## GOOD FARMING PROSPECTS IN DAKOTA

Albert Kawasaki and Shigetaka Kobayashi, who left on Feb. 4 with Arthur Eskelson, Utah-Idaho Sugar Beet Co. representative, returned Friday afternoon from their inspection tour of the South Dakota beet fields, including a 4000-mile trip through Nebraska, South Dakota, Wyoming and Colorado.

Kobayashi said that the majority of Japanese farmers he encountered in Dakota had prospered sufficiently to send their chil-

dren through college.

"South Dakota has been settled in three immigration waves," he said. "The Danes, the Finns and lastly the Germans and Russians. All have at one time or another encountered community resistance and prejudice. At present the German and Russian groups are the strongest economically, due to their industriousness. Since they exert a strong moral and economic influence community sympathy is with the

hard-working.

"The Japanese are well received in Dakota. Politicians as well as farmers have come to realize the benefits to be derived from the use of Japanese farmers and labor."

According to Kobayashi, at present there are nearly 10,000 acres open to Japanese. At first about 300 to 500 straight labor men will be required. Thirty to forty share croppers are wanted now, but more will

# COURT UPHOLDS VOTING STATUS

SAN FRANCISCO, Feb. 21 --Japanese-Americans who have been evacuated cannot be deprived of their right to vote, the seven Judges of the Federal Appellate Court ruled yesterday, without leaving the bench.

U. S. Webb, former State Attorney General, argued in behalf of the Native Sons that the names of some 70,000 Japanese-Americans born in this country should be stricken from the registration rolls.

When Walter Dold, assistant city attorney, arose to defend Cameron King, the Registrar of Voters, Presiding Judge Curtis Wilbur

said:

"It is not necessary for this court to hear further argument. The decision of the lower court is sustained."

The court took under submission cases involving the constitutionality of the evacuation of the American-born Japanese by order of General John L. DeWitt, who acted under President Roosevelt's executive order 9066.

On the question of whether Japanese-Americans should be deprived of their right to vote, Webb inferentially asked the court to rule contrary to the decisions

of the Supreme Court in the Wong Kin Ark case of 1898. That decision, upholding the citizenship of a Chinese born in this country, has been taken to apply to Japanese born here.

Webb told the court that, "without committing treason," he had come to the conclusion that the case was "erroneously decided."

"Are you asking this court to overrule a decision of the Supreme Court?" asked Judge Wilbur.

"I'm asking the court, as God gives it light and power, to give a correct

## THANKS TO THE ROYAL DUKES:

I wish to thank you in behalf of the Maryknollers and the Catholic followers for your gracious donation of \$75.

The much needed fund will be used for building altar and benches for our new Church.

May I compliment you boys for your wonderful work in sponsoring the Queen Contest.

May I thank you again.

Y. Miyake, Maryknollers

On behalf of the Community Activities, I want to thank you for the very liberal donation of \$350.35.

We appreciate the gift and will do all in our power to make the money go as far as possible for something worth-while for the people of the Center.

The Royal Dukes certainly deserve their name. The dukes of olden time were known for their chivalry and thoughtfulness, helping those in need. The Community Activities was in need of the money which you gave us. Another complimentary quality is that you didn't choose to keep the money but donated it to worthy causes.

Be assured that we will comply with your wish that the Adult Activities and the Toy Loan Library will receive their share of the contribution.

Again, we thank you.

C. B. Price, Director, Community Activities

In behalf of the Rohwer Buddhist church, may we thank the Royal Dukes for the \$75 donation. The needed fund will be used in carrying out our work for the welfare of the people of this Center.

May we congratulate you for the wonderful work that you have done. We hope that you will keep it up.

The Buddhist Board

We, the members of the OUTPOST, would like to extend our sincere thanks to the Royal Dukes for their generous contribution.

We extend them best wishes and continued success to other morale-raising activities and entertainments to come.

## Our HEALTH

(With this article the OUTPOST is inaugurating a series of health columns by the hospital staff. Notes on personal hygiene, pertinent facts on sanitation and other tips will be featured.)

Present water condition necessitates the reiteration of the cautioning that unboiled water is not suitable for drinking.

Latest report from the State Board of Health on the analyses of the unboiled and boiled water samples taken from the Center reveals that dangerous organisms exist in the unboiled water.

