Vol. III, No. 3

Rohwer, Arkansas

July 10, 1943

## MALARIA: CONTROL BY NEW EXPERT

Daniel B. Langford, entomologist from Washington, is here to direct malaria control for both the Jerome and Rohwer centers. Dividing his time between the two centers, Langford will be in charge of water and sewage sanitation.

Having spent many years in the Hawaiian islands, South Pacific, and as a teacher of English in the schools of Japan, he is very familiar with the Japanese people. Langford has spent much of his time in the fight against malaria prior to his coming here.

## NEW OFFICES IN RELOCATION

In an activated campaign to relocate the Japanese-Americans from the projects to communities having favorable sentiments, the WRA has added new relocation offices. They are: E. E. Ketchpaw  
Relocation Officer, WRA  
Room 7083, Plankinton Bldg.  
161 W. Wisconsin Avenue  
Milwaukee, Wisconsin.

and  
Frank Gibbs  
Relocation Officer, WRA  
520 Liberty Bldg.  
Des Moines, Iowa.

## COST CLARIFIED

### Explanation Of Food Cost For Next Fiscal Year Given

Mess management director L. A. May today clarified the food cost allowance for the coming fiscal year with the statement that some of the residents have been misinformed on the matter.

"Though the WRA will provide 31 cents per day per person in cash allowances, the ration value of the food will remain 45 cents. The change merely means that we will be able to purchase from the Quartermaster's depots 31 cents worth of food per capita per day, but we will still be allowed to use 14 cents worth of food produced on the projects.

## CHECKS NEED SIGNATURES

"Starting Monday, all bearers of postal money orders must have identification signatures of their block managers on the checks," stated C. V. Updegraff, who is temporarily acting as postal officer.

A recent request by the postal inspector for the district included that money orders be cashed only upon positive identification. To facilitate such identification, postmaster C. R. Bricker and Updegraff are compiling a file of block managers' signatures for the post office.

The new system calls for the receiver of checks to have his block manager sign the checks which will then be verified with the filed names and, if acceptable, cashed.

"With the farming program already under way, there should be little difficulty in obtaining adequate food for the center," he added.

Regarding the coming (Continued on Page 2)

## FARM PRODUCE REACH PEAK

Rohwer's farm adds another notch towards its goal of producing enough vegetables to be self-sufficient with the first crop of potatoes here.

Over 150 fifty-pound sacks of potatoes were harvested during the past week.

Tomatoes, peppers and eggplants will be seen on the mess hall tables soon.

## DEFENSE SCHOOLS FOR NISEI

The War Training program, now in progress in the public schools of Des Moines, Iowa, invites nisei boys through C. J. Schollenberger, representative of the schools.

Since the program is subsidized by the federal government, there is no charge to anyone who wishes to attend the school. It is operated on a 24-hour basis and the individual may arrange to attend classes during his free time. The courses usually require an 8-hour day and take from 6 to 10 weeks.

According to the letter

received, jobs will be provided to enable students to provide their subsistence while attending school.

Suitable housing may be obtained within a radius of 10 blocks of the school.

No guarantee of employment is made, as no federal agency is allowed to make this type of guarantee, but it is felt that students can be placed immediately after completion of training.

Further particulars may be obtained from Herschel Abbott, Employment division, Ad building 2.

The following are the courses offered:

Machine operator training; Learn to operate 1 or 2 machines commonly found in machine shops.

Acetylene welding: Training on light or heavy metal for welding in war industry. Light welders employed locally; heavy welders, Atlantic and Pacific coasts.

Arc welding: Welding light and heavy metals. Light arc welders hired locally, heavy arc welders on Atlantic, Pacific, gulf coast in ship building.

## Open House Draws Crowd

Rohwer schools held open house yesterday for an estimated crowd of 4500, including outside guests.

Examples of various high-lights of the exhibit in Senior high were a huge mural depicting the world of today, demonstration of the effects of ultra violet rays on illuminous dyes and other articles.

