JAPAN ALIENS MAY VOLUNTEER

Selective Service has recently announced that the War Department has decided to accept certain Japanese nationals for military service. The Selective Service statement is as follows:

Primary requirements for induction of Japanese aliens are that they must volunteer and must be found to be acceptable after investigation by the War Department, and must pass the physical examination at an armed forces induction station. The determination of acceptability will be made on the basis of loyalty and other kindred factors.

"The decision to accept, under prescribed conditions certain Japanese aliens now residing in this country who are found qualified for military service was made by the War Department in order to make it possible for those who desire to do so, to serve in the American armed Forces. In no case will a Japanese alien be inducted into the army unless he volunteers for service and his desire to volunteer must be evidenced by a request in writing signed by him. This request, together with a personal history of the alien, will be sent to the War Department for a determination of his acceptability.

The procedure for the induction of Japanese aliens is substantially the same as that for other aliens whose acceptability must also be determined by the War Department.

TO REPORT FOR INDUCTN

The local selective service board has notified a group of inductees to report for induction on Nov. 29 and another group to report for pre-induction physical examinations on Nov. 30.

On both days the men will be picked up in front of their mess halls at 5 a.m. They will eat breakfast at the Administrative Mess hall and will then be transported to MoGhee.

A familiar axiom is that one excels in something which one likes. If that is true, I must be an exception.

Taking dancing, for instance, I like to dance.

But you would never guess it from my feeble efforts.

At it comes up, a girl once told me:

"You dance like an esca-lator." What she meant was that I used the same steps over and over again.

But there the analogy stops. An escalator gets stepped on. In my case,

I do the stepping down.

I'm probably one of the worst dancers; if not the worst, in the Center. To my credit, however, this doubtful distinction did not result from any lack of effort on my part.

It all started back in my senior days in high school. We were to have our senior prom. But half the boys in our class did not know how to trip the light fantastic.

So the girls, with more ambition than judgment, undertook to teach us. And for three weeks, they patiently taught us how to dip and glide and turn and all the rest of the trappings.

By dint of sheer deter-mination and perseverance, we boys managed to pick up enough pointers to take the girls to the prom.

We managed very creditably, too. And we ball-room tyros felt a certain glow of pride in our newly-acquired talent.

But my pride was short-lived. For the girls—I discovered later—put a tag on me that I had a difficult time living down. In fact, I still haven't lived it down. They dubbed me "the most notorious too stepper-oner in senior prom history."

The more humane girls merely labeled me "One Stop" Takeda and let it go at that.

That reputation followed me to college, where I soon became the scourge of the campus dances. I promptly became known as "Single Toes" Takeda, and the list

Elect USO Head At Recent Meet

Recently elected officers of the Rohwer USO, now an affiliate of the national organization, are headed by Eddie Omori of Blk. 7.

Kyūji Hozaki is vice-president; Tsuneyo Watanabe, treasurer; Mrs. Rose Adachi, co-ordinator; Dr. Onizuka, housing director; Chester Fujino, reporter; and Annie Kunii and Rose Shoda, social chairman.

G.I.S. WELCOME IMON BUKUROS

For Missi of Buddhist faith now serving overseas, mail call has produced imon bukuros packed and sent by the Rohwer YBA. Appreciative GIs have already written to express their thank yous.

"To be remembered at Christmas--that which symbolizes peace on earth--is certainly a consolation for a soldier like myself in this far flung corner of the world. Though we may be strangers you can be well assured that your thoughtful gesture was well appreciated," wrote S/Sgt. John K. Shintaku from "somewhere in the South Pacific".

From "somewhere in France having quite a rugged time of it", Cpl. Tad Iwata termed his gift a "great morale booster".

S/Sgt. Mikio Wakayama said, "Even though we are miles and miles apart the atmosphere of the cheerful holiday season is brought to my heart by your noble gesture."