Boiled water proved bacteria-free and immune from any form of contamination, thus making it safe for human consumption.

All messes have adequate boiled drinking water available for everyone in his respective block, so residents were advised by L. A. May, Project steward, to imbibe aqua only when it is boiled.

## SENIOR CLASS EXPRESSES VIEW ON WORK CHOICES

Fifty-three seniors of the first graduating class of the Rohwer high school will receive their diplomas this month.

These graduates will be limited to the boundary of the Center. They will live and work in an artificially created community where abnormal conditions exist. The wage scale and work opportunities will differ drastically from those on the outside.

## Washingtonians Visit Hospital

Joy Barragray Stuart, nursing consultant from Washington, came to Rohwer last night to pay the health division an official visit.

Dr. G. D. Carlyle Thompson, medical director of the WRA from Washington, arrived this morning on an official visit to the Center.

## SCHOOL CHILDREN RECEIVE TABLES

Forty-five more tables seating 8 children each were received last week for the lower grades, announced J. A. Trice, education head.

In order to probe into the occupational desires of the graduating class the OUTPOST obtained the following facts from a survey conducted by the director of vocational guidance, Opal Albright.

"What have you decided that you want to do to earn a living when you are through school?" was asked.

Twelve students chose commercial work, 7 salesmanship, 5 library, 3 nursing, 1 each of machinist, photography, beautician, cabinet making, scientific bacteriology, dressmaker, dietician, business administration.

Dairy, sewing, electrician's helper, stay at home, radio engineering, farming, auto mechanic, mechanical engineering, aviation, domestic, accountant and kindergarten teacher.

## PHYSICAL EXAMINATION FOR MESS EMPLOYEES TO CONTINUE DAILY

Dr. A. G. DeLoach completed the physical examination of mess employees in 11 blocks yesterday. He will continue the remaining examinations daily

judgment according to law," Webb answered. "I am aware that you have sworn to uphold the Constitution, but I am not aware that you have sworn to follow the decisions of the Supreme Court whether they are right or wrong in your judgment."

When Webb said that the country had been settled and the government organized by whites, Judge William Donnan asked him:

"How about the Indians?" Webb said that "ethnologically speaking" there was a theory that "in the misty past" the Mongolian had been the ancestor of the Indian, whereupon Judge Donnan demanded:

"Do you know anybody who disputes it?"

"I contend," Webb replied, "that the American Indian is not an Asiatic."

## THE RED CROSS

Setting a national goal of \$125,000,000, on March 3, the American Red Cross embarked upon the greatest campaign in its history. According to the Red Cross News Service, millions of volunteers will be recruited to assist in the nation-wide appeal, which will be conducted under the direction of Walter S. Gifford, president of the American Telephone and Telegraph company, and national chairman of the 1943 Red Cross combination Roll Call and War fund.

The announced goal represents the minimum requirements of the organization in order to assume its war-time obligations. This sum will cover local, national and international war-time needs of the Red Cross, barring unforeseen emergencies or disasters.

Sometime next week, after the reorganization of the local chapter, a campaign will be conducted in the Center to recruit the aid of Center residents. Half of the collected sums will be made available for the use of the local organization while the remainder will be utilized by the national headquarters for its worldwide work.

Significantly, the Red Cross has been carrying on its work even from the early part of relocation by setting up First Aid classes for instruction, by initiating a Junior Red Cross chapter and by aiding contact of evacuees with stranded relatives in the Far East.

The support of the people in this coming drive cannot be as financially heavy as in previous years, but every contribution that is made toward this internationally-minded Red Cross will bear its fruits in making possible greater racial understanding in the coming years.

The surprising A-Jay cagers established themselves as a definite threat in the National league pennant race when they took the wraps off their high-scoring mirror twins, Tak Kawagoe and Hiro Kayasuga, and proceeded to make the Cards miserable to the tune of a 51-19 massacre.

Right-hander Tak Kawagoe, now leading the scoring parade, and portsider Hiro Kayasuga, fresh from Manzanar, made 22 and 19, respectively, and served notice that they would be the men to watch in coming games.

## ROYAL DUKES WIN PAIR

by thomas nakamura

The powerful Royal Dukes managed to remain in the National league's defeatless rank by surviving the double-header with two triumphs over the week end, 27-19, over the Hawthorne Y's and 44-35 margin against Mr. Smiths.