Pencil sketches, commercial advertisements, baskets, purses and slippers made by the handicraft students, painted and shellacked rocks were some of the many beautiful displays in the art room.

And a lounging room furnished and decorated by the home economics department, also clothes and novelties.

Animals, clothes, mending, patch work and scrap-books were on display in the Junior high school home economics rooms as well as a completely furnished dressing room in a corner.

Sketches, paintings and cartoons were predominant in the art class.

Samples of students' works were presented by both the Junior high and the grammar schools.

## Mystery In P.S. Hall 29 Solved

Have you ever been near or around PS hall 29? Wondered what the buzzing noise was?

Well, it's the power sewing machines!

Opening in January with Helen Okada and Mesdames Takehiro and Ohidari, the group now has ten people sewing for the benefit of the Center. Others are Yoshiko Kawaguchi, Yuki Sakioka, Mesdames Tond, Ichiba, Matsuda, Fujioka and Takahashi.

At present mattresses for 230 cribs are being sewed by them. So far, they have made judo outfits, coveralls, overalls, shower curtains for the Caucasians, mess hall pennants and they have also covered furniture and put on the stripes and emblems on the IS uniforms.

## Class Begins COMMUNITY WELFARE TO In Shorthand MOVE INTO NEW OFFICE

The shorthand class for beginners only, held its first meeting Thursday at 7 p.m. The class will be continued at 35-9-A each Tuesday and Thursday evening at 6:45 o'clock with Frances Kakehashi as the instructor.

Students for this group may ride the truck which runs on schedule daily as follows: Leaves Internal Security office 6:30 p.m., travels south to Block 2, then west to Block 8, then north to Block 35.

## Evacuees Aided By C.I.O. Union

In order to get in touch with Center residents who have been or now are members of any affiliated labor union, the Congress of Industrial Organizations (CIO) is requesting residents to send names and addresses to the National CIO War Relief Committee, 1029 Vermont Avenue, N.W., Washington, D.C.

Names and addresses of other Japanese-American CIO members on leave or in the army are also requested.

The CIO wishes to aid its members in problems of employment, housing and security when Japanese-Americans move into new communities.

By keeping in contact with members, the CIO states that it will be able to counsel on job opportunities and to help build favorable labor sentiment in advance of the time they enter a new community.

## CAMP SHELBY INVITES GIRLS

Camp Shelby beckons!

Signups are still open for girls who wish to join the group of Rohwer young women who will be guests for the week-end of July 24-25 of the 100th Infantry stationed at Camp Shelby.

Those interested over 16 years of age and out of high school, may register with CA in PS hall 32. Evacuee and appointed personnel chaperons will go with the group.

Early next week the entire community welfare section will move to barrack seven in Block 42. The reception office will be in Unit E.

A new addition to the section as the associate counselor is Willard Cargile. Miss Cargile is from the middle western states and was the American Red Cross field representative for Home Service in Arkansas. Prior to this she was for five years the assistant director of the Child Welfare division of the State Public Health Department of Arkansas.

With Wilma van Dusseldorp as the chief of the welfare section, there are the following workers: receptionist Tsutamu Kataoka; supervisor of recording service, Kay Kato; chief of the clerical service, Seiki Yamamoto. The counselors are Tom Tsutsumi, Mrs. Chikata Sumida, T. Kubota, Mrs. Aikye Yasuda, John Nishimoto, M. Hamano, Helen Nakashima and Doris Shigaiki.

"All those who need service or assistance should feel free to talk their needs over with the staff of the community welfare section," said Miss van Dusseldorp.

## LANDSCAPE CREW GIVEN HIGH PRAISES FOR THEIR LABOR

Much credit has to be given the landscaping crew for their fine work in clearing out the hospital and cemetery grounds. Through sincere labor and working as though it were their own garden, these

grounds been beautified.

A touch of cheerfulness is added to the otherwise solemn atmosphere as one nears these grounds by the flowers and shrubberies.

