FRIENDS ON THE "OUTSIDE" CONTINUE TO HELP KEEP THE MORALE OF POSTONIANS HIGH

Further evidence of friends on the "outside" helping to keep the morale of Postonians are Mr. and Mrs. Winfield T. Freitas, according to the latest report received by the Press Bulletin.

Mr. and Mrs. Freitas, well-known residents of San Juan Bautista, California, have already collected \$25.00 for the purchase of baseball equipment to be distributed in Poston. They answered the appeal made by Kenny Murase, former Unit 3 resident now attending school in Philadelphia, whose letter stated the lack of recreational facilities for young people appeared in the "Safety Valve" columns of the San Francisco Chronicle. The Freitas immediately took up the appeal and started the "Murase baseball fund" among his friends.

The influential residents of San Benito County numbers among their dearest friends many Nisei and Issei, Majority of them who are now residing in Unit 1 while others were evacuated into the Rocky Mountain areas.

ROVING REPORTER EATING IS MY PROBLEM

The roving reporter again went in search of his victims. And this time, he caught hold of the top four candidates of the latest queen contest, and he asked them, "How do you feel now that you are one of the top four candidates of Boston III, and how do you feel about your sponsors?" Replies were:

NELLIE NAGANO:
 "Personally I don't deserve being up there and feel flattered for being chosen among the first four candidates.

I wish to express my gratefulness to my sponsors and all supporters who worked so hard to place me. I think I had some very good campaigners by the fact that they boosted me up from 8th to 4th place."

SHIZU YAKASHITA:
 "I am happy that I was one of the lucky four, and I am very grateful to my sponsors, the Drama Club, for their kindness and their untiring effort to place me."

BETTY JANE NAKASHIMA:
 "I couldn't believe at first that I was selected as one of the four candidates. I don't know what to say but it seems too good to be true. I'm happy that my wish for the army boys to be able to visit here has come true. I don't know who everyone of my supporters were but I wish to thank each and everyone who so faithfully supported me."

KIMI YOSHIMURA:
 "I feel very happy to have been chosen as one of the queen candidates and to my sponsor and many friends I'd like to take this opportunity to thank them for the support they have given me.

Eating my meals is one big task, What I need is a blind-folding mask. Oh, you lucky people on the outside, Don't know what I have to abide.

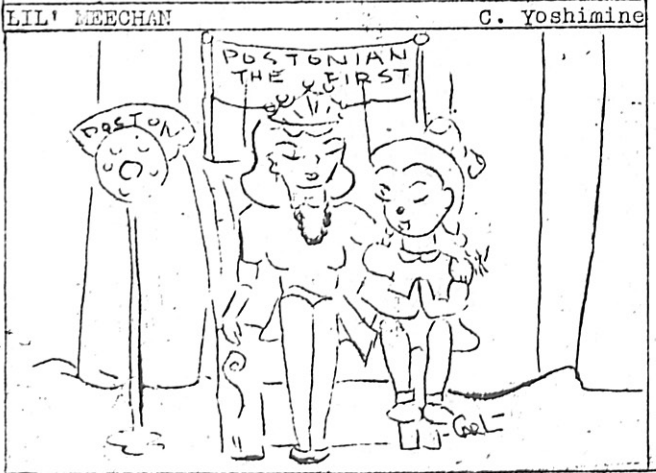

Here's what happens when I eat each day, Hungry as a bear, I start in right away. With a rusted fork I take a big bite, One look at the plate, I lose my appetite.

It's not the cooking that I abhor. Cooks are improving in this war. But I really do hate jello and fish mixed with soup in my flat dish.

Plates are scarce, Priorities, I guess But golly, oh losses, that plate is a mess. Scooping up jello with my tablespoon, I taste fish in my mouth, then I swoon.

Some say our food will be mixed in the end. As for that mixing, my stomach will tend. Now when I eat the food on my plate I expect mush with my eggs, for such is my fate.

FIRE DEPT CALLED TO EXTINGUISH BLAZE

Poston III's alert firemen sped out to answer a fire alarm at 10:30 o'clock on Thursday night when a small blaze broke out at 326-14-C. The fire, which started from a cigarette stub, was discovered by Sadao Nakashima and Lloyd Wake and reported to the fire department by Don Iwahashi.

The neighbors put out the blaze with buckets of water before serious damage resulted. The fire, which caught on the mattress, burned through the cot. Paul Tanabe, resident of the apartment, was at the pronation ball when the fire started.

Mr. Woodhouse and Mr. Fein checked the damages and cause of the fire.

Chief fireman Togioka warned the public to be careful in disposing cigarette stubs and matches in order to avoid a repetition of such incidents.

A call also was made for six to ten more men for the Poston III fire department.
