# CENTER SHOE RATION OFFICE KEPT BUSY

Applications for shoe ration certificates have been pouring into the local office since the program was started-last Friday.

The evacuees have been unable to purchase shoes since February 7 when the government suddenly put shoes under rationing.

Administrative Officer James H. Wells, in charge of the program here, asked residents to refrain from applying for certificates unless they are in immediate need of shoes. The certificates issued here are only valid for 30 days after date of issuance.

Persons going out on indefinite leaves should not apply for certificates unless they plan to purchase shoes before leaving since the shoe. ration stamps will be removed from Coupon Book 17 if they are issued certificates. .

Application forms are available in the Ill. block managers' offices. The forms ere should contact the should be mailed. . tails.

#### A SIGN

# Democracy Today

(To Amend the Estionality Act of 1940) Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that Section 303 of the Nationality Act of 1940, approved October 14, 1940 (54 Stat. 1142, 8 U.S.C.

703), be, and hereby is, amended by striking out the said section and enacting a new section replacing it to read as follows: "The right of a person to become a naturalized citizen of the United States shall not be denied or abridged because of race, color, creed or national origin."

Introduced by Congressman Vito Warcantino, the Japanese American Committee for

Democracy commented as follows:

"The passage of this bill will establish the equality of the Asiatic people with all other people, thus providing a fundamental basis for ending discrimination because of race, color, creed or national origin.

"It will for the first time recognize the Asiatic people in America as part of the whole American people and will lead to full integration into the national life of our country and its war effort, strengthening national unity and our allout production program for victory.

"It will strike a tremendous blow at the Axis and against Axis propaganda by discarding a false and arbitrary differentiation between people of different races, and proving that America is engaged in a real people's war for a peace based on true democracy."

# Monsters Enjoy Lownpour

you. see the "monsters" walking around in your neighborhood Tuesday during the downpour?

While residents were sourrying for cover, those "monsters" were enjoying the rain, shouting and laughing.

Some of the robotlike "monsters" walked in doubles while most of them romped singly. The heavier the

rain, the more they seemed to like it.

The "monsters" were just school children within the shelter of empty cardboard boxes, originally containing folding chairs.

Peep holes were cut in front by the children so that they could see,

#### IRRIGATOR NOW PRINTED

The Minidoka Irrigator became the third relocation center newspaper to go into printed stage, the first such issue coming late last month.

NAMESAKE?

A resident in our block says that we 've insulted his son by naming RAK's cartoon character Denny.

And here we thought we were honoring all the Dennys in the Center by selecting that name. HELP WANTED

Cellophane is an indispensable item in the publication of a mimeograph newspaper.

Since it is almost impossible to obtain cellophane in any bulk, we've been using cellophane from candy and cigarette wrappers.

No matter how small or how large the cellophane pieces may be, we can use them, so we'd appreciate italot if residents would save them and bring them in to the TRIBUNE office.

And when you do visit the office, you might be interested in glancing over some of the other relocation center papers. MOVING THINGS

After three months of patient (?) waiting, the Japanese section finally got three tables Tuesday.

A couple of hours of moving things to suit their taste followed.

In all probability, the rearranging will continue for a few more days.

# Some Slicing

Yes, momnie was elated when she received brand new orispy 5 bill for a birthday present.

It meant a new pair of shoes or perhaps a few pairs of stockings for herself.

Everything was all right until the greenback increased into two pieces. How did it happen? Wouldn't you like to know?

Well, it happened like this. Little Poggy, just three years old, who simply loves to snip anything she can get a hold of, brought out a pair of scissors and neatly sliced the envelope containing the bill in two. Just like that.

When mommie discovered the mischief, it too late-for there on the floor was the 35 bill in two nest pieces.

## LETTERS TO THE EDITOR-2

To the Editor:

Yes, it is true that there prevails a demand for workers, but surely not many employers will take the time and effort to obtain Japanese Americans now interned in relocation camps as employees.

Those of you seeking outside employment should try everything within your power to expedite wear release end give prempt and definite answers to employers.

It isn't fair to them to keep positions open indefinitely and

perhaps later learn that the expected workers were unable to obtain .their releases.

It is true that living costs have inoreased and rationing of certain foods and goods have taken place. but these are to be expected in wartime.

However, I feel certain that any one coming here with a little initiative and the will to work will be able to meet all his needs.

The road was cleared Henry by the Center engi- and neering crew. It is head.

THEN LET IT RAIN

To offset the disadvantages of Arkansas weather, the thing we really need here is an auditorium.

Opening basketball games in all leagues with the exception of the Hare-Skipper tussle have been postponed so often be-cause of inclement weather that the fans as well as the players are beginning to moan lower than ever for a gymnasium.

ADVANTAGES MANY The advantages of having an auditorium are obvious, but it takes a lot of dough to build one. Maybe that's the big reason we don't have one here.

HEART'S DESIRE ...

With an estimated sesting capacity of 1000, the Heart Mountain auditorium will be ready in approximately 60 days.

The 45 feet by 95 set floor can be feet floor can used as one regulation casaba court or may be divided into three cress courts.

Shower rooms for both men and women will be located under the stage.

The building, complete with a stags, will be 80 feet by 153 feet.

#### WEATHER RAISES HAVOC WITH CASABA SCHEDULES

Unpredictable weathconditions have raised havoc with the Center's three basketball leagues which were to have gotten underway two weeks ago.

Thus far, there has been only one game played, that one being the Hare-Skipper tilt which was won by the Skippers, 20-16, last week.

Although contests cannot be scheduled definitely because of the weather, teams will play off their games whenever suit-able times can be arranged during the week.

Basketball managers

are requested by Frank Kebo, casaba head, to contact him for arrangements on refores, timekeeper and court after they have settled on the date and time for the games.

#### FORT CUSTER

## NISELGET WRITEUP

As an example of the fine record maintained by the misei soldiers now in Unole Sam's armed forces, the boys stationed at Fort Custer, Mich., rated a commendable writiup, complete with pictures, in the Battle Greek Enquirer and News Sunday.

The occasion was in observation of their year's service with the post headquarters

company in Battle Creek.

Termed "model soldiers" by their commanding officer, Capt. Bayard J. Alps, the boys were praised for their military record as "probably unequalled by any other organization on the post." There are 59 misei in the headquarters detachment and 22 assigned to the medical section of the station hospital.

"An amazing part of the record of these men is the fact that since coming here not a single one has been guilty of any infraction of military laws. None has gone AWCL or has over been confined to the guardhouse," Cart. Alps was quoted by the paper.

Capt. Arthur W. Clausen, company officer, revealed that the skepticism apparent upon arrival of the Japanese soldiers a year ago, was eliminated quickly and that "they speedily won the high esteem of their Caucasian buddies, and have been completely house 2. и. беждеров

As in all other military posts in the country where misel servicemen are stationed, the men share the same barracks with Caucasian soldiers, ast at the same table and join in the same appivities.

The boys were said to be outstanding in athletics, and as having "won four positions on the basketball team this year and finished third in inter-company competition."

Typical of the attitude of the nisei soldiers, the boys told the reporter that so much depended on their service in the Army that they were out to do their utmost for an early Allied victory.