The gardens are kept up through constant irrigation and careful care by foreman Masatsuji Ido and his crew, namely, Genichi Hirata, Giichi Sueyasu, Robert Iwataki, Kakimoto, Roy Hattori, James Okura, Ryoichi Namimoto, Yoshitakatsu Namimoto, George Uyeda, George Unoda, Frank Okura, Shigamitsu Yakura, and Kumahachi Taketomi.

## Mail Order Office Moves

Starting July 13, the Co-op mail order department in barrack 7 of Block 42 will be moved to PS hall 42, next to the shoe repair shop. To make this change possible, this department will close its doors all day Monday. However, the branch office at Block 10 will remain open.

Shipment of dried shrimp has been received at the Block 42 mail order office. Patrons with orders placed are requested to call for them.

The branch office at Block 10 handles mail orders only, and does not sell foodstuffs.

## Movies Shown In Classroom

The Salesmanship class under the supervision of William Clark will meet three more evenings, Monday through Wednesday, at 7:30 o'clock in Mess hall 35.

Helpful movies are shown each evening and persons interested may still attend the classes.

Some of the topics which are dealt with in the lectures are as follows: Being a Good Buyer; Personality and Selling; Knowing Your Merchandise; and Changes in Selling Growing out of This War.

## Now Showing

This schedule will be effective through Tuesday:  
PS hall 10--"Stanley and Livestone"

PS hall 15--"California Straight Ahead"

PS hall 33--"Saboteur"

Today, as on every Saturday hereafter, there will be a morning showing at 9:30 o'clock and no afternoon matinee.

## R.F.C.C. TO HEAR EDUCATOR, Y.P. HOLDS "GET-TOGETHER"

Dr. Walter D. Howell, director of the Presbyterian church school administration, will speak on "Love in Action" at tomorrow's R.F.C.C. morning service.

## TRUST FORMED FOR C.A. FUND

The community activities section, working with Project Attorney Jack Curtis, recently completed the final arrangements for a CA trust, reported Margaret Sorenson, acting director of CA.

The trust, which will administer all funds collected or dispersed by CA, will be composed of three Rohwer residents who are not employed by the YWA. They are the Rev. Yoshimatsu Oyama, chairman of the trust; the Rev. Enryo Unno; and Toruji Endow, secretary-treasurer.

## C.A. ACKNOWLEDGES USE OF PROJECTOR

Acknowledgment was made by the community activities section to the Co-op movie enterprise for the use of the projector in the filming of visual education films.

Since their inauguration in May, the free outdoor showings of these films have provided education and entertainment to the Center multitudes. Announcements of showings are being made through block notices because of the indefinite arrival of films, said Robert Kishita, who is in charge.

Chairman will be Tomoo Inouye.

Dr. Howell will also be the main speaker at the YPCF hour to be presided by Mas Kitada. The regular YP meeting will be followed by an informal "get-together" featuring open discussions, sing-spiration and refreshments. Fred Koyama, YP president, will take charge.

Since Wednesday, Dr. Howell has been conducting a one-week leadership training course from 7 to 9 p.m. in PS hall 20. On Monday he will explain the "Effective teaching methods;" on Tuesday he will discuss "The curriculum question."

All Centerites are invited to attend.

## PROGRAM SET BY RED CROSS

The Rohwer Red Cross executive committee met Wednesday night to outline the local unit's coming program.

Discussions were held on the distribution of first aid kits to the blocks; institution of home nursing classes under the instructorship of Fumi Gohata; plans for obtaining Red Cross visual education movies; extent of first aid instructions now being given; and ways and means of improving community health.

A general Red Cross meeting was held yesterday night in Mess hall 14 as the first step toward carrying out the program.

## Former Y.W.B.A. Prexy Speaks

The Young Buddhists will have Yoshiko Nakamura, former president of the Gardena Jr. YWBA, as guest speaker at tomorrow's service. Her topic will be "What is Fate." The Rev. Enryo Unno will deliver the sermon.

