## Miss Irene Abe Volunteers Her Aid To Hospital

Visiting her parents in 2-2-E after completing a nursing course in Minnesota, Irene Abe volunteered her services to the Center Hospital to alleviate the critical shortage of nurses.

The residents of Rohwer Relocation Center wish to express their deep appreciation for her splendid gesture.

## APPLICATION PROCEDURES FOR RETURN TO HAWAII, WEST COAST

In order to facilitate and channel handling of requests for return to Hawaii, the following procedure was established by the Community Council.

An evacuee desiring to return to Hawaii should write to the Provost Marshall General, War Department, Washington, D. C., applying for permission to return to Hawaii and giving the following information: Name and present address of applicant; date and place of birth; usual address in Hawaii prior to Dec. 7, 1941; name, relations, and address of members of immediate family both in Hawaii and on mainland; name and address of former employers and dates of employment; purpose of original visit to mainland; reason for return to Hawaii.

Since a person who was evacuated from Hawaii is not likely to be approved for return to Hawaii for the duration of hostilities, applications should be confined to persons who left Hawaii other than by evacuation.

The Community Council reiterated that the WRA knows of no change of the War Department ban on evacuees returning to the West Coast. However, in certain cases return has been permitted.

Evacuees wishing to re-enter the evacuated area temporarily in connection with property should apply through WRA at a relocation center or relocation office. In order to re-enter for any other purpose apply to the Commanding General, Western Defense Command, Presidio, San Francisco, Cal.

## VOCATION TRAINING: ADULT CLASSES START IN OCT.

Benjamin D. Ramsdell, of the High School faculty, and recently appointed supervisor of vocation training and retraining at Rohwer Center, promises a complete Vocational Training program for adults during the coming fall and winter months.

"Every possible effort will be made to establish training classes and situations for all adult members of the Rohwer community who desire to prepare themselves for new occupations, or to retrain in occupations which they have not followed in recent years. The ultimate purpose of this program is to aid evacuees in their relocation efforts," Ramsdell said.

Regardless of kind of occupation, all persons who are interested in the possibilities of this training and retraining program are requested to register at the office of Vocational Coordinator, W. H. Ritter, 35-7-C, between 2:30 and 5 p.m. on Thursday, Friday and Saturday, Oct. 5, 6 and 7.

Where interest in any given trade or occupation, such as stenography, automotive repair, electric wiring, carpentry, is sufficiently large, actual evening classes will be formed. Where only one or a few persons request training in a given kind of work, an attempt will be made to establish individual day-time apprenticeships for them.

In summarizing this announcement, Ramsdell said, "I urge everyone in the Center who has a special vocation interest or problem to come in at registration time."

## Xmas Plans: Committees To Prepare For 44 Celebration

Groundwork for Rohwer's Community Christmas celebration was laid Monday evening at a meeting called for representatives of Protestant, Catholic, and Buddhist churches, the schools, P.T.A., Block Managers, C.A., Social Welfare, Red Cross, YWCA, Scouts and OUTPOST.

The following committee chairmen were chosen: Merrill Ziegler, program;

Akira Mori, distribution; V. M. Orsburn, Christmas tree; Kenneth Sage, decoration; Nat. R. Griswold, purchasing; Henry Sugimoto, publicity; Terry Otsubo, correspondence.

General officers were chosen as follows: Maxfield Garrett, chairman; Terry Otsubo, secretary; Florence Muraoka, treasurer. Plans will be made soon.

## BEAN TAKEDA

After three months of traveling and almost 4500 miles of territory covered, I've come back home for a spell. The trip has left me all fagged and travel-worn.

Moreover, I've developed the disease known as railroad rump, which bears a striking resemblance to those popular afflictions called stenographer soread and cashier's hips.

If anybody tells you that traveling is fun these days, tell him he's all wet. It's an ordeal these war-paced days. I used to yearn to hop a train and go places. I still yearn to go places, but not by train.

But discounting the train part of it, the trip was swellegant, even though it did mean living out of a suitcase for three months. Then, too, as a friend commented, I did see some of the country's hotels and YMCA dormitories.

Best part of the jaunt was seeing a good many long-lost friends and making new ones. I managed to meet many old friends whom I hadn't lopped in four or five years.

Claveland's Nisei council now issues a monthly news bulletin for the benefit of its 1500 evacuees. Editor is Emi Kimura, formerly of Heart Mountain and now staff-working at the International Institute.

Most exciting city I visited: New York, of course. Least exciting city: Charleston, West Va.; but not of course, with Philadelphia running a close second...Cleanest city I visited: Washington. Dirtiest city: Chicago.

Best movie of the year: "Wilson." Most disappointing: "Dragon Seed"...My nomination for the year's best acting performance: Spencer Tracy in "Seventh Cross." Year's best "nothing" performance: Esther Williams in "Bathing Beauty."

Year's funniest movie

A boy, Thomas Temp, was born on Sept. 12 to Shiro and Tomaya Muraoka, former Rohwerites now relocated in Cincinnati, O., according to an American Friends Service Committee report from Cincinnati.

perience: sitting in the stands at Ebbets Field, Brooklyn, and watching the once-mighty Dodgers in action and rooting with the Dodger followers, the nation's rowdiest fans.

My number one "give yourself a pat on the back" experience: riding the New York subways all over the city and not once getting lost. Couple of my friends once boarded a subway train, got lost, and wound up somewhere in Connecticut.

# EXPERIENCES ON WAR FRONT TOLD

"The Jerries were accurate enough to 'konk' Pvt. Raymond Furuta over the head with a 'potato masher' (hand grenade) which fortunately did not explode--at least not un-

til several seconds later!"

A veteran of Volturno, Pvt. Furuta, with his buddy Pvt. Robert Shimizu, was interviewed recently by the Dayton Ohio-Herald while en route to Ft. Sam Houston, Tex., where they will undergo operations on their arms.

Purple heart holder Pvt. Furuta, '41 volunteer from Hawaii, in relating his experience which hospitalized him for five months explained, "The Germans were on one side of a hill near Cassino and a platoon of Japanese American infantrymen from the 100th Battalion were on the other side. Hand grenades were thrown back and forth like a game of ball. When the hand grenade struck me on the head it did not explode immediately, but did ex-