EVACUEE PROPERTY

Requests to the Property Office by evacuees who wish to sell their autos or trucks must be accompanied by ownership and registration certificates signed by the owner of the vehicle. If the evacuee does not have the certificates he should then make out an "Application for Duplicate Ownership Certificates." In such a case, he must be sure that the application for it is made out in the same name as the original.

An evacuee wishing to sell an auto or truck which has not been in use since evacuation (but which has been in storage) should provide an "Affidavit of Non-Operation". The evacuee should write to the custodian of the truck or

Tomorrow's regular YBA service will be held at Block 35 at 10:15 a.m.

auto in storage and authorize him to allow the WRA to inspect and remove the car when it is sold. In cases where the vehicle is being used by the custodian, arrangements for its release should also be made by the evacuee.

The evacuee-seller should understand that cars in storage usually require some servicing such as a battery recharge or a new battery. Therefore it is necessary that the evacuee provide funds for placing the car in usable condition so it can be demonstrated to prospective buyers. If a car is to be sold "as is" without any repair work, a top price cannot be obtained. Evacuee should understand that later models bring higher prices but that there are OPA price ceiling which cannot be violated.

The evacuee should provide the Property Office with information as to storage charges, if any, and if they or any other charges exist, they must be paid before the car is put up for sale.

The evacuee must remember that the WRA is not able to obtain or provide drivers to move evacuee-owned vehicles from the military area. It is the responsibility of the evacuee to hire the driver and arrange for his pay.

BIG GAME SCHEDULED TODAY

Soldiers To See Action Against Strong Joker

JOKEYS - BLUE DEVILS MATCH ENDS 0-0 TIE

A clear, hard, evenly-matched game was played on Thanksgiving day on the local gridiron field to a scoreless tie between the Joker Y's and Blue Devils.

Joker Y's threatened to score three times, Blue Devils, once, but without enough to punch over for the score. The Jokers made their first threat in the latter part of the first quarter after making four straight first downs. Lefty Chono passed from his 50 to Nishikawa, who was tackled on the Blue Devils' 13. Joker Y's lost the ball when Kajimoto's pass was intercepted in the end zone by the Blue Devils for a touch back. The Blue Devils' threat came in the late second quarter on a Joker Y fumble, the Blue Devils recovered on the Joker Y. Sasaki made four on a long plunge, threw a spot pass to Tahara to the Joker 14. On the next play Sasaki again tried to pass but fumbled and Jokers recovered end the half.

In the second half the Joker Y's, rested, threatened to score again, after Nishikawa took the Blue Devils kick off and made a beautiful run-back to his own 40. Kikuta, on an end around from his 40 went twisting, side-stepping and galloping all the way to the Blue Devils' 35 yard line. From there the Jokers' passes do not connect and they lost the ball. The Blue Devils opened up their passing attack in their own territory with Sasaki chucking only to have hard charging Kikuta intercept the pass on the Joker 45. Behind Otsuki's beautiful blocking, Kikuta ran the pigskin to the Dev-

The Joker Y's, with a day rest, will clash with the soldiers on furlough this afternoon at 2 p.m.

Pvt. Ben Tagami will be the player-coach for the soldiers. With some nifty soldier players and additional players from the Center, the doughboys are out to beat the Joker Y's.

of girls that I put out on commission resembled the casualty list at Saipan.

My fame rapidly spread, and it wasn't long before I ran out of dancing partners. The girls flatly refused to dance with me. They bluntly stated that they would prefer to be run over by a Mack truck.

The more brave ones would consent a dance only if I took off my shoes and cavorted in my stocking feet.

Naturally, my art suffered. And I had to give up dancing all together for a while.

Lately, however, I have taken to going to dances again. I haven't run out of partners for the simple reason that there are still a lot of girls in camp.

I'm afraid, though, that I shall be forced to curtail my terpsichorean activities of the reports that I've been hearing lately are true.

It seems that some of the girls, with a total disregard for my personal feelings, are unpolite referring to me as "Steamroller Shoes" Takeda. How do you like that?
