of Mr. Sumida, Mr. Shingu and Mr. Endo, who are coordinating with the Athletic Dept. to lay out the golf course for Center golf enthusiasts to enjoy.

TEAMS NOTICE

All teams of the last year Federal calibre league are requested to send in their captains' name to the Athletic commissioner, Tak Horita. The new Federal league will be formed shortly.

SOFTBALL; EAST MEETS WEST IN CC DUEL

Due to the postponement of the softball tilt between the MP's and the CC All-Stars, another exciting duel is scheduled for the softball fans of this center, this afternoon at 2 o'clock.

Chuck Miyazaki's All-Star aggregation will cross bat with Pancho Kosaka's Western athletes. This game with all the ole' timers gracing the rosters should prove to be an interesting and a colorful game. NOTICE NAGATO VICTOR

Cpl. William "Bill" Kajikawa and Mrs. Kajikawa were the weekend visitors at the local center, and were the guest of the local Athletic Dept. Cpl. Kajikawa is the former Athletic Coach at the Arizona State College and was the only Nisei to hold that position in the United States Collegiate Circles. His football team took numbers of Border Conference Championship and participated in the Sun Bowl Game. Having volunteered his services to the US Army, he is now stationed at Camp Shelby.

FAREWELL PARTY FOR DEPARTING DOCTOR

A farewell party for Dr. Sasaki will be given by the hospital workers on Monday night. Dr. Sasaki is leaving for St. Louis. His loss will be keenly felt by the residents.

Last Sunday the mighty Nagato of the Old Man's league defeated the disorganized OUTPOST-CA softball team. Banging out 9 hit off the hurlings of Sugimoto, the Nagatos pushed across 7 runs while holding the opponents to 2 measly runs. Nishite of the winner pitched a tight two hit game to take the pitching honors.

This coming Sunday afternoon, the undefeated Nagato's will play the Yamatos on diamond 2, at 2 o'clock. Everyone is urged to attend.

"WE ARE NOT ALONE"

Americans of Japanese ancestry are being drafted from behind barbed wire of the relocation centers to risk their lives as full citizens. As this risk is taken in battle, all evacuees will share the anxieties and responsibilities of citizenship. In a democracy it is imperative that citizenship confer on all both equal responsibility and equal rights.

Therefore, we, the undersigned citizens of Pasadena and vicinity, declare it to be our conviction that full civil rights should be restored to the evacuees. One of these rights is that of returning to their west coast homes. We also believe that the same treatment should be accorded loyal Japanese aliens as loyal German aliens.

We propose to work openly for these objectives, as we believe the present contradiction in American democratic theory and practice in the treatment of this group should be resolved quickly. Our slogan is, "Justice delayed is Justice denied." We shall appreciate suggestions of a name befitting the purpose of this newly formed group.
