## HIGH COURT RULES EXODUS CONSTITUTIONAL

## New Timekeeping Rules Announced by WRA

Changes in the payroll and timekeeping procedures put into effect as a result of teletypes from Washington, D.C., received here within the pest few months have been incorporated in an administrative instruction released by WRA on June 10.

The instruction states that any worker absent for more than three days must so-

cure a doctor's certificate and limits Four Leave sick leave to 15 days for any one illness. For Army

Outside workers. except those paid on part-time basis, who report for duty and in the judgment of the division head are urable to work because of weather conditions, will be given authorized absence for the day and will be paid for such time, but workers excused for reasons other than illness and bad weather will be given "leave without pay" and will not be paid for such time.

The instruction also provides that evacuees inducted inthe Army may re-(cont. on page 6)

#### Denson Girls Get Thanks

The recent visitors to Camp Shelby and all those who helped to make the trip a success were thanked in a letter received this week from Col. C.W. Pence, commander of the 442 infantry.

Writing in bohalf of the nisei combat team, Col. Pence described the woekend visit as a "most distinctive occasion."

"The attractiveness, gentle demeanor and conduct of the girls were outstand-ing," it was stated of the 83 Denson and Rohwer guests who responded to the servicemen's invitation.

# Physicals

Four local volunteers for the allnisei combat team will leave Denson Thursday morning for Little Rock to take their physical examinations. They are Akira Iwatsuru, Mac Hata, James Masamitsu and Richard Itanagae

Harry Hoshiko, who left for employment in Chicago, Ill., three months ago, will also report for induction at his local board.

Notices of approval from Washington, D.C., arrived in Lake Village for Koo Ito, Eso Masuda and Harry Oda Saturday. They are awaiting reclas- : sification from their California boards.

Nine others are also awaiting their reclassification.

#### WEST COAST CURFEW, EXCLUSION FOR ALL JAPANESE UPHELD

The Supreme Court held constitutional on June 21 military regulations imposing the West Coast curfew on all persons of Japanese ancestry and excluding them from specified areas, according to an Associated Press dispetch.

Chief Justice Stone delivered the opinion on a challenge of the regulations by two American-born porsons of Japanese ancestry, who contended they were citizens of this country against whom the restrictions could not constitutionally be applied.

Stone asserted that "in case of threatened danger requiring prompt action it is a choice between inflicting obviously needless hardships on the many or sitting passive and unresisting in the presence of that threat."

"We think," Stone added, "that constitutional government in time of war, is not powerless and does not compel so hard a choice if those charged with the responsibility of our national defense have reasonable ground for believing that the threat is real."

"The challenged orders," Stone said, . "were defense measures for the avowed purpose of safeguarding the military area in question, at a time of threatened air raids and invasion by the Japanese forces, from the danger of sabotage and espionage."

Those challenging the regulations were Gordon Kiyoshi Hirabayashi of Seattle and Minoru Yasui of Portland, Cre. Hirabayashi, a senior at the University of Washington at the timo of his arrest, was sentenced to three months' imprisonment for violating the curfew regulations and for failing to report to an assembly center. Yasui, a graduate of the University of Oregon, was sentenced to one year's imprisonment and fined \$5000 for violating the curfew regulation.

Approximately 70,000 American citizens of Japanese ancestry were evacuated from

their homes under the orders.

#### KAY KAWACHI HEADS RELOCATION COMMITTEE

Kay Kawachi was elected to head the Center relocation committee at its organizational meeting called by Project Director tional meeting called by Project Dire Paul A. Taylor Thursday in his office.

The 10-man committee, chosen by the Director upon the recommendation of both

evacuees and the appointed personnel, will assist in hesettlement by carrying out a relocation guidance program within the Center.

According to figures released as of June

24, approximately 725 persons are now out on indefinite and seasonal leaves from this Project.

Stores Close Two Days

All Center Co-op stores and warehouses will close Thursday and Friday so the semi-annual inventory may be taken.

It is necessary to close two days since a complete inventory must be taken before the official start of the Co-op organization, Ryuichi Murakami, general manager, said.

#### EVACUEES MUST

Prepare Wisely

The persons of Japaneso anoestry in this country are on trial before the American public. Literally, every move made by a member of this group is watched with curiosity and an opinion, whether fair or not, is usually formed by the observer and passed on to others. Sometimes the opinions are favorable, sometimes they are unfavorable.

It is true that in many instances a member of this vast jury is biased or has pre-conceived ideas about the evacuees. But the majority of the American people who have had no previous knowledge or contact with these Pearl Harbor-created victims of circumstance, are willing to withhold their final judgment until they have actually seen the evacuees prove they are all that their supporters claim they are, or until a defendant "hangs himself."

Since the average person will judge the entire group of persons of Japanese ancestry by the conduct of one or two with whom he deals or comes into contact with, creating a good impression is highly important.

