OWENS TOURS WEST COAST

Evacuee Property Officer E. F. Owens returned Saturday from a recently conducted three-week inspection tour of the West Coast where he investigated conditions of evacuee property in San Francisco, Sacramento, Fresno, Stockton and Los Angeles.

He found property stored in government warehouse in excellent conditions at each locality. He also visited farms, stores and dwellings owned by evacuees.

"I would discourage the shipping of property from the West Coast to the project. They will be better cared for in the warehouses than if shipped," he said.

"I suggest that people with property in garages or cheap building have them placed in government warehouses."

FIRE BREAKS OUT SAT. NIGHT IN MP SECTION

A fire broke out Saturday about midnight in the shack on the southeast corner of the MP area, partially burning the building and damaging some bales of oat hay.

The cause is yet undetermined, according to IS.

EVACUEE OPENS LAW OFFICE IN CHICAGO

Chicago, Ill.--Thomas Masuda, who is believed to be the first resettler to be admitted to the practice of law in Illinois, has opened his own offices in the Metropolitan Building in Chicago. He was admitted to the Illinois bar on Sept. 18, 1944, without an examination on the basis of his excellent record on the West Coast.

Masuda is a graduate of the University of Washington Law School and practiced law in Seattle for many years. He is a member of the American Bar Association.

SEEK ISSEI, NISEI FOR MUNITIONS DEPOT WORK TRIO TO START SIGN-UPS

CAD'ACE DEPOT REPORT MADE

Young Orsburn, Sam Seno, and Teruji Endow, representatives from Rohwer Center, who recently investigated the Sioux Ordnance Depot, reported their findings.

400 Issei and Nisei workers are desired to load and unload all types of munitions under Civil Service. With a 48 hour week wages are 72¢ an hour, time and a half after 40 hours. The work, safety insured, is mostly mechanical and not too heavy. The plant is located on 2000 acres with a set-up similar to Seabrook Farms, functioning for two years, it already employs 800. Only family groups are wanted. Jobs are available for both men and women.

(Continued on Page 3)

Recruiters from the Sioux Ordnance Depot near Sidney, Neb., Capt. George Figner, depot personnel director, Charles B. Miller, Denver relocation supervisor, and Cecil Morgan, relocation officer of Scottsbluffs, Neb., arrived here today. They were accompanied by Jessie Lewis of Little Rock WRA.

Some 400 to 500 workers from Heart Mountain, Minidoka and Rohwer are sought. Sign-ups will be a two-week process. The trio will be here possibly a week to start the program filling out Provost Marshall clearances and Civil Service Form #60. Family heads who have already relocated may be recruited by their local WRA office while any other family member, not relocated, may register in the Center. The recruiters may be contacted in the Leave office.

Capt. Figner has just come from other centers.

JACL REPORTS: SUPREME COURT TO HEAR KOREMATSU, ENDO CASES

New York City, N. Y., Oct. 4--The United States Supreme Court will hear the Korematsu and Endo cases on Wednesday and Thursday from present indications. The first case on the calendar will be the Korematsu case which will decide the question whether the mass evacuation from the Pacific Coast of all persons of Japanese parentage was constitutional or not. The arguments are expected to start on Wednesday afternoon, according to the JACL press release.

The Endo case which will define the authority of the War Relocation Authority over citizens of Japanese ancestry who are now living in the relocation cen-

ters will be argued right after, most likely on Thursday morning.

Mr. Wayne Collins of the Northern California branch of the American Civil Liberties Union is expected to argue the Korematsu case. Mr. James Purcell of San Francisco is expected to argue the Endo case. Mr. Charles Horsky of Washington, D.C., ACLU member, most likely will be allotted some time to argue both cases.

These two test cases, according to the statement of Mr. Roger N. Baldwin, director of the ACLU, are the two most important cases pertaining to civil liberties to arise during World War I and World II. (The press will report.)

LT. COL. SINGLES PAYS TRIBUTE TO 100th BN.

WITH THE FIFTH ARMY, ITALY--High tribute was paid to the fighting soldiers of the Japanese American 100th Infantry Battalion by their battalion commander, Lieut. Col. Gordon Singles, a West Point graduate.

"There are countless instances of battlefield heroism by these infantrymen fighting on the Fifth Army front," he said. "They have plenty of guts, and aren't afraid to use their initiative during attacks. They've fought their way over endless mountains in Italy since last September. They have captured towns from Germans without assistance of other units. Recently they captured a German command post, complete with a large motor pool and an entire field artillery battery, all intact."

Italian towns recently captured by the 100th Battalion are: Belvedere, Sassetta, Pastina, and Orsiana. Belvedere was taken by a surprise thrust, Sassetta by a flanking attack, Pastina by a frontal attack, and Orsiana by-passed and then completely surrounded.

