Convening from Feb. 16 to 24, 29 delegates representing seven of the eight relocation centers met in Salt Lake City, Utah, to discuss and draw up statements and recommendations for consideration by National Director Dillon S. Myer.

Main appeal was for maintaining the relocation centers for the duration of the war and some time hereafter operating under the present WRA policies. Ten statements of the present and recommendations concerned mainly with relocation and property matters were drawn up.

No Deportation Fear For Aliens

The Naturalization and Immigration Service has advised the War Relocation Authority that there is no danger that Japanese aliens will be deported from this country because of acceptance of public assistance of any type. It was pointed out that aliens who have been in this country more than five years cannot be deported for this reason.

Moreover, even if an alien has accepted public assistance within five years after coming to this country, he cannot be deported unless it is shown that the cause or reason for need for public assistance existed before he came here.

The Distinguished Service Cross, posthumously awarded to T/Sgt. Ted T. Tanouye for extraordinary heroism on the Italian front before he was killed in action on Sept. 4, was presented Friday to his mother, Mrs. Momoye Tanouye of 16-1-F, by Col G. C. Graham, commanding officer of Camp Robinson, Ark.

On July 7, 1944, in Italy T/Sgt. Tanouye exemplified the finest traditions of the U. S. armed forces when he led his platoon in an attack to capture the crest of a strategically important hill and took the objective after single-handedly silencing enemy positions.

CAL. C.I.O. APPROVES RETURN

The California CIO Council in executive session, (in Oakland, Cal., on Jan. 14, 1945) adopted a resolution approving the return of loyal Americans of Japanese ancestry to

the Pacific coast. The resolution follows in part: "The California CIO Council in executive session in Oakland, Jan. 14, 1945, recognizes the re-

cent order of the War Department and the War Relocation Authority permitting the return of loyal Americans of Japanese ancestry to the Pacific coast as a commendable and correct step; one in line with the principles for which this war is being fought.

FILE DECLARATION OF 1945 ESTIMATED TAX

Washington, D.C.--About one out of every five taxpayers must file a Declaration of Estimated Tax for 1945 not later than March 15. This is in addition to the filing of an income tax return for 1944, according to Joseph D. Nunan Jr., commissioner of Internal Revenue.

Declarations are required in general from business and professional people, landlords, investors and others who expect to get more than \$100 of income this year from sources outside of wages from which tax is withheld, and who expect that their total income from all sources will be \$500 or more.

A declaration must also be filed by a wage earner who expects to earn this year more than \$6,000 plus \$500 for every exemption except his own. For example, a wage earner supporting two dependents must file if he expects to earn more than \$6,000. However if a person expects more than \$100 of income outside of wages from which tax is withheld, he must file a declaration regardless of the size of his wages.

The majority of wage earners are exempt from filing declarations, for the reason that their taxes are kept substantially paid up by the tax which is withheld from their wages every payday.

Declarations also are required from farmers who expect to have \$500 or more this year, but farmers--meaning persons who get more than two-thirds of their income from farming--may postpone their 1945 declarations until Jan. 15, 1946.

A March 15 declaration should be accompanied by a payment of at least one-fourth of the tax estimated to be due over and above any tax being withheld

from the taxpayer's wages. The remainder is due in equal installments on June 15 and Sept. 15, 1945, and Jan. 15, 1946.

Special forms and instructions for the making of declarations have been mailed out, to all persons who filed declarations last year. Additional copies are available at the office of any collector.

EVACUEE DOINGS

① Alice Takeuchi, former Jerome resident, went to work this week at the California CIO Council's San Francisco office as the secretary to state CIO Legislative Director Claudia Williams. Her pre-war home was in Oakland, Cal.

Mr. and Mrs. William Mambu, formerly of Seattle, Wash., and Kohwer, became the third Nisei homeowning couple in Madison, Wis. Mambu is associated with the Public Welfare Department of the State of Wisconsin.

Kinji Hiramoto, son of Mr. and Mrs. J. Hiramoto of Block 25, was recently elected vice-president of the Spanish Club at Muskingum College, New Concord, O. Hiramoto, a sophomore, is majoring in business administration.

Mary Yamashita, former Rohwerian now in her sophomore year, won a place on the Muskingum College, New Concord, O., Honor roll for the first semester of 1944-45.

"In view of the established fact that thousands of our Japanese-Americans are now serving their country with honor and distinction on the battlefield, we believe that such action as taken by the American Legion, Hood River, Ore., in erasing the names of Japanese from the honor roll of World War II veterans, should be condemned as regrettable and unjustifiable."

"The experience of our country since Pearl Harbor has been that these Americans of Japanese ancestry have proven themselves responsible and loyal Americans, participating in all phases of the war. As such they are entitled to as much protection under our constitution as any Americans regardless of race, creed or color.

"The California CIO Council further calls upon all public officials of State, County and Municipal governments and all people of this State to do everything within their power to cooperate with the War Department in order to assist in the readjustment of these loyal Japanese Americans to our community life."

Heart-touching vignette; an elderly Issei mother sent her soldier son overseas a telegraphed money order for \$150. But for some reason, it never reached him, and the mother finally asked the telegraph company for a refund. The company had trouble tracing it. The mother showed a batch of letters from her son to show he did not receive the money. Finally, the telegraph company notified the mother that it would refund the full amount of the money order. But along about the same time, the War Department sent her a wire saying that her son had been killed in action in France.

A former Seattle nurseryman, now at Minidoka, feels pretty low these days. His wife returned to Seattle to look over their things stored there, and she found nearly everything stolen, over ten thousand dollars worth. Items included; tools, garden hoses, flower shop accessories, washing machine, sewing machine, beds and furnishings, bicycles, clothing, electrical appliances, refrigerator, curtains, shades, and even jewelry looked in trunks. She appealed to their attorney, who was agent for the property. But he refused even to talk with her. WRA is looking into the matter.

Another nurseryman, also from Seattle, suffered pretty nearly the same misfortune. His nursery and home were stripped of cultivators, motors, coal stoves, eight thousand flower pots, hotbed sashes, bookcases, and all movable personal belongings.

Not all the apples in Hood River are rotten. The Hood River Apple Growers' Association is willing to have Japanese Americans as members and to handle fruit delivered to the association by the evacuees. But the catch is that the workers at the plant must first agree to it, too. Which, judging by recent reports, might be a pretty big "if."

UNLIMITED LEAGUE

The Unlimited Basketball League games got underway after a week's rest with the strong Zephyrs and Aggies emerging victorious as the only undefeated up to date.

The high point scorers of the weekend were; Tosh Ike of the Zephyrs and Lindy Kusumoto of the Jeeters with 13 and 11 points.

Last November, about 15 boys from Granada were discharged from the Army because of minor physical disabilities. It aroused no little comment at the time, some feeling that prejudice or discrimination might have been involved. Dillon Myer asked for a complete investigation of the matter, and it was found that no ulterior motive entered into the discharges. The boys' disabilities were of a nature that they shouldn't have been inducted into the army in the first place.
