### COUNCIL SETS NEW RULES FOR OUTSIDE PASS

The Community Council released a new set of rules regarding the securing of day passes to the outside, effective Oct. 2.

The new procedure to leave the Center follows:

1. An applicant of the day pass must see the head of the section or unit, under whom he is working, and get a complete leave application, or a statement that such an individual has a "day off" due to a special work schedule. He must be validated with the signature of the head.

2. Have 3 copies made (1 original and 2 copies), take the 3 copies to the Personnel Management Section, have them validated by Ed Bethune, and retain the third copy.

### community sing on tap tonite

Come on, here's your chance to expand your musical lungs without complaints for disturbing the peace.

A CA-sponsored song-fest, the first of many--if there's a turnout--will be held in the Auditorium tonight from 7:30.

On the menu will be, not only community singing led by visitor Masao Satow and able Amy Sasaki, but easy listenin' to popular platters and possibly a talent show.

Everyone is welcome!

### AGENT CASHIER HOURS CHANGE

Because of reduction in the necessity of handling cash, the operating hours of the Agent Cashier in Administration 1 will be changed from 8-5:30 to 11 a.m. to 12 noon.

H. I. Burgess of the Cost Accounting unit will make the payments.

### OCHIKUBO CASSE MISINTERPRETED

Recent discussions in a number of project papers of the injunction suit filed by Dr. George Ochikubo to prevent interference with his proposed return to the West Coast military area, have included a misleading inference that should the case be tried in court its outcome will determine the rights of Nisei in general.

This, Project Attorney S. Forrest pointed out,

is an erroneous interpretation of the facts. The Army has revoked the applicability of the mass exclusion order as far as Dr. Ochikubo is concerned and has issued to him an individual exclusion order. Decision in his case will therefore pertain to him alone, and will not decide the question of return to the West Coast of other evacuees, either individually or as a group.

### NBC'S "THEY CALL ME JOE" TO GIVE NISEI'S STORY

NBC's "They Call Me Joe" series will present today from 6 to 6:30 p.m. (Central War Time) the story of

### ARMY CALL MORE FOR ACTIVE DUTY

Answering Uncle Sam's beckoning yesterday were 5 relocated Rohwerites, Masato Tom Miyake, Tsumaru Fred Miyake, George Y. Nakamura, Robert Mari Tsutsui and Hironari R. Hara. They reported for active duty to Fort Dix, New Jersey.

Leaving the Center for Camp Chaffee, Ark., on Monday will be Toshio Matsuo, while Henry Iwana will report on the following day.

a Nisei soldier fighting in Italy. A sequence of flashbacks will highlight the story of his parents and grandparents in Japan and in this country. Portrayed will be the Japanese emigre's severance of ties with Japan to embrace American ideals.

This dramatization like the other "They Call Me Joe" broadcasts will be shortwaved by the Army to reach many of the 4 or 5 million American soldiers overseas. It will be picked up by 400 overseas stations and sound systems.

### Pfc. THOMAS HIGA TO SPEAK TO FORUM, NOVEMBER 23-24

Pfc. Thomas Higa, one of the 100th Battalion members wounded at Cassino, who has been in the limelight in many American cities and in the relocation centers while on a lecture tour, will visit Rohwer for two days, Nov. 23 and 24, arranged by the Community Council with JACL.

Pfc. Higa's primary purpose will be to speak in Japanese to the parents and relatives of the Nisei GIs overseas and explain the life of the Nisei soldier, their relationship

with other units, what they are thinking about, what they need and want, and many other phases which have concerned the people back home or which may interest them.

Pfc. Higa has been welcomed in Washington, Oregon, Idaho, Utah, Colorado, Nebraska, Wyoming, New Mexico and Arizona. He is also expected to appear in Chicago, Fort Snelling, Minneapolis, Ann Arbor, Detroit, Cincinnati and Cleveland, before proceeding to the East.

## OUTPOST OVERS

by B.J.

How long does it take you to shave, men? I've always done it in 12 minutes. Late. Now comes an expert on the subject and claims that it can be done in 4 minutes. The fastest I've ever shaved was four minutes. It took my face four days to heal up, though.

Something should be done about these mosquitoes. Have been bitten so much that they probably know my blood count by now. The worst thing about these 'gites is that they sting you right over your clothes even. They're pretty big, too.

Eudora Akin of the Welfare department claims that she caught one recently to nail to a friend and she had to fold it once to get it into the envelope.

Typical local scene: Harper Sakane pumping along on his bicycle and waving his hand merrily to all in sight... Sgt. Dick Hohma, former OUTPOST staff writer, V-mails from Burma that it's a tough life over there.