In Chicago where the greatest number of evacuees have gone to resettle, many employers have coined a name for the nise who go jumping from one job to another. They are called "sixweek Japs." In our precarious position when prejudiced but influential individuals and organizations are waiting to seize every opportunity to discredit and "expose" the evacuees, such whimsical behavior is foolhardy.

It is true many of these cases of job-changing may not result from irresponsibility, but because the porson is maladjusted to his position. The WRA is urgi.ng the hegiraians to leave the centers as soon as possible, but at the same time, they advocate wise resettlement. Careful consideration should be given to a job offer before it is accepted. The prospective resettler should accept the type of work for which he is suited and has a natural interest in.

With the approval of a WRA field officer, those with skills or experience in a certain line of worl: are being permitted to leave without a definite job offer so they may personally "look things over"--thereby increasing his chances of being well adjusted.

Those of the younger group who are unskilled or have never held a job face a more difficult problem. They are at the stage when they are undecided as to what they would like to work at. However, irregardless of how they may fare, they must always remember that there is an unwritten code of employeremployee relationship ethics

which should not be violated.

Although their present read is rooky, the evacuees' real struggle for existence will begin after the war is over. Jobs will not go begging then. The evacuees will have to compete with millions of returning servicemen. What chance would a "six-week Jap" have against a man who faced death to defend his country? The evacuees must prepare wisely for the post-war period.

GOOD IMPRESSION

When Janet Bush sang in Dining Hall 23 last week, it proved to be quite a musical evening with the Sene brothers doing their share.

After Miss Bush had finished her solos, she led the audience in singing popular favorites.

Then George Seno led "There's A Star-Spangled Banner Waving Somewhere."

Miss Bush and George Seno teemed up to sing "Smoke Gebs in Your Eyes" which was followed by the labter's solo of "White Christmas."

Final number of the evening was "Old Man River" by Shugo Sem-

All in all, it was an enjoyable night for Center residents who attended.

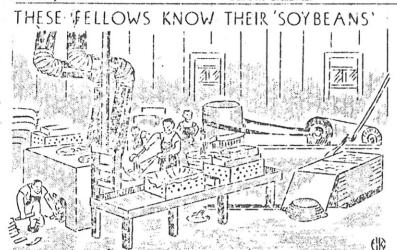

WONTHY LIMERPRISE

On his can initiative and at his own expense, Harry Miyake of Gila has been making a tour of several states to locate good truck farming areas for large families.

He himself has five children and knowing the predicament faced by many other families of similar size, Miyake has undertaken to discover localities suited for truck farming.

Such investigatory work might well be supported by the WRA with good results.

The manufacture of tofu for the Center's 33 kitchens is shown in the above sketch by a staff artist. Under the direction of Gonshiro Harada, 600 cakes of the soyhean product are made daily. The factory is located in Dining Hall 36. Thirteen men are employed on the project.

## Men Fearlessly Exhibit

During these warm days, fearless, unself conscious men boldly parade around the grounds exposing their rugged "ashi" which are none too straight, while the modest women try their best to keep their so called "daikons" covered.

#### Telegram Received

Regret over the Supreme Court's decision regarding the evacuation was expressed by the Seattle Fellowship of Reconciliation in a telegram to the TRIB-UNE this week.

"We deeply regret the Supreme Court decision upholding the constitutionality of the evacuation policy. We want you to know of our continuing friendship and our resolve to ot' keep on working in every way possible for a restoration of that historic Americanism which holds all citizens under the law." In California, the women wore the shorts. But since their logs are not appreciated, here, in Arkansas, they are letting the men take the beating for a while.

"We'll give them too much competition" is the attitude some of the fermes take, on the other hand, "My legs look more like a 'daikon' than a 'daikon' does" is the report from others.

According to some

Their Legs

students, a certain mathematics instructstarted the fad or when he came to school in shorts. At first the pupils pointed and said, "Lookee, teacher, your legs are showing!" but now they, themselves, are discovering that their legs are carbon copies.

## CO-OP ( INFO

The successful democratic operation of any consumers' cooperative depends a great deal on voluntary work by responsible conscientious members. In this Center we should recognize and appreciate the unstirting service of the co-op delegates and other voluntary workers. They are giving freely of their time and abilities in explaining the aims and methods of the Jerome Co-operative Enterprises to their respective block members.

In this connection a co-op team has been going around to each block five nights a week, explaining the co-op set-up here. The regular members of this team, which like all other voluntary workers receive no financial remuneration, are Katsujiro Iseri, Ryuichi Murakami, Kaoru Kamikawa, Masatada Ikeda and Torato Hoshiko. Hiroshi Sakuma and Mauritz Erkkila also occasionally assist this regular team.

OUT ICWA WAY

There seems to be a good deal of interest in Iowa lately regarding evacuee resettlement. The Des Moines Registrar is being acclaimed for its favorable approach on the matter and in holping to create a receptive attitude among its natives. Half of the problem would be solved if the Iowans had any idea what the Japanese people were like, we are told. Already many have wholeheartedly cooperated with the relocation progrem after coming in contact with the evacuees.

