They Are Numbered Among Democracy's Best Fighters

THE HERALD - NEWS, Passaio, N. J.--We need no further proof than that which comes from Italy, that Hawaiian soldiers of Japanese descent deserve to be numbered among democracy's best fighters.

Their officers tell us that these men are as good as the best, and that they have demonstrated their fighting qualities in some of the hardest buttles American dough-

boys have seen.

They withstood withering fire on the beaches of Salerno, and advanced, with their comrades, into Nazi Winter line. They measure up to any other troops in endurance, courage and ability.