What's your favorite sandwich? Mine is a triple-decker: goose liver on rye with tomato, lettuce, and a smattering of tomato catchup. St. Louis is the place where they really make those sandwiches.

The thing I missed most on my recent three-month trip: Ochazuke and tsukemono. Next to that, I missed the washroom pow-pows we used to have... The thing I didn't miss at all on the trip: Rohwer's dust and heat.

Spud Chandler, last year's Yankee pitching ace and now in the army, is stationed at Camp Shelby... Sigmund Jakuchi, St. Louis Brown hurler, once made a trip to Japan with a Nisei nine. He has a host of friends among the Nisei.

This week's Memorial Service was one of the finest ever put on in the center. Just goes to show what can be done when

# Council Thanks Contributors To Memorial Service

# K. OKUDA REFLECTS ON LOCAL NISEI'S APATHY

The Community Council wishes to thank those individuals and groups who contributed wreaths and flowers for the Memorial Service.

When Kenji Okuda, past president of the Oberlin College student body who is making a speaking tour under the Fellowship of Reconciliation, visited Rohwer last week, he expressed surprise at the local Nisei's apparent lack of response, either from backwardness or disinterestedness.

They were; Messrs. Tanouye, Shimatsu and Sogawa, Co-op, Buddhist Church, Rei-Mei-Kai, YRA, Catholic Church; RFCC, Red Cross, PTA, Administration, Crusaders, YWCA, Legionnaires, USO hostesses, CA, Blocks 16, 1, 15, 14 and 26, and former Blk. 20 in Jerome.

Comparing the reactions of young audience on the outside and in the Center, he elucidated that after a speech some members of any outside group of listeners would always approach him for a word or two, whereas the local audience headed in toto for the exit. He expressed his admiration for any young listener who would speak up and present his questions or opinions, irrational as they may be, accrediting him with active interest and courage to learn.

## NEED CASUALTIES STRESS NEED LOYALTY, FISHERE

... among casualties among American soldiers of Japanese ancestry fighting in Italy and in the Pacific theaters of action emphasize the necessity of distinguishing between our Japanese enemies and those Japanese Americans who are loyal citizens or law-abiding aliens, Harold S. Fistere, relocation supervisor of the War Relocation Authority for the Middle Atlantic States, told the Kwans Club of New York City at a luncheon meeting on Sept.

13 at the Hotel McAlpin.

Among the 10,000 Japanese American soldiers are hundreds engaged in the Pacific theaters of action in the war against Japan, Fistere said. He said that American casualty lists have already included the names of hundreds of Americans of Japanese descent who have been killed or wounded, principally in Italy.

The casualties have included numerous boys whose parents are among the 60,000 persons of Japanese ancestry evacuated from the West Coast who are still residing at the 8 relocation centers operated by the War Relocation Authority, according to Fistere. Other casualties have been boys whose families are included among the 1,000 persons of Japanese origin who have already resettled with the aid of WRA, principally in Eastern and Mid-Western communities.

"As we get closer to victory over Germany and therefore closer to the final showdown with Japan, it will become increasingly more important for Americans on the homefront to draw a clear distinction between our Japanese enemies in the Far East and the loyal citizens and law-abiding aliens of Japanese ancestry in our own country," Fistere said.

... essential in fairness to the parents and other relatives of the Japanese American boys whose names are appearing with ever greater frequency on the casualty lists from Italy and other battlefronts. Just the other day it was announced that among the Americans recently killed in Italy were 45 soldiers of Japanese ancestry with parents or next of kin living in relocation centers. In addition, 92 others have been wounded and two are missing in action. "All these boys were members of the 100th Infantry Battalion, composed of Japanese Americans, to which Lieut. General Mark W. Clark a few weeks ago awarded a special Presidential citation for 'outstanding performance of duty in action.' In this citation General Clark said that 'the fortitude and intrepidity displayed by the officers and men of the 100th Infantry Battalion reflect the finest traditions of the Army of the United States.'

"Hundreds of other American citizens of Japanese descent have performed, and are continuing to perform, invaluable services in the Pacific theaters of action in the war against Japan, earning the commendation of their commanding officers for loyalty and efficiency."

## Council Rules Outside Pass

(Continued from Page 1)

3. Get the gate pass from the clock manager as before. When leaving the gate, give the gate pass and validated leave application to the gate clerk at the Internal Security office.

4. Gate passes for those who are not employed must be indicated as "Not employed." This is done in the following manner: at the time the applicant applies for a gate pass at the clock manager's office, the manager writes "not employed" after the name of the applicant. The same indication will then be made on the gate pass. If not thus indicated, see Miss Miller, secretary of Project Director Ray D. Johnston.