HAWKEYES INVITE

The Iowa vegetable growers' association has expressed particular interest in using evacuee labor to relieve their manpower shortage this seeson. So in order to introduce a Japanese family to the Hawkeye farmers, the association has extended us the following invitation:

One evacuee family, willing to stay in Iowa, to come and meet the people at a barbeque picnic at Clear Lake on July 1 with all expenses paid. Well?

GO EAST, YOUNG MAN

In almost every city where the Japanese have been well received, jobs seem to be plentiful and housing seems to be scarce. Five thouscarce. sand more people could be readily absorbed if housing could be found, it is estimated. Family groups find it especially difficult to secure living quarters. The not so crowded larger cities in the New England, states have been recommended as some of the more promising relocation areas.

#### farm Help Needed INDIANA MAN ISSUES CALL

Two couples, with or without children, or eight single men are needed by William Gehrig for ferm work in Medaryvillo, Ind., approximately 90 miles southeast Chicago.

A 16 feet by 48 feet barrack, pertitioned in the center, with a double chimney, baths, mattress, tables and wood and coal stoves is furnished.

The pay ranges from 55 cents to 70 cents per hour for men and 45 cents per hour for women. Higher wages are offered to tractor operators.

If the first workers are satisfactory, there will be openings for at least 100 American Japanese for 1944. Gehrig has a sound reputation for paying his employees well, it was said.

"The hourly wage may not be the highest, but living costs are lower and a worker can save more money on this job. These jobs should be made into year-around jobs at good pay if the men will do their part, informed Elmer L. Shirrell, relocation supervisor.

Letters should be written directly to William Gehrig, Medaryville, Ind.

## Florin Downs Bowles To Take A League Lead

#### JIM TANIGAWA PACES TEAM BY HURLING SIX-HIT BALL

- Halting Bowles' smooth-running machine with six hits, Florin's youthful Jim Tanigawa was in rare form as he led his teammates to a 7-1 victory under thundering clouds Sunday to take undisputed leadership of the A league.

Only 30 Bowles men faced the slants of

Florin played errorless ball throughout the game and completed two twin killings in the fifth and sixth frames to erase potential Bowles rallies.

In the initial inning, diminutive but powerful leadoff man Bill Tsukamoto opened with a single, stole second and was sacrificed to third by Dick Kurima. Mac Kurima grounded out to third enabling Tsukamoto to score.

Hiro Tahara also tallied in the same canto to sew up the tilt. The winners scored four times in the seventh and once in the eighth.

The Bowles lone run came in the fifth when Fred Taniguchi connected with one of Tanigawa's fast ones to deep left for a homer.

Jim Takigawa continued his batting spree, collecting two blows in three appearances at the plate to keep his avorage well above .500.

Fireball artist Tak Abo hung up a 4-3 victory for Fresno over the "hot and cold" Hawaiians in a B loop tussle Sunday.

Hurling offective ball throughout the game, it was one of Abo's best performances of the season.

With the score, 4-3, the Islanders' last hopes of scoring in the last stanza were quelled as the Fresno hurler struck out two pinch hitters with a man on second.

#### BENEFIT TILT SLATED TONIGHT

A pickup team from the B loop will take on the youthful Denson high nine this evening at 6:15 in a benefit tilt to cover expenses for the high school lads to make a trip to Rohwer in the near future.

Four moundmen, Tak Abo of Fresno, Thomas Kawamura of Hawaii. Mike Sasaki of Long Beach, and Ted Sekikawa of Elk Grove are slated to take the hill for the pickup squad. Catching the slants from the quartet of hurlers will be Mas Mitsui of Fresno, Takimi Okinaka of Hawaii, Mas Dobashi of Madera, and Tom Sakaguchi of Hanford.

Tom Urabe or Jim Tanigawa is the probable starting hurler for Denson high with Kenji Norikane behind

the plate.

RELOCATION HITS A LEAGUE -- At the rate the fellows are leaving the Center, perhaps, the A baseball league will be composed of up and coming Bees. Long Beach seems to be the team without a team, having more regulars than any other team.

ARE WE DREAMING? -- Perhaps, we'll see games from bleachers so that there'll be less suffering from sore legs and Arkansas ultra-violet rays. We also would like

to sip water out of a flowing pipeline. LEADING: BID FOR THE B CROWN--Fowler's hardhitting nine with reliable Tom Urabe on the mound paces the B loop with six wins and one loss ..

#### Elk Grove Comeback

Elk Grove obliterated a 9-0 deficit subdue Madera, 12-11, in a wild B loop tilt Thursday.

The losers chased Elk Grave's twirler James Shimosaka for five tallies before Teddy Sekikawa came to the rescue. Sekikawa hurled the remainder of the tilt and was the winning pitcher.

Elk Grove knocked pitcher Johnny Iwata off the mound in the sixth canto when they pushed across six runs for the tying and winning runs after scoring in the second frame and one in the fourth stanza.