Lacking the usual high-scoring ability in the cage encounters, the Dukes barely paced their opponents with only a few points' lead throughout the tilt.

Forward Tada Endow and Ken Hirata of the Dukes outpointed all scorers by tallying 20 aggregate digits apiece in the week-end contest.

## LODI'S WINNING STREAK SNAPPED

In a bitterly fought basketball duel, the undefeated Lodi Golden Avalanches' five-game winning streak was snapped by the cool and clever Stockton Gaels, 39-31, Sunday on Court 2.

The defeat tumbled the Avalanches from the National league's top position and at the same time enabled the unbeaten Gaels to hold undisputed leadership with the Royal Dukes with 3 wins and no setback.

The "orooshal" battle started out cautiously and slowly and after 3 minutes of ball exchanging Teruo Hirose ignited the dramatic scoring parade with a clean 30-footer to put the Gaels in the lead which they never relinquished.

At the quarter way mark the starstudded Gaels held a slim 7-6 lead and a 15-12 halftime advantage, chiefly due to bespectacled Min Ogasawara's two under-the-basket shots.

With lean Will Kagawa, Lodi's ace, hobbling on the court with a pair of sprained ankles and playing only half of the game, the grape crushers were definitely not the fast break-

# PUGILISTS GIVE FANCY EXHIBITION

by naomi kashiwabara

Before a small non-paying crowd, Rohwer's no-glory, no-reward boxing boys presented an hour and a half exhibition program Sunday afternoon.

The boys were prevented from giving their best on the small platform as they would slip off into space near the ropes.

The savagest bouts of the afternoon were Harris Yokoi, Block 3's Miokey Rooney, vs. "Battling Joe" Koga; and Sho Yamada vs. Tootsie Takahashi, who kept the crowd howling with

their all-out blows. Boxing head Hank Yonemoto stepped two fast rounds with Kaz Takemura and Tada Endo. Shig Takahashi, Stookton's middleweight pride, glared through two mild rounds with Naomi Kashiwabara, OUTPOST oant peddler. Slugging Peter "Pedro" Ihara, in his prime the hardest Japanese slugger on Main street in the city of the queen of angels, pulled an iron-man stunt by playing poker (a game of cards calling for chance and skill) all night, get-

ting breakfast for the block at 4:30 a.m., playing a half of basketball for the Bojangles in the afternoon, and taking on southpaw Nobu Takahashi, who is no slouch, in two hard rounds.

Other bouts were Eki Yonemoto vs. Fatty Takahashi; Jimmy Nakayama vs. Ray Bo; Tada Endo vs. Kaz Takemura; and Little Joe vs. the Brown Bomber, juvenile specialty.

Yonemoto concluded the exhibition with a light bag striking show.

## NEW RECORD

## BOJANGS DRUB CARDS 62-31

The Bojangle juggernauts shifted into high and went to town, setting a new high score, 62-31, at the expense of the crumbly Cardinals.

In setting this new record, they broke their old mark of 58 points which they only made last week against the Smiths.

The scoring was divided evenly among the Bojangles with Shiro Mizufuka's 16 points heading the list. Close behind were Yas Aochi and Sam Nakamoto with 12 points each.

Held to only 3 points in the first half, the Cards made a desperate attempt in the second half, but the fast traveling Bojangles stayed a step ahead.

# 食料の配給嚴重となる 食事は御自分の食堂で

米國に於ける食料統制の深刻化は屢々各紙上に報道の如くであるが、當所内に於ては全般に亘る食料品の配給は愈々嚴重になり、譬へば肉類の如きも子供と大人の量がはつきりと區別され、融通の余地がないう程度に配達されるので、メスに定員以上の客が入れられ、それだけ其の區の人々に対する量が少なくなり、時には不足する事もあり得る。

前記の事情から同曜日の司所長會議では、現在のままで行くと必らず將来トラブルが起るのには嫌かであるから、此の際一般居住者に対し食事は各自其の區でする事を、運込んで貰はぬ事を通知した。

右に就き金丸氏は諸君の都合で他で食事が出来る許可証をセンドーから貰つて居る方がある之等は別であるが、然し同じメスに多數一度に來られると之に應じかねる場合と出来ると思ふので此辺も様々御諒解が願はしう。
