

SHOPPING FOR XMAS REGULATED

Permission to leave the Center for Christmas shopping this season, according to the memorandum issued to all residents of the Center by Project Director E.B. Whitaker, will be governed by the following regulations.

It is necessary that shopping trips be held to a minimum for several reasons.

1. It is necessary to our local public acceptance that no large number of evacuees shop in any one town on any one day.

We must respect the natural feeling among neighboring townspeople that the Center's larger buying power should not be allowed to strip the shelves of their merchants.

All stocks are necessarily low and it is, of course, the first duty of any town's merchants to supply that town's people.

2. It is also necessary that shopping trips be kept to a minimum because of the wartime strain upon transportation facilities.

The War Relocation Authority will comply

Relocation Committees

Subject to the approval of the Community Council, Council Chairman Frank Arakawa appointed Friday the following as members of the Relocation Planning commission:

Councilmen Jisaburo Kasai, Fukuji Sasaki, Masao Itano, Suyemitsu Mochizuki, Zen-ichi Inamoto.

Block Manager Koichi Kamikawa and Henry T. Ishino of the defunct Jerome Relocation Guidance committee, Shigeichi Kubo of the Relocation office.

Chairman Kaoru Kamikawa of the block managers, Rev. Tatsuo Sakaguchi of the Community Christian Church, Hisajiro Kimura of the Buddhist Church.

Katsujiro Iseri of the Jerome Cooperative Enterprises, Inc., Sam Seno of Community Activities, Mrs. Michie Toshiyuki of the Parent-Teachers Association.

Umeichi Henmi of the Buddhist Friendship Society, Mrs. Sam Matsumoto of the YWCA, Rev. Gyodo Kono of the Young Buddhists Association, Rev. Shinpachi Kanow of the Protestant Fellowship.

Harold Ouchida of the Red Cross, Mrs. Sada Murayama of the USO, Dr. Joe D. Sasaki of the Boy Scouts Council, Joe Araki of the Catholic Church, Harry Shiramizu of the Tribune.

Project Director E.B. Whitaker appointed Friday the following as members of the Staff Relocation committee:

Acting Relocation Program Officer William C. Love as executive secretary, Evacuee Property Officer Gilbert F. Castleberry, Head Teacher Beryl Henry.

Reports Officer Charles K. Lynn, Property and Warehouse Officer Walter G. Merrifield, Welfare Counselor J. Lloyd Webb.

Assistant Farm Superintendent Louis E. Rice, Chief Medical Officer Dr. Douglas R. Collier, Student Teachers Supervisor Mrs. Maud H. Boen.

DEFINITE DECISION URGED

It is likely, in the opinion of WRA Director Dillon S. Myer in repatriation, that it will be very difficult, if not impossible, for persons to get their names removed after their names have been submitted to the Japanese Government and accepted by the Government. Evacuees should understand this clearly and be prepared to stand by their decisions.

Plans for further exchanges with Japan are still in the negotiation stage and it is not yet definitely known whether it will be possible to arrange further exchanges with Japan or, if so, what the sailing dates will be.

RELOCATION IS AIM OF WRA POLICY

"Relocation is a very important phase of our work," stressed Project Director E.B. Whitaker at Friday's joint meeting of staff, council and non-council representatives held at 20-1-A.

"Re-emphasis of the whole relocation program and the work of the commission or several commissions are going to have a tremendous influence on the success of the WRA program.

"An additional thing is that it is quite as important to the long-range plan for the future of Japanese-Americans in this country as we show our efforts in this relocation program.

"Relocation efforts are going to have a bearing on every individual and on each individual in that family.

"The responsibilities of the commission and committee cannot be over-emphasized.

Aides Wanted

All Nurse's Aides who have been employed in the hospital and are now in other positions and others who were Nurse's Aides in other Centers are asked to contact Chief Nurse Catherine C. Lerner at the local hospital.

"The hospital," stated Lerner, "is in dire need of Nurse's Aides. Eight of our present group are leaving within a week.

"We are also considering forming a Nurse Aide's class for older women who do not speak English, but who would like to do this work. Older women interested in organization of this class are kindly asked to see me this week."

Be Moderate

In view of the prevailing situation, exchange or interchange of Christmas gifts and New Year's presents during the Yuletide season among the residents should be moderated.

This is the sentiment expressed by the block managers at their meeting held Wednesday night.

Observing The End of The Beginning of 1943

December is the last month of the year--the end of the beginning of Anno Domini 1943. As it is, however, the month preceding the dawn of the New Year 1944, it is the month for taking an inventory of what we have done in 1943 and what we intend to do in 1944.

The devil may laugh if we speak of next year but it is better to plan ahead than never to have planned at all.