At the Sunday schools, the Rev. Unno will sermonize at PS hall 28; the Rev. Seikaku Mizutani at PS hall 23.

\*\*\*\*\*

The Rohwer Buddhist church board will hold an urgent meeting today at 7:30 p.m. in PS hall 28. Since various preparation committees for the coming "Obon" festivities will be chosen, all board members are asked to attend.

## CLUB NOTES

● The Center's dance affair will make its debut in the realm of outdoor activities tonight from 8:30 o'clock when the Thirty-eight Toppers' "couples only" takes place in Block 38.

Augmenting the surprises which will be in store for the patrons in floor arrangements and decorations will be the presentation of leis to five lucky bidders. In case of rain, the social will be held in Mess hall 38.

● The Girl Reserves Interclub council will meet Tuesday immediately after school at the YW clubroom.

The GR's expressed their sincere acknowledgment of the \$5 donation by the Rohwer YWCA board during May's carnation sale.

● With clever games (that still make those who took part to chuckle) taking the limelight, the athletic department gave a farewell party Tuesday night in Mess hall 27 for George Horita and Fred Tats Iwata who left for Capao, Mich., Wednesday.

Horita was former hardball commissioner; Iwata, former ping pong commissioner.

Refreshments were also served.

# LOCAL SUMO MEN MEET JEROME

## Royal Dukes Whip Rebels In Overtime Game, 6-5

The Royal Dukes opened the "A" softball loop with the right foot when they whipped the Stockton Rebels, 6-5, in an overtime game.

Coming from behind, the Royal Dukes tied the score 5-all in the last inning and won in the overtime

canto when Sam Yamashita socked a clean single to bring in the winning run from second base.

Sam Iida, hurling with a sore wrist, nevertheless, chucked a good game as did the Rebel chucker, Akira Kume.

## LODI AND THREE STARS IN CRUCIAL

### Dodgers Face Yamatos

Fighting to get out of the league cellar, the Dodgers will tangle with the Stockton Yamatos today in the opening of the second round of the "AA" league.

Their bats silenced in the Lodi tilt last Sunday, the Yamatos plan to break loose with a barrage that should smother the Dodgers; but the hard-luck Dodgers figure otherwise.

Young Joey Noma will be on the mound with Stockton's Archie Miyamoto as his opponent.

Sunday's tilt between Lodi and the Three Stars will determine the league's leader as both are tied for first with two wins and a loss. The "San-Bon" Star nine holds a 4-1 decision over the Lodi nine already and they will attempt to make it two straight over the Templars.

Will Kagawa is slated to hurl for the Lodi squad with either July Nishimoto or Kanji Omokawa taking over the pitching chores for the Three Stars.

### Camp Shelby Game Temporarily Shelved

Due to the large expense involved in inviting the Camp Shelby team, negotiations have been temporarily shelved.

## MUTINEERS TRIUMPH, 12-2

Battering Yehudi's chucker, Kawamura, for eleven hits, the powerful Mutineer nine scored a lopsided 12-2 win over the Yehudi's in an "A" softball league fray.

Frank Nakamura and Shiro Mizufuka both slugged out

a homer in the first inning, with the former enjoying a perfect day at bat with three for three.

Modest Kumao Shimamoto, Mutineer hurler, had the game under control at all times doling out only two hits.

## ROHWER SEEKS SECOND WIN

A group of 25 of Rohwer's top sumoist and their officials are traveling to Jerome today for a return match.

Heading the local sumo team will be the three "ose-kis", Victor Matsui, George Kagawa, and Hisao Nakahira. Will Kiriu, winner of the gold cup in the first meet by being undefeated, is again expected to give a good showing of himself.

