

Dermott Bank Cashes Checks

Checks to the amount of approximately 3,000 were cashed yesterday morning by representatives of the Exchange Bank in Dermott at the Denson Post office, disclosed Thomas B. Lyle, Agent cashier.

Gaither Johnson and Harold Harder, both connected with the Dermott bank, handled the cashing of treasury, personal and traveler checks.

"It is hoped that purchases made at the local canteen with this money will enable the canteen to handle and cash quite a few of the checks, thereby saving the additional trouble of having bankers come out for this purpose," Lyle stated.

First Rain in Center Taxes Ingenuity

It rained early yesterday morning. Nothing important in that, except that it was the first rain since the opening of the Center Oct. 7. Oh yes, there were a few light drops before, but yesterday's was the first actual rain which could have been measured.

As far as the rain was concerned, that's all there was to it. It rained. But--the consequences certainly provided a problem for Center residents.

And there wasn't any problem as long as they remained in the buildings. Outside, it was another story.

On their way to the washrooms and the dining halls, residents picked up from two to three inches of the sticky adobe mud which was tediously scraped off at each door stop.

Left to their own ingenuity, residents utilized scraps of wood, cardboard and gravel to make paths to the essential block buildings. And when the next rain comes, Center citizens will be better prepared to meet its consequences.