Now allow us to make suggestions for New Year's resolutions according to the alphabetical order in reverse gear, that is, from Z to A:

Z-eal is what we need in everything we do.

Y-earning about the past is like crying over spilled milk.

X-mas parcels should be mailed by December 10, if delivery is to be expected by December 25.

W-oman maketh the man. **W**-oodcutting is hard work but firewood keeps us warm.

V-entilation of one's grievances, if indulged in too often, will become a chronic disease.

U-SO is non-sectarian and supra-religious. It transcends rank, religion or region.

T-enacity of purpose is essential to success. **T**-axes, property or income, should be paid promptly.

S-hoe ration stamp may be secured by filling out an application and mailing it to the education office at 33-1-A.

R-owdyism should be suppressed. **Q**-uality of a man's deeds is superior to the quantity of his words.

P-olitics, especially of the petty variety, should be abhorred.

O-mnipotency, **O**-mnipresence and **O**-mniscience apply to the Supreme Being.

N-egligence in one's duties leads to the stagnation of the man himself.

M-ens sana in corpore sano. (A sound mind resides in a sound body).

L-aw and order are prime requisites for good government or administration.

K-indness in thought and action is a trait which one should cherish.

J-ingoism in journalism should be avoided.

I-deas are easy to formulate but their successful execution requires sweat, blood and tears.

H-ospital staff members merit cooperation from the residents in the observance of clinic hours and other medical, surgical, dental and optometrical engagements.

G-ratitude must always be carried in our minds and hearts and be shown in our thoughts and actions.

F-ire precautions must be strictly observed as firewood placed too close to the stoves may cause damages to property and even the loss of lives.

E-gotism should not be practiced.

THEY SAY-

KAISER WILLHELM II: I feared the pen of Lord Northcliffe more than I feared the sword of the soldier. (Lord Northcliffe exposed the Kaiser's plan for the construction of the Berlin-to-Baghdad railway).

MRS. ESTHER BRIESE-WEISTER, Japanese Division secretary of the National YWCA in New York City: In planning for the future we should take into consideration inter-society harmony and cooperation and inter-religious associations.

J. C. HOL LAND: Music was a thing of the soul--a rose-lipped shell that murmured of the eternal sea--a strange bird singing the songs of another shore.

ANONYMOUS: Ill wind flies fast. And so do gossips and unfounded rumors.

WILLIAM C. LOVE, Acting Relocation Program Officer: The purpose of resettlement is to relocate people in happy situations, instead of making the relocatees look back and feel that they have been mis-located.

Relocation is a problem which vitally concerns the residents themselves and should be handled more and more by them.

AVENUES LEADING TO RELOCATION

(Cont. from page 1)
Washington appreciate the contributions being made by the commission and committee as individuals and as groups.

"As project director I will help in whatever I can for the commission and committee."

Acting Relocation Program William C. Love explained the composition and functions of the Organization for Center Relocation Planning, thusly:

1. Relocation Planning commission composed of council and non-council members appointed by the Council for coordinating the thinking, activities and plans on resettlement with the other two committees.

2. Relocation committee composed of administrative staff members appointed by the project director for considering discussions on evacuee reactions to resettlement plans and policies.

3. Relocation Executive board composed of three representatives each from the Relocation Planning commission and the Relocation committee and the executive secretaries of the two committees.

Serving at the discretion of the project director, the Relocation Executive board functions as the advisory body of the Relocation Planning commission and the Staff Relocation committee.

"The problem of relocation is now," Love emphasized, "outside of the experimental stage and is taking a new phase."

"Relocation is voluntary until such time as some policy is formulated by Congress, the WRA or by the cool thinking of the evacuees."

"The primary object of the WRA, however, is relocation. The evacuees must ultimately find their place in American society. Resettlement is their vital concern. Relocation will help them to make use of their skills in various phases of work."

Following Love's explanation of the three new relocation committees, Project Director Whitaker formally dissolved the Jerome Relocation Guidance committee with thanks, expressing his deep appreciation for what the committee has done for resettlement as a group and as individuals.

Council Chairman Arakawa then appointed, subject to the approval of the Community Council, 17 new members to the Relocation Planning commission. Appointments of Councilmen Jisaburo Kasai, Fukuji Sasaki and Masao Itano, Block Manager Koichi Kamikawa, Henry T. Ishino and Shigeoichi Kubo were approved by the Council at last Wednesday's regular session.

Kasai served as temporary chairman of the Relocation Planning commission with Ellen A. Noguchi as temporary executive secretary.

Pending approval of the Council at tomorrow afternoon's regular session at 14-9-A, the formal organization of the Relocation Planning commission is expected to be effected in the near future.