ONCE OVERS

by B.T.

Let's have a heart-to-heart talk; you and I. There are a lot of things we could talk about. So let's just chat about general things, leaving the specific to some other time.

For instance, what are you doing these days? Are you using your time to best advantage? Or are you merely killing your time? You say this sounds like preaching. Very well, let's talk about something else.

Have you written to a soldier lately? If not, let's sit down and write that letter. Tell him that you appreciate the work he and his buddies are doing. It will pep him up.

Then add a few words about what some of his friends are doing here or in their resettled places. It's always good to find out what our friends are doing.

Now then, what do you know about the political situation? Have you been keeping up with the latest national and international developments? If not, you are losing out.

History is being made today. Red-letter history. Let's keep abreast of it.

Have you applied for your absentee ballot? A gain, if not, why not? We yell because we have been thrown into the centers in violation of our democratic rights.

Yet we fail to exercise our precious right to vote, to give voice to our status as citizens. In short, we fail as citizens.

Democracy is only for those who deserve it. Those who don't vote don't deserve to vote. Let's be deserving of it.

Does that hurt a bit? Does that strike a sore spot? All right, let's change the subject.

Let's talk about something else. Have you done any thinking lately? About the war, the presidential campaign, relocation, about the post-war world, about

Community leaders in Sidney, 20 miles south, have endorsed the employment of Japanese Americans. The weather, low humidity, goes not more than 20° below.

ROHWER GRIEVES TWO DEATHS

Death took a painful toll when Fusakiohi Kanow of 3-11-C and Mrs. Shin Takahashi of 4-8-E succumbed to illness on Friday.

Mrs. Takahashi held the distinction of having a service flag studded with 5 stars. She also had a son-in-law in the uniform of the United States Army.

Kanow, father of the Rev. Shinpachi Kanow, was the paternal parent of 2 daughters and 8 sons, 4 of whom are now serving in the armed forces. His funeral was held yesterday.

GIS SCORES OVER BLUE DEVILS

As an opener to the Center's pigskin tussles, the GIS charged to a 3-0 victory over the Blue Devils in a Saturday afternoon gridiron thriller.

A small gathering followed the strong teams to the last remaining seconds when Yas Chono of the GIS broke the taut 0-0 score. An extra treat was a group of young majorettes who twirled their batons between halves.

FIRST QUARTER

Blue Devil Junji Sasaki kicked off. The ball was received and carried by GI Jim Tsukamoto from the 20-yard line to the middle strip where he was

tackled and thrown. The GIS made 73 consecutive first and tens, the mighty Blue Devils were unable to hold the GIS back as they made 3 consecutive first tens. The GIS on the Blue Devils' thirty came out of the huddle and the ball was snapped. No gain was made though the full-back pounded into the line. The Blue Devils, their ball on the thirty, came out of huddle. The ball was snapped for a long kick. Receiving the ball on the twenty, the GIS ran it to the thirty-five. With no gains made by either of the hard-hitting teams, the quarter ended on GI Terri-

tory, the Blue Devils in possession of the ball on their third down and three yards to go.

SECOND QUARTER

The ball rested on the 25. The Blue Devils made their first and ten, but were stopped on the GIS' 25. With hard charging, the GIS made their way to Blue Devil area. Coming out of the huddle, the ball was snapped from the 35 to Yas Chono. In an off-tackle play the ball was knocked from Chono's hand but caught and carried to the 12-yard line by Tosh Jyeda. However, the play was called back to the 25-yard line as an illegal forward pass. The ball rested near mid-stripe as the 2nd quarter ended.

THIRD QUARTER

The Blue Devils carried the ball to the 35. Junji Sasaki, aided by Tots Hayashi, Teruo Nomura and Eddie Iwamiya, made a right-end run, gaining 5 yards. The Blues, though packed with dynamite, had the ball taken away by downs.

FOURTH QUARTER

From a mid-stripe snap Sasaki attempted an end-run only to be hit. GI Akira Tanouye caught the mid-air fumble, gained 25 yards. On their last down the GIS were still gainless and Yas Chono's place-kicked ball fell short between the goal posts. Blue Devil Sasaki snapped the ball for a long kick. The ball was brought to the mid-stripe by the GIS, who succeeded in making a first and ten. With only 25 seconds of playing time left and 15 yards from the goal line, the GIS came out of the huddle. Wondering what attempt the GIS would make, spectators watched Tommy Mukai snap the ball, placed it on the ground for Chono's educated toe to send the pigskin beautifully through the uprights for the winning 3 points.