The Rohwer "rasslers" were victorious in their first encounter, but they are expected to meet much stiffer competition due to the vigorous training the Jerome team has been going through. Also some of Jerome's better sumoists did not come here and with many hidden talents, surprises are in store for the locals. --Kaz Fukuya

## SHAGO MURAOKA NAMED NEW BASEBALL CZAR

With the departure of George Horita, who left Wednesday for Capac, Mich., Shago Muraoka has been appointed as the new baseball commissioner.

Shago, an athlete of his own right, is currently playing for the Stockton Yamato nine.

## 'D' League Entry Deadline Set

"D" league entry deadline has been set as Monday night, Bill Tokunaga, Issel sports commissioner, emphasized.

Only those of "D" league calibre will be allowed to play.

## Girl's All-Star Nine Hurls Challenge

The temporary girl's softball all-star team has issued a challenge to the Ad Personnel nine. If the challenge is accepted, the game will be played on Friday, July 16.

## Ad Personnel Plays Nagato Sunday

In the opening tilt of the second round of the State league, the Nagatos will face the newly entered Ad Personnel nine Sunday at diamond 4.

LIL DAN'L

by Himoto

Relocation life is not exactly a wholesome one for anyone but it has been beneficial in various, unusual ways. It has made individuals more conscious of little things.

Women spend hours walking along roads, looking for colored rocks to garnish the tin can flower pots at home. Men spend days carving grotesque pieces out of tree roots and trunks so that they have something to add to the atmosphere of their barrack homes.

City people who have had no farming experience patiently labor over their meager crop of radishes and cucumbers, enjoying the rapture of producing something in a world gone amuck with martial destruction.

Appreciation of simple things in the vast pattern that is life is the key to happiness in a concentrated sphere such as a relocation center.

OH, YES, LIFE

Life has its major and minor ups and downs. The evacuation was a major one and it has been preceded and succeeded by many minor ones. Curfews, contraband control, travel restrictions, breakdown of family unity, separation from friends and productive activities were "catastrophes."

On the credit side of the ledger, however, we have found many who are friends of democracy for equality's sake and not personal betterment. We have begun to understand the principles of cooperation for the benefit of the whole community—we have lessened the value of monetary rewards.

But there are crises that we must meet. Out of the doldrum of camp life, it is possible for a defeatist attitude to WPA or IWW beliefs to cling to our youths. We want the development of a philosophy of determination to carry us through the postwar period.

## EDITORIAL

# TOTALITARIAN BELIEFS

The recent visit of the newspaper and radio men into the Center to allow them the opportunity of seeing relocation life as it actually exists has resulted in the publication of many articles pertaining to the Rohwer and Jerome projects.

The uncensored news reports obtained by the uncensored press men indicate that the visitors were able to get factual and unprejudiced views of the conditions and effects noticeable here. However, on some points, their interpretations have not been entirely correct.

For example, one of the articles states that Buddhism is a "state religion which in its outward exemplification might be compared to the neo-paganism which the Nazis have devised to oust the Christian faiths in Germany -- truly a religious axis."

Buddhism is neither neo-pagan in concept nor an outgrowth of totalitarian beliefs. It is rather a spiritual belief, based upon the teachings of Buddha, who was born in India roughly about 2400 years ago.

As an international religion, Buddhism ranks in the numbers of adherents with Christianity and Mohammedanism. As a philosophy, it is recognized by some of the greatest minds in the world today.

Contrary to the general fallacious belief, the Buddhists do not worship idols or images. However, they do have ornate temples and lavish altars--similar to the Catholic churches.

The sermons and strict adherence to the teachings of Buddha, involving in a narrow sense, the following of the Eight Noble Paths, the liberal Buddhist Ten Commandments, are fundamental to the Buddhist creed.

A majority of the Center people profess Buddhism as their creed and it is true that most of them are the older residents. Over half of the nisei are Buddhist in background, and the trust that can be placed in a Christian nisei can just as safely be placed on a Buddhist nisei.

Let us not forget that it was religious intolerance that aided in peopling the North American continent and that the right to profess any religion (as long as it is not contrary to the welfare of the nation) is one of the basic ideals of democracy.