XMAS SHOPPING IS REGULATED

with the request of the Federal government not to issue leave of any kind between December 17 and January 10, excepting:

a. Indefinite leaves will be granted without interruption.

b. Short-term leaves will be granted only to the wives, mothers and fathers of soldiers in order that they may visit the soldiers in question.

The following regulations will govern all day-passes during the Christmas shopping

period between December 8 and 17 inclusive:

Three persons from each block will be granted day-passes each day during this period.

Their names must be submitted to the Internal Security office by 6 p.m. of the day preceding the day on which they are to leave the Center.

The names must be turned in by and approved by the block manager of each block. They may be selected in any way that the individual block sees fit.

Each individual must be checked through the Leaves Office, but this will be done by Internal Security which will issue all day-passes during this period.

Internal Security will be responsible for seeing to it that too many persons do not go to any one town and insofar as possible it will issue leave according to request.

No day-passes will be issued for Saturday, December 11.

Leave will not be granted for McGehee, which is the only shopping center for the Rohwer project.

Government regulations will prevent the WRA from supplying any government transportation.

Normal short-term passes will be issued as usual during this shopping period (December 8-17) where there is legitimate cause, but no short-term passes will be issued for shopping trips to any point.

PVT. AWAKUNI DEFIES DEATH

Under the three-column two-line head "Japanese Troops in U. S. Army Are Playing Heroic Role in Italy," the Toledo Times (Ohio) in its October 27, 1943 edition carried the following John Lardner by-lined story:

WITH THE AMERICAN ARMY ADVANCED FORCES IN ITALY, Oct. 25 (Delayed) (NANA)--There is a unit of American-Japanese soldiers fighting the Germans over a sector of the Allied front line here. We found them bivouacked in a sunny tomato field on an Italian farm beyond the north fork of the Volturna river. German shells were dropping in the bottom land and also around a crumbling castle on the hill just above.

The Japanese had completed one month of battle in this land half-way around the world from their homes in Hawaii. The net verdict of other troops in the sector is that they are very good soldiers, noteworthy especially for their aggressiveness and stamina.

They looked good. They were neat and alert and said "Good morning" cheerfully as we walked toward their camp over the country roads and sunken lanes and olive groves of Campania.

ROCKET STOPS TANK

Near a solitary house by a curve in the road stood an enemy tank, full of holes outside and full blood inside. When we reached the camp a little farther on the unit commander, Lieut. Col. Farrant Turner of Honolulu was taking notes on the story of Private Masao Awakuni, a bazooka gunner who shot up this tank.

The bazooka, as you may know, will raise hell with a tank but the gunner must be pretty close and tanks are not comfortable to be close to.

With only the road bend for cover Private Awakuni got within 25 feet. He sighted along the big, grotesque tube, fired the rocket shell which leaves a wake of flame, killed the tank's gunner. His next shells emptied the vehicle. The crew of the tank was incautious enough to start talking in the gully behind the tank Awakuni's sharp-eyed mates piled them with grenades. It was a nice haul.

"What Awakuni did needs a good soldier," said Colonel Turner. "These fellows are all very good."

Colonel Turner, born and raised in Hawaii himself, feels his Hawaiian Japanese are fighting a crusade for Americans and Japanese descent as well as killing Germans for democracy. He brought them here from Hawaii himself by way of the training ground at Camp McCoy in the United States. They are the first combat group ever to leave Hawaii, the first American-Japanese unit to be trained in this war and the first Japanese to fight in American uniform abroad.

They are all second or third generation Japanese, known in Hawaii as nisei and sansei. Mistrusted after Pearl Harbor their aim, according to their officers, is of whom are Japanese, is to prove beyond question they can fight loyally and well, and thus directly protect the honor and reputation of Japanese in America.

This impulse seems to make them fight

ANGELS SHY ON FOOT LINE, TIE PACKERS, 0-0

Tom Nakayama's Angels behaved slightly too well deep in enemy territory on two occasions and had to be content with a scoreless 0-0 tie against a fighting Packer eleven Sunday afternoon.

Those Angels should have gotten a certificate for good behavior. The squad was on its opponents' two-foot line and 10-inch line but just couldn't get the ball over in the final quarter.

The "gun" saved Sus Ishikawa's Packers from a possible defeat in the final period when the Angels had the ball on the 10-inch mark with two more tries to go.

Nakayama's lads had a potential score in the opening seconds of the game when they tried the "sleeper" in the first play of the tussle, but Iwao Nakayama's aerial to end Sus Enkoji fell short.

Eddie Yumikura, Yas Maeda who quick kicked for 55 yards, Eddie Ushiro, Mas Nakamura, Shim Yagi and Kenneth Noma made themselves quite active in the game for the Angels while the Packers' Bob Nakashima, Ben Shimazu, Kaname Matoi, Eddie Makimoto, and the two Tanakas, Hank and Frank were doing the same.

The Angels collected eight first downs to the Packers' three first downs.

BLOCK 3 CHALKS UP ANOTHER WIN

Block 3's mixed team again walked away with another volleyball victory by beating Block 43, 15-7 and 15-2, Sunday.

The Coronets dumped the Block 11 volleyballers by scores of 15-8, 15-15 and 15-14.

Nakaji's Conversion Wins Tussle for Denson Knights

Calvin Nakaji's drop kicked conversion after touchdown split the uprights perfectly in the final period and proved to be the deciding point which gave Terry Chono's Denson Knights their first win in four starts Sunday when they trimmed Hawaii, 7-6, on the Block 21 gridiron.

Hawaii had a 6-0 lead for three quarters with a score in the first panel.

SHIRO MURATA LEADS VICTORS TO SURPRISE WIN OVER LEADERS

Yo Murata's thrice beaten Bulldogs pulled the league's biggest upset of the season and shattered their opponents' dreams of an undefeated campaign by handing the hitherto undefeated, untied and unscored upon Hornet eleven its first "stinging" defeat by a baseball score of 8-7 Saturday afternoon before a large group of astonished football followers on the Block 21 field.

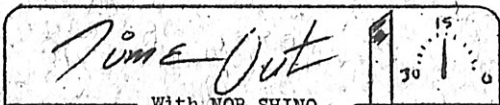

A "mad" Bulldog lad named Shiro Murata was the guy who engineered his squad to the surprising win and delivered most of the decisive blows with his spectacular running and pass interceptions.

Those unexpectedly triumphant Bulldogs became the first team to score against the classy Hornet forward wall and secondary in the first quarter when the hard-barging Bulldog line blocked Harold Yoshimura's punt on the two-yard line which was recovered by Hornets' Roy Yamana in the end zone for a safety and gave the Bulldogs a 2-0 lead.

Hornets' Akira Taniguchi reeled off 45 yards to the two-inch mark in the second period after intercepting a stray pass to set up the only TD made by the losers. Yoshimura went to his right for the pay-off. The conversion was good on, and end sweep by Yoshimura.

At half-time the victors were trailing, 7-2.

Shiro Murata "swiped" a Hornet aerial on his own 18-yard stripe and streaked down the sidelines to the 19-yard mark in enemy territory for a 63 yard jaunt which ended up in a score for the Bulldogs in the third period in seven plays. Murata plowed for one yard. Tadao Adachi lugged the leather for a eight-yard gain, one yard short of a first down. Murata drove for three yards to the seven and a first down. Again Murata carried the porker to the two, failed to gain on second down and went to the two-inch line from where Showph Horie chalked up the decisive six points on a quarterback sneak.

BULLDOGS FINALLY "DOOD IT"--After grunting and growling for three consecutive games which netted them three "gruesome" setbacks, the once "tame" Bulldogs got "mad" and surprisingly bit a big hunk out of the highly-touted Hornets Saturday. The defeat hurt the title-bound Hornets plenty. Those Angels have their eyes on the crown, too.

FIRST, FIRST--The Bulldogs were the first to trample the Hornets and first to score against them. It was their first victory which they well deserved and they hope not to be in first place at the bottom when the season ends.

PREP CASABA PRACTICE BEGINS--The Tiger cage team is looking forward for a successful campaign when they begin practice tomorrow under the tutorage of Coach Yas Chono.

CAMP SAVAGE NEEDS RECRUITS

Capt. Paul F. Rusch, director of personnel of Camp Savage, Minnesota, will arrive here December 18 "for approximately two days to interest and recruit as many qualified Americans of Japanese ancestry as is possible to be quickly inducted for Camp Savage."

He will be accompanied by Technical sergeants Ronald T. Chagami and Morio Nishita. Captain Rusch's letter to the project director, in part, said:

"As this may be our last opportunity to interview Jerome Center men for voluntary induction, it is our hope that Jerome will really make a record showing."

In connection with volunteering for Camp Savage, Project Director E. B. Whitaker stressed:

"The importance of this work cannot be over-emphasized. This is a golden opportunity for citizens who qualify."

The United States Army has issued the following message addressed to American men of Japanese ancestry between the ages of 18 and 38:

"SERVE YOUR FLAG AND YOUR COUNTRY. Many of you have special qualifications which fit you for valuable Army service as soldier interpreters and translators."

"If you can speak or read the Japanese language and are in good health, you are directed to inquire at once (at the Relocation Office, Hall 36)."
